# 1. Neolithic as a Whole – Inhumation (Combined Dataset)

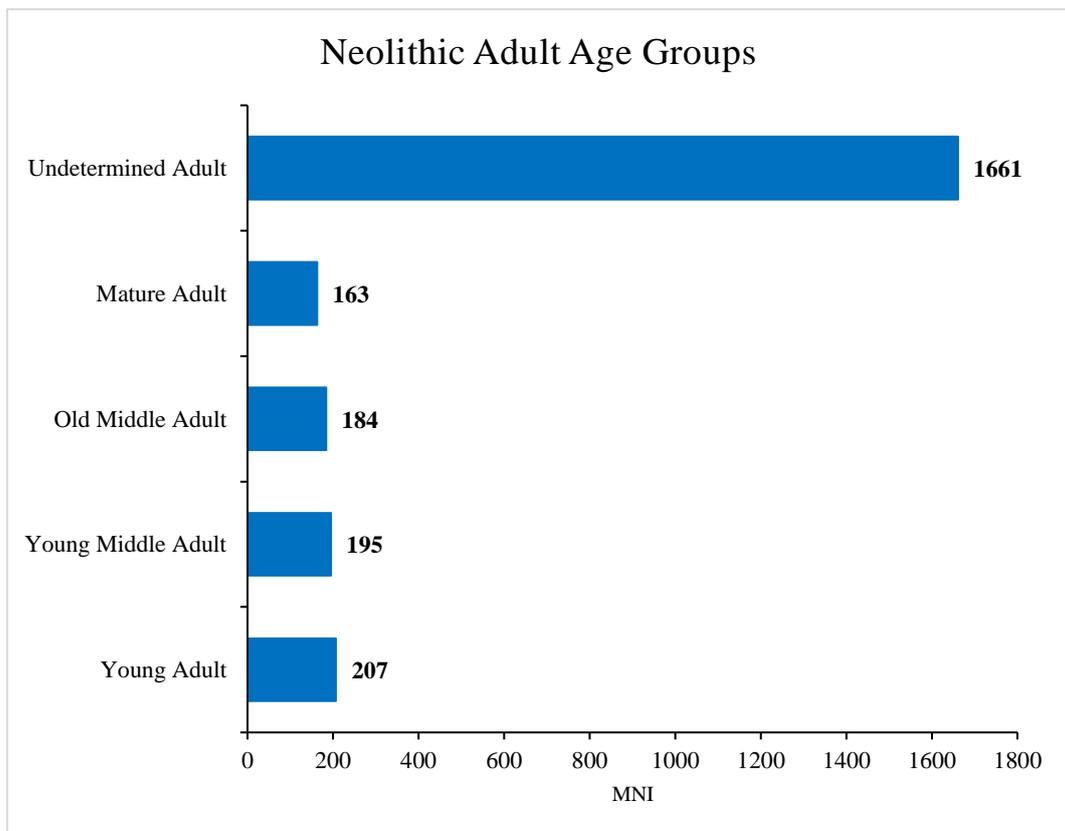

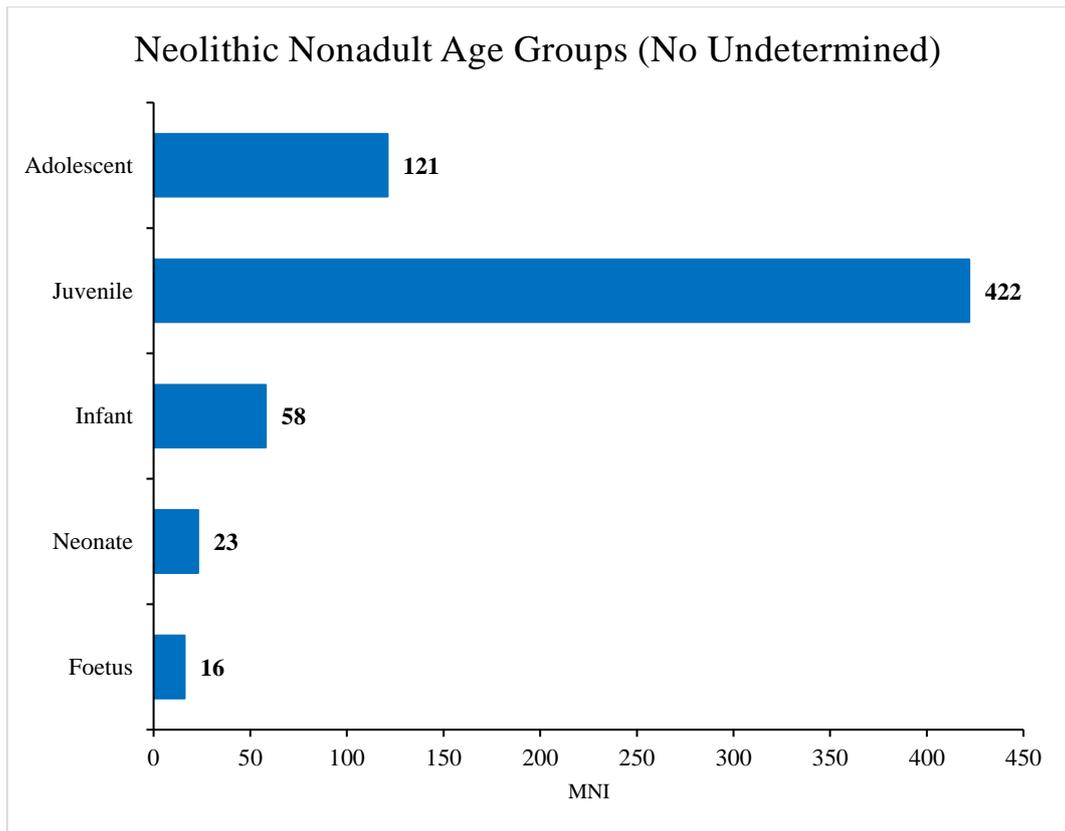

### Neolithic Adult vs Nonadult Representation (N=3126)

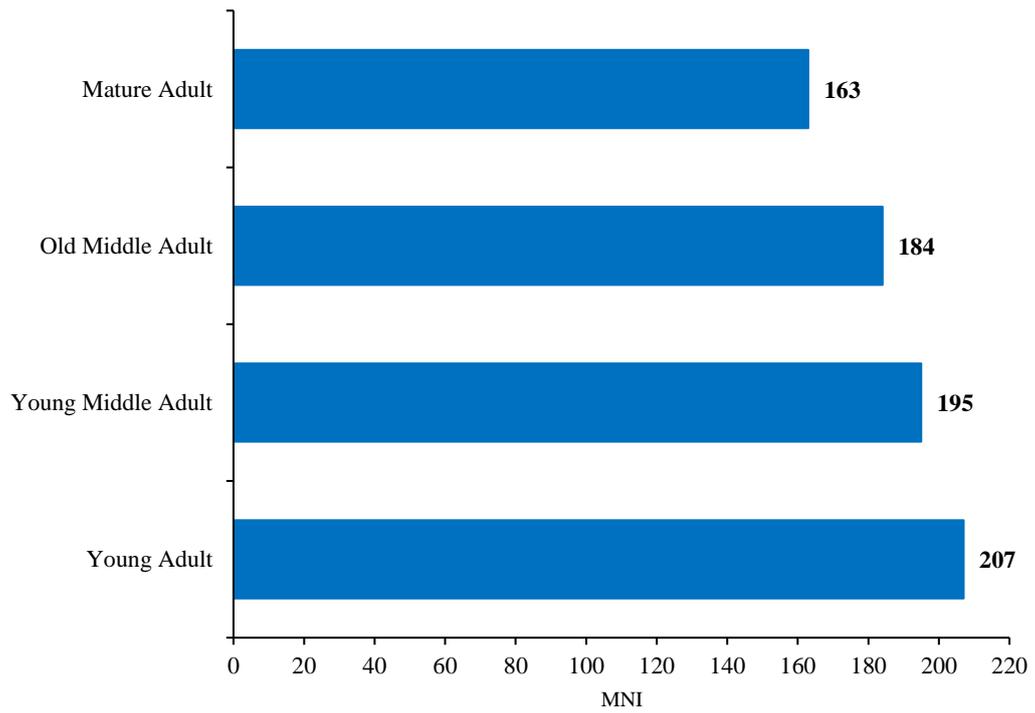

### Neolithic Nonadult Age Groups

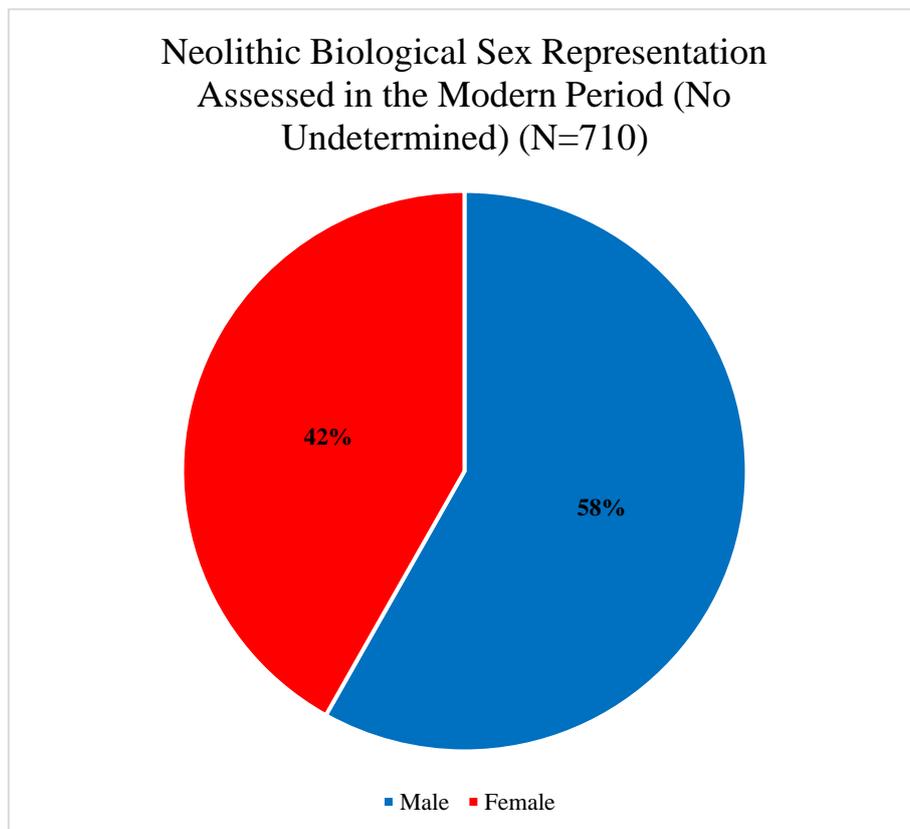

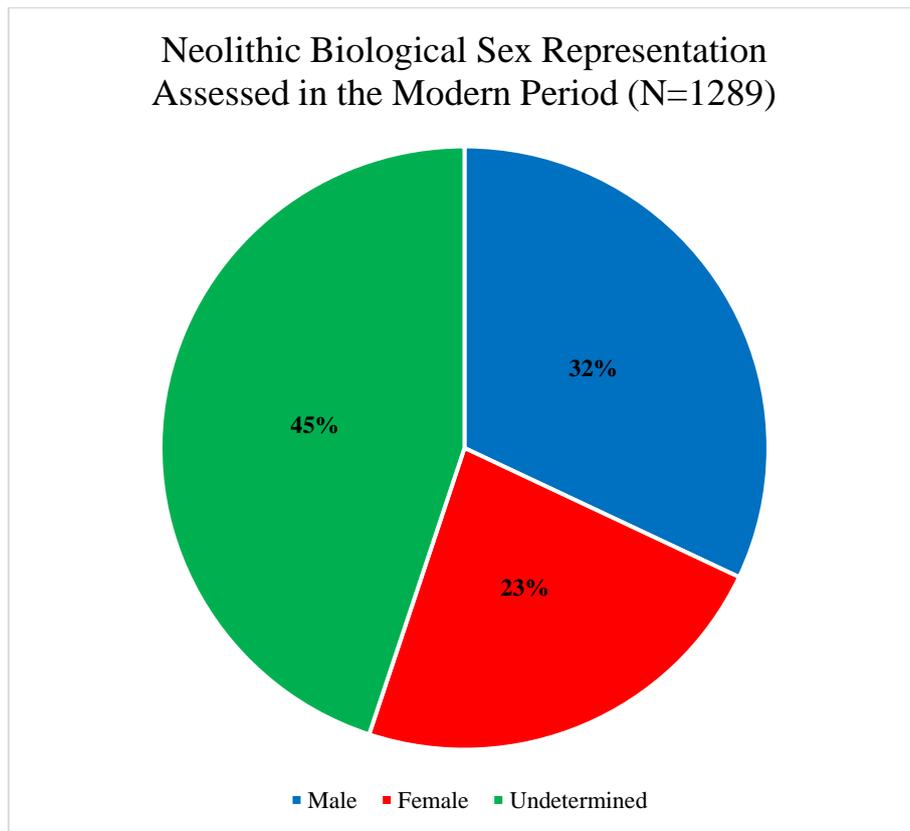

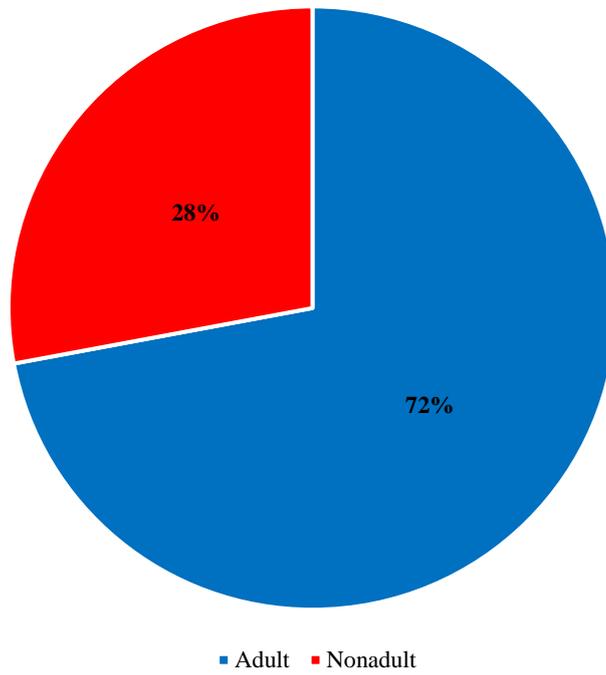

### Neolithic Adult Age Groups (No Undetermined)

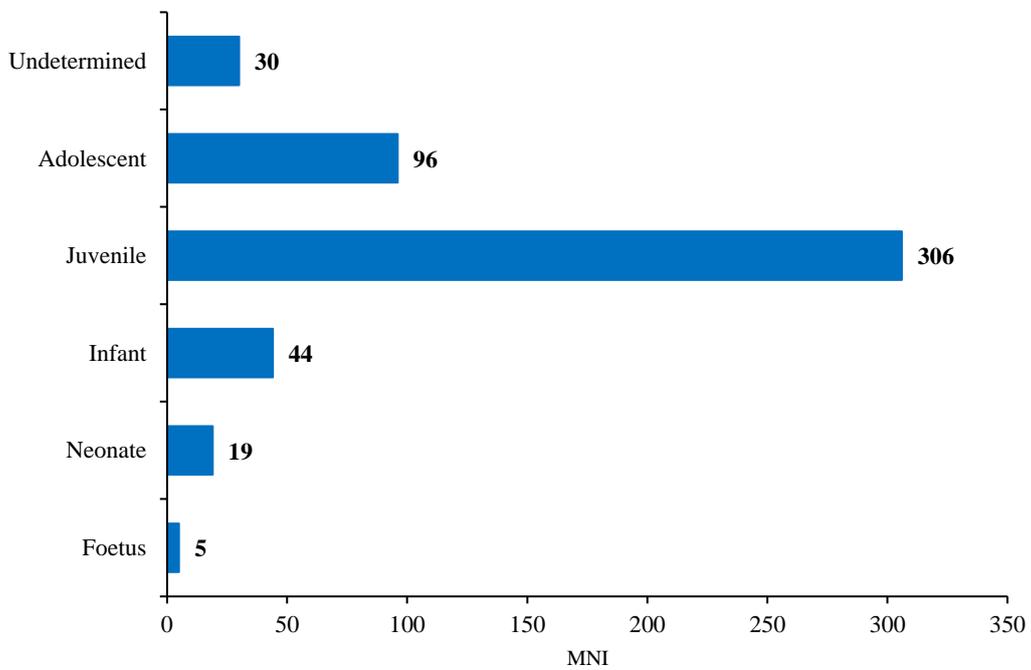

## 2. Neolithic as a Whole – Inhumation (Modern Dataset)

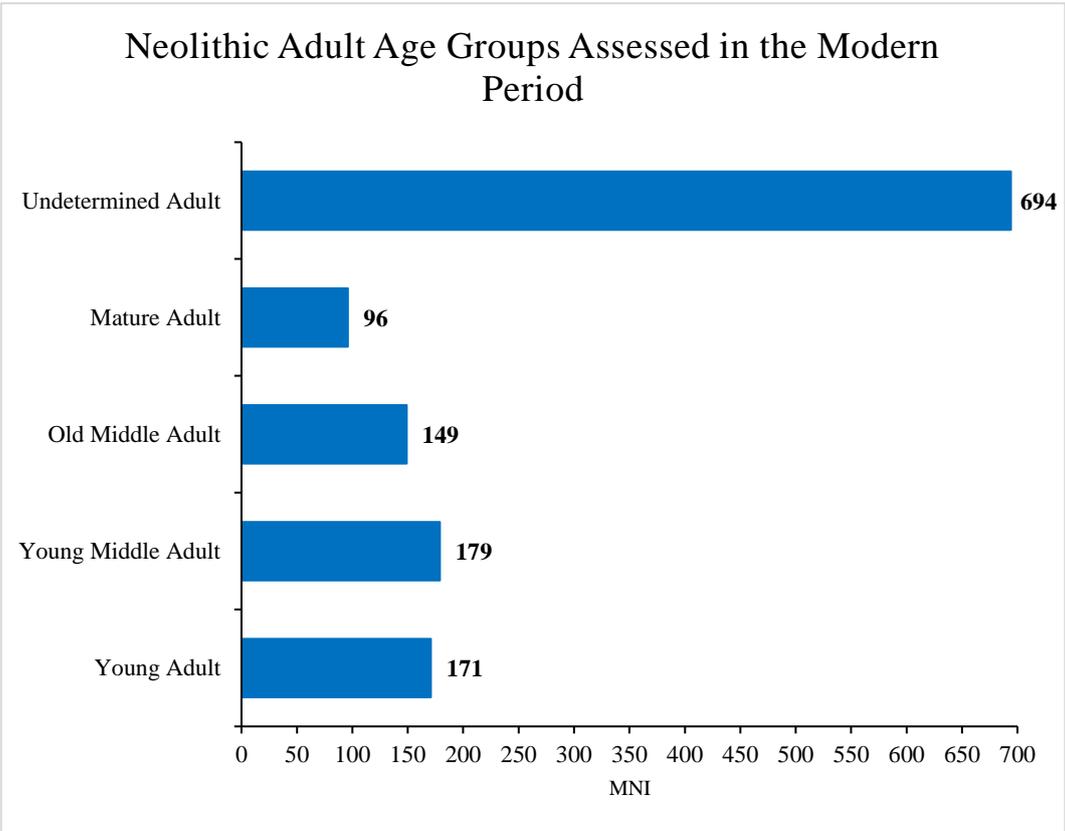

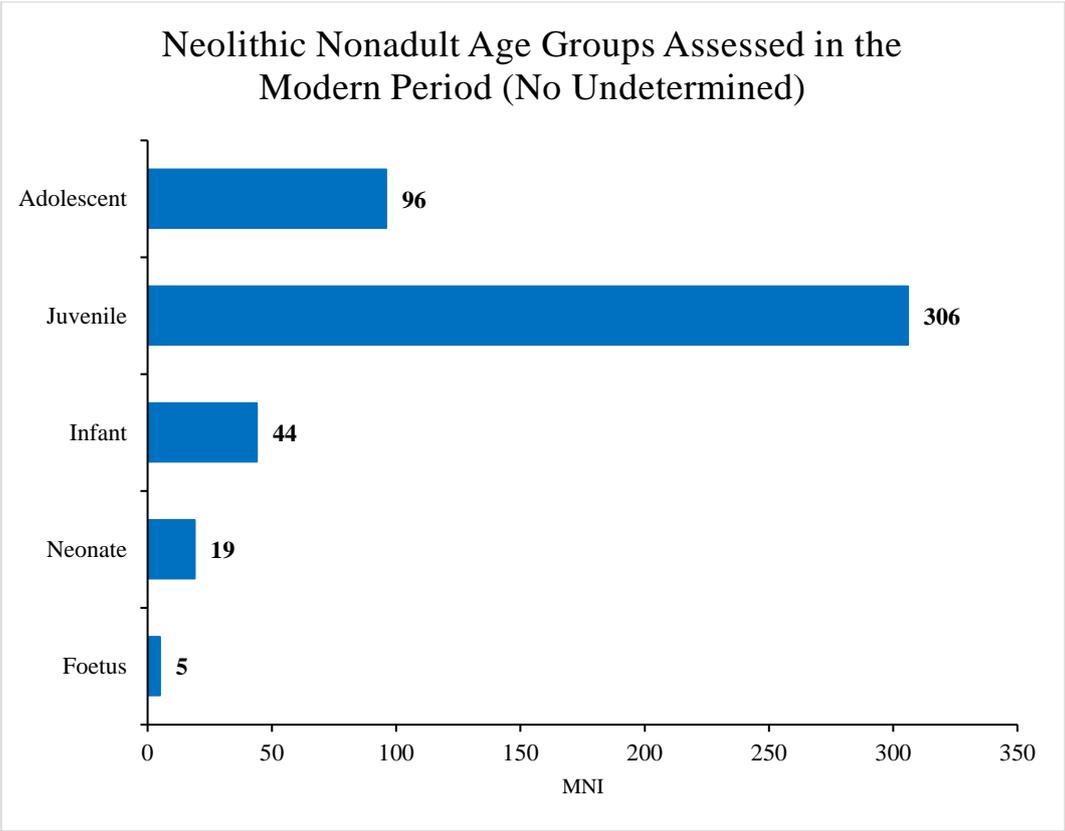

### Neolithic Adult vs Nonadult Representation Assessed in the Modern Period (N=1789)

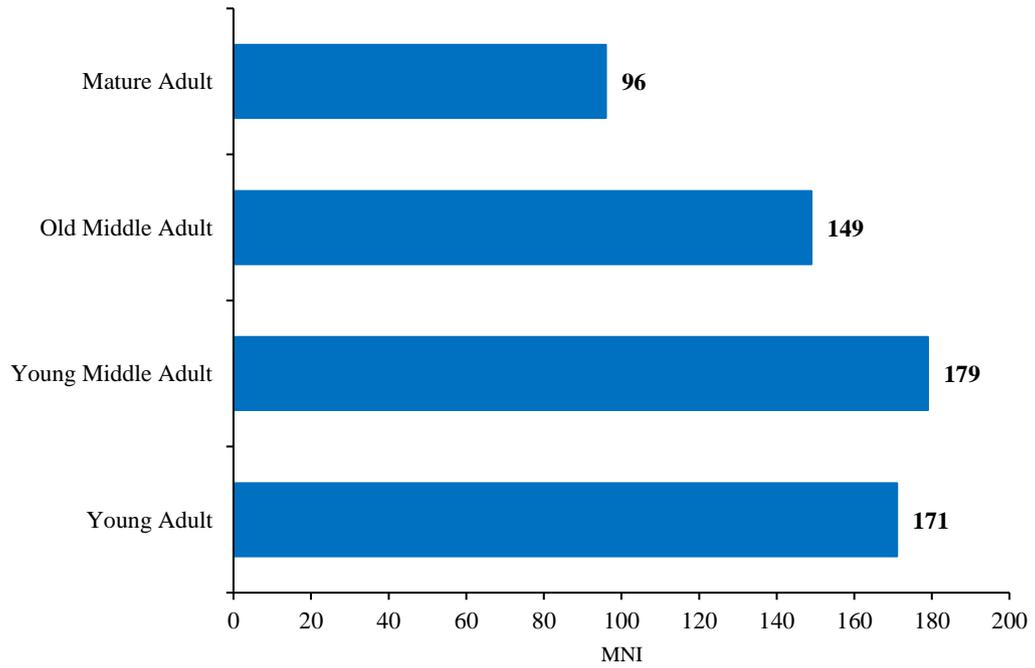

### Neolithic Nonadult Age Groups Assessed in the Modern Period

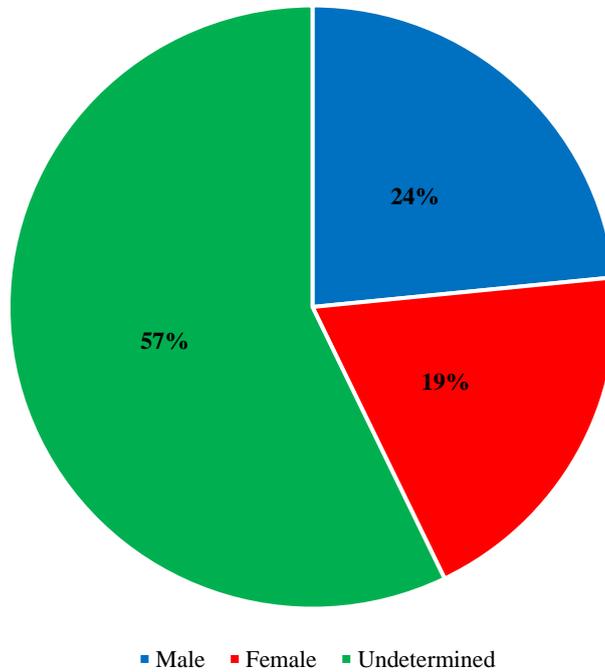

### Neolithic Adult Age Groups Assessed in the Modern Period (No Undetermined)

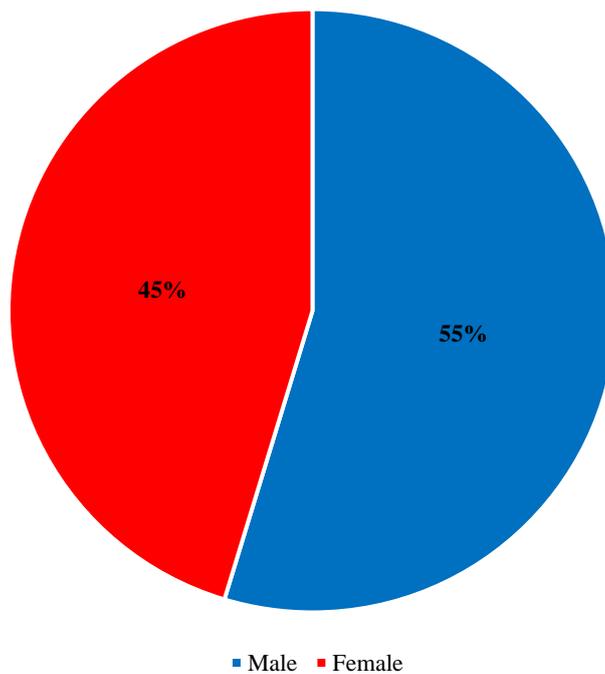

### 3. Chronological Stages – Inhumation (Combined Dataset)

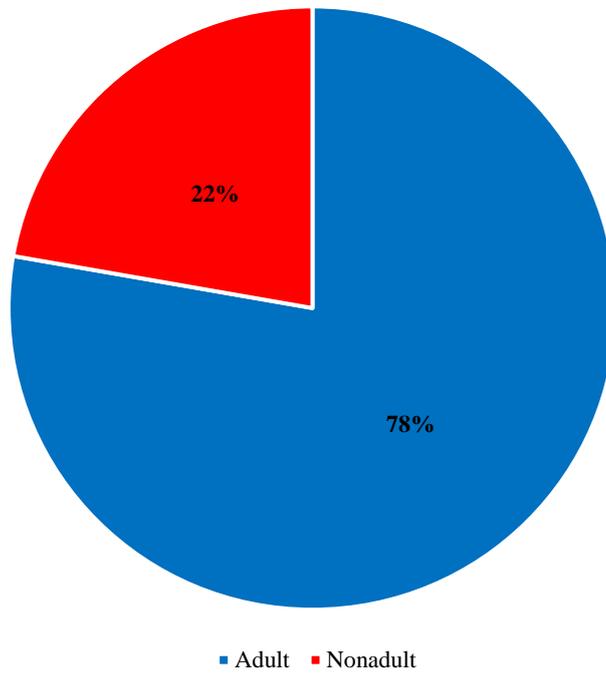

Early Neolithic Biological Sex Representation  
(N=1010)

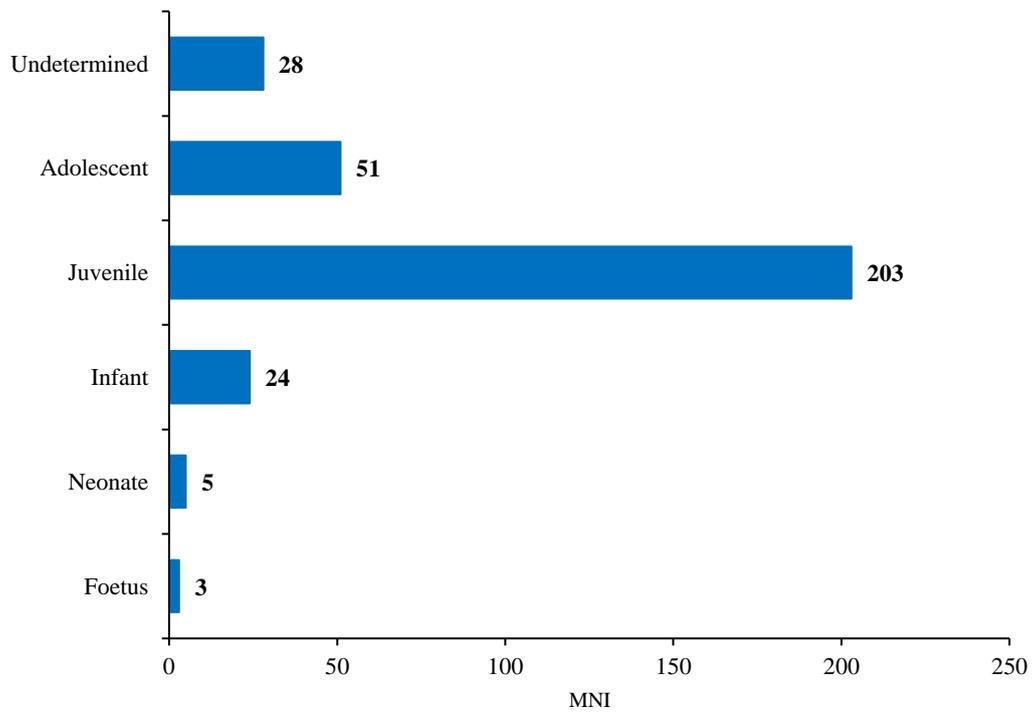

Early Neolithic Biological Sex Representation  
(No Undetermined) (N=445)

