INSTRUCTIONS FOR NVIVO 11

Download NVIVO11 onto Windows device (64 bit):

http://www.qsrinternational.com/nvivo/support-overview/downloads/nvivo-11-for-windows.

Licence can be obtained from IT support at University of York (or alternative university IT services): https://www.york.ac.uk/it-services/software/a-z/nvivo/.

After download, open 'Within the Walls' Project.

Navigate different folders via the panel on the bottom left panel.

See Sources for all data—interviews, fieldnotes, photographs etc. and Memos.

See Nodes for all Themes (theoretical toolkit).

See Queries folder (select RESULTS) for 'coding queries' which generated the CYC value-action diagram and Red Tower Data Map AND for the data which generated the charts shown in Chapter Five and Seven.

See Maps for the Value-Action Diagrams.

To view image CLASSIFICATION LABELS and ATTRIBUTES (discussed in Chapter Seven), go to 'Classifications' folder, right-hand click 'Visual Media' and select OPEN CLASSIFICATION SHEET.
