Dear Edmund,

I note that the Statement of Significance & Statement of Need produced for the DAC have not travelled out of Norfolk. There has been one significant change since the the documents were produced and that is the relocation of the font . This now stands to the front of the north aisle. The space at the west end of the church can now be adapted for church and community work.

Yours sincerely,

Paul Cubitt
 Rector

Dear Jeremy,

Thank you for responding so swiftly. I am rather concerned that there are still no proper Statements of Significance and Need, especially given the scope and impact of this ambitious proposal. That said, the information in the Revd Cubitt's paper about the post-medieval development of the building is more detailed than anything else I have found and makes it clear that no work that falls within our remit will be adversely affected, for which reason we will not be commenting on this scheme and defer to the SPAB and Georgian Group.

Best wishes,