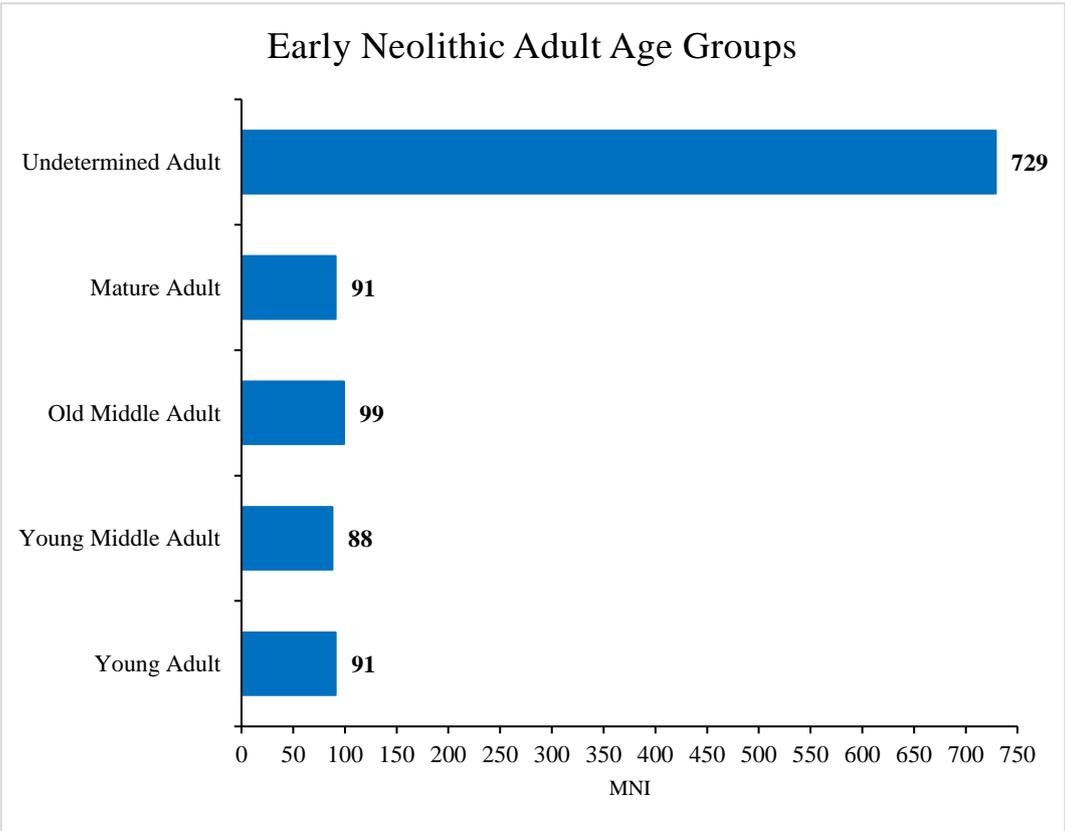

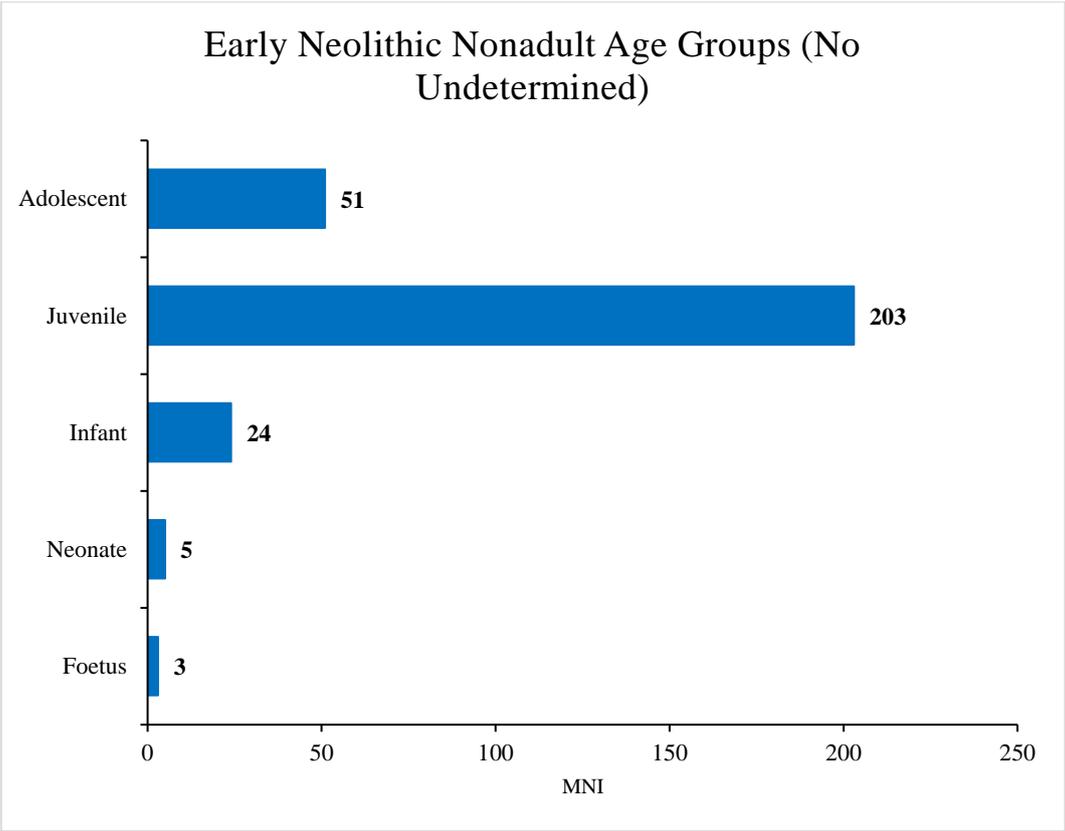

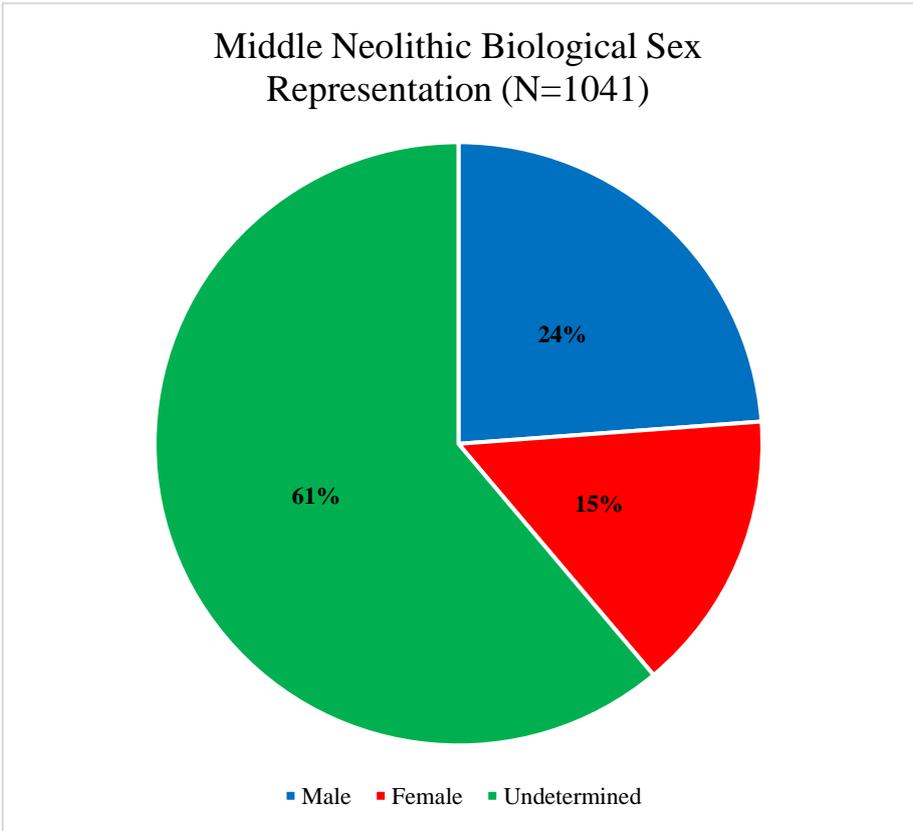

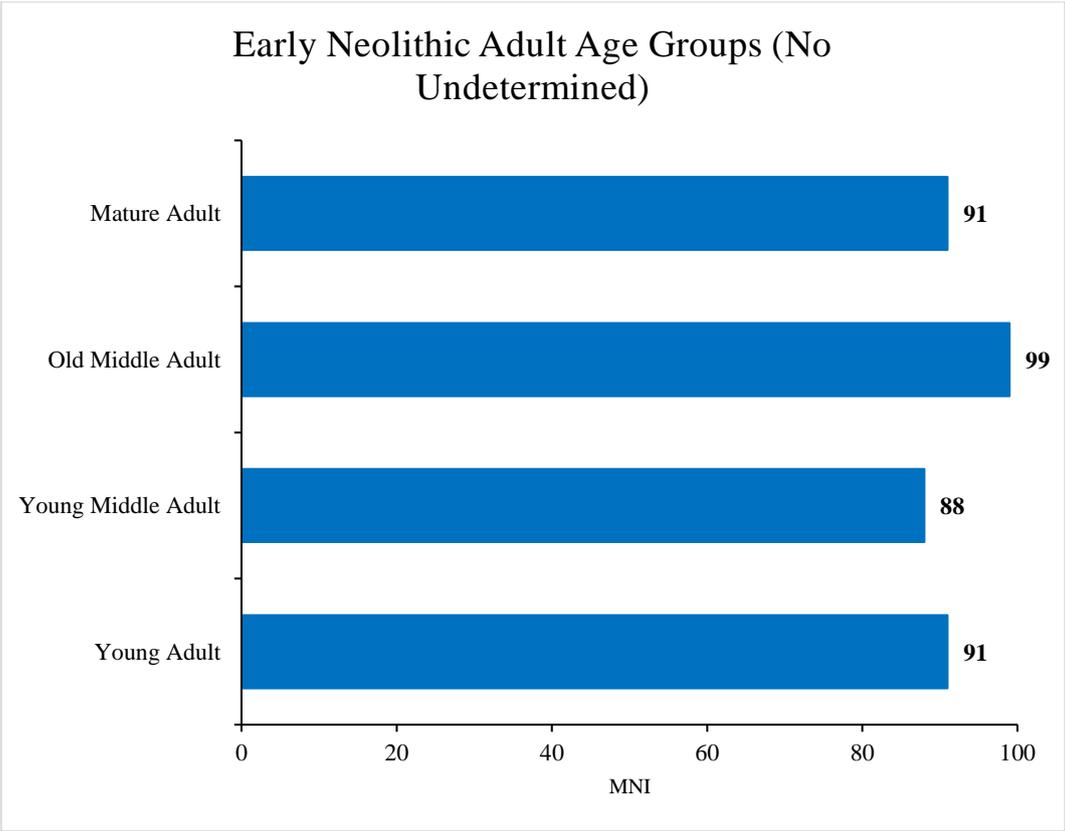

### Early Neolithic Adult vs Nonadult Representation (N=1311)

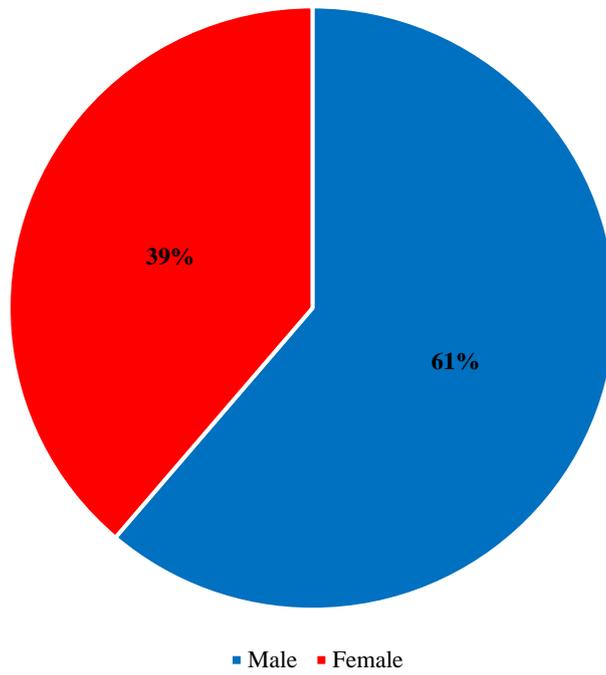

### Early Neolithic Nonadult Age Groups

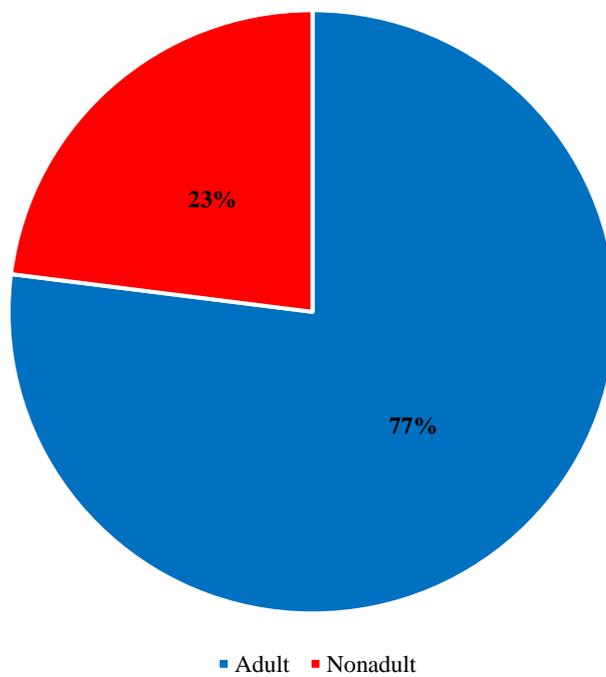

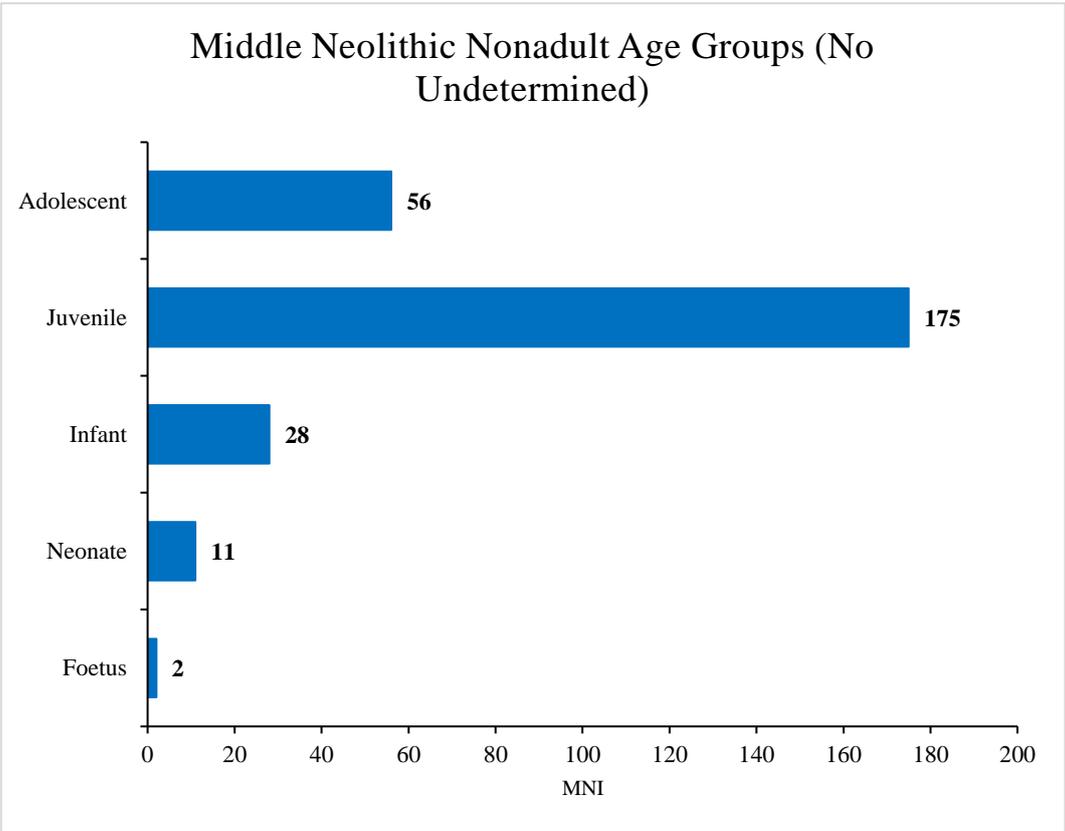

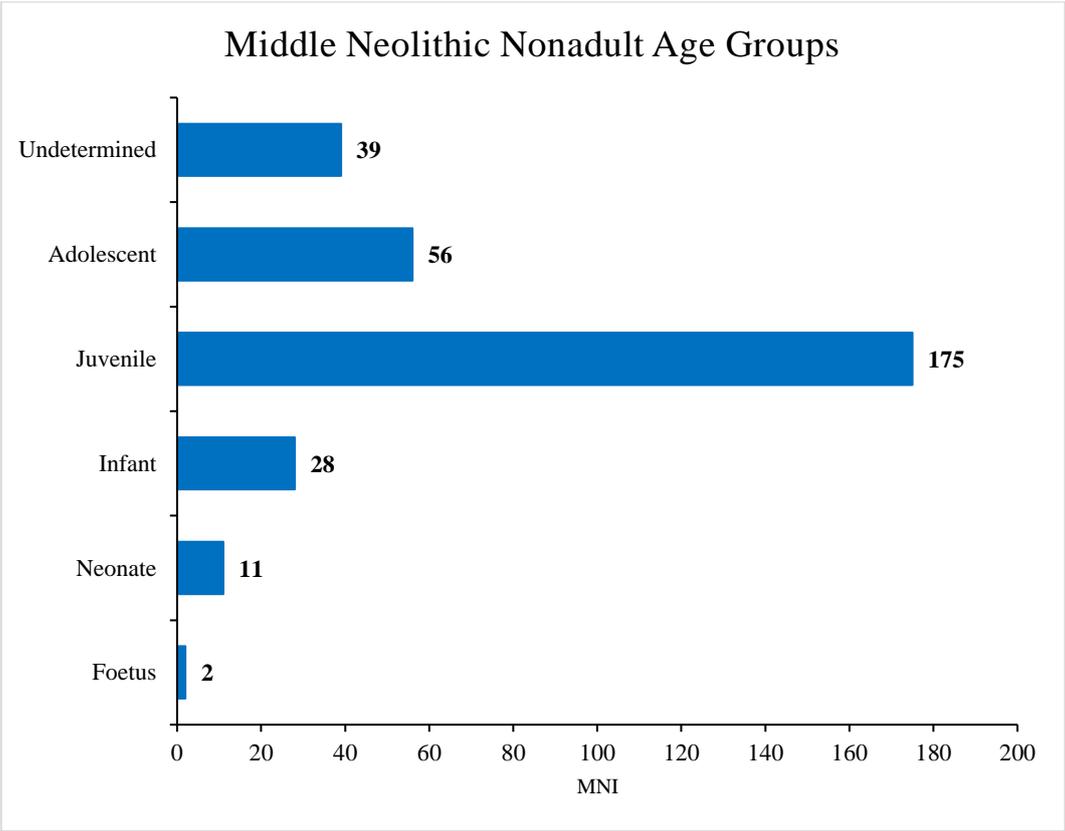

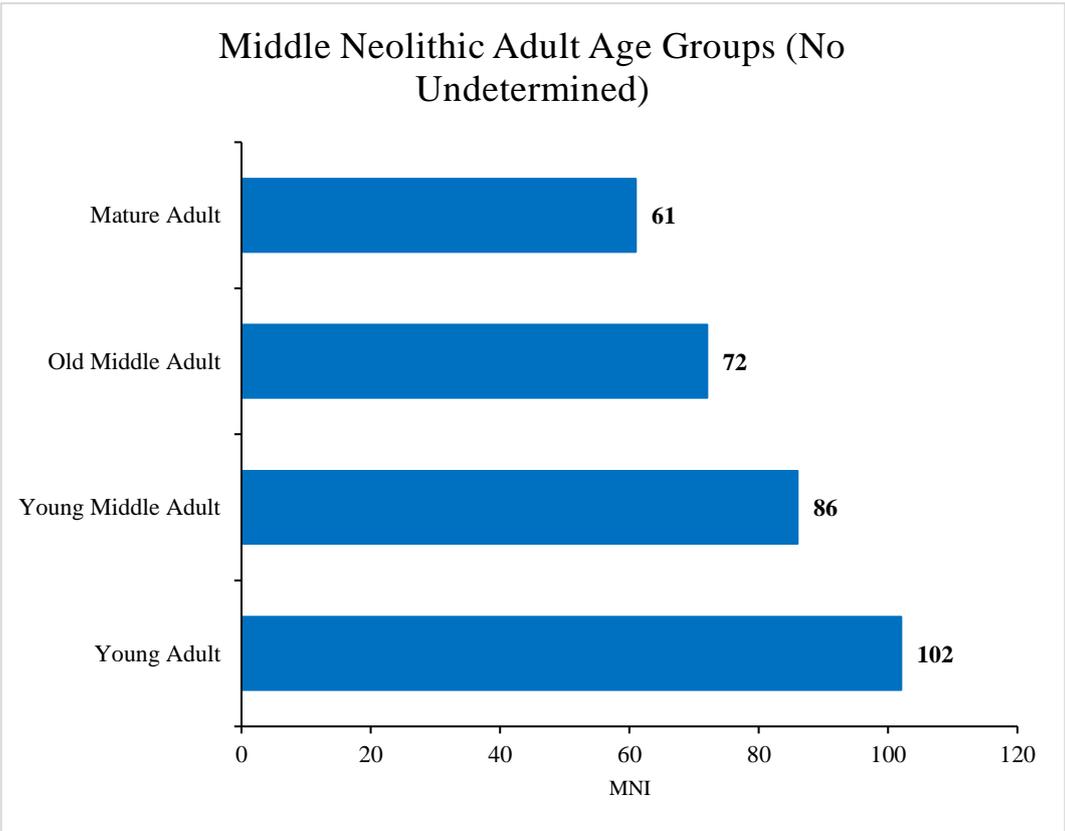

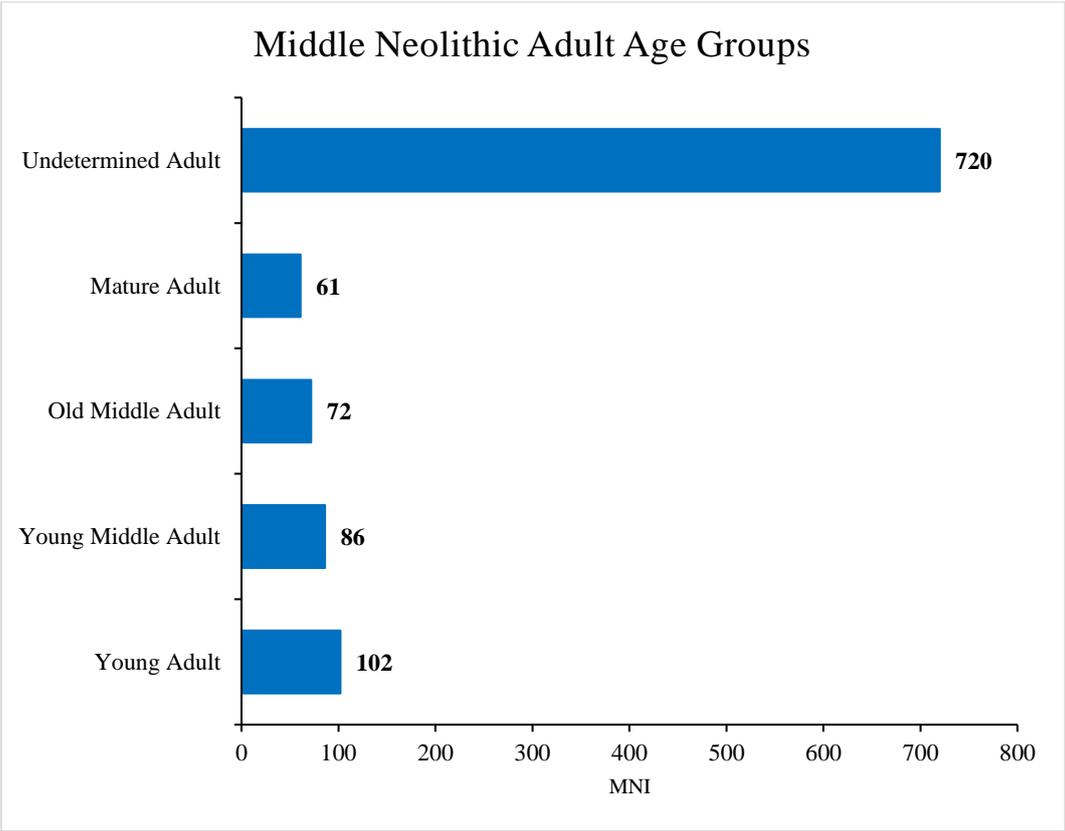

Middle Neolithic Biological Sex Representation (No Undetermined) (N=405)

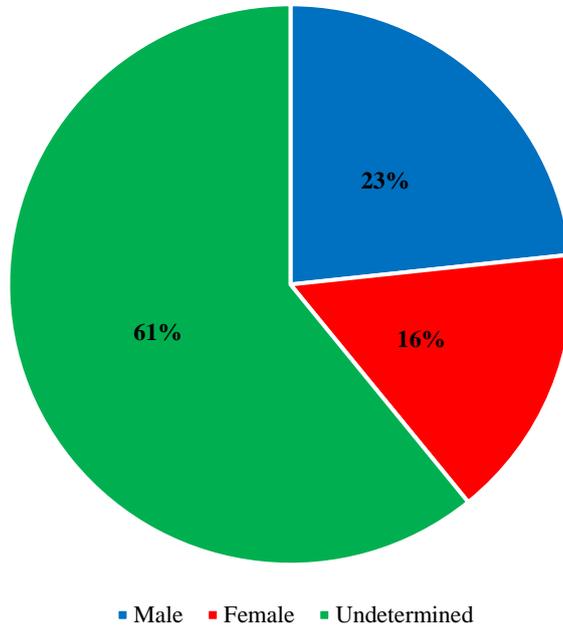

Middle Neolithic Adult vs Nonadult Representation (N=1352)

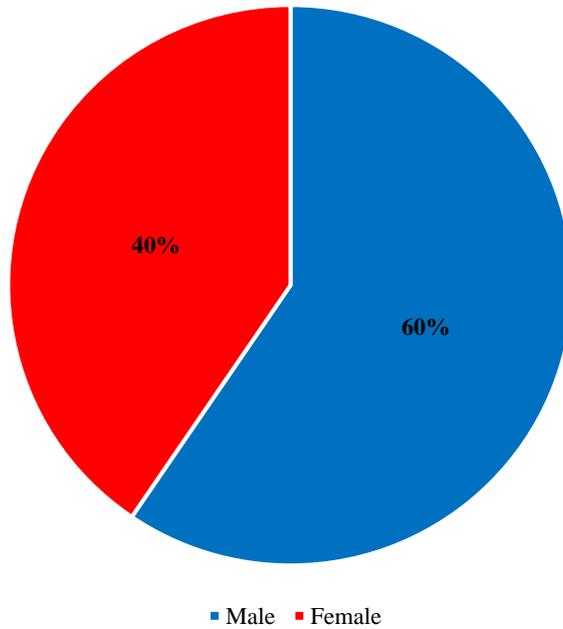

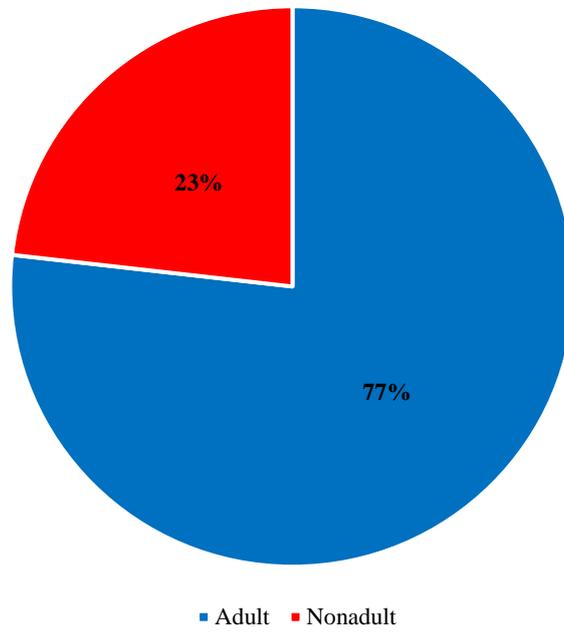

Middle Neolithic Biological Sex  
Representation Without Banbury Lane 1  
(N=1036)

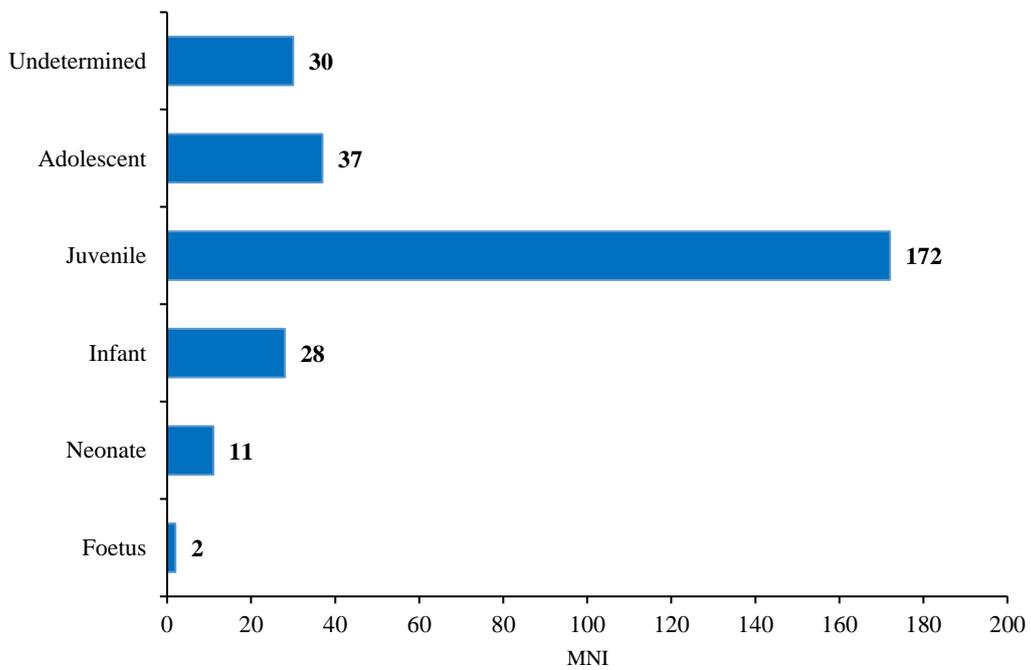

Middle Neolithic Biological Sex  
Representation Without Banbury Lane 1 (No  
Undetermined) (N=401)

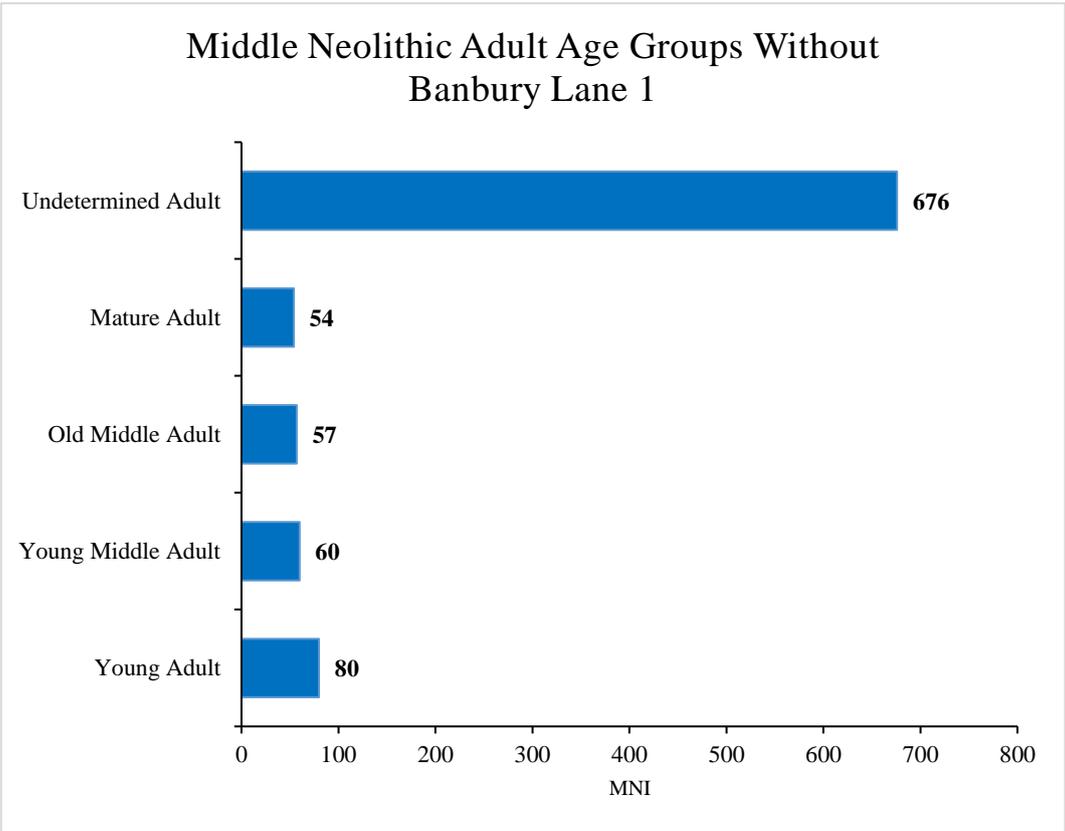

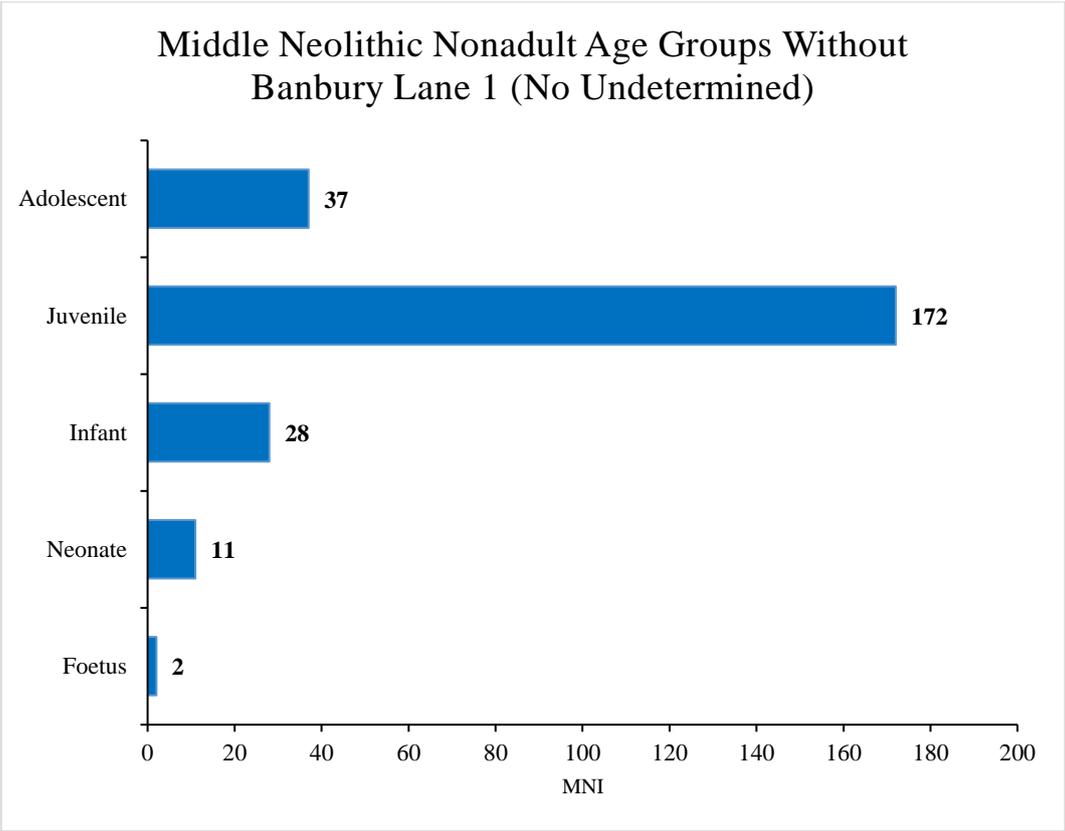

Middle Neolithic Adult vs Nonadult  
Representation Without Banbury Lane 1  
(N=1344)

