3rd March 2012

The Revd P. Cubitt  
The Rectory  
10 Oak Wood  
Blofield  
Norwich NR13 4JQ

Dear Mr Cubitt

**Blofield, St Andrew & St Peter**

I enclose 6 copies of the record of the site visit made by members of the Diocesan Advisory Committee on 15<sup>th</sup> February 2012. This report is a record of the visit made by the members for the benefit of the Committee. It is not a statement of the views of the DAC as a whole and you should not, therefore, assume that the main Committee will agree with the views of those of its members present at the site meeting. However, it may be that there are actual inaccuracies arising from a misunderstanding by members of your plans and intentions. If this is the case then you should advise us accordingly and your letter will be kept with the report. Views expressed at the meeting by members of the Committee with which the parish disagree are not, of course, open to correction, although you are welcome to re-state your own views in a letter.

At the DAC meeting on 1<sup>st</sup> March members discussed the project generally and were very positive about the scheme in principle. The Committee wished to encourage you to go forward with this exciting development and was happy with the principle of the proposals. Members would be grateful to receive a design access statement from your architect which sets out the background of the proposals and explains the design journey travelled in order to reach this stage.

Members were extremely grateful for your document on the history of the screen which was felt to be very helpful.

The Committee did not have time to discuss all of the details in any meaningful way. Indeed, it was felt that some of the details may need further clarification and/or amendment and, to this end, the DAC agreed that a sub-committee should be formed to discuss in full the details of this complex scheme and let you have feedback in due course.

I will be in touch with you again as soon as the DAC sub-committee has met to discuss the matter further.

Yours sincerely

Jean Gosling  
DAC Secretary
