

ENRICHED MOTIFS

Found 1 motifs with E -values ≤ 10 .

Output of SEA Motif Enrichment Analysis for CIC binding consensus motif TSAATGRA in *fos* intron 1 from *H. sapien* (accession: NM_005252.4), *M. musculus* (accession: NM_010234.3), *G. gallus* (accession: NM_205508.1) and *X. tropicalis* (accession: NM_001016200.2).