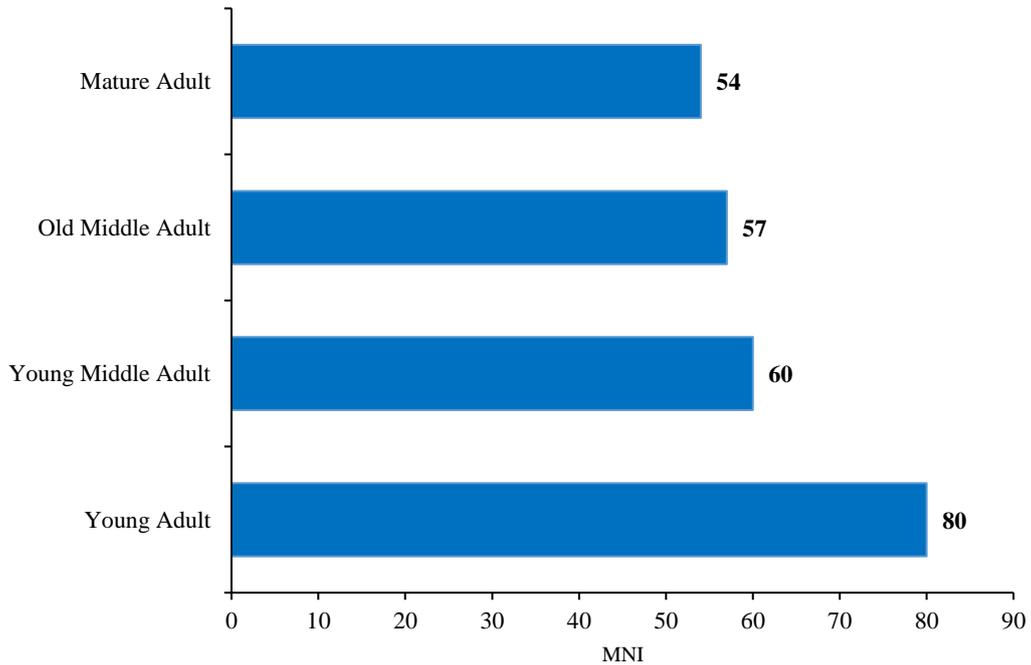

Middle Neolithic Nonadult Age Groups Without  
Banbury Lane 1

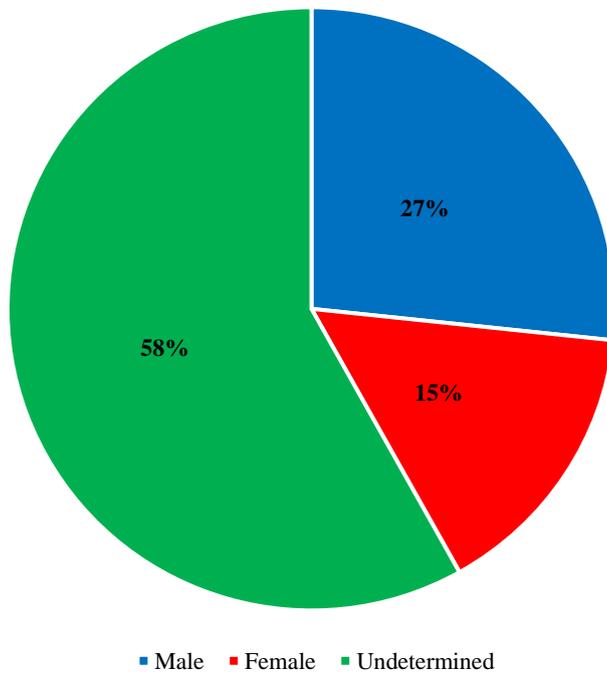

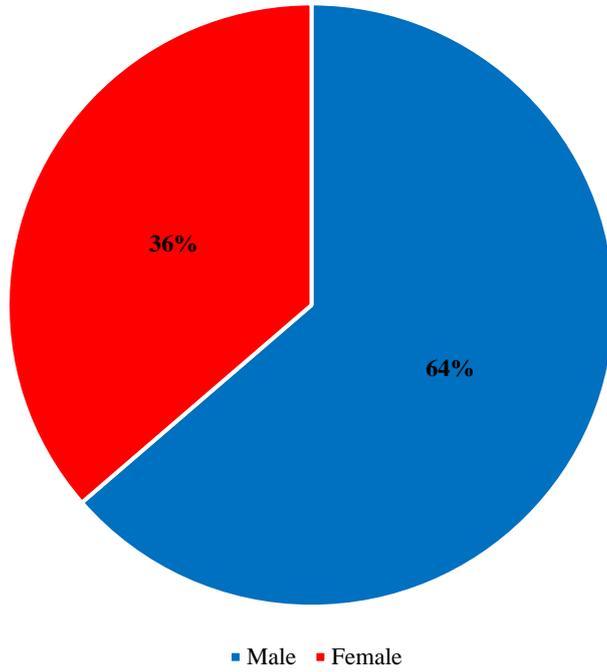

### Middle Neolithic Adult Age Groups Without Banbury Lane 1 (No Undetermined)

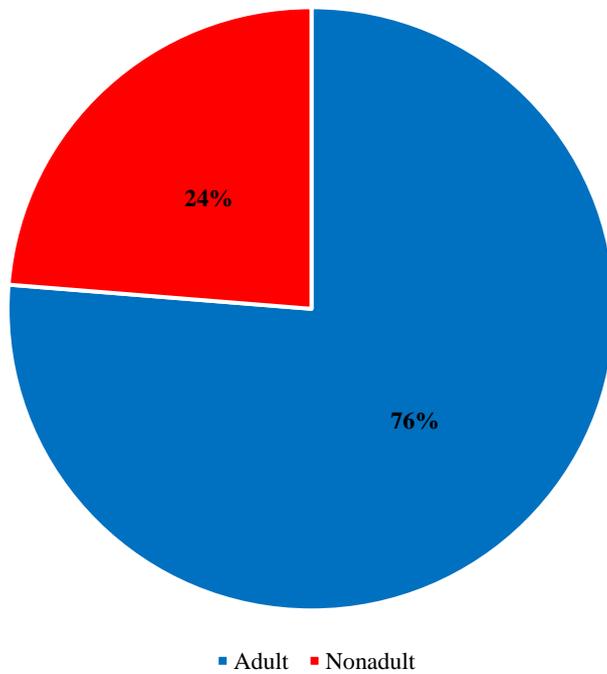

### Late Neolithic Biological Sex Representation (N=210)

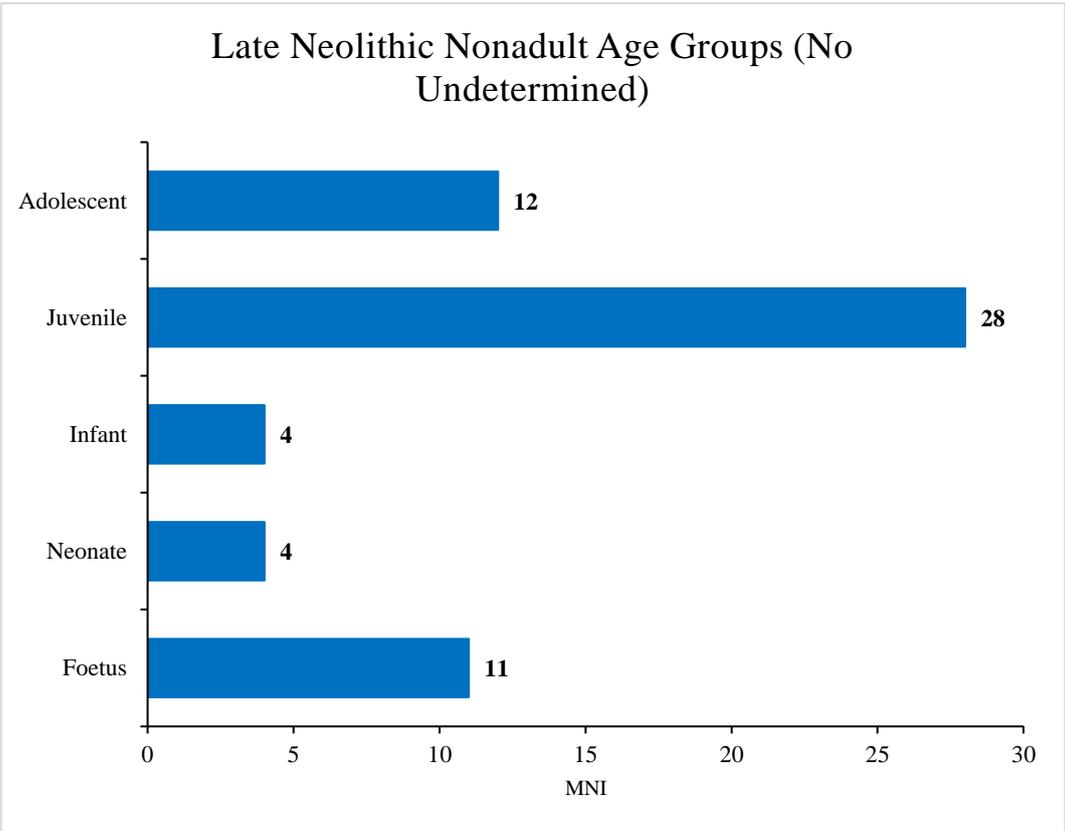

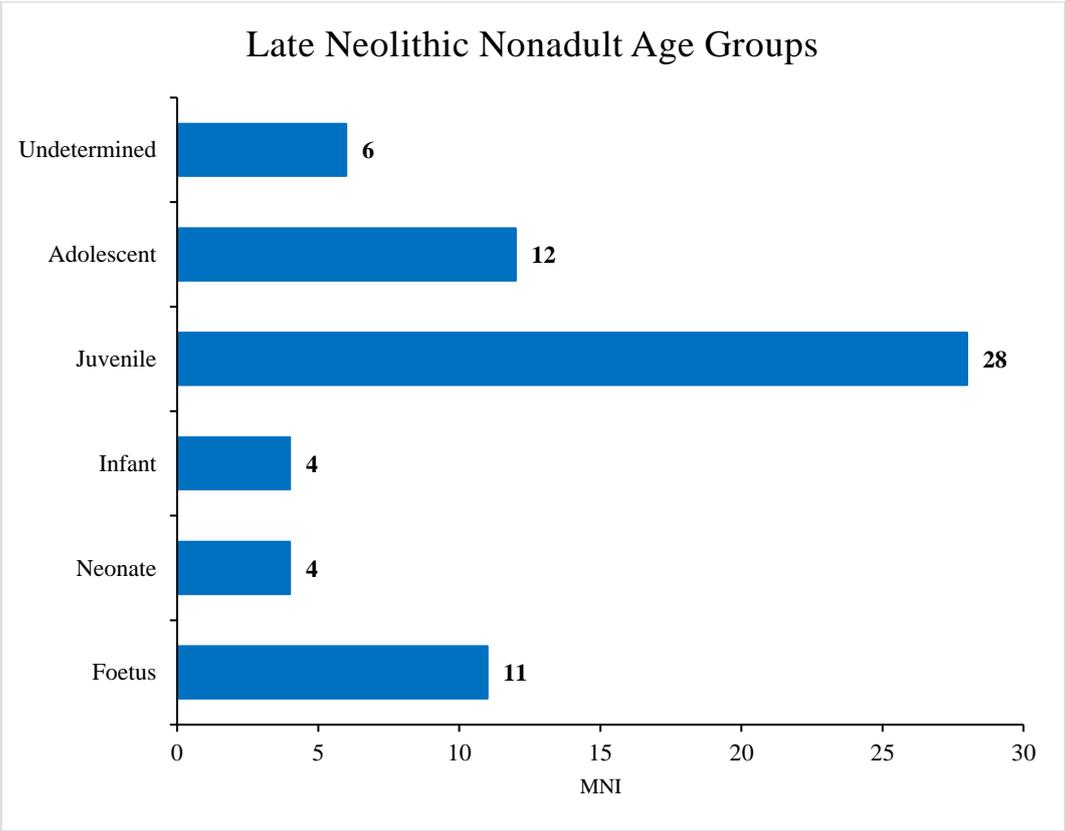

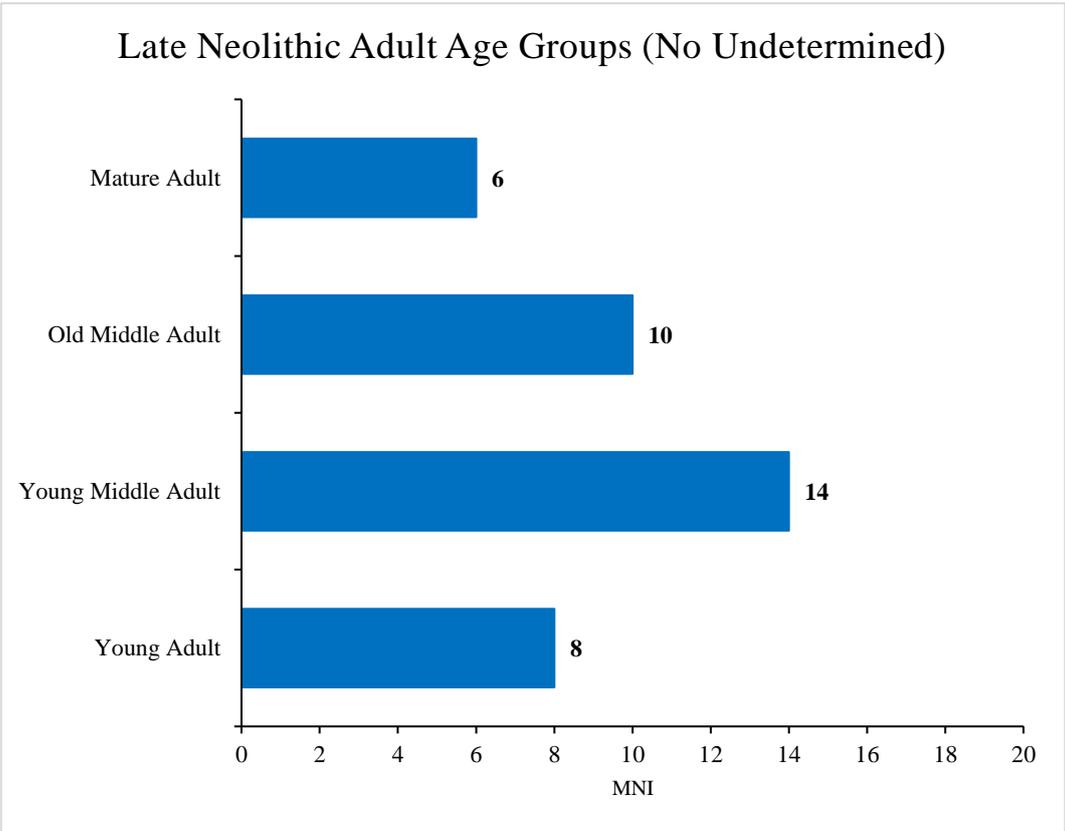

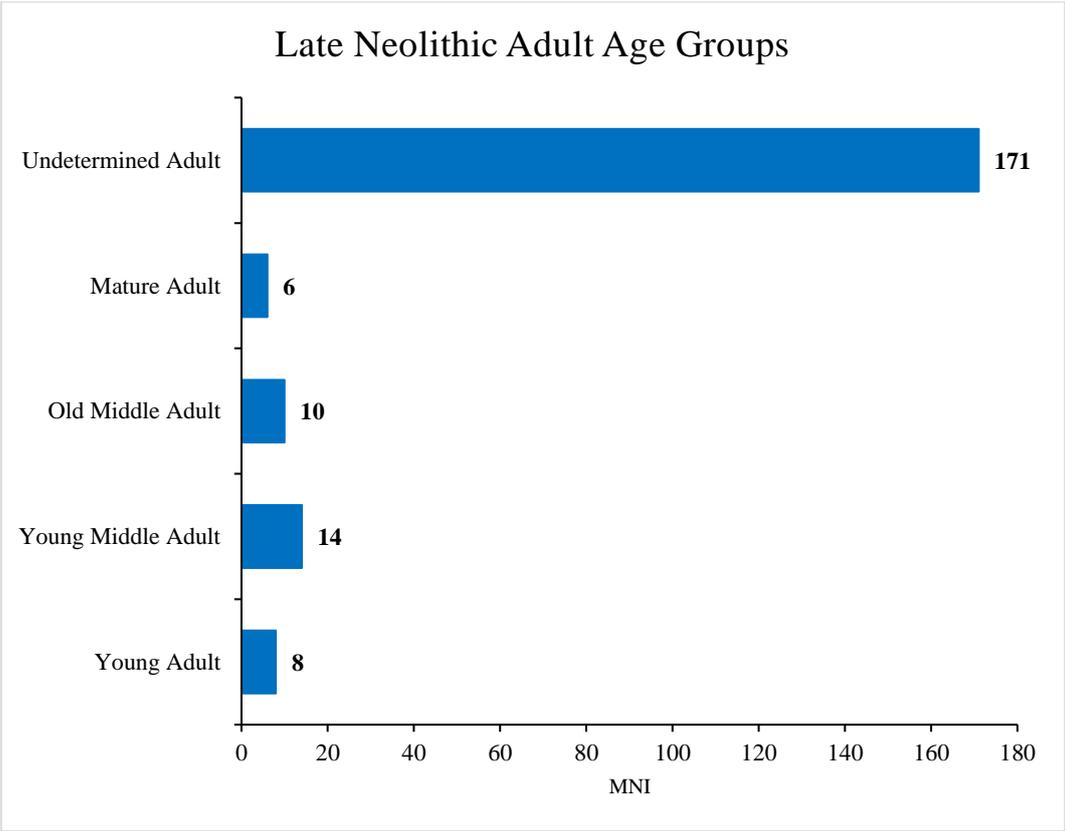

Late Neolithic Biological Sex Representation  
(No Undetermined) (N=88)

Late Neolithic Adult vs Nonadult  
Representation (N=274)

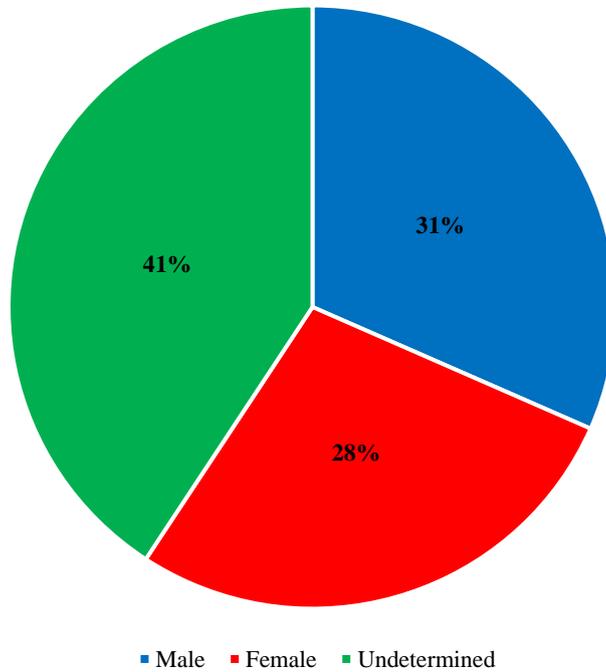

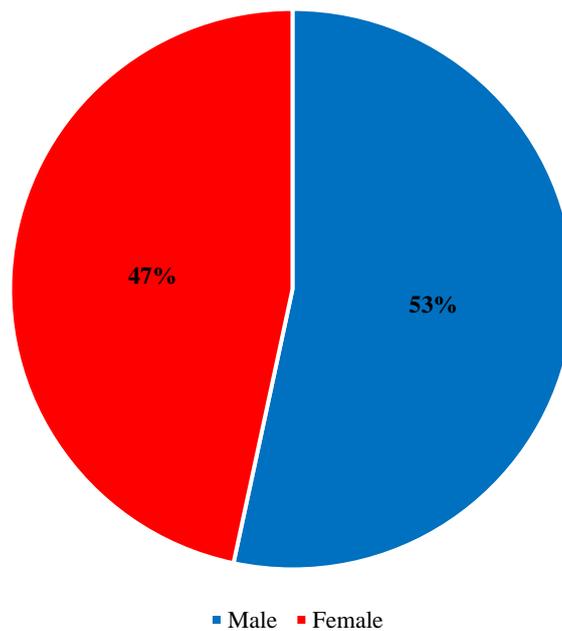

#### 4. Chronological Stages – Inhumation (Modern Dataset)

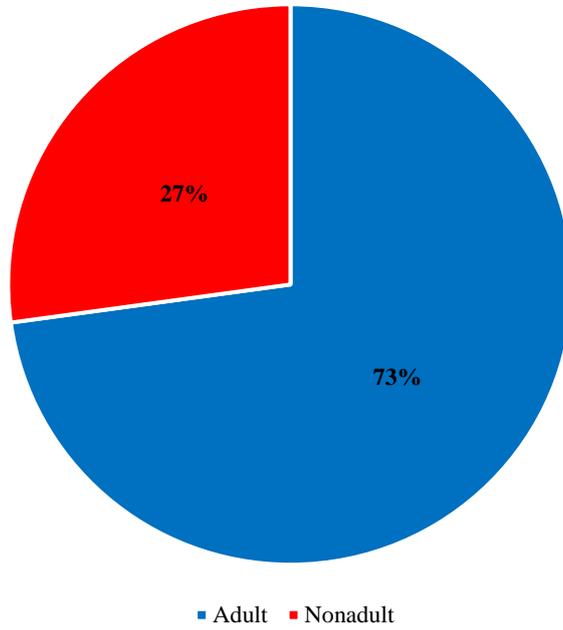

Early Neolithic Biological Sex Representation  
Assessed in the Modern Period (N=579)

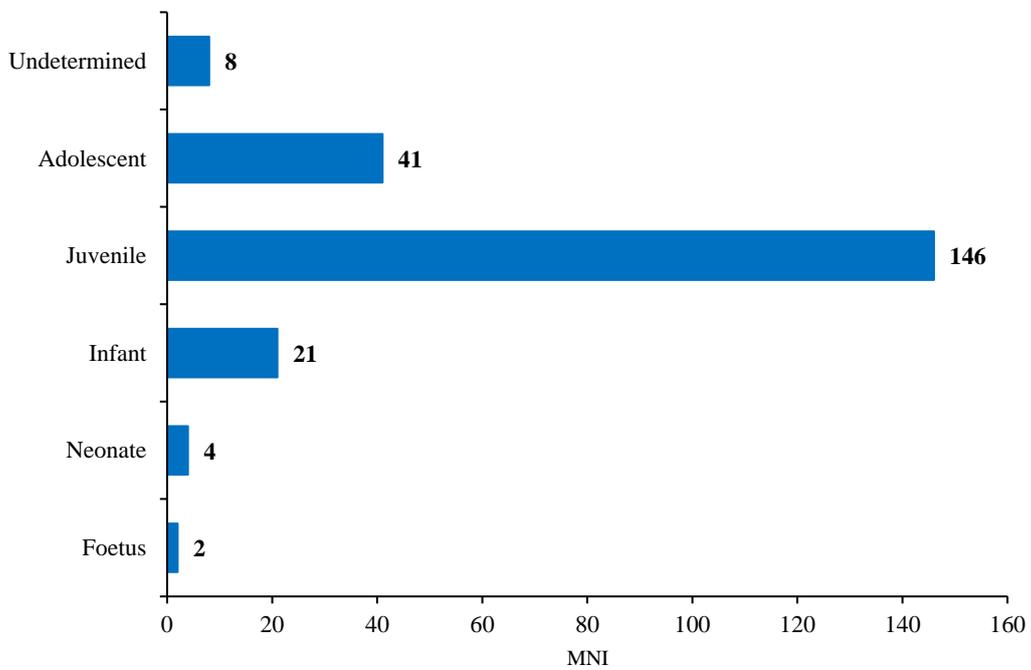

Early Neolithic Biological Sex Representation  
Assessed in the Modern Period (No  
Undetermined) (N=343)

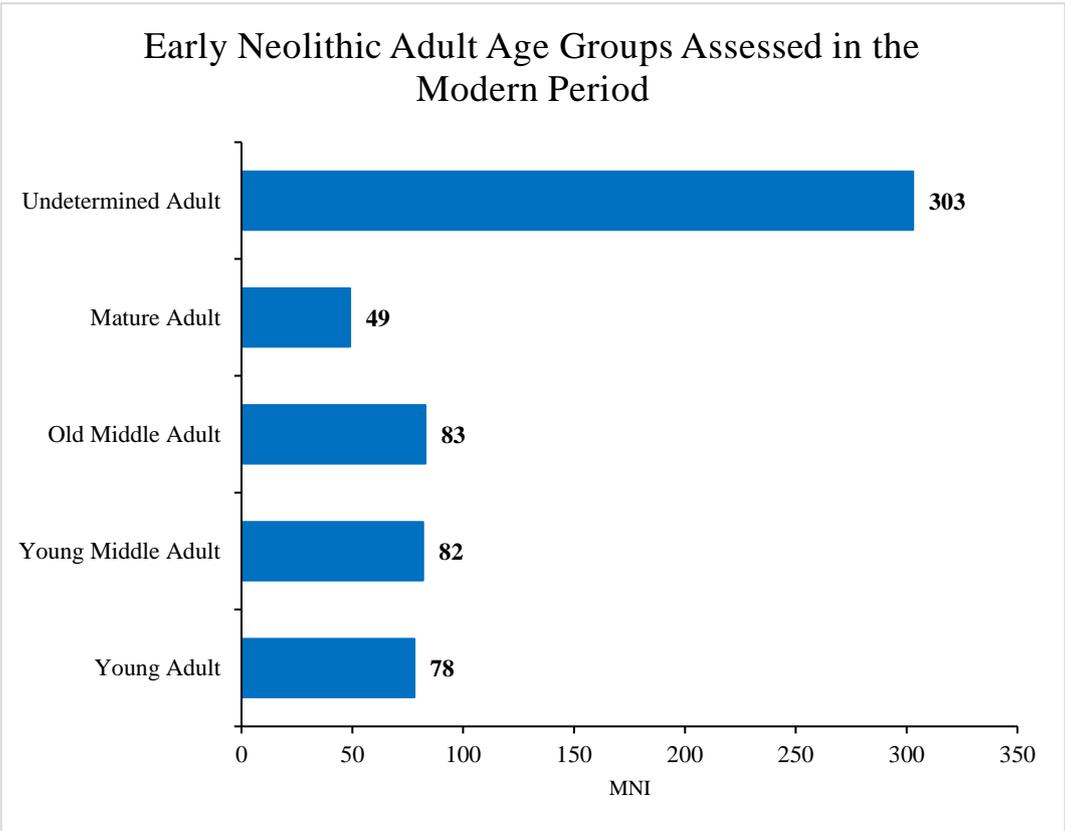

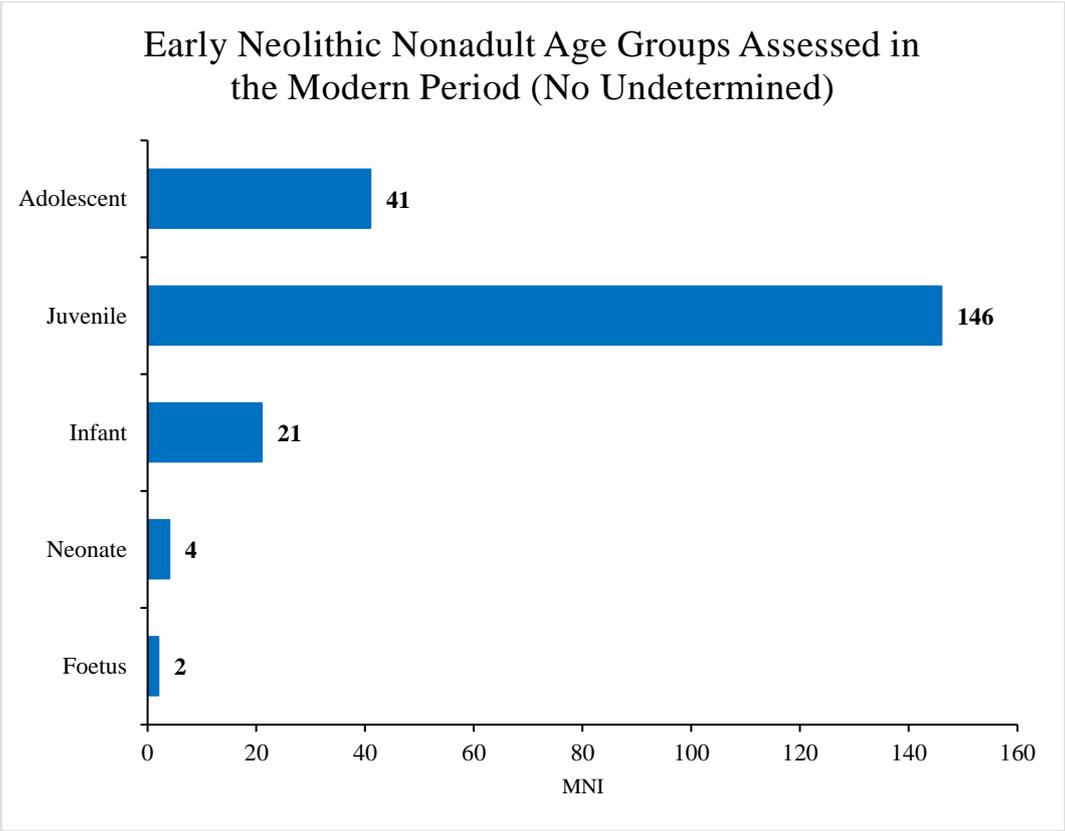

Early Neolithic Adult vs Nonadult  
Representation Assessed in the Modern Period  
(N=817)

