

***Table 5.11*** : Comparison of die ratios in early Anglo-Saxon gold shillings

<b>Shilling type</b>	<b>Obv dies</b>	<b>Rev dies</b>	<b>Specimens</b>
London	1	3	7
Eadbald	2	6	8
York	8	8	21

**Source:**

Abramson & Garrison (forthcoming)

**Purpose:**

To recognise different patterns in die use between contemporary issues, currency Vs ceremonial.

**Caveats:**

Dies for gold issues would not be used to exhaustion due to lack of material supplies.
