<i>thmt*</i> †	1.3 III.25; IV.17	GP	0	210-264	0	n	The inclusion of <i>thmt</i> in a list of DNs hangs on a difficult interpretative decision. Ignoring the supposed association with biblical Tiamat, the fact that <i>thmt</i> appears alongside <i>šmm</i> (heaven), <i>arṣ</i> (earth) and <i>kbbm</i> (stars), all of which appear to divinised elsewhere in the texts, supports the provisional acceptance of a possible divine status for <i>thmt</i>

			GP	0	368	0.20	y	
<i>thmt</i> ('the deep')	1.3	III.25; IV.17	GP	0	210-264	0	n	
			GP	7	339	1.20	y	
	1.1	III.14	GP	0	345	0.65	n	The inclusion of <i>thmt</i> in a list of DNs hangs on a interpretative decision. Ignoring the supposed association with biblical Tiamat, the fact that <i>thmt</i> appears alongside <i>šmm</i> (heaven), <i>arš</i> (earth) and <i>kbkbm</i> (stars), all of which appear to divinised elsewhere in the texts, supports the provisional acceptance of a possible divine status for <i>thmt</i>

<i>trt</i> ('wine')	1.5	IV.20	GP	0	210-264	0	n	
<i>t</i> '(y) (epithet, clan name)	1.4	VIII.49	GP	0	210-264	0	n	? The relationship between the forms <i>t</i> 'y and <i>t</i> ' remains unclear and has generated a good deal of discussion (see <i>RTU</i> , p. 146 n. 131 for biblio.). <i>CR</i> , pp. 196-97 n. 89, maintains that <i>t</i> 'y can represent noun and participle, 'offering' and 'offerer' respectively. In addition, <i>t</i> 'y also has the appearance of a gentilic, thus leading to the conventional understanding that <i>t</i> ' represents a clan name?