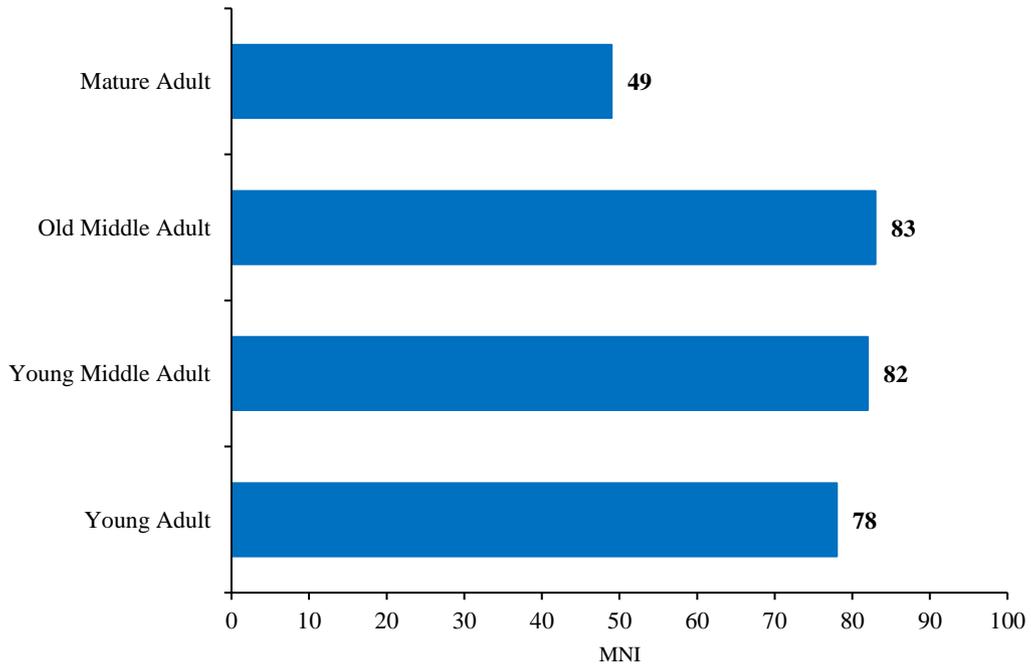

Early Neolithic Nonadult Age Groups Assessed in  
the Modern Period

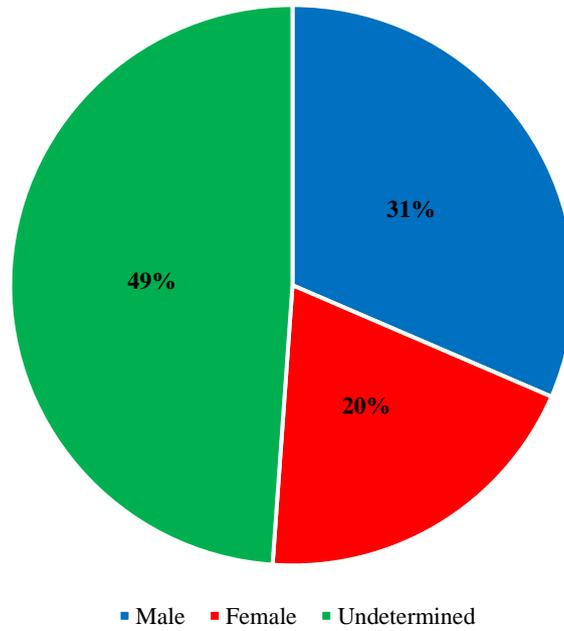

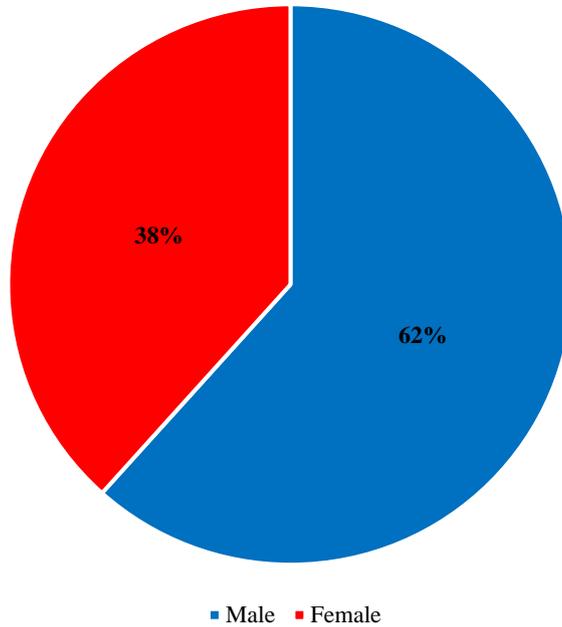

### Early Neolithic Adult Age Groups Assessed in the Modern Period (No Undetermined)

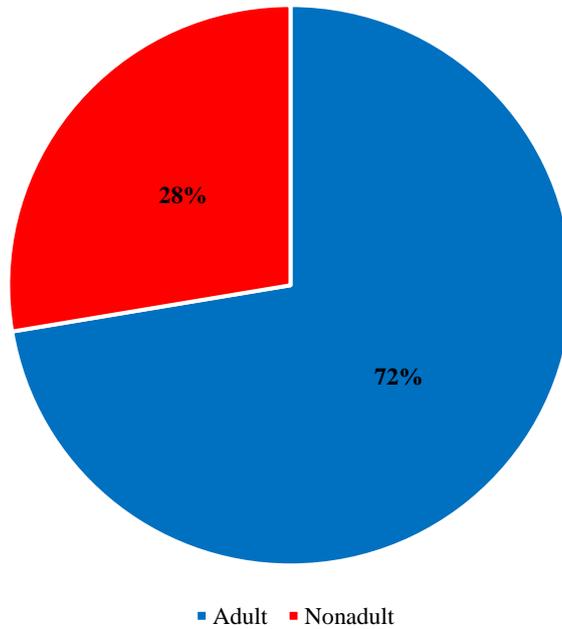

### Middle Neolithic Biological Sex Representation Assessed in the Modern Period (N=622)

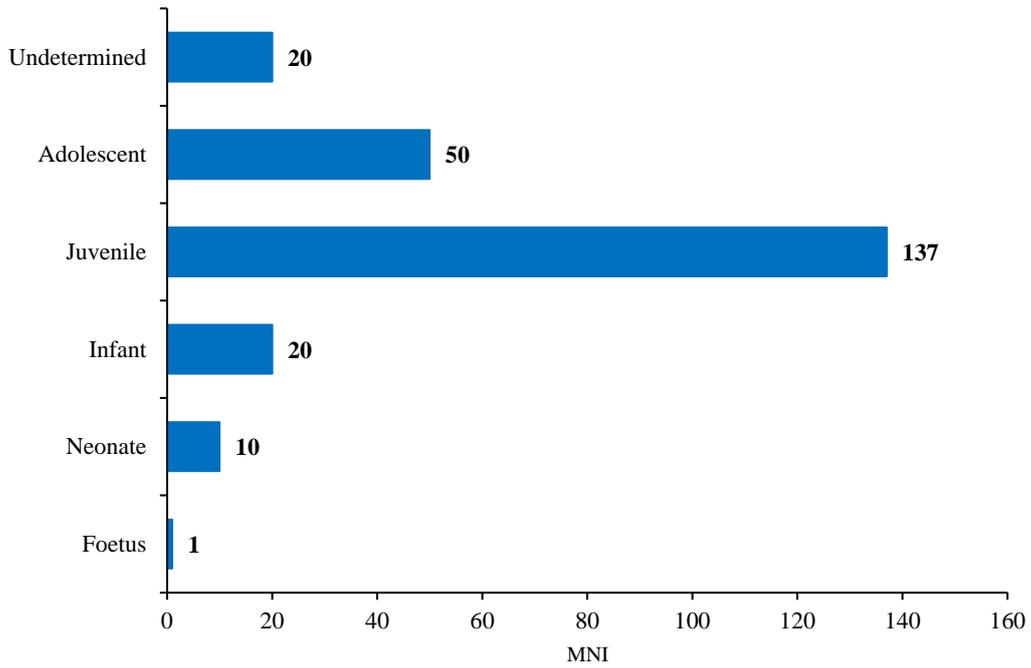

Middle Neolithic Biological Sex  
Representation Assessed in the Modern Period  
(No Undetermined) (N=318)

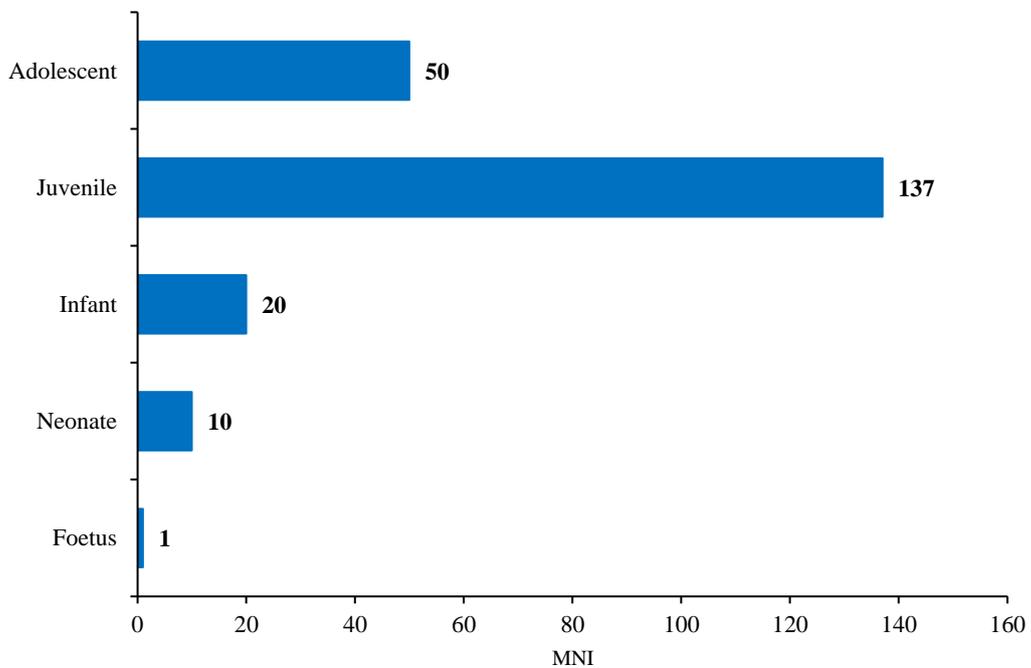

Middle Neolithic Adult vs Nonadult  
Representation Assessed in the Modern Period  
(N=861)

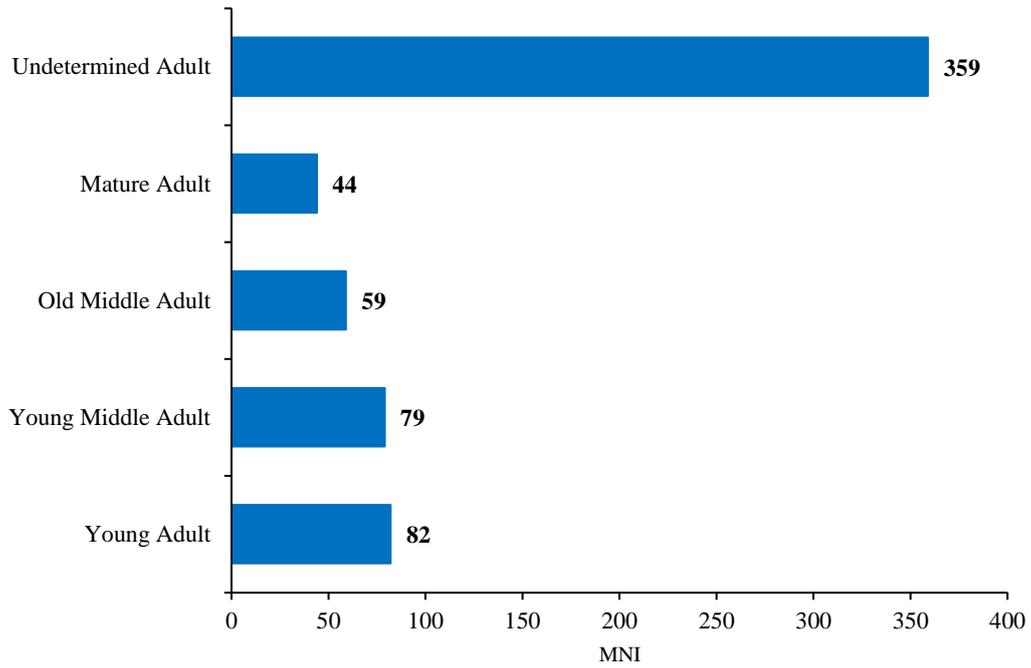

### Middle Neolithic Nonadult Age Groups Assessed in the Modern Period

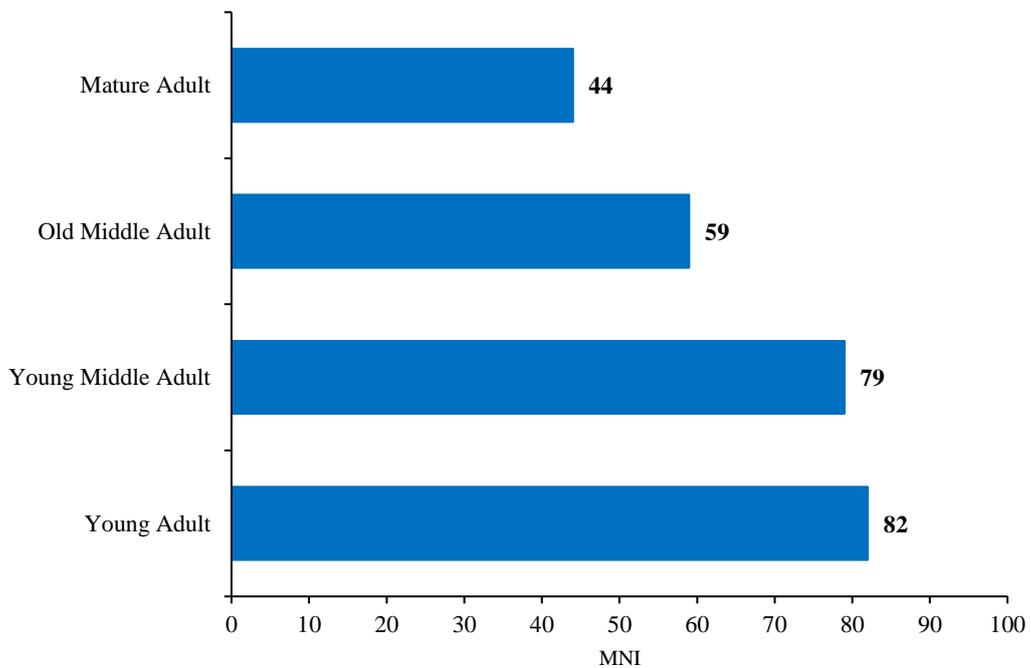

### Middle Neolithic Nonadult Age Groups Assessed in the Modern Period (No Undetermined)

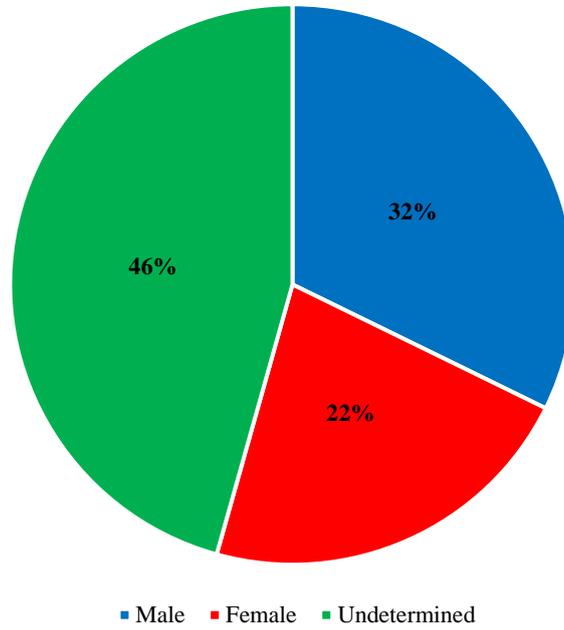

### Middle Neolithic Adult Age Groups Assessed in the Modern Period

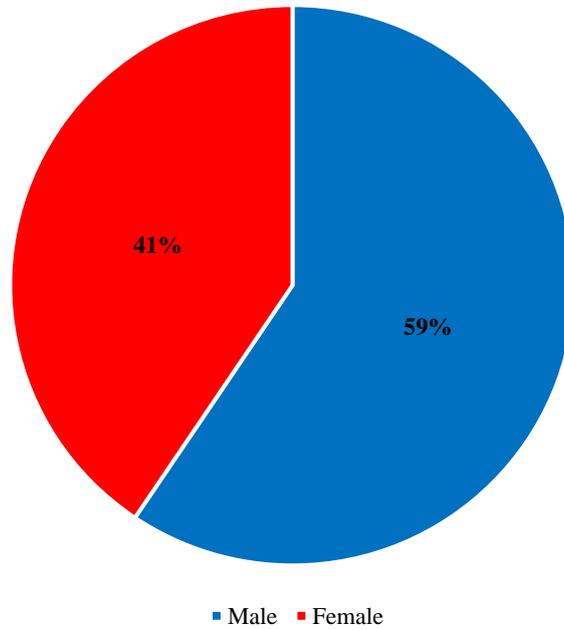

### Middle Neolithic Adult Age Groups Assessed in the Modern Period (No Undetermined)

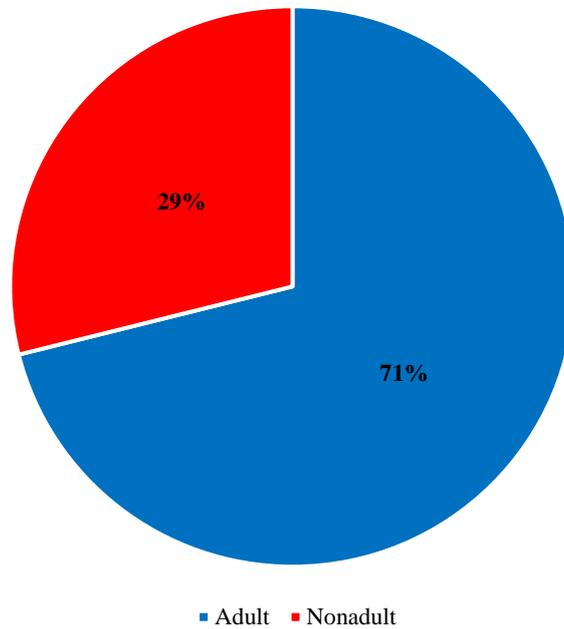

Middle Neolithic Biological Sex  
Representation Without Banbury Lane 1  
Assessed in the Modern Period (N=508)

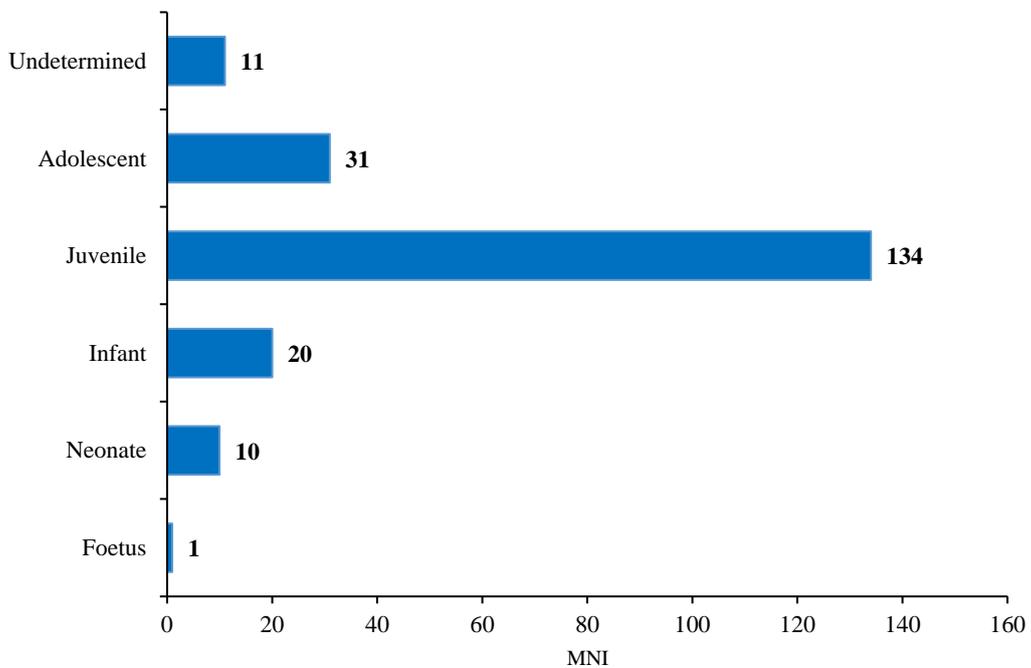

Middle Neolithic Biological Sex  
Representation Without Banbury Lane 1  
Assessed in the Modern Period (N=276)

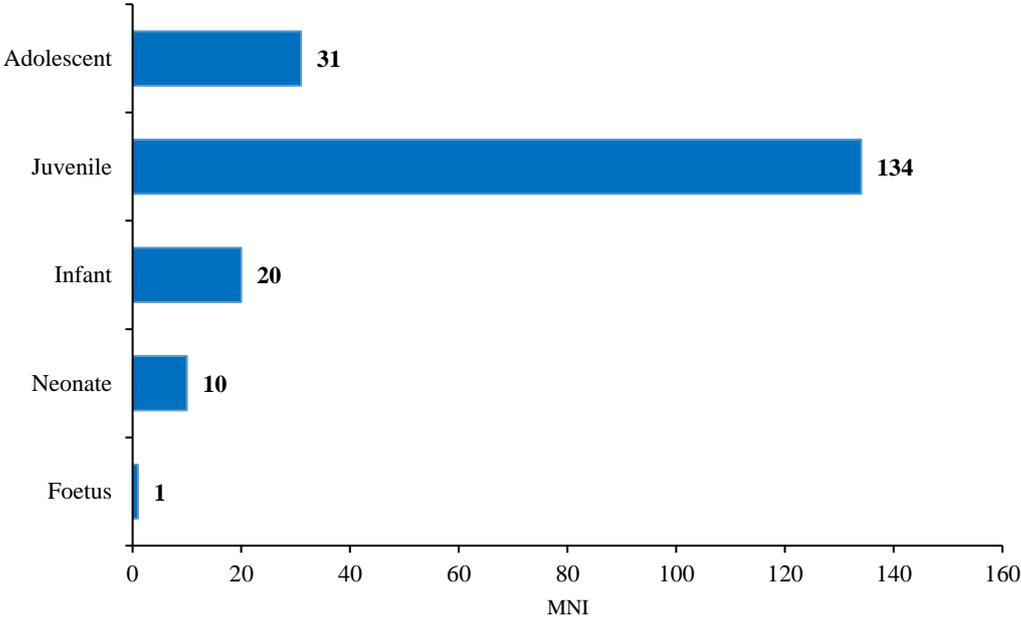

Middle Neolithic Adult vs Nonadult Representation Without Banbury Lane 1 Assessed in the Modern Period (N=716)

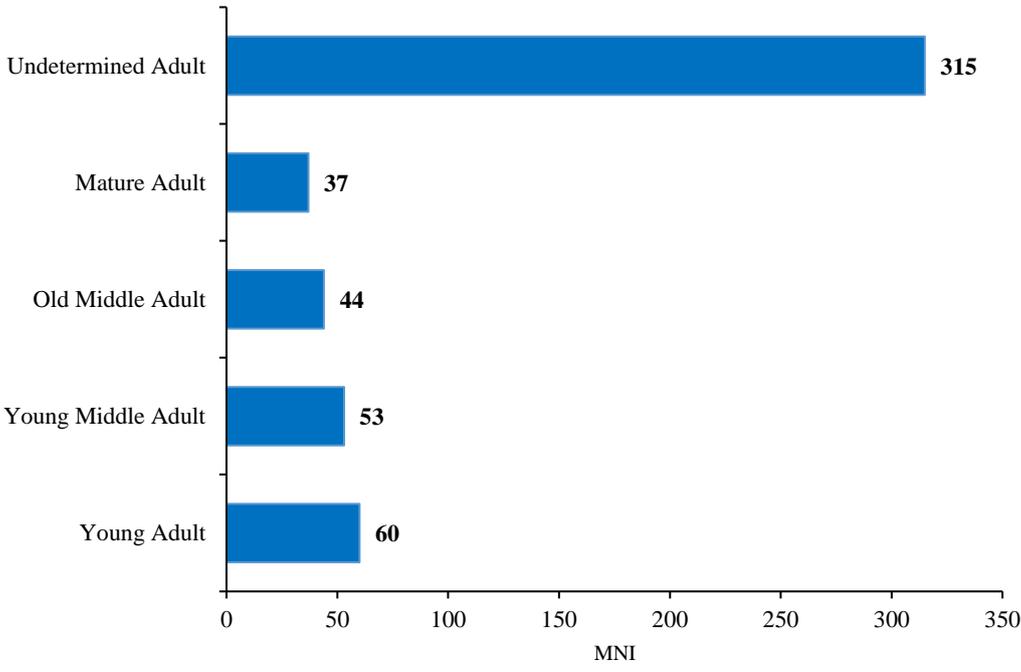

Middle Neolithic Nonadult Age Groups Without Banbury Lane 1 Assessed in the Modern Period

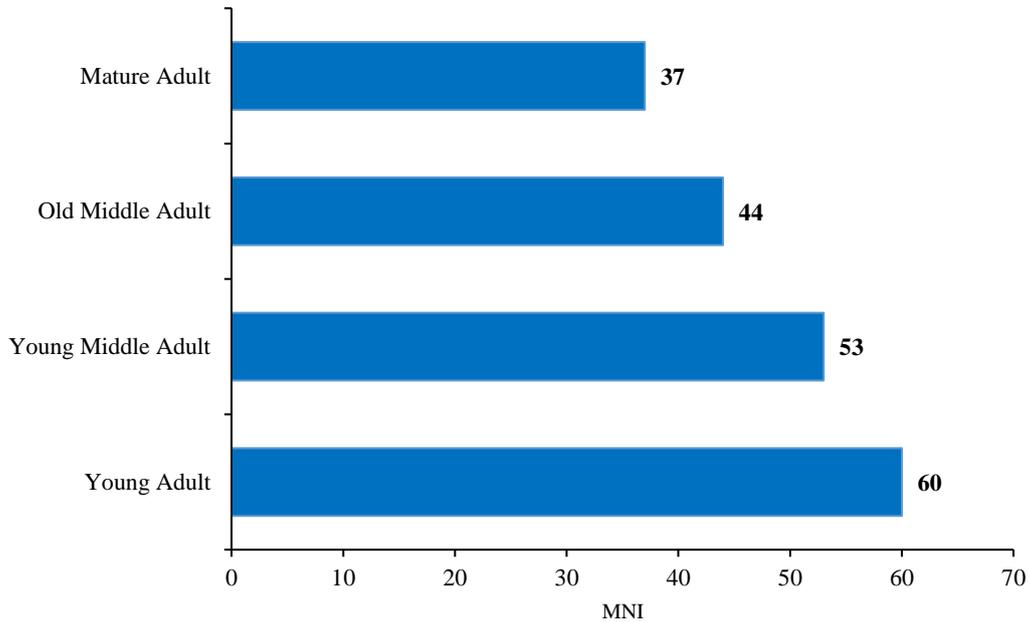

### Middle Neolithic Nonadult Age Groups Without Banbury Lane 1 Assessed in the Modern Period (No Undetermined)

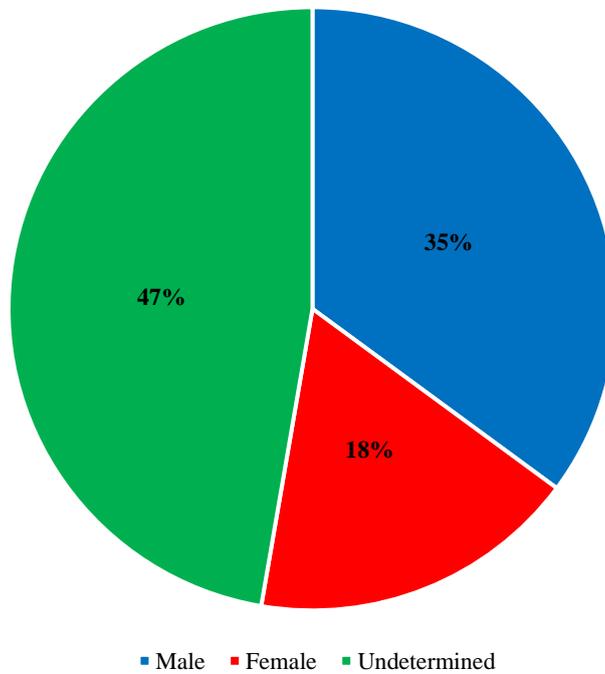

### Middle Neolithic Adult Age Groups Without Banbury Lane 1 Assessed in the Modern Period

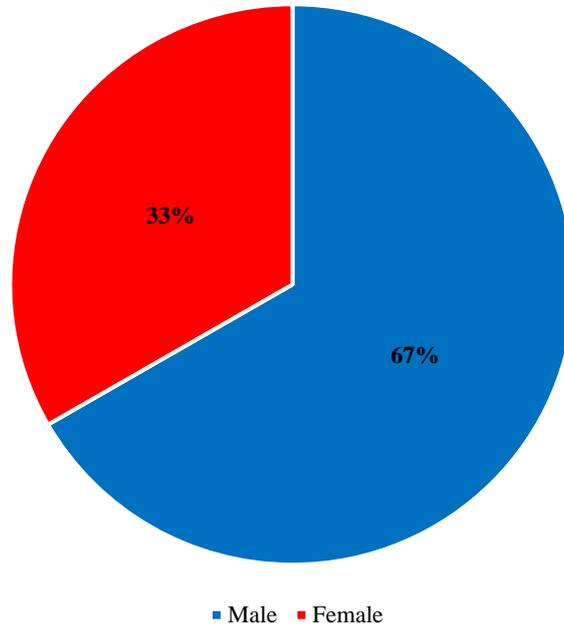

### Middle Neolithic Adult Age Groups Without Banbury Lane 1 Assessed in the Modern Period (No Undetermined)

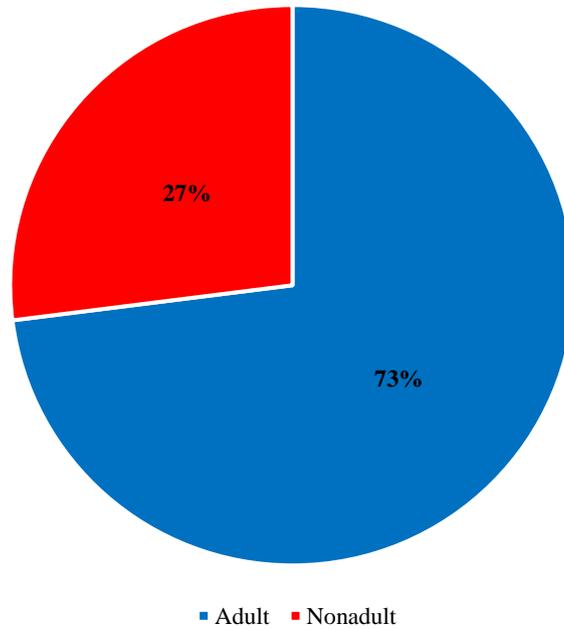

### Late Neolithic Biological Sex Representation Assessed in the Modern Period (N=74)

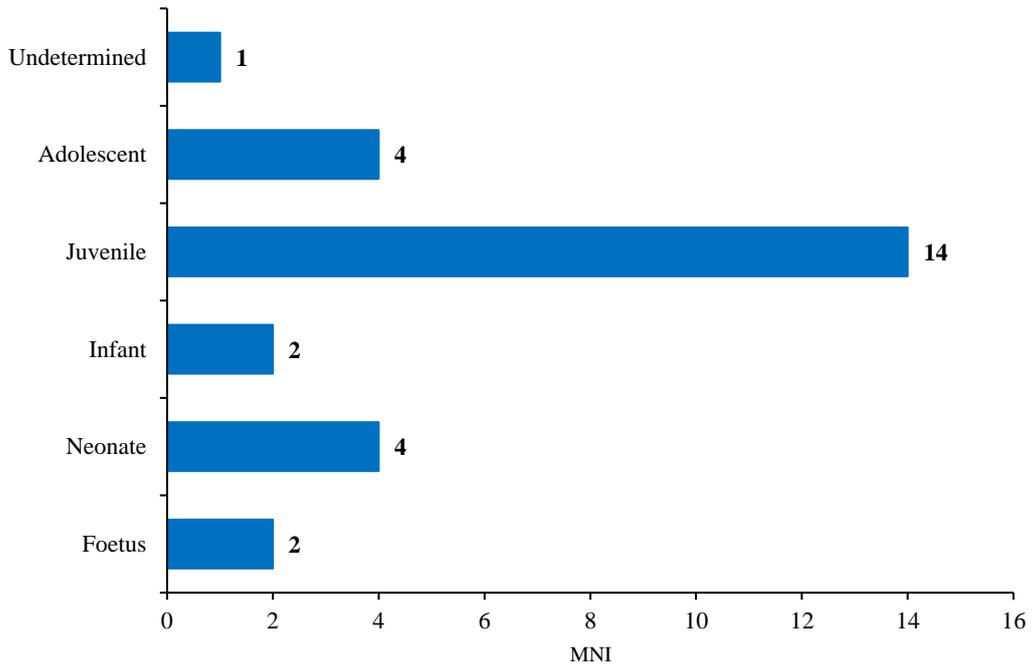

Late Neolithic Biological Sex Representation  
Assessed in the Modern Period (No  
Undetermined) (N=39)

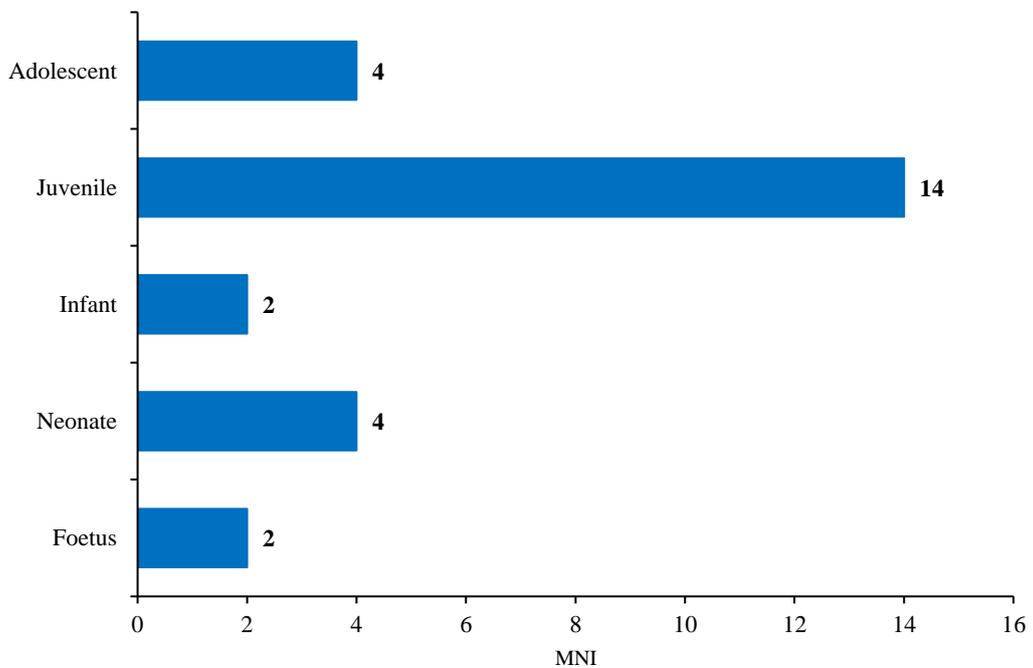

Late Neolithic Adult vs Nonadult  
Representation Assessed in the Modern Period  
(N=100)

