

GROUND FLOOR

FIRST FLOOR

SECTIONAL VIEW

This represents a view facing west as if from the Nave. The shaded areas show the new staircase leading to the first floor, the glazed balustrade and the two glazed doors leading from the Nave to the 'Welcome Space'

FEEDBACK REQUIRED

We really need your feedback and comments.
Please either:

Phone the Rector, The Rev'd Paul Cubitt on 01603 713160 or email: revp@cubitt.karoo.co.uk or:

Leave feedback in the box in the church which is next to the Project Exhibition or:

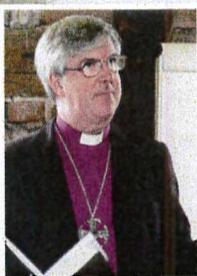

Go to the church website on www.blofieldchurch.org.uk

The Project Explained

- Upgrading the heating system to keep a minimum 11°C during the winter months, up to 19°C when the building is in use
- A new lighting scheme
- Moving the font to bring the sacrament of Baptism into the heart of the church
- Developing the west end of the church to benefit the congregation and the wider community

Here are some ideas for the future use of the new area at the west end of the church

- After services teas and coffees
- Midweek functions
- Midweek communion services
- Church Council meetings
- Sunday creche
- Bell ringing and other music tuition
- Additional seating for large services
- A bereavement group linked to CRUSE
- An internet cafe and luncheon club
- A parish office and village advice centre linked to the CAB, Voluntary Norfolk, Age UK, Sure Start and other community groups
- A mother and toddler group

The Rt. Revd. Graham James Bishop of Norwich:

"This is an imaginative project. It will make Blofield Parish Church a better and warmer space for its many activities.

It also makes it more usable for the wider community for a whole range of different events.

The whole village will benefit from the facilities created and the church building will continue its service of the people who live around it for many years to come.

Please be generous in your support."

St. Andrew and St. Peter
Blofield**

Community Building Project

Costs

These are exciting times for Blofield Parish Church. The full cost of the project is expected to be in the region of £400,000 the breakdown is shown here.

| | |
|--------------------------------|----------|
| Movement of the Font | £8,000 |
| Heating | £83,500 |
| Development of Community Space | £217,000 |
| Fees, taxes and contingencies | £41,500 |
| Lighting and redecoration | £45,000 |

It is a challenging task but it is achievable using local donations and contributions from charitable trusts specialising in these kinds of projects.

This may take some time but it is our investment for the future generations of our community.

Hemblington

At the same time Hemblington Church (our sister church) is also looking for new ways in which to use its building for the benefit of the wider community by the provision of better lighting, a kitchen and WC.

*'Now to the King eternal, immortal, invisible,
the only God, be honour and glory for ever and ever.
Amen'*