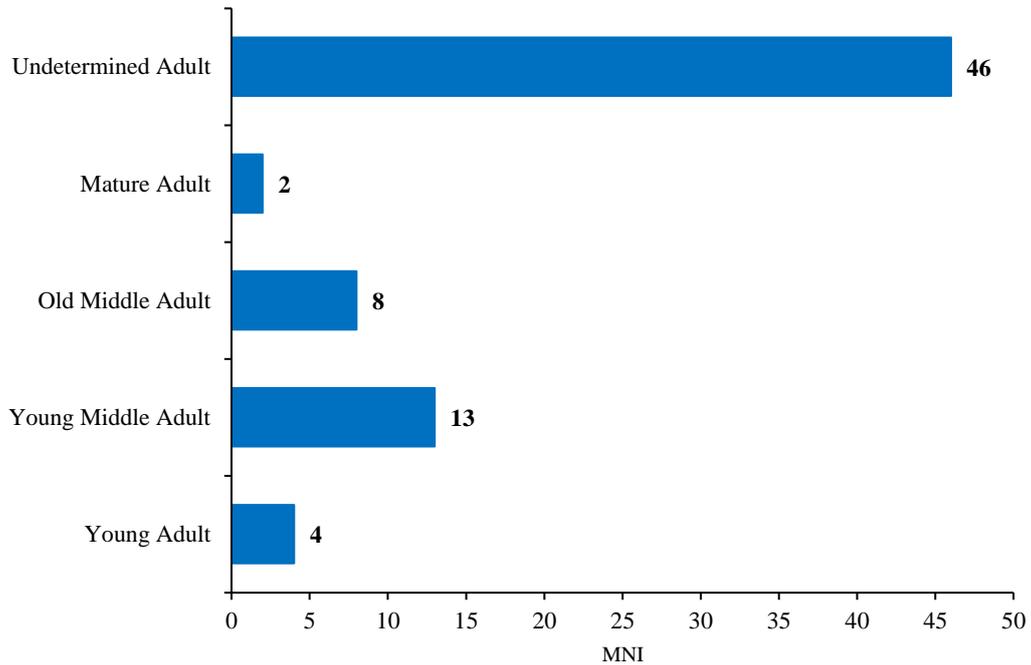

### Late Neolithic Nonadult Age Groups Assessed in the Modern Period

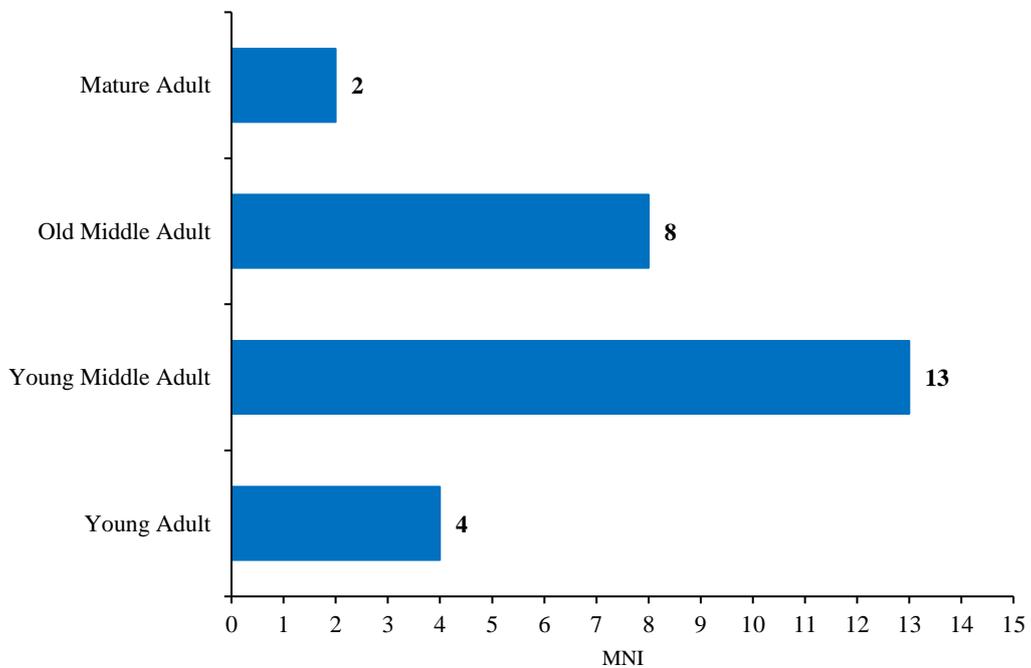

### Late Neolithic Nonadult Age Groups Assessed in the Modern Period (No Undetermined)

### Late Neolithic Adult Age Groups Assessed in the Modern Period

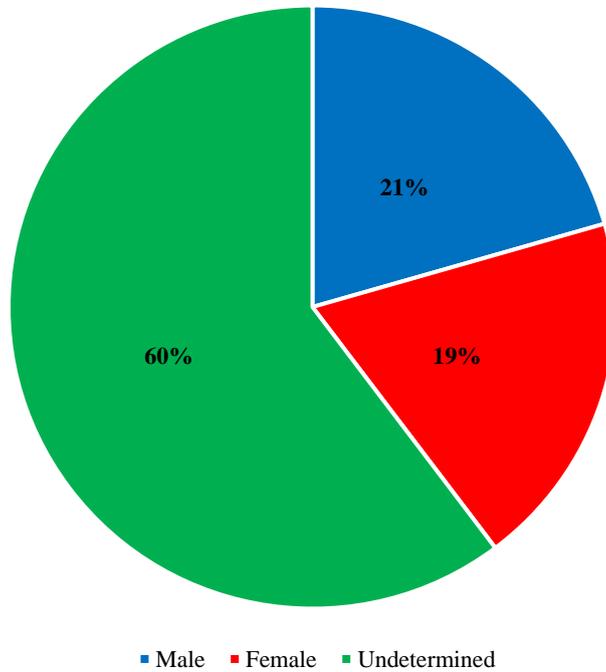

### Late Neolithic Adult Age Groups Assessed in the Modern Period (No Undetermined)

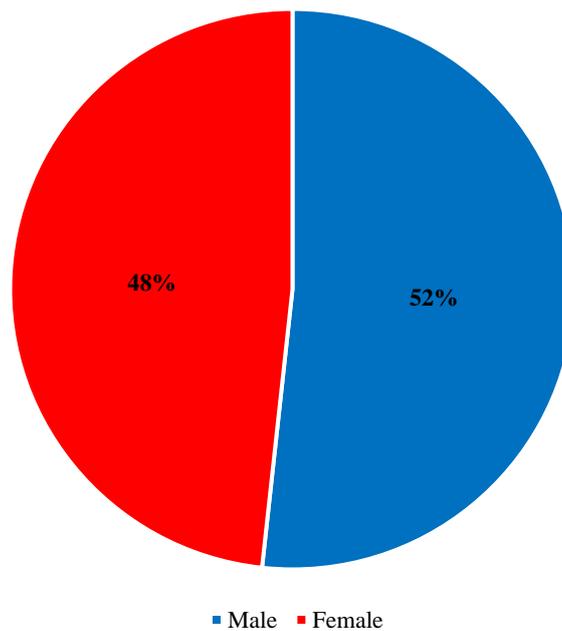

## 5. Neolithic Regions – Inhumation (Combined Dataset)

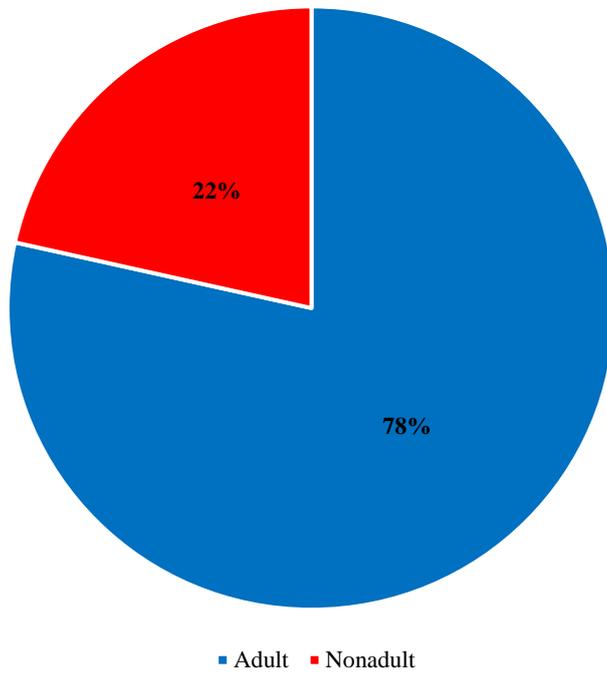

Biological Sex Representation from the Argyll  
& Bute-Hebrides Region (N=73)

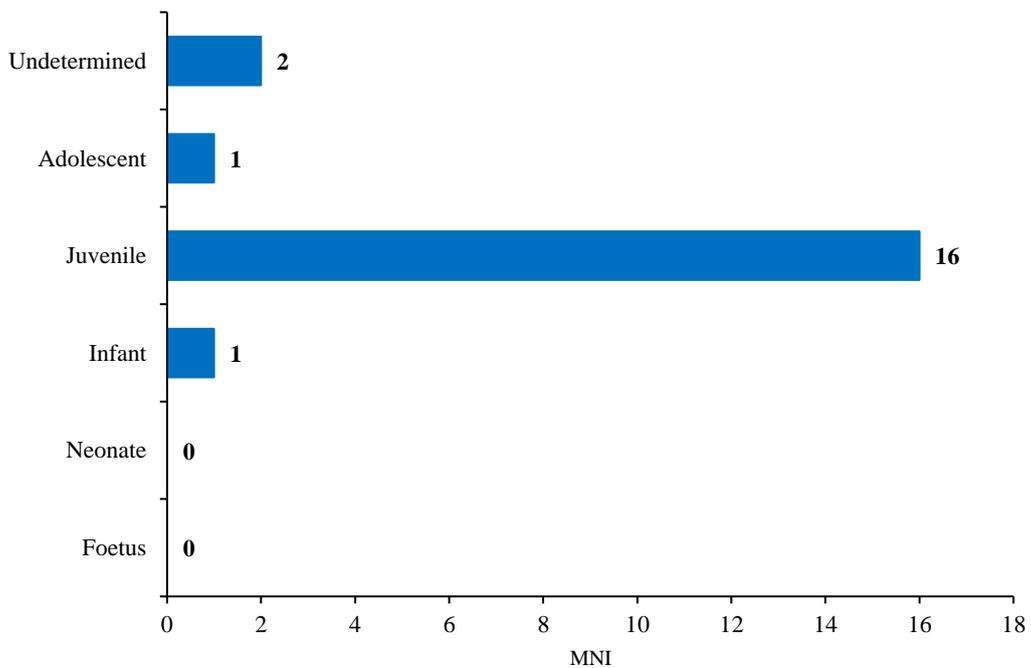

Biological Sex Representation from the Argyll  
& Bute-Hebrides Region (No Undetermined)  
(N=29)

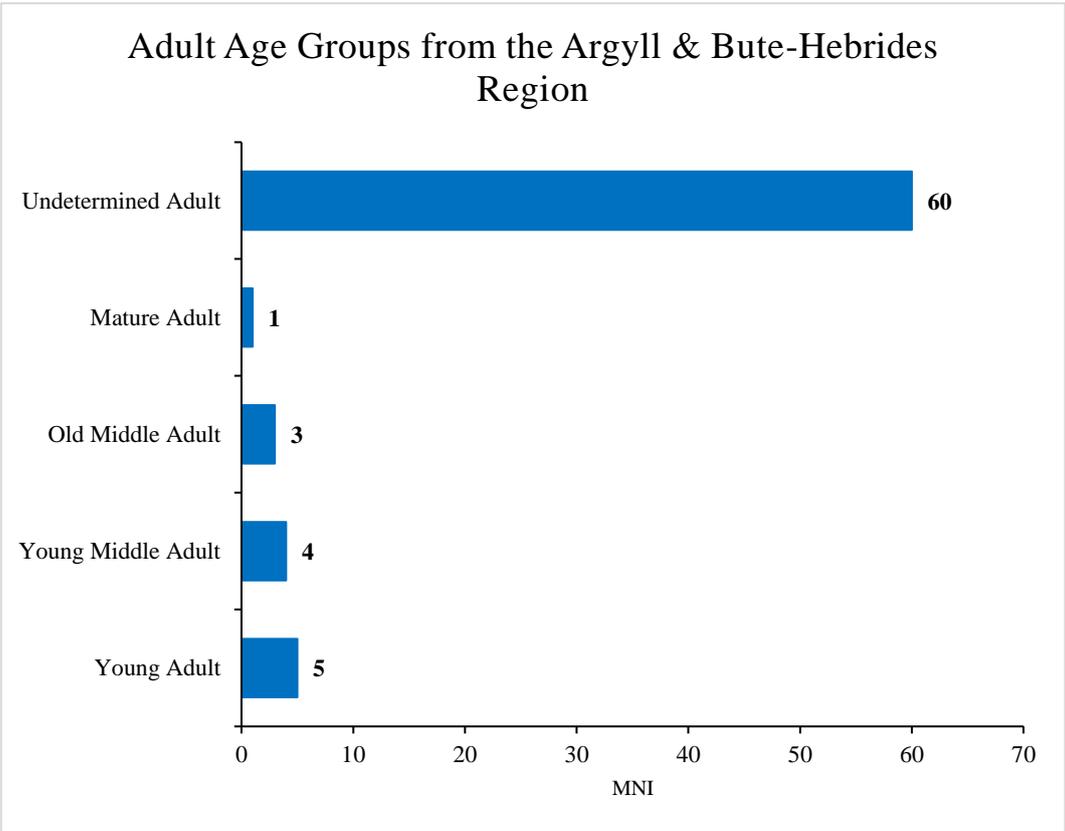

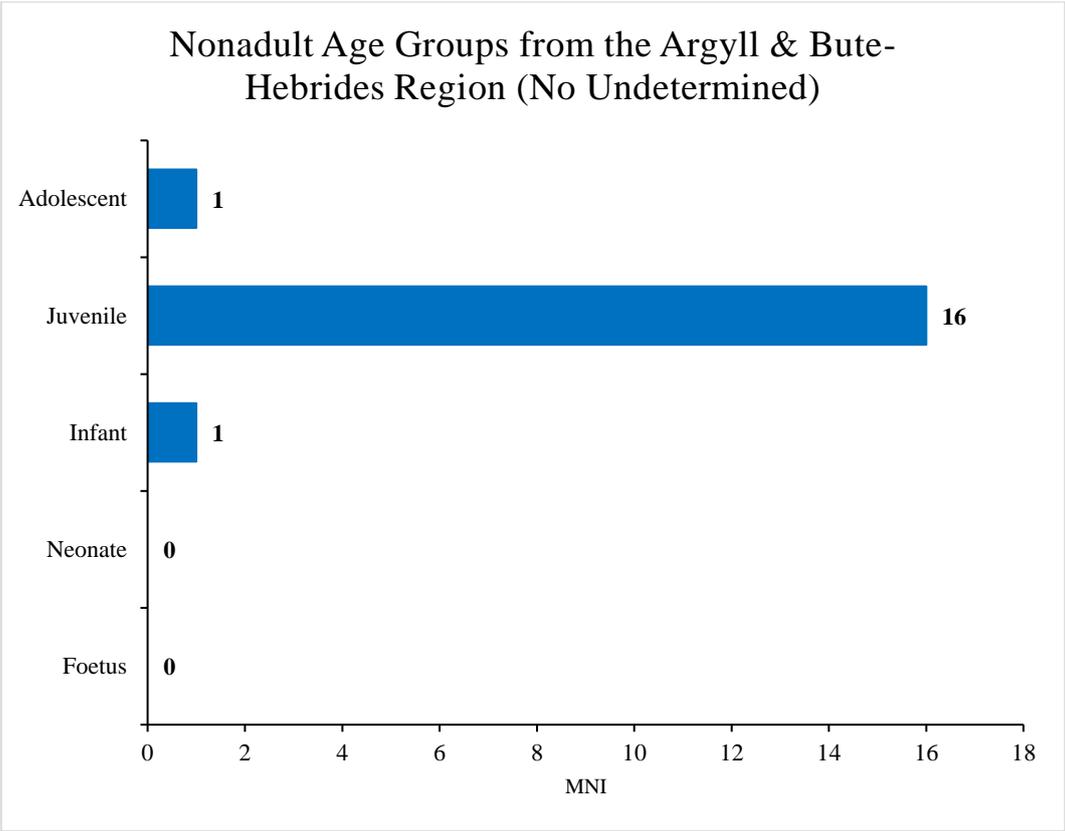

Adult vs Nonadult Representation from the Argyll & Bute-Hebrides Region (N=93)

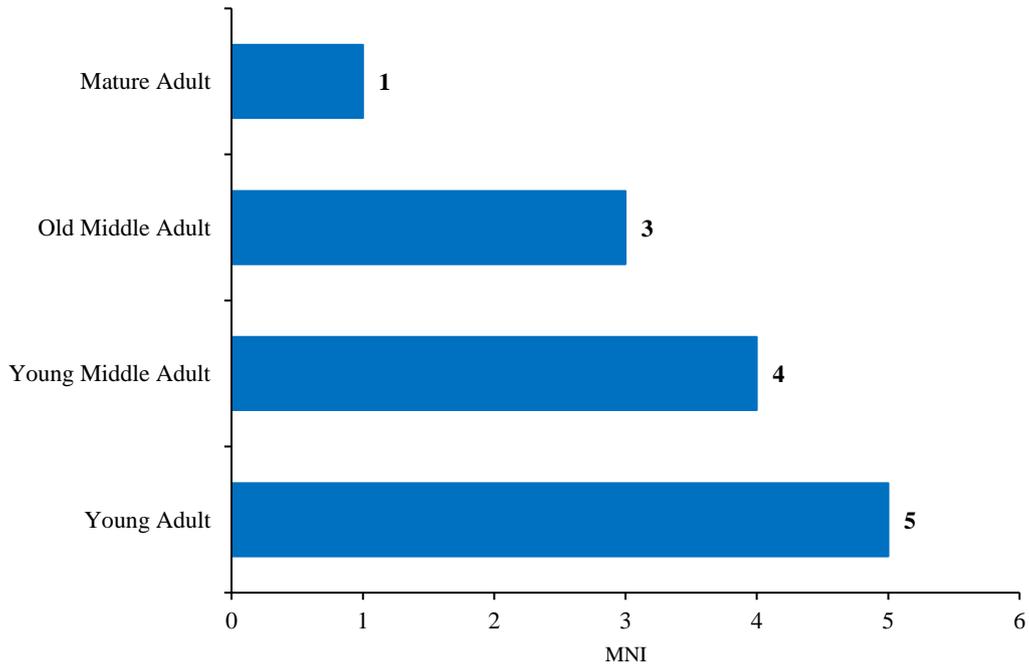

Nonadult Age Groups from the Argyll & Bute-Hebrides Region

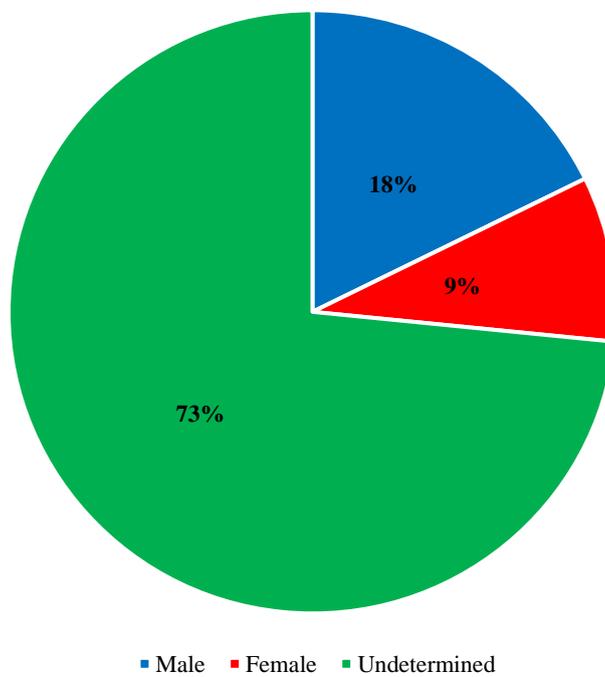

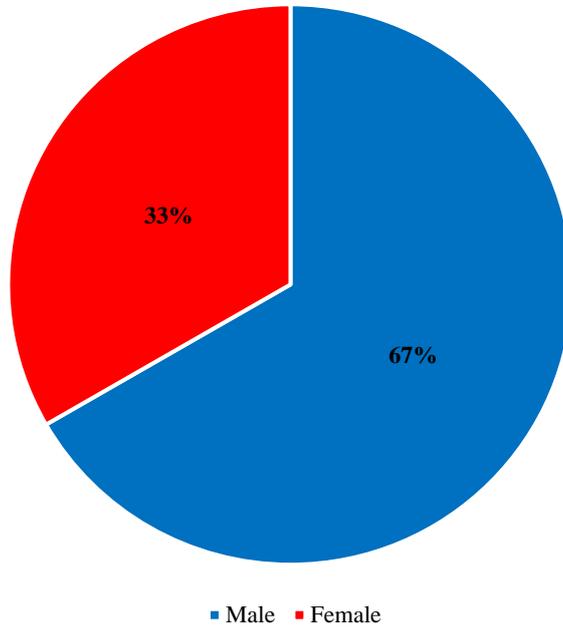

### Adult Age Groups from the Argyll & Bute-Hebrides Region (No Undetermined)

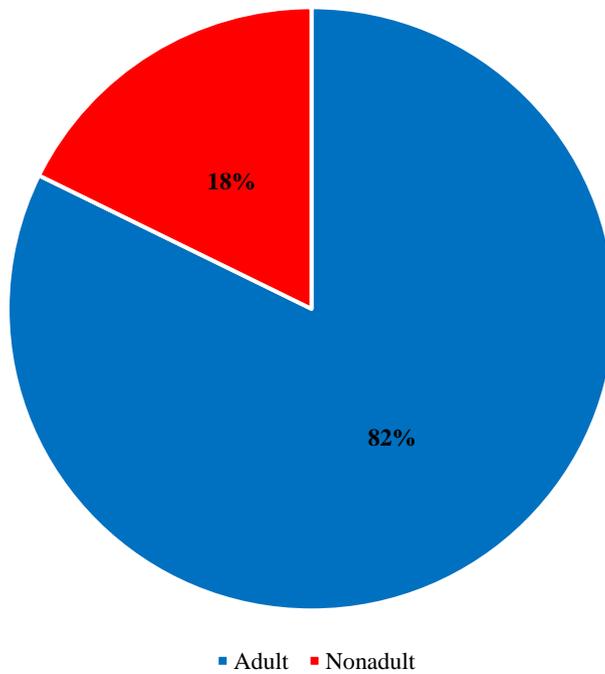

### Biological Sex Representation from the Brecon Beacons-West Mercia Region (N=79)

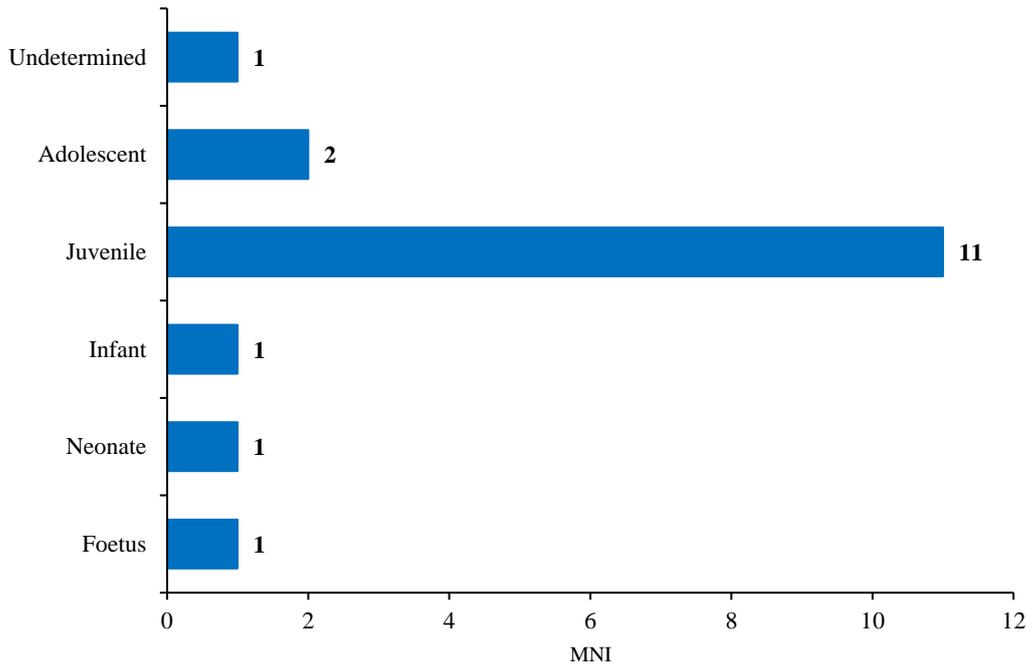

Biological Sex Representation from the Brecon Beacons-West Mercia Region (No Undetermined) (N=21)

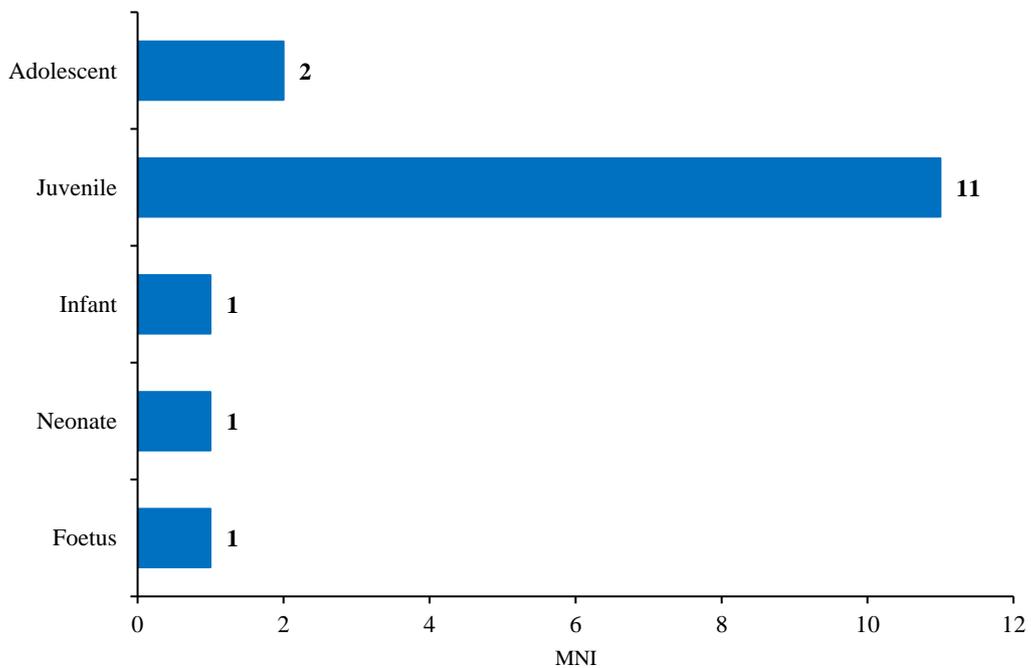

Adult vs Nonadult Representation from the Brecon Beacons-West Mercia Region (N=96)

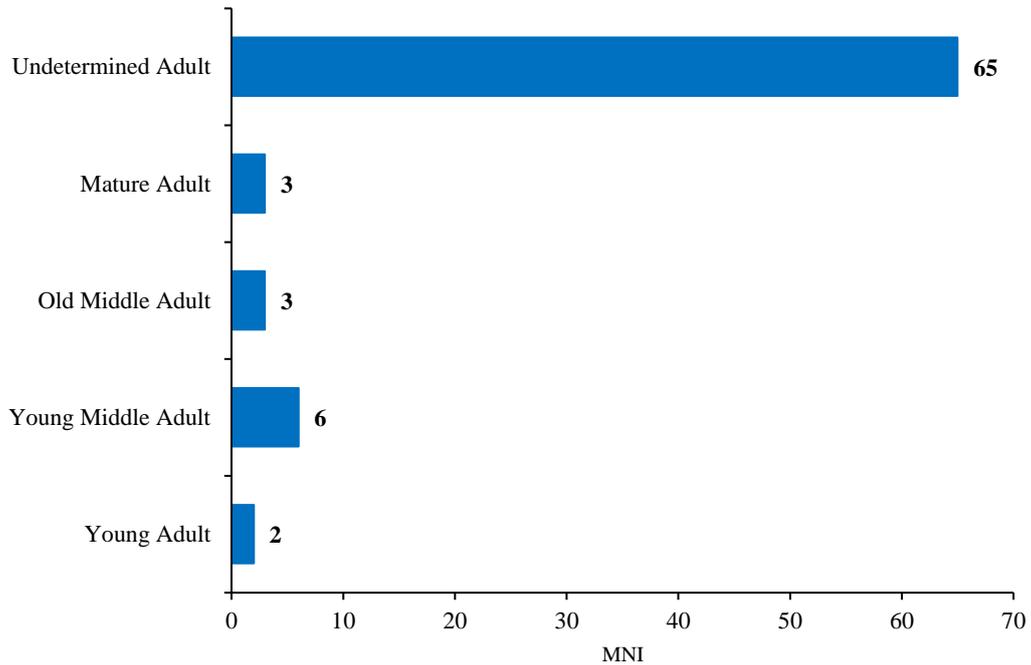

### Nonadult Age Groups from the Brecon Beacons-West Mercia Region

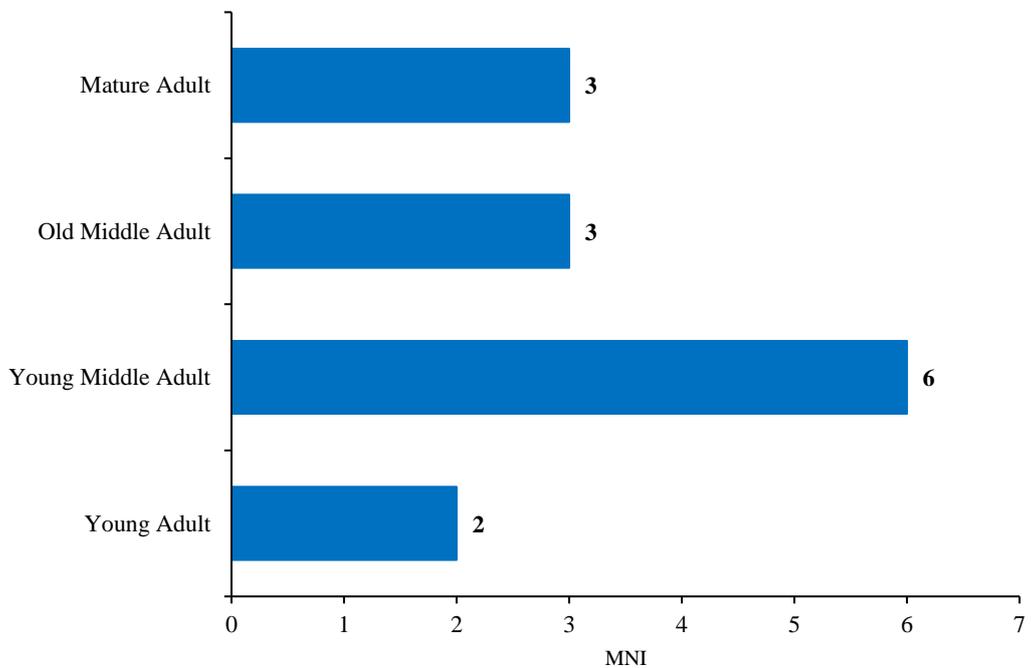

### Nonadult Age Groups from the Brecon Beacons-West Mercia Region (No Undetermined)

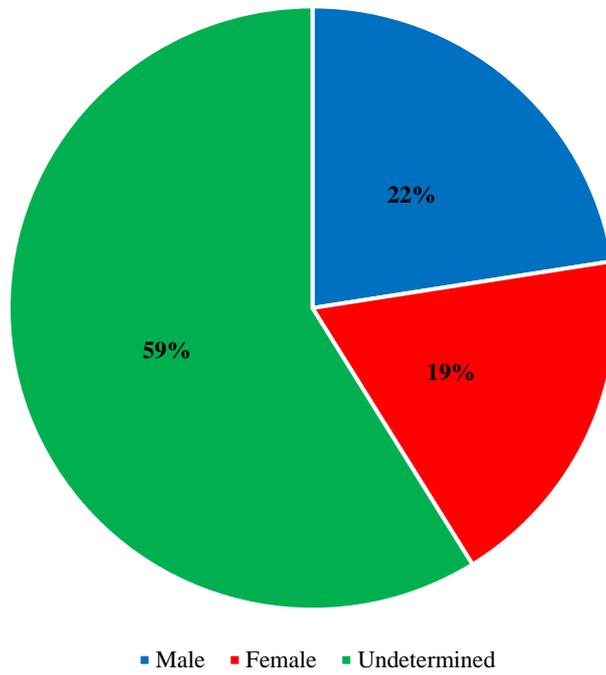

### Adult Age Groups from the Brecon Beacons-West Mercia Region

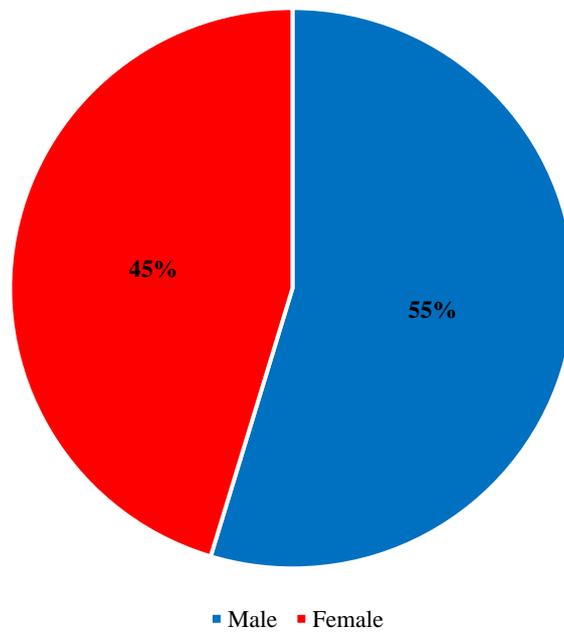

### Adult Age Groups from the Brecon Beacons-West Mercia Region (No Undetermined)

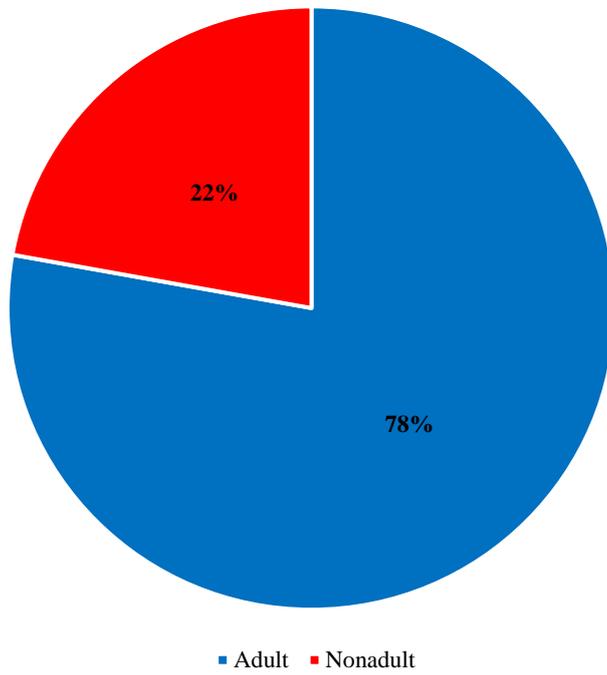

Biological Sex Representation from the Cotswolds-Mendip Region (N=493)

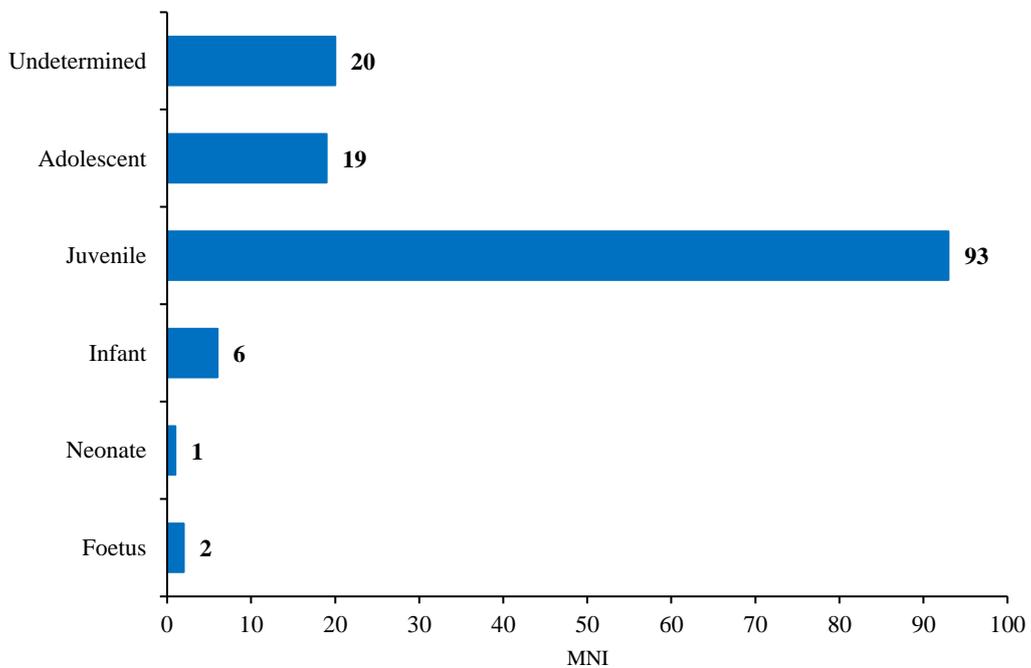

Biological Sex Representation from the Cotswolds-Mendip Region (No Undetermined) (N=203)

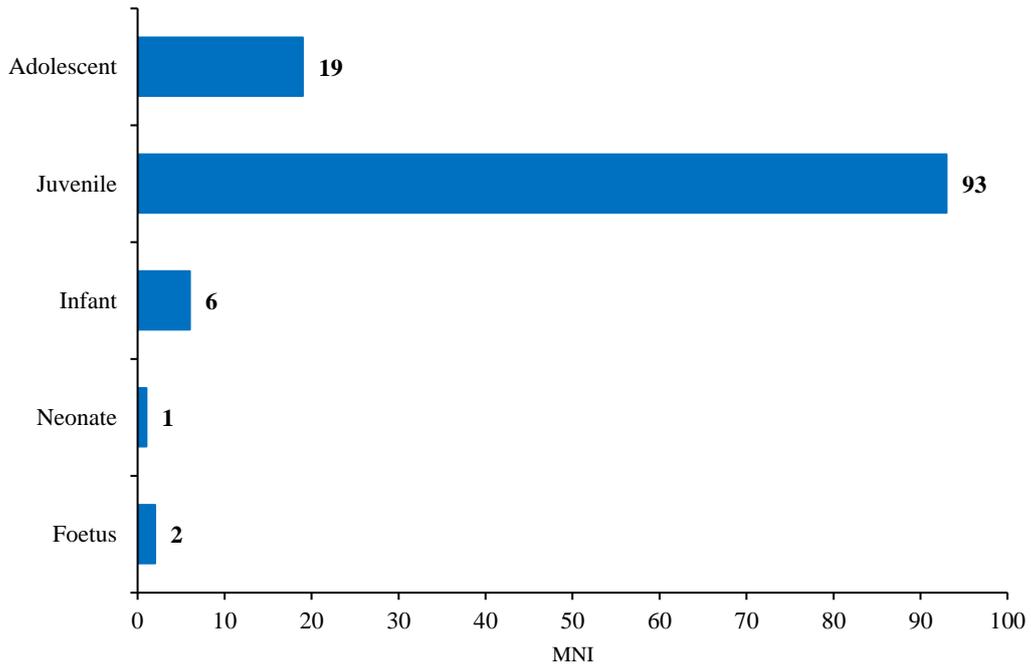

Adult vs Nonadult Representation from the Cotswolds-Mendip Region (N=636)

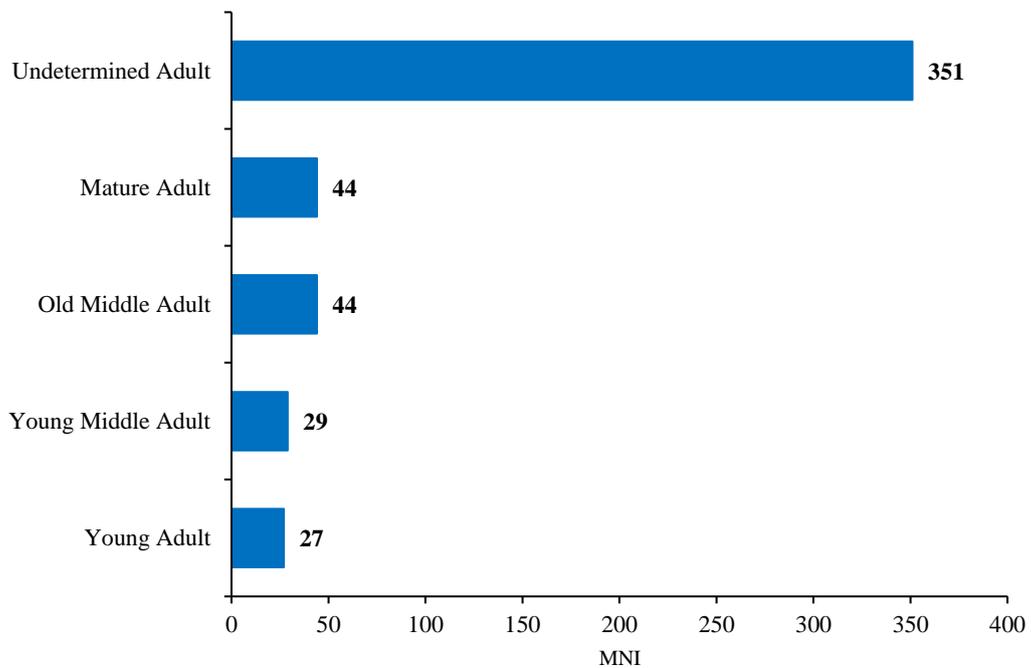

Nonadult Age Groups from the Cotswolds-Mendip Region

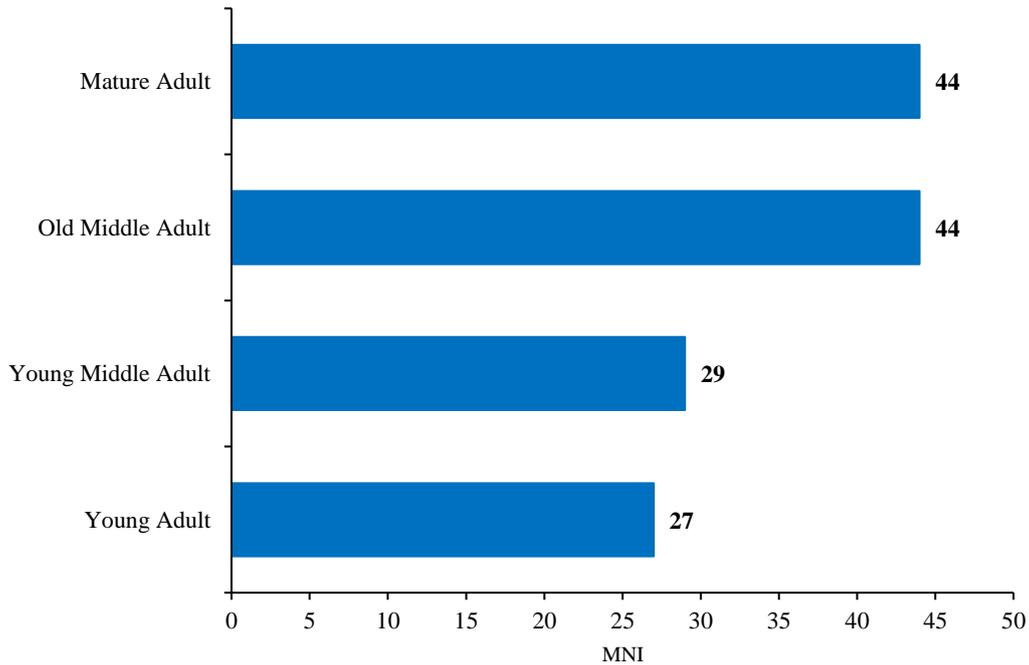

### Nonadult Age Groups from the Cotswolds-Mendip Region (No Undetermined)

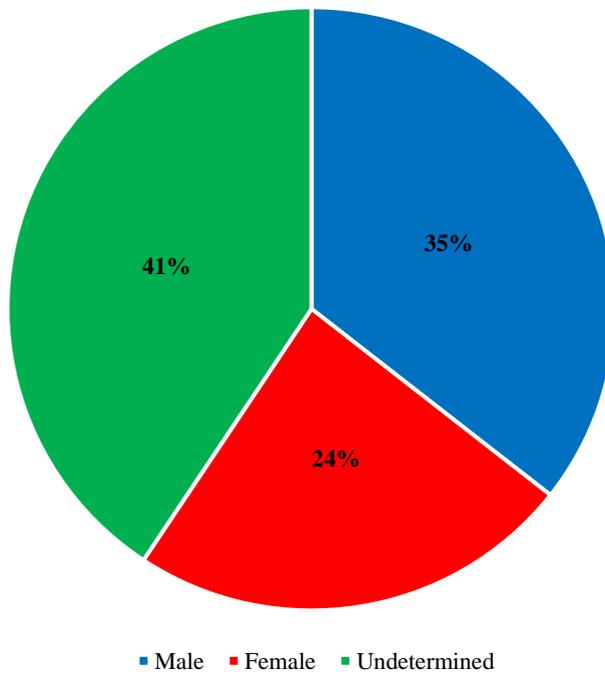

### Adult Age Groups from the Cotswolds-Mendip Region

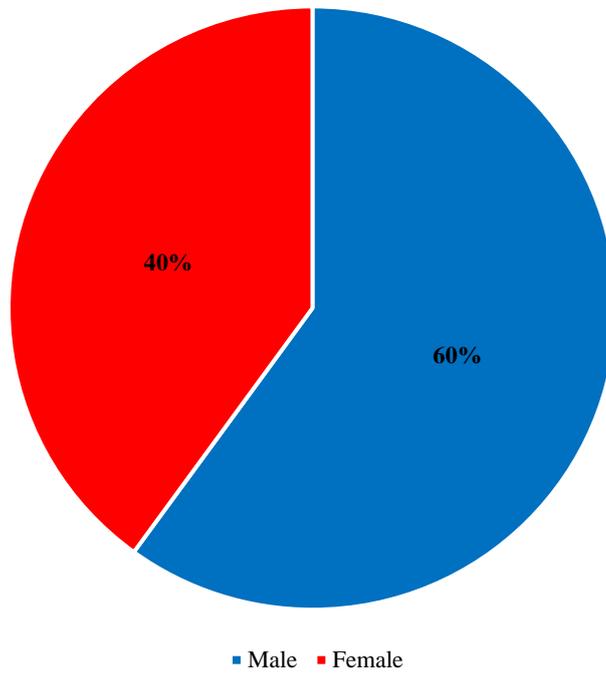

### Adult Age Groups from the Cotswolds-Mendip Region (No Undetermined)

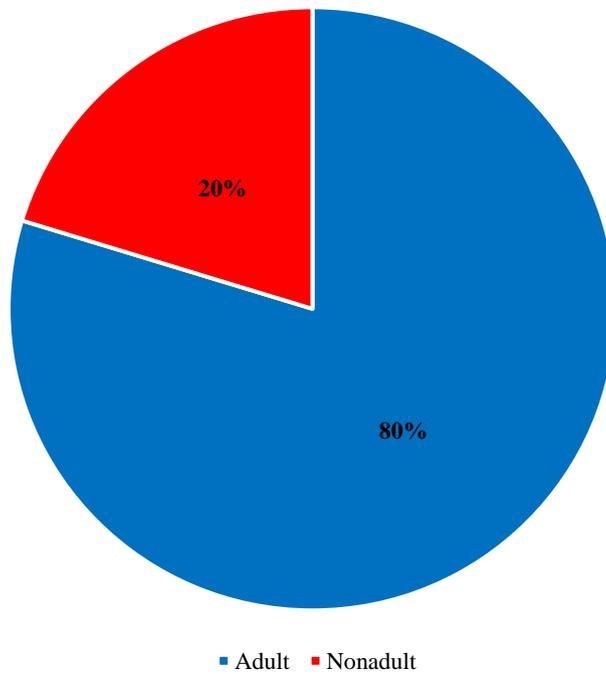

### Biological Sex Representation from the Dyfed Region (N=59)

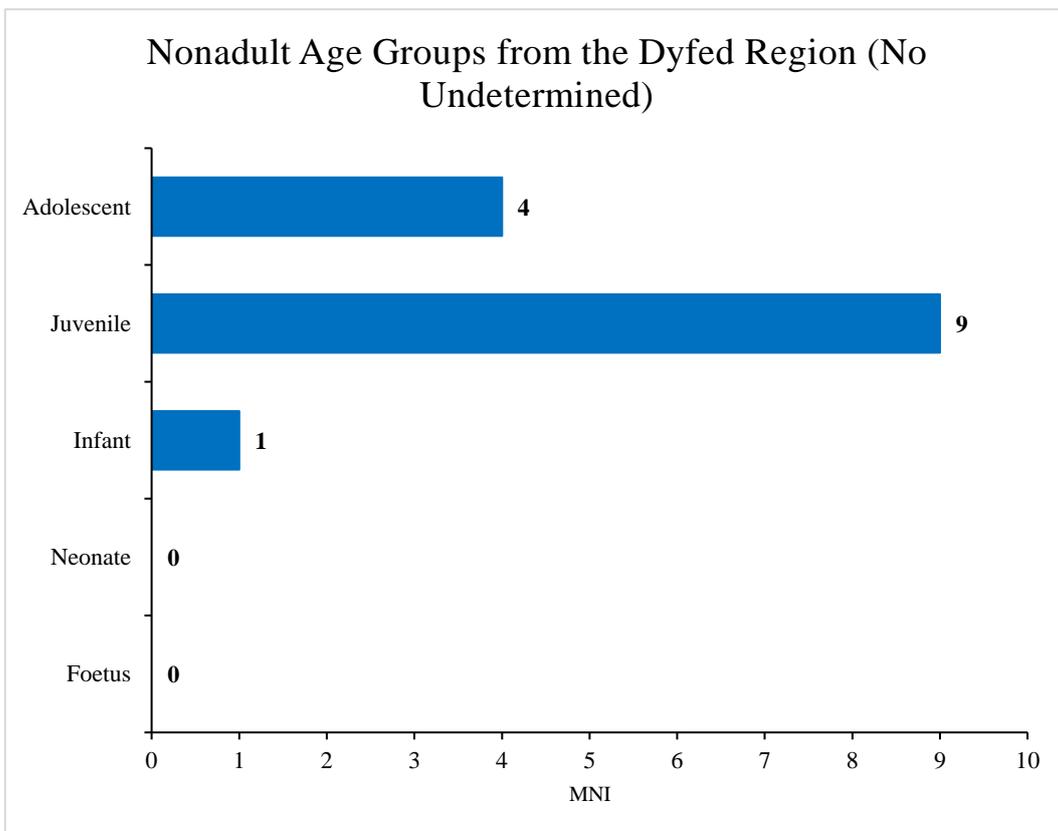

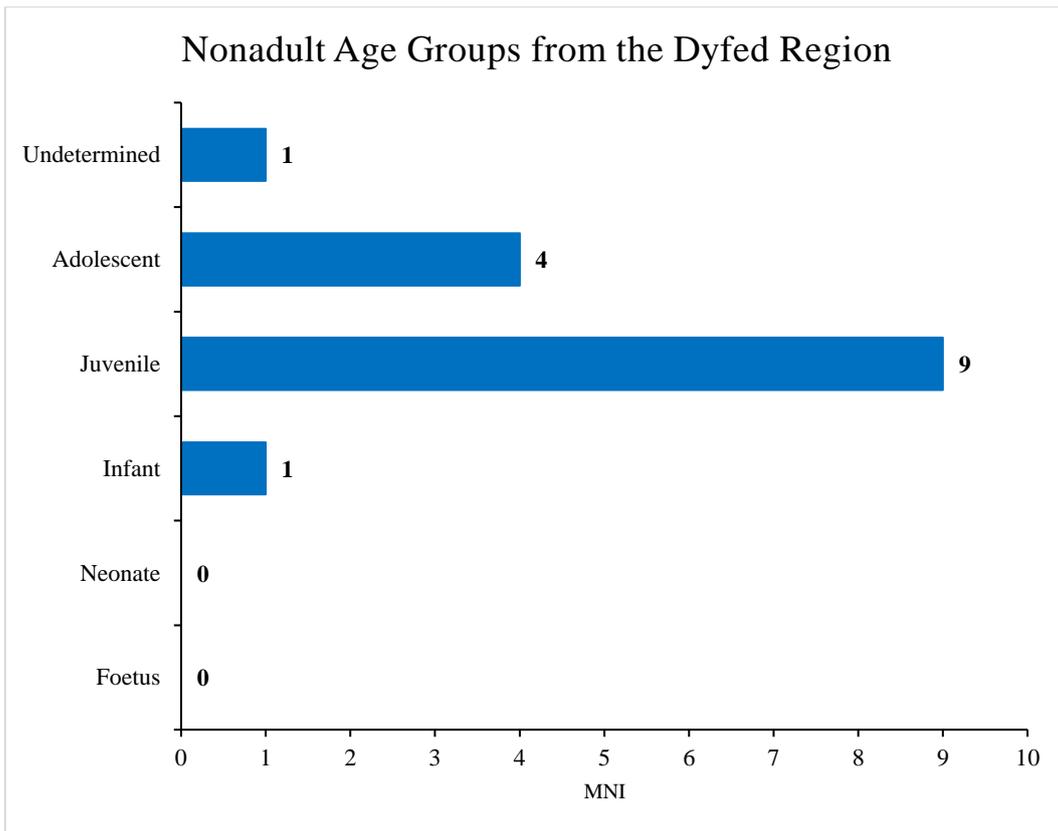

Biological Sex Representation from the Dyfed Region (No Undetermined) (N=35)

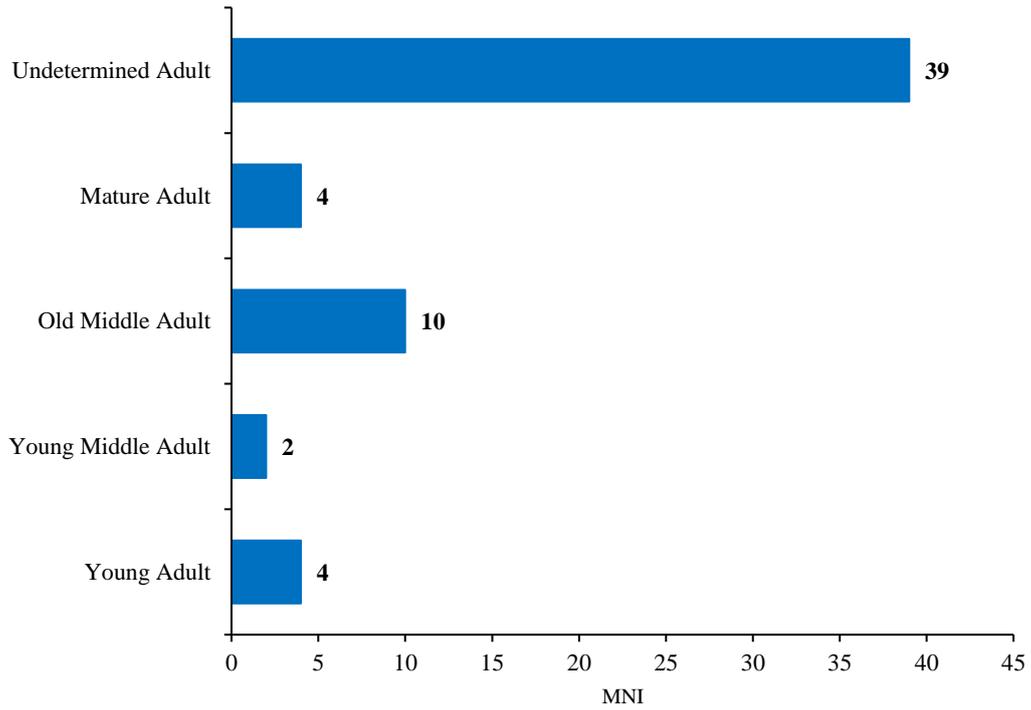

Adult vs Nonadult Representation from the Dyfed Region (N=74)

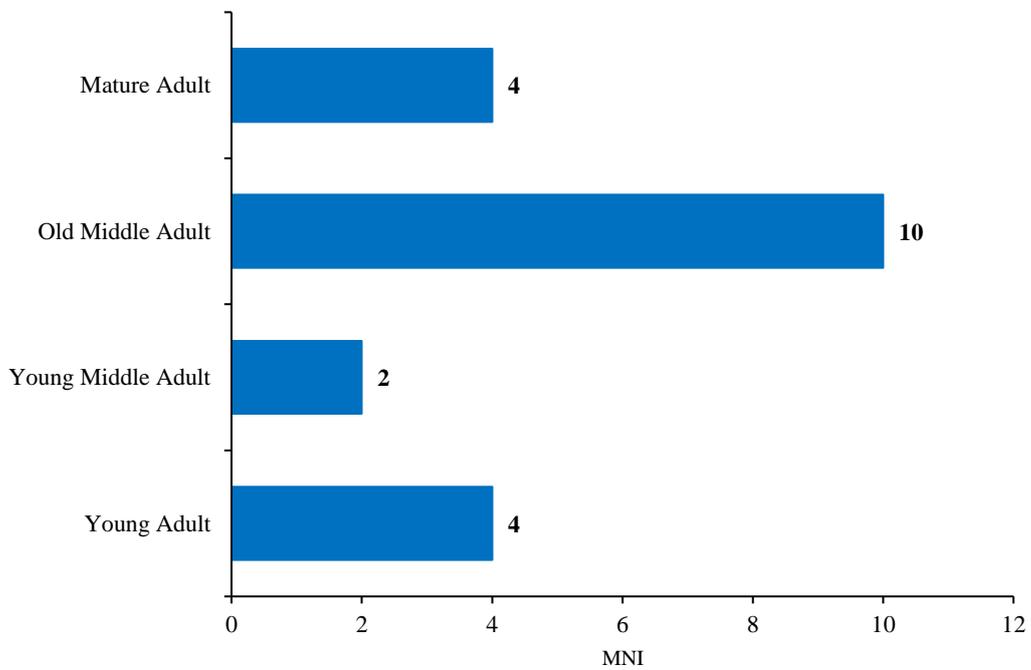

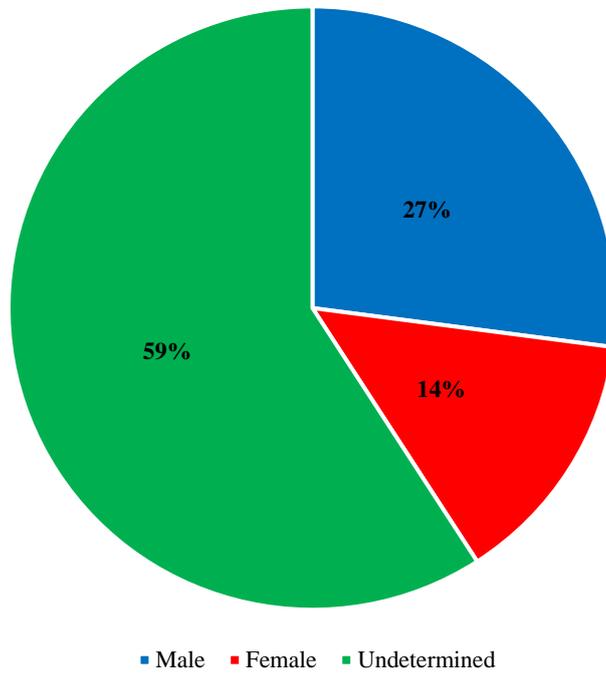

### Adult Age Groups from the Dyfed Region

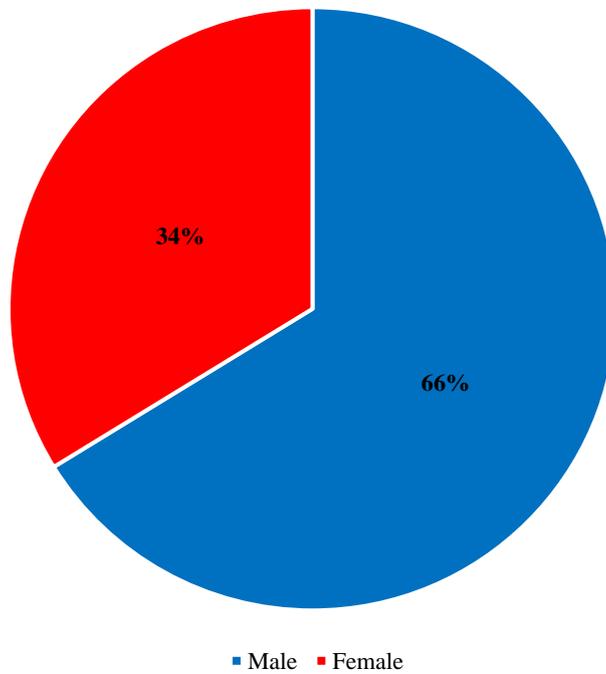

### Adult Age Groups from the Dyfed Region (No Undetermined)

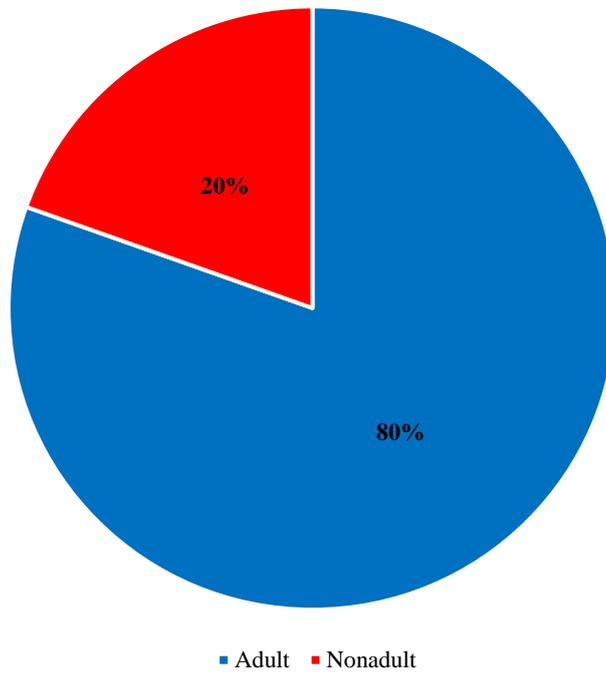

Biological Sex Representation from the East England Region (N=181)

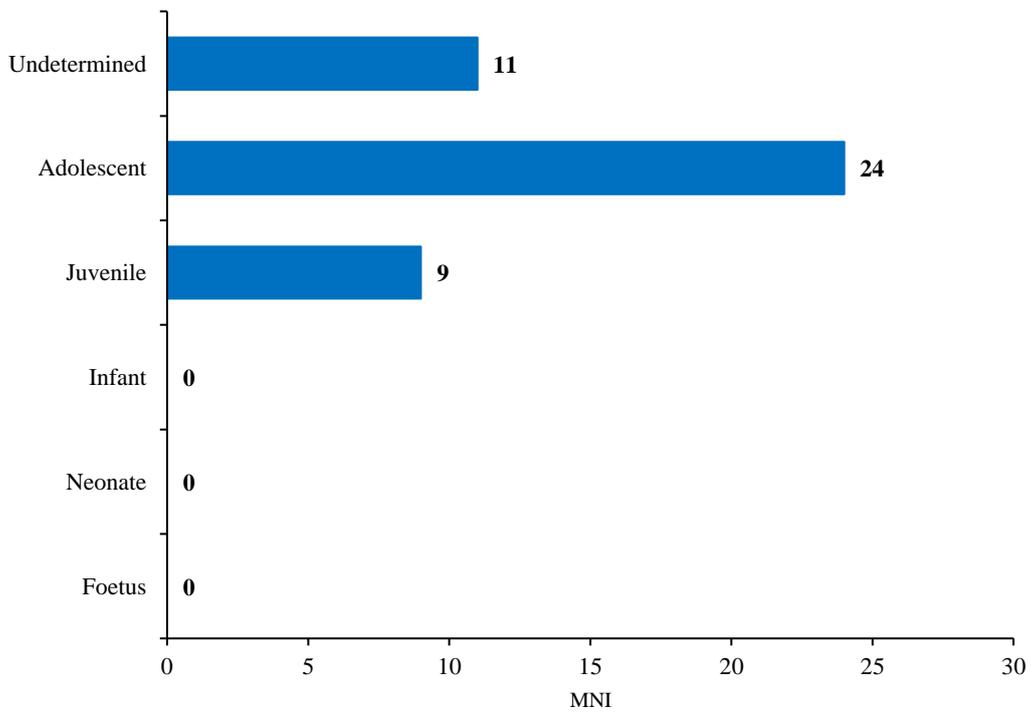

Biological Sex Representation from the East England Region (No Undetermined) (N=74)

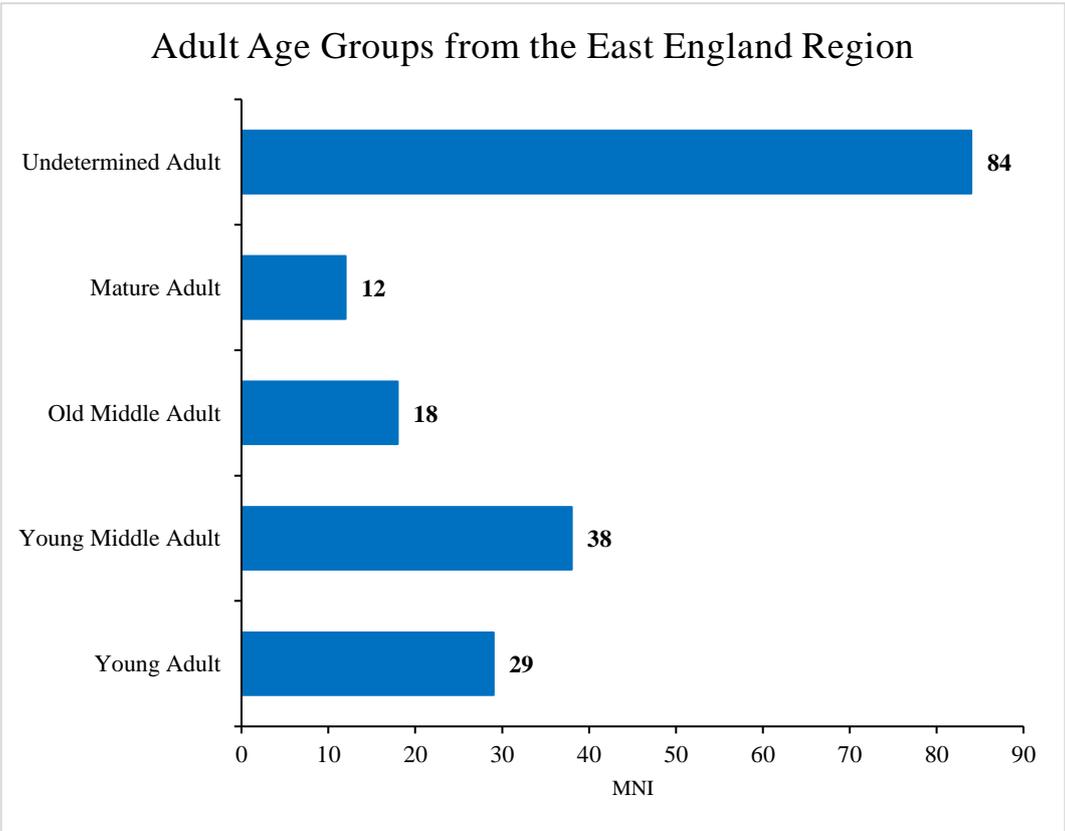

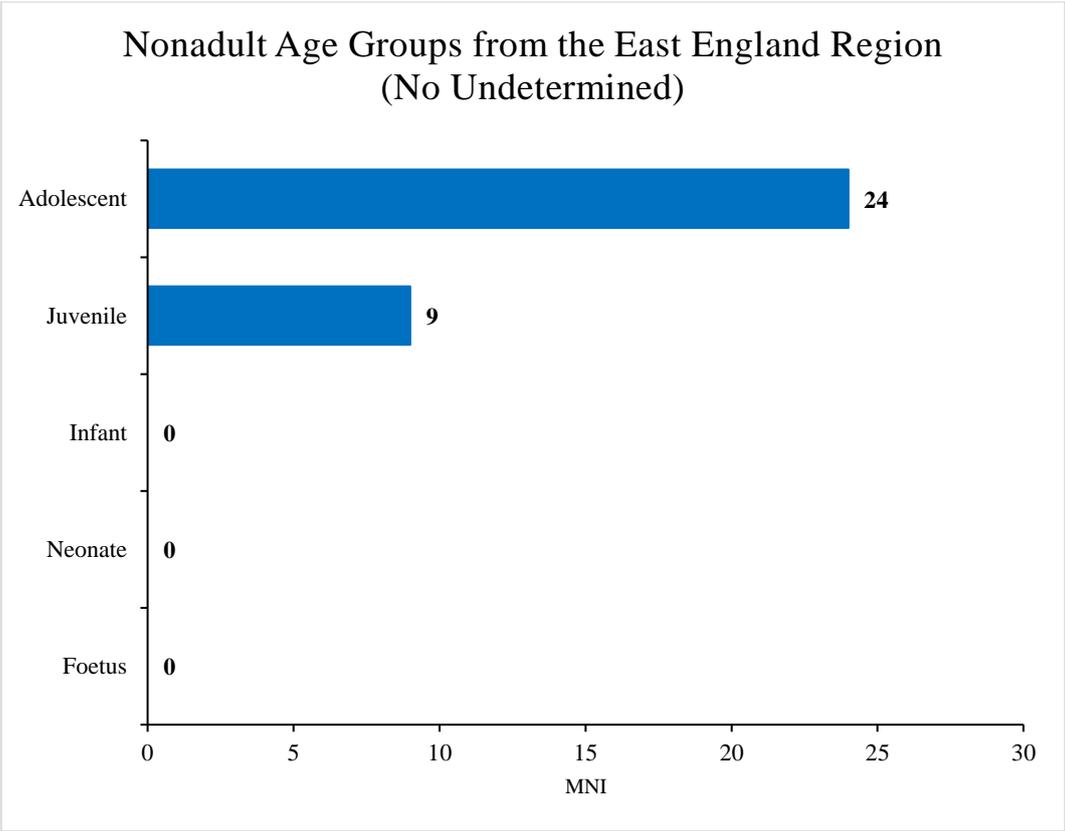

Adult vs Nonadult Representation from the East England Region (N=225)

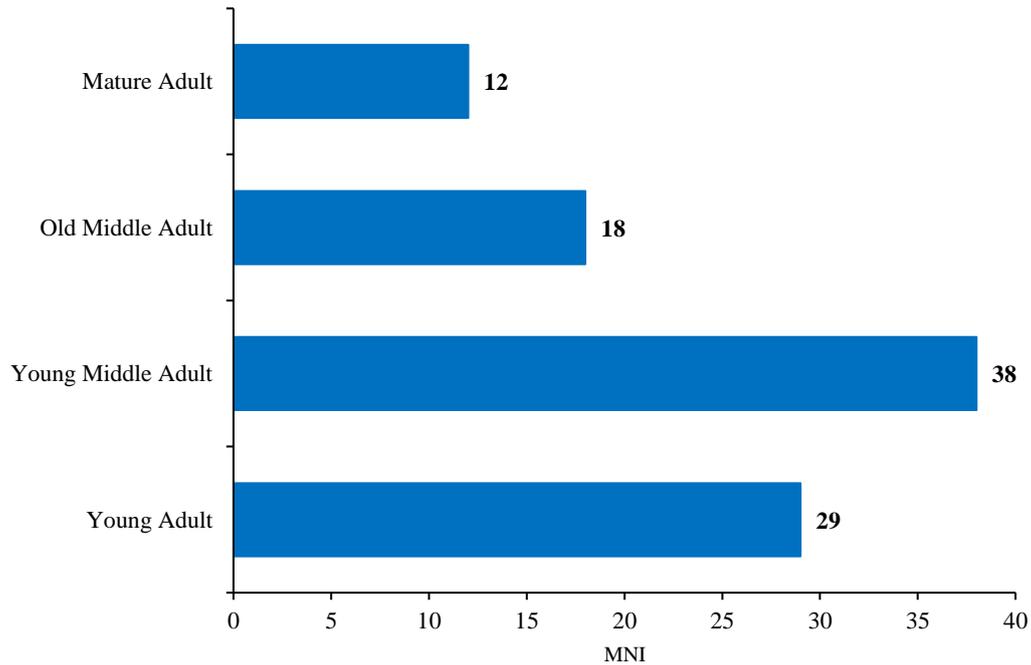

Nonadult Age Groups from the East England Region

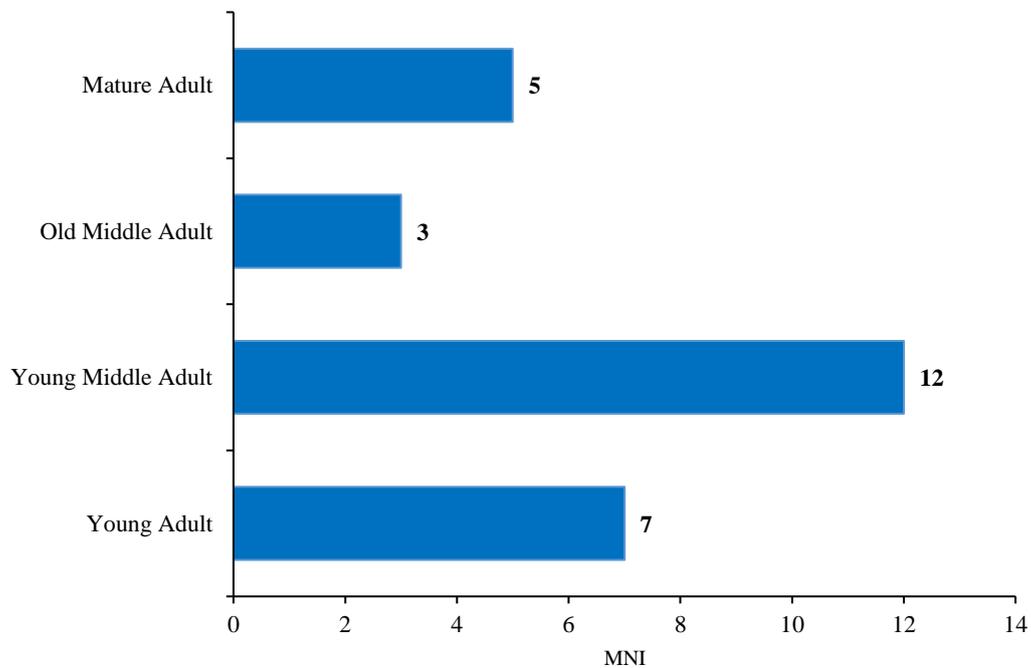

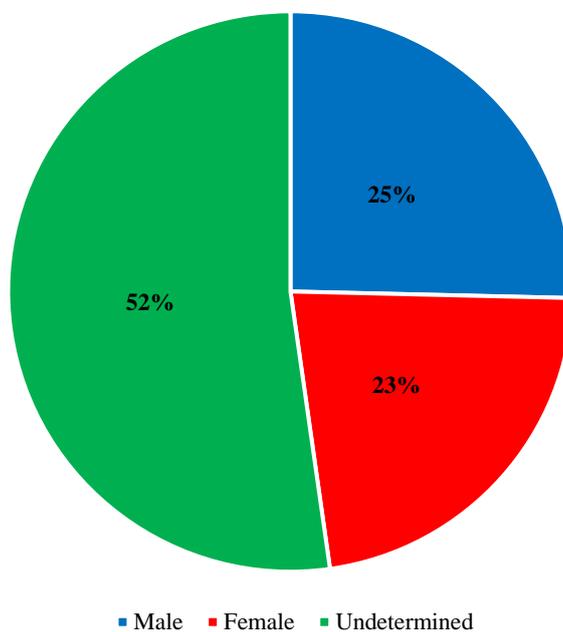

### Adult Age Groups from the East England Region (No Undetermined)

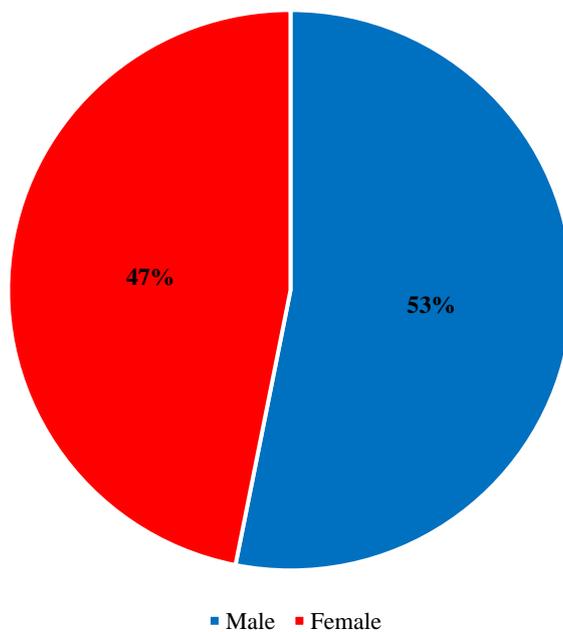

### Adult Age Groups from the East England Region Without Banbury Lane 1 (No Undetermined)

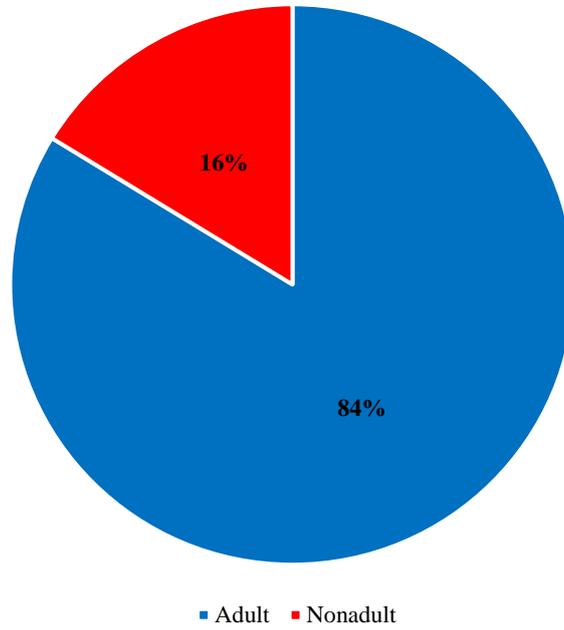

Biological Sex Representation from the East  
England Region Without Banbury Lane 1  
(N=67)

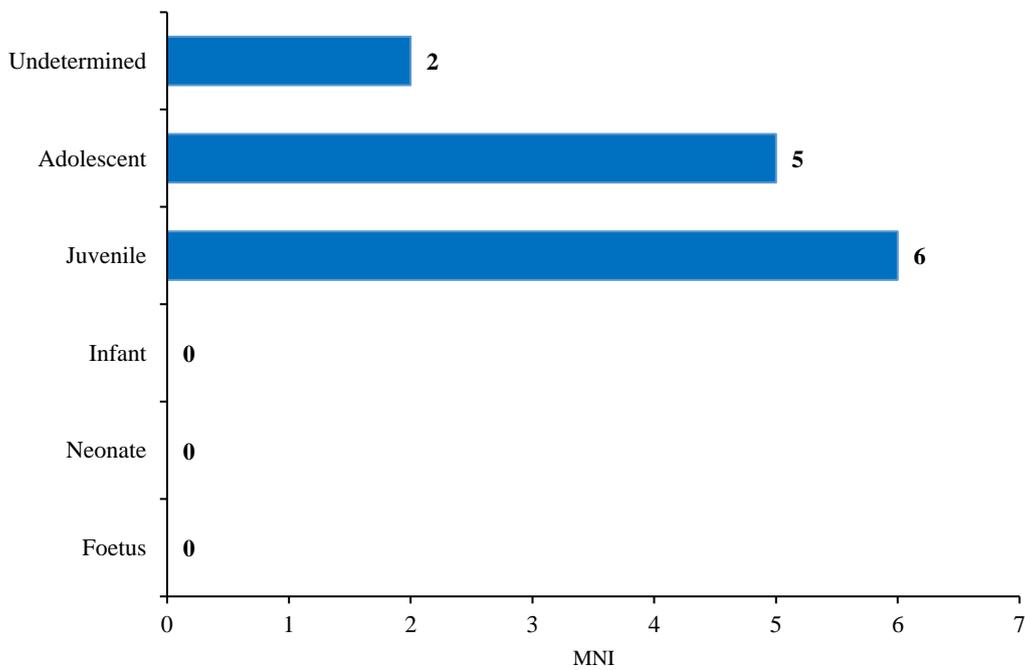

Biological Sex Representation from the East  
England Region Without Banbury Lane 1 (No  
Undetermined) (N=32)

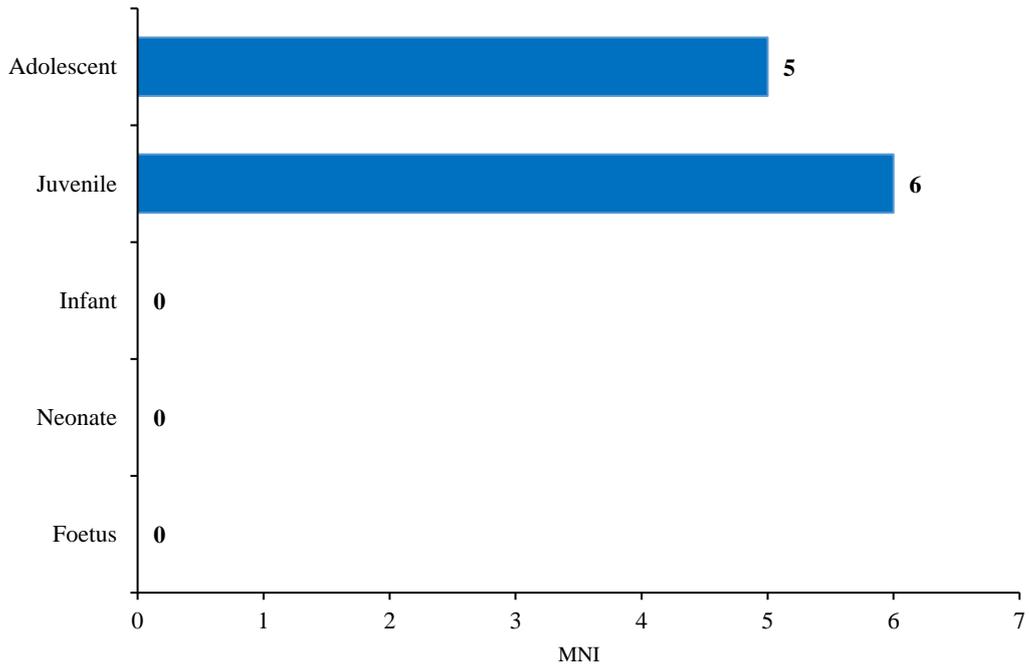

Adult vs Nonadult Representation from the East England Region Without Banbury Lane 1 (N=80)

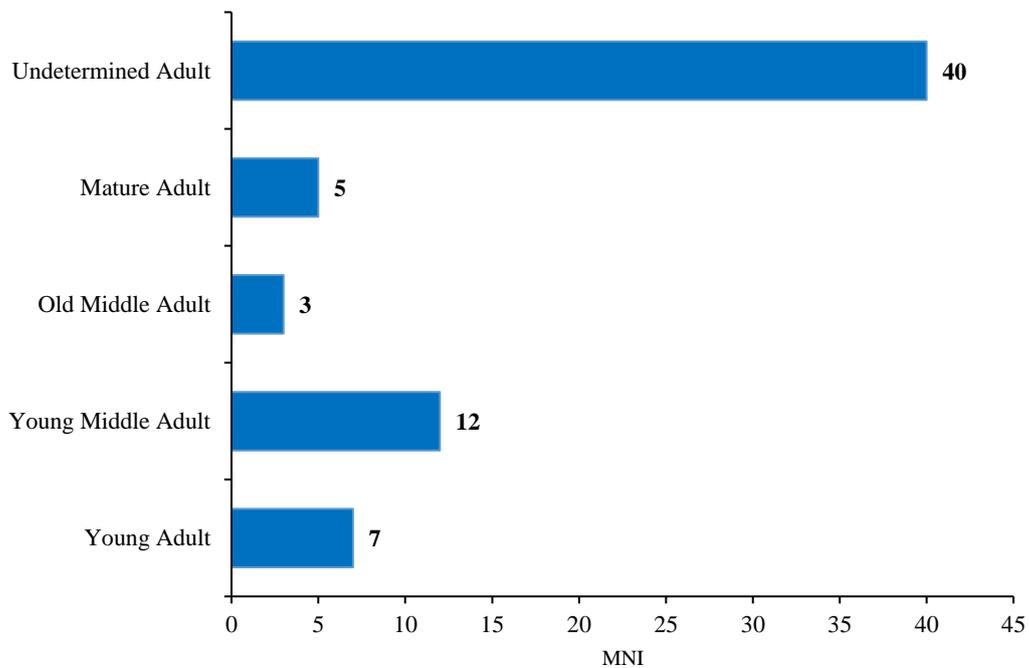

Nonadult Age Groups from the East England Region Without Banbury Lane 1

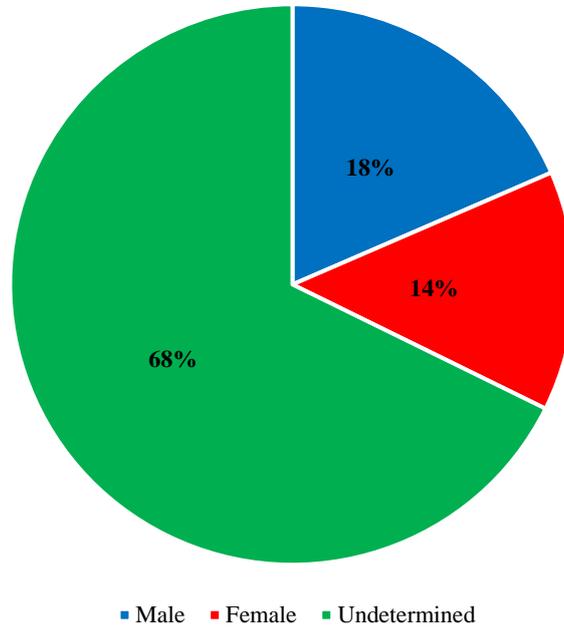

### Nonadult Age Groups from the East England Region Without Banbury Lane 1 (No Undetermined)

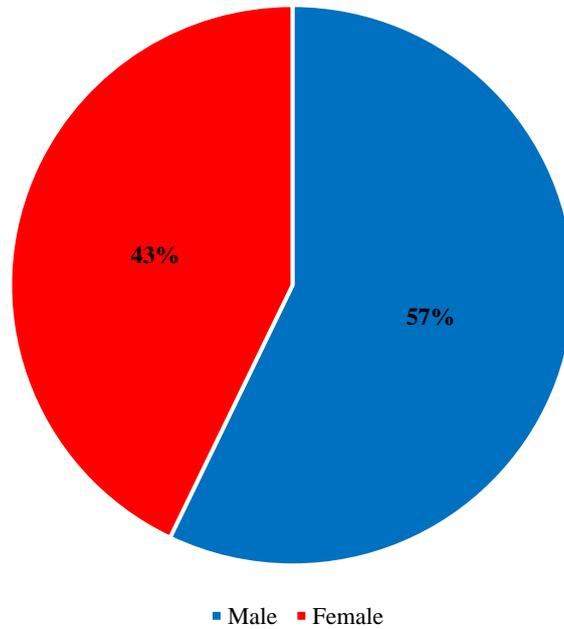

### Adult Age Groups from the East England Region Without Banbury Lane 1

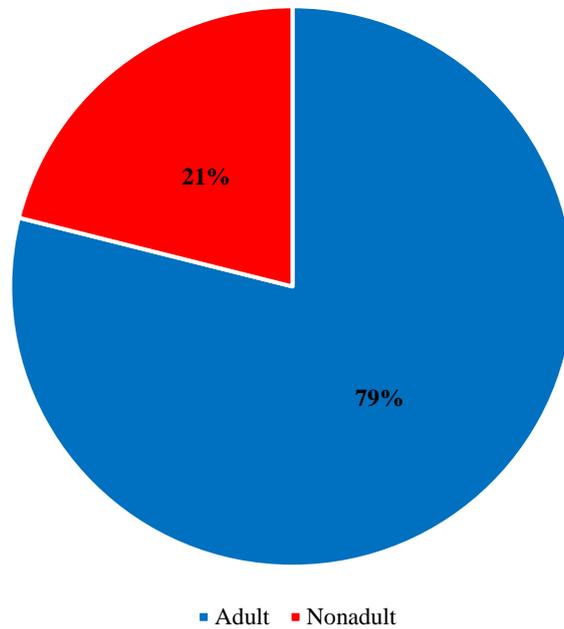

Biological Sex Representation from the East  
Yorkshire-South East Northumbria Region  
(N=195)

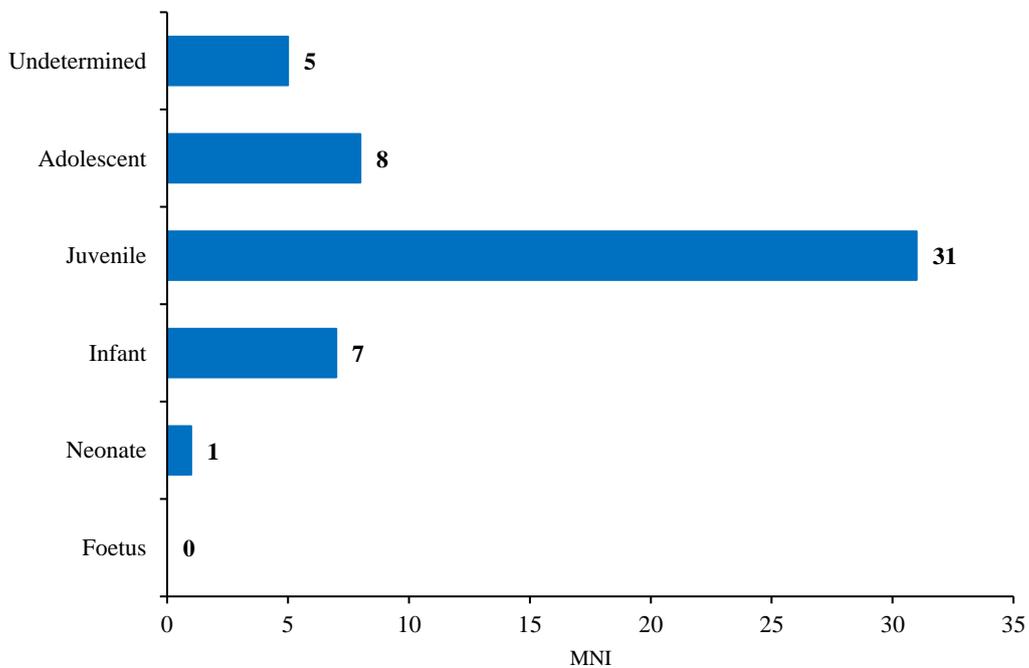

Biological Sex Representation from the East  
Yorkshire-South East Northumbria Region (No  
Undetermined) (N=63)

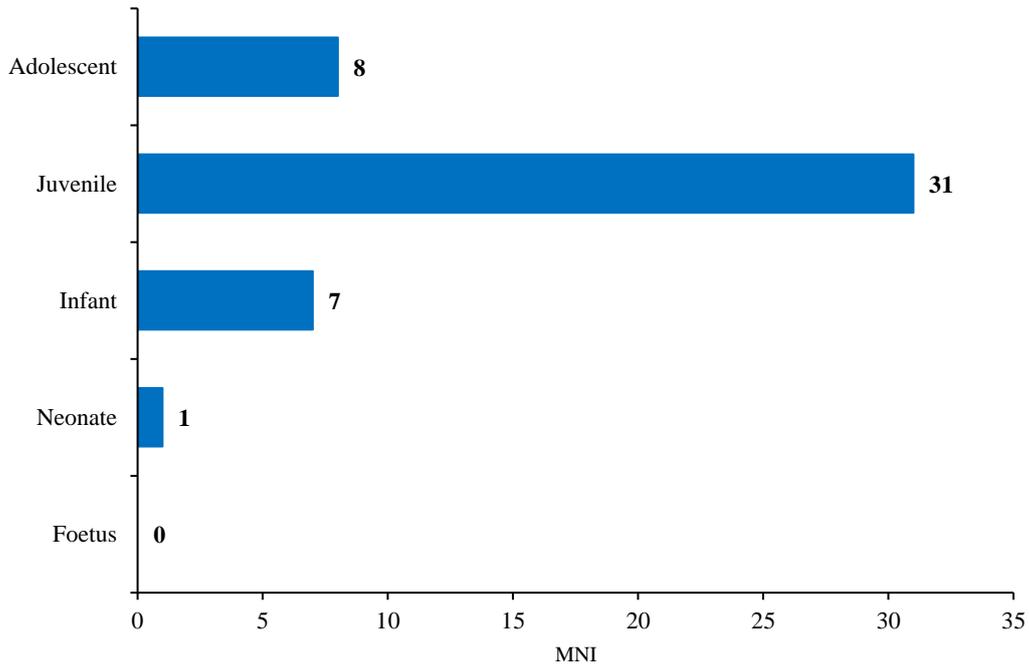

Adult vs Nonadult Representation from the East Yorkshire-South East Northumbria Region (N=247)

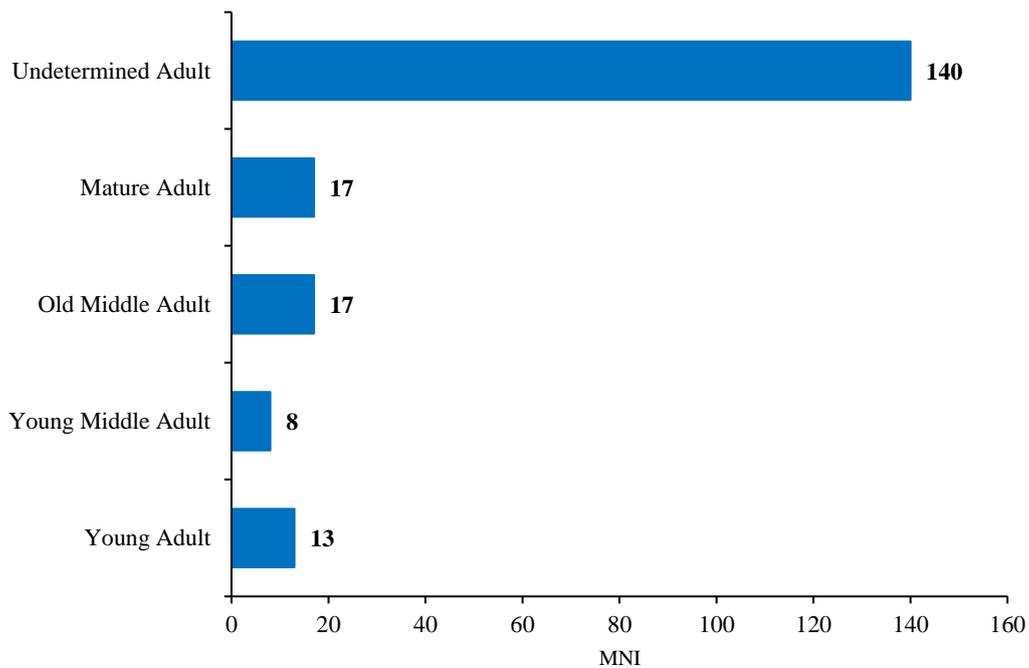

Nonadult Age Groups from the East Yorkshire-South East Northumbria Region

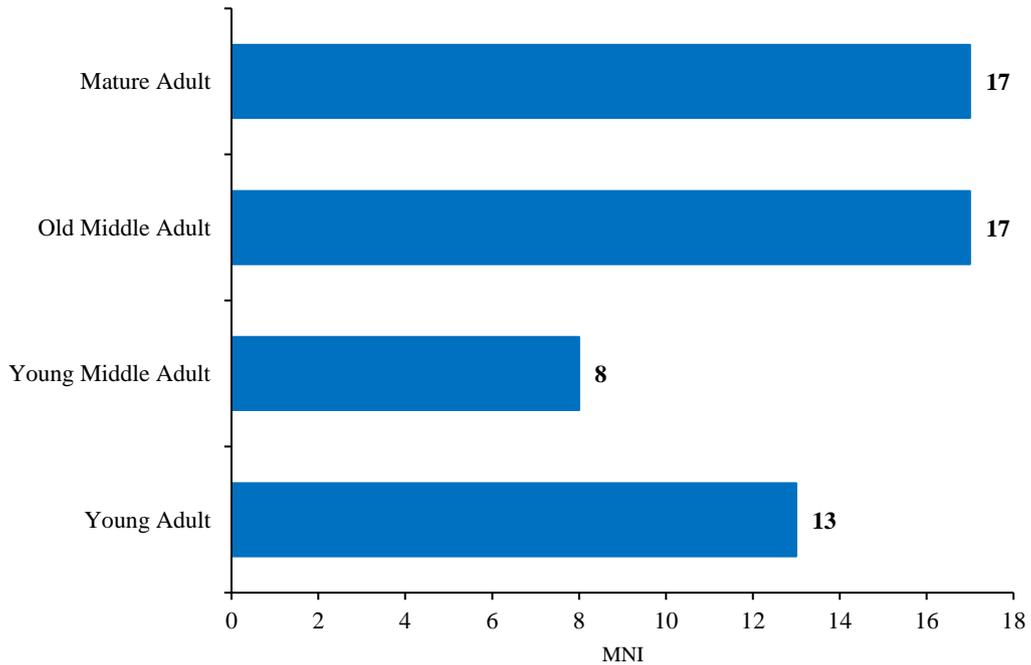

### Nonadult Age Groups from the East Yorkshire-South East Northumbria Region (No Undetermined)

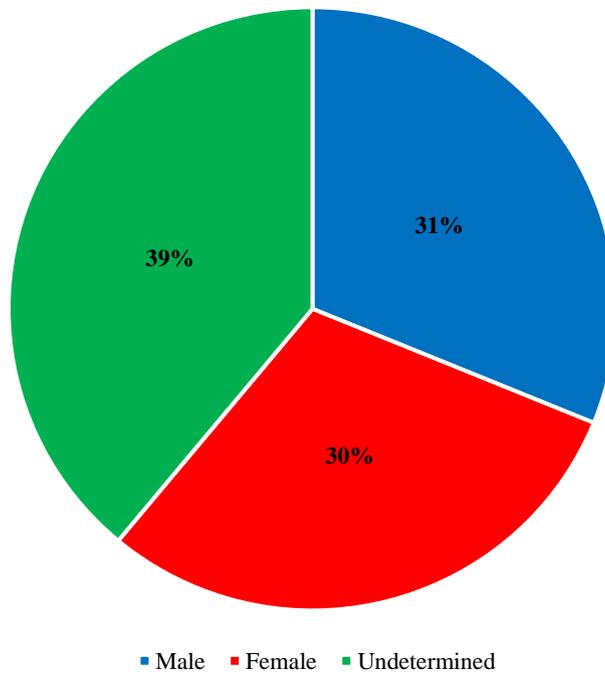

### Adult Age Groups from the East Yorkshire-South East Northumbria Region

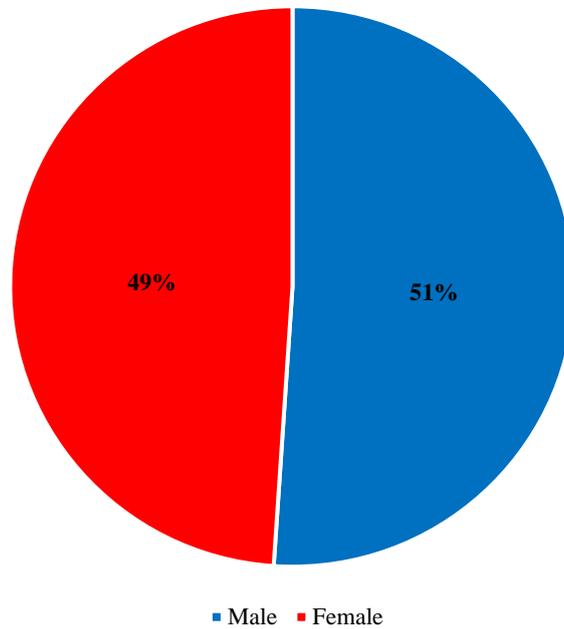

### Adult Age Groups from the East Yorkshire-South East Northumbria Region (No Undetermined)

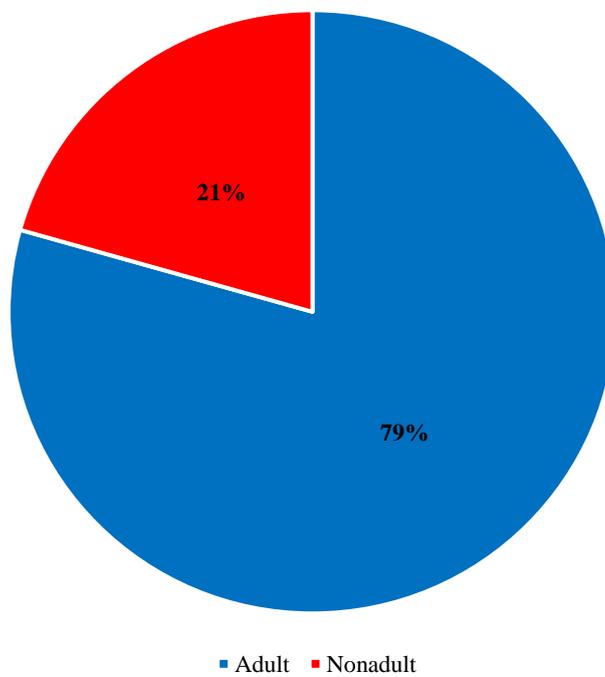

### Biological Sex Representation from the Essex-Kent-Sussex Region (N=77)

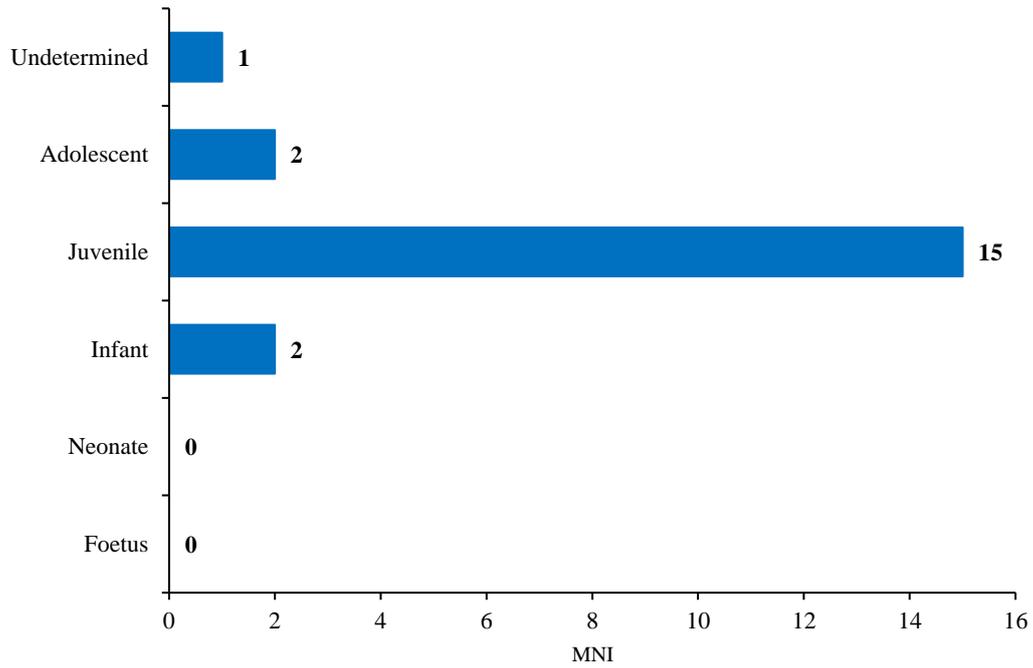

Biological Sex Representation from the Essex-Kent-Sussex Region (No Undetermined)  
(N=47)

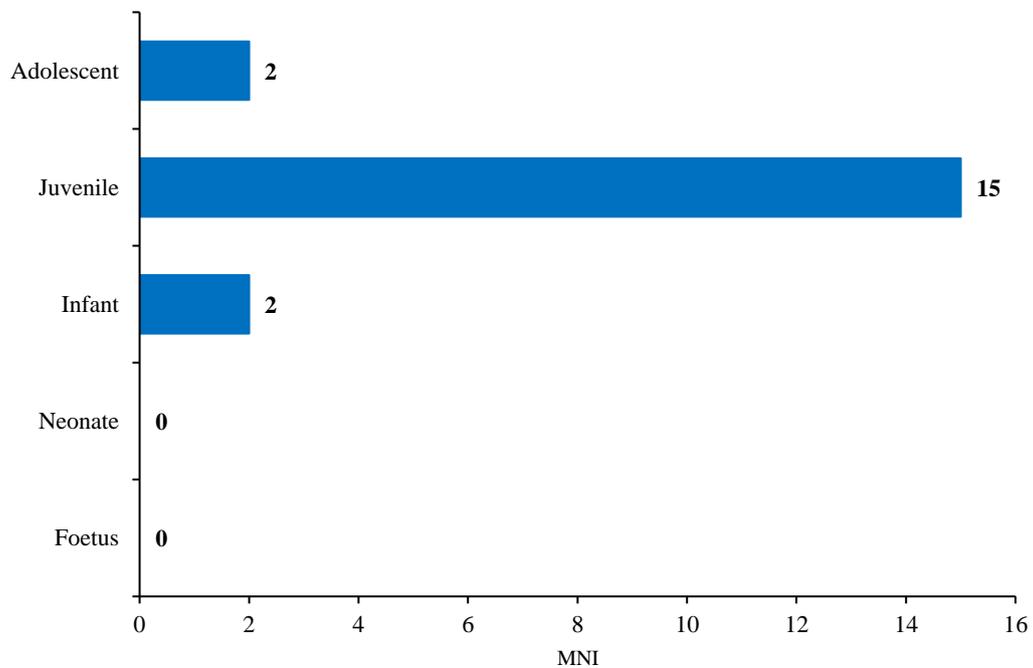

Adult vs Nonadult Representation from the Essex-Kent-Sussex Region (N=97)

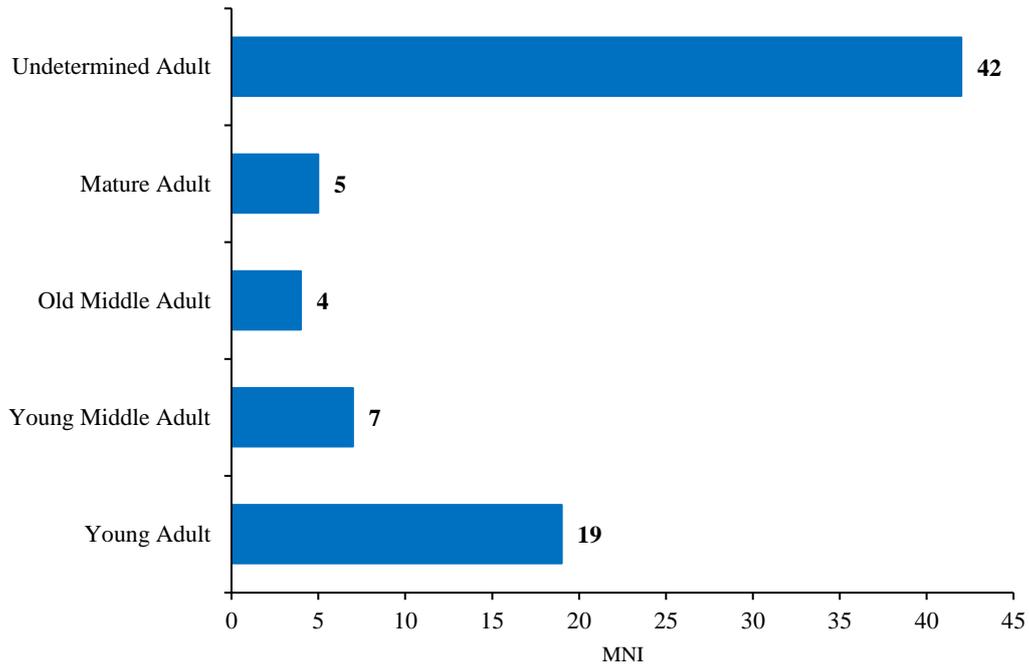

### Nonadult Age Groups from the Essex-Kent-Sussex Region

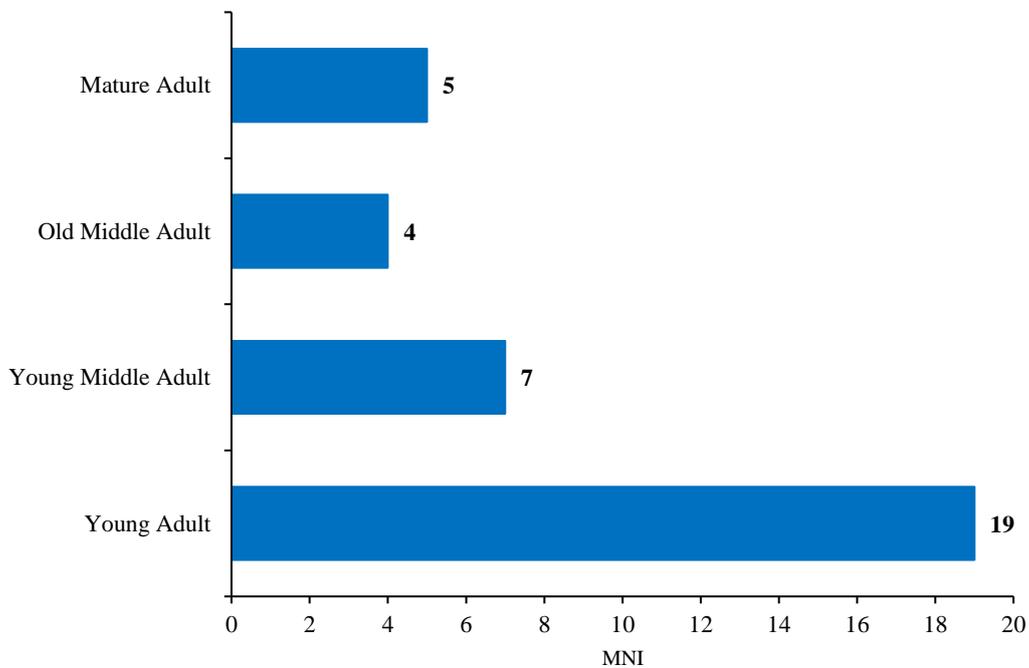

### Nonadult Age Groups from the Essex-Kent-Sussex Region (No Undetermined)

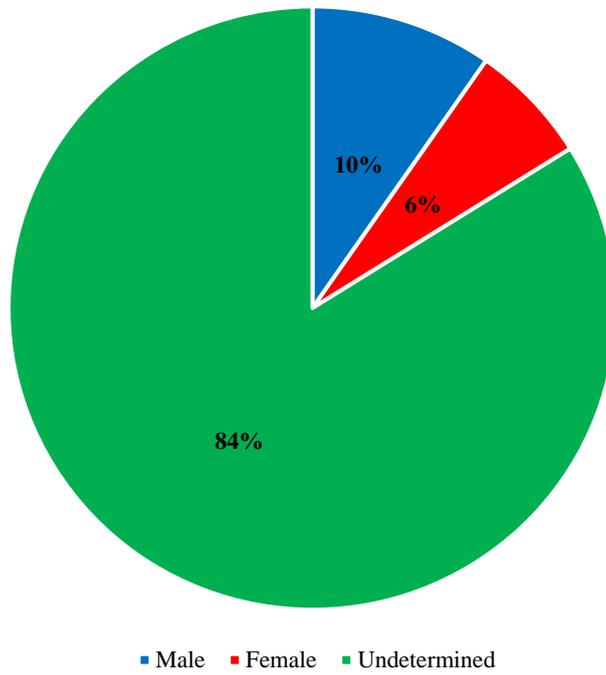

### Adult Age Groups from the Essex-Kent-Sussex Region

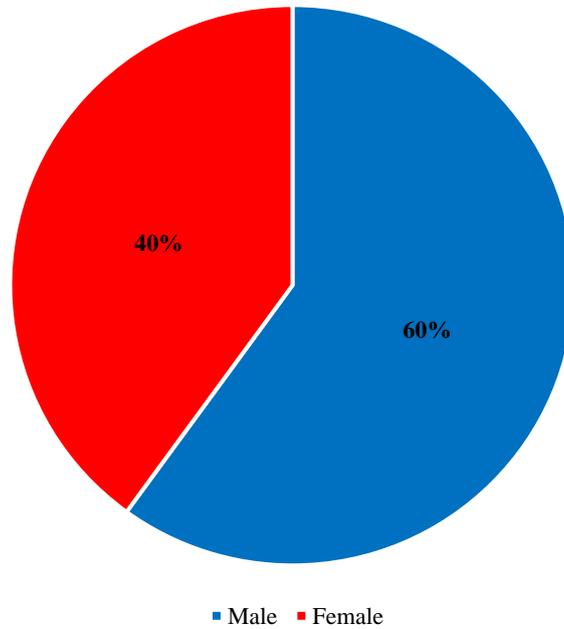

### Adult Age Groups from the Essex-Kent-Sussex Region (No Undetermined)

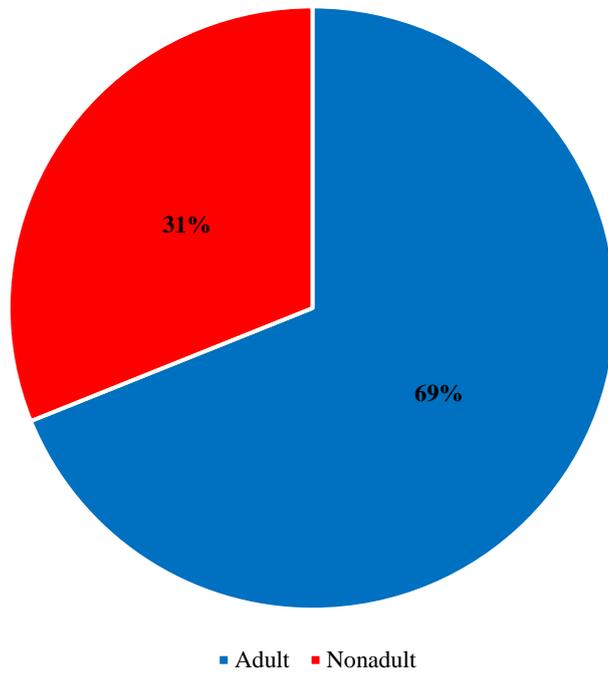

Biological Sex Representation from the Glamorgan-Monmouth Region (N=31)

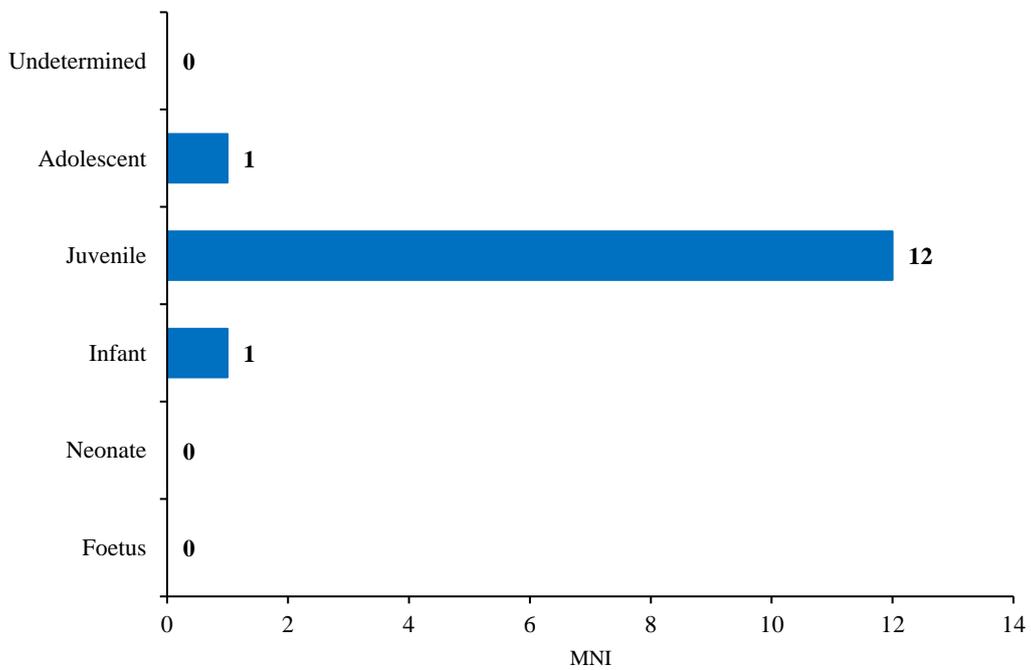

Biological Sex Representation from the Glamorgan-Monmouth Region (No Undetermined) (N=5)

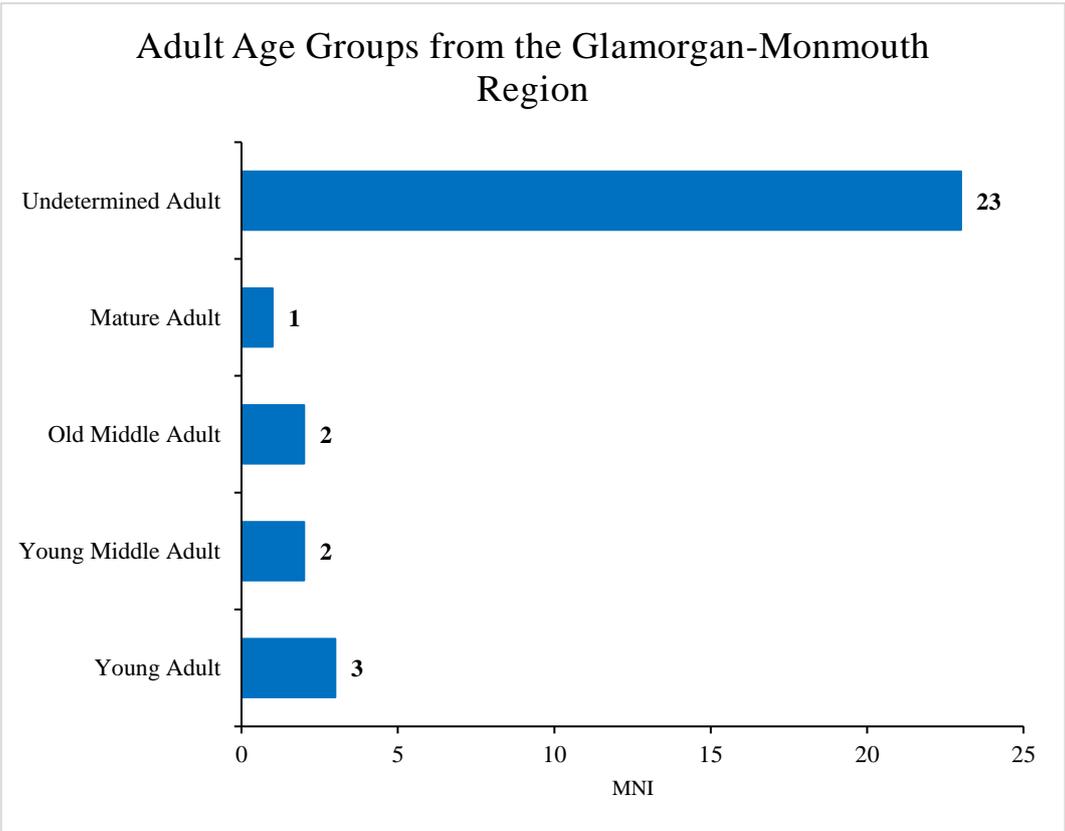

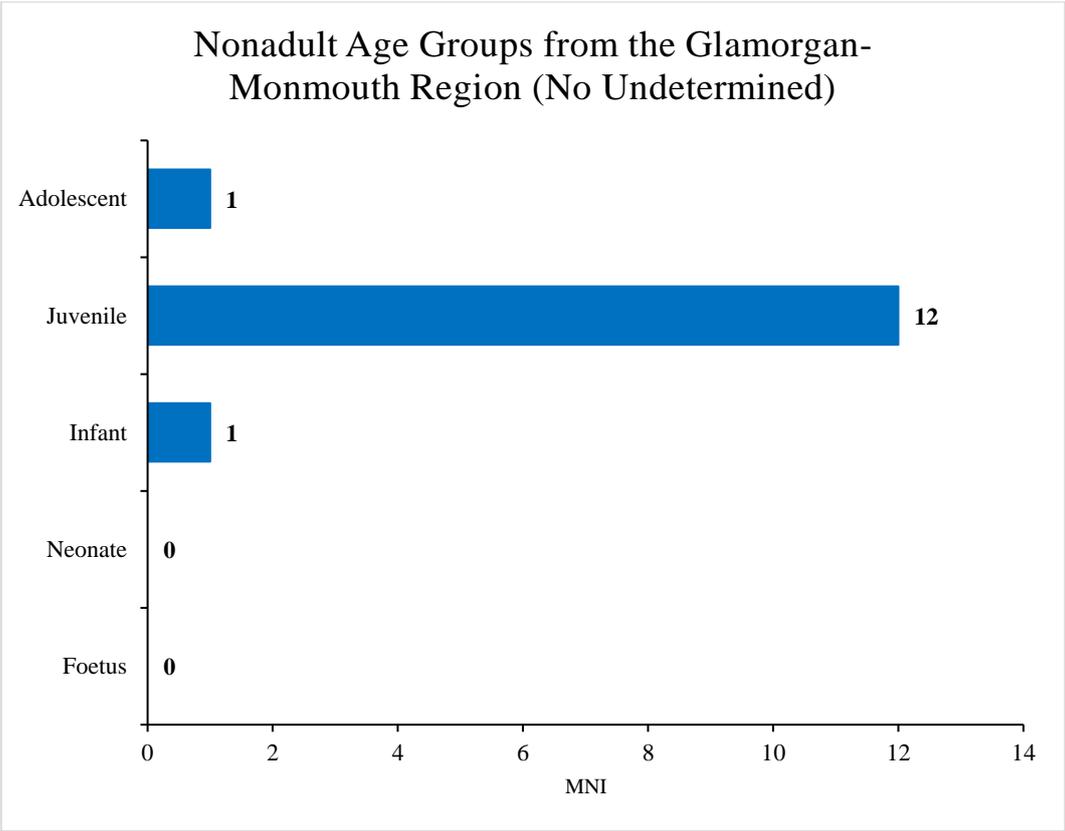

Adult vs Nonadult Representation from the Glamorgan-Monmouth Region (N=45)

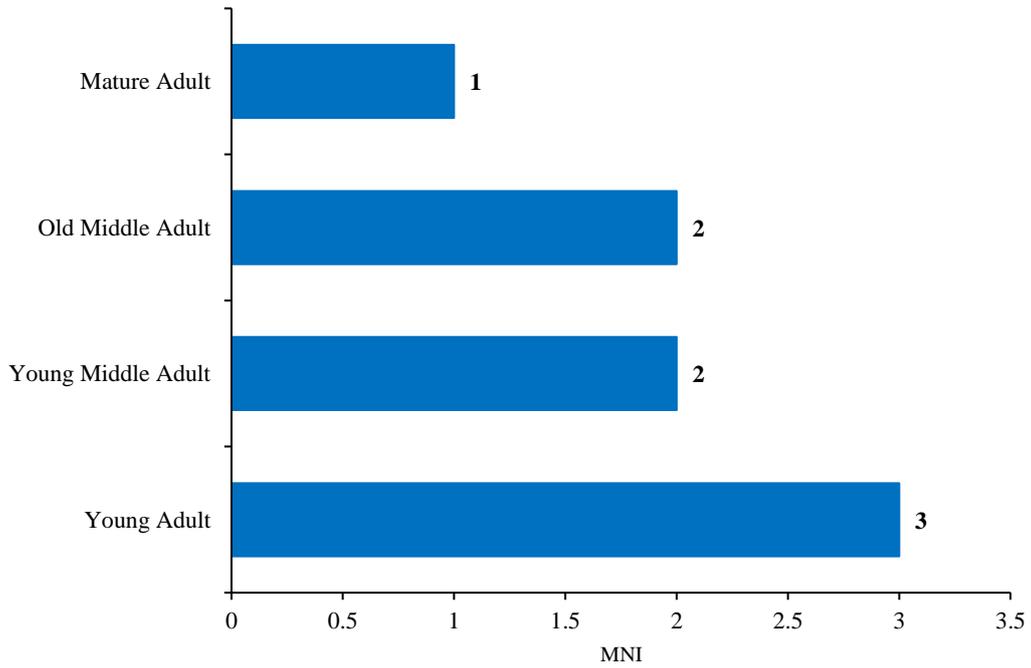

Nonadult Age Groups from the Glamorgan-Monmouth Region

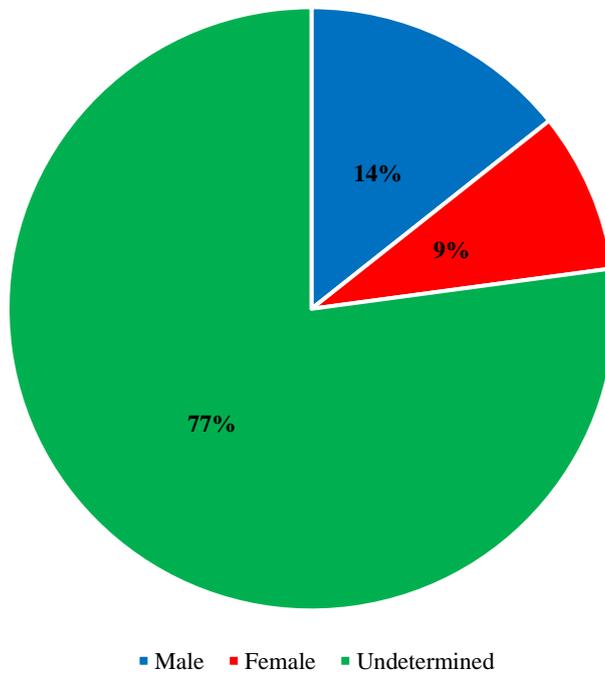

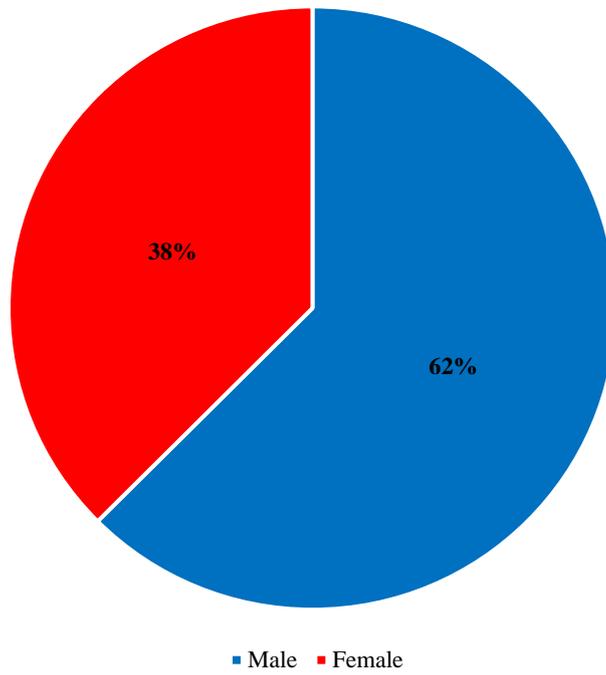

### Adult Age Groups from the Glamorgan-Monmouth Region (No Undetermined)

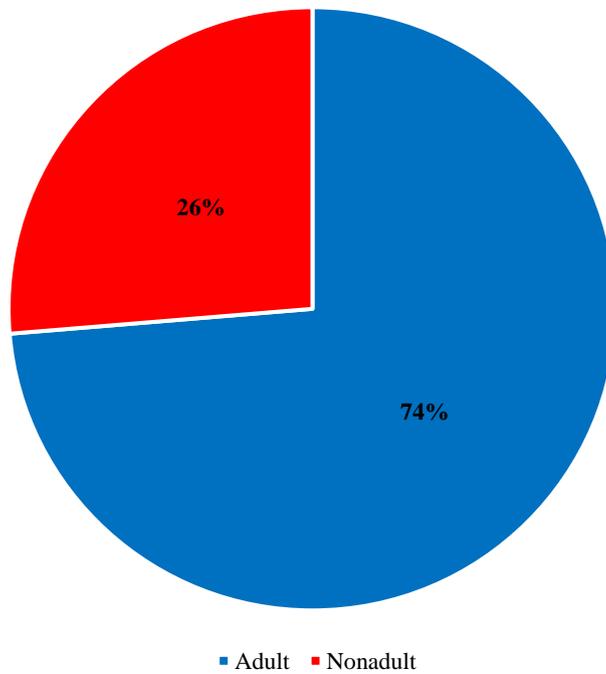

### Biological Sex Representation from the Highlands Region (N=70)

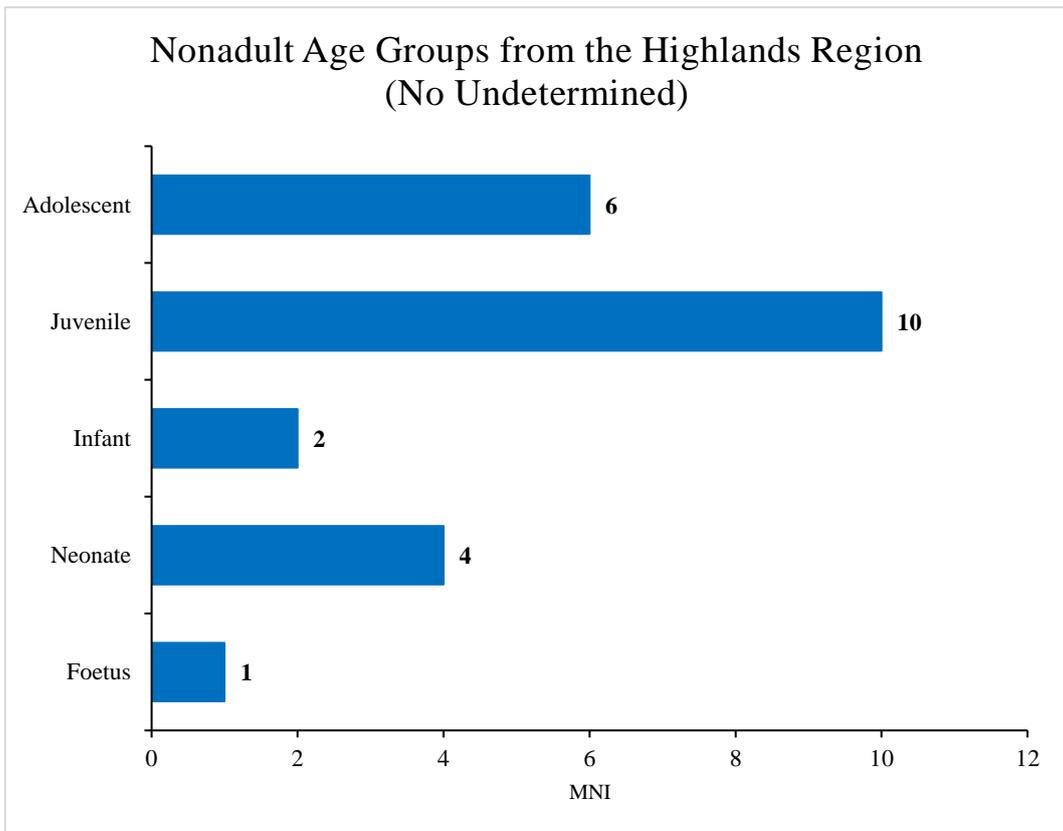

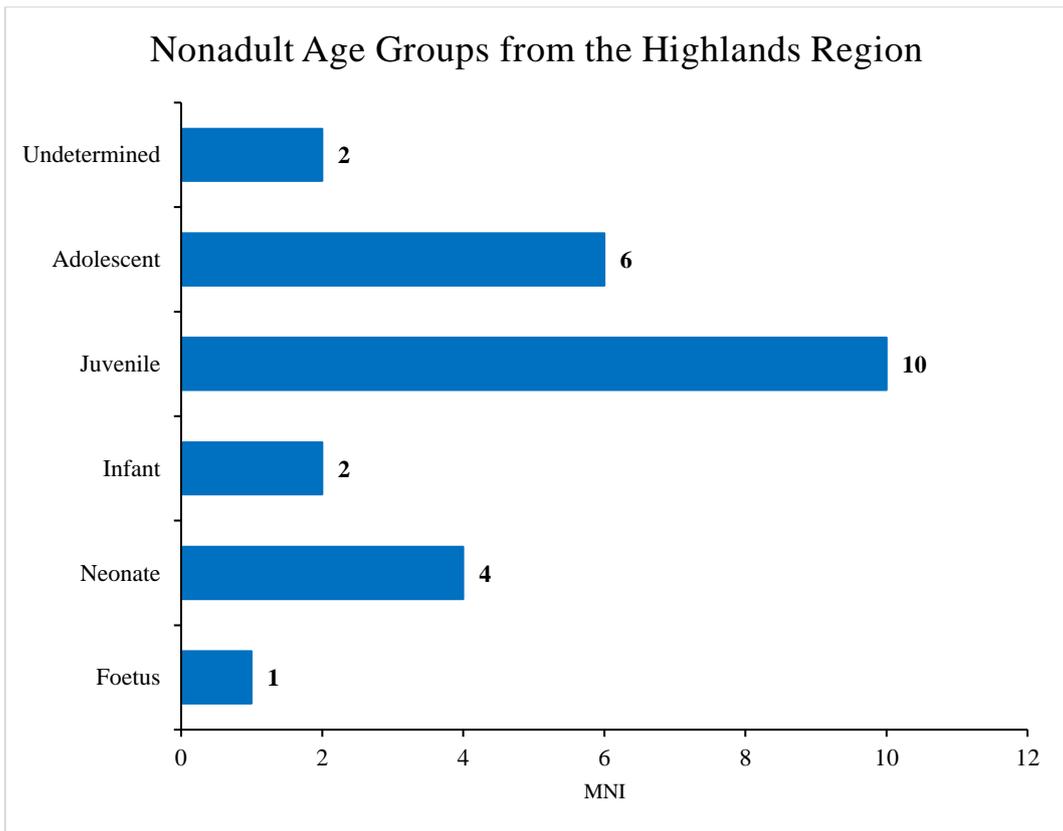

Biological Sex Representation from the Highlands Region (No Undetermined) (N=16)

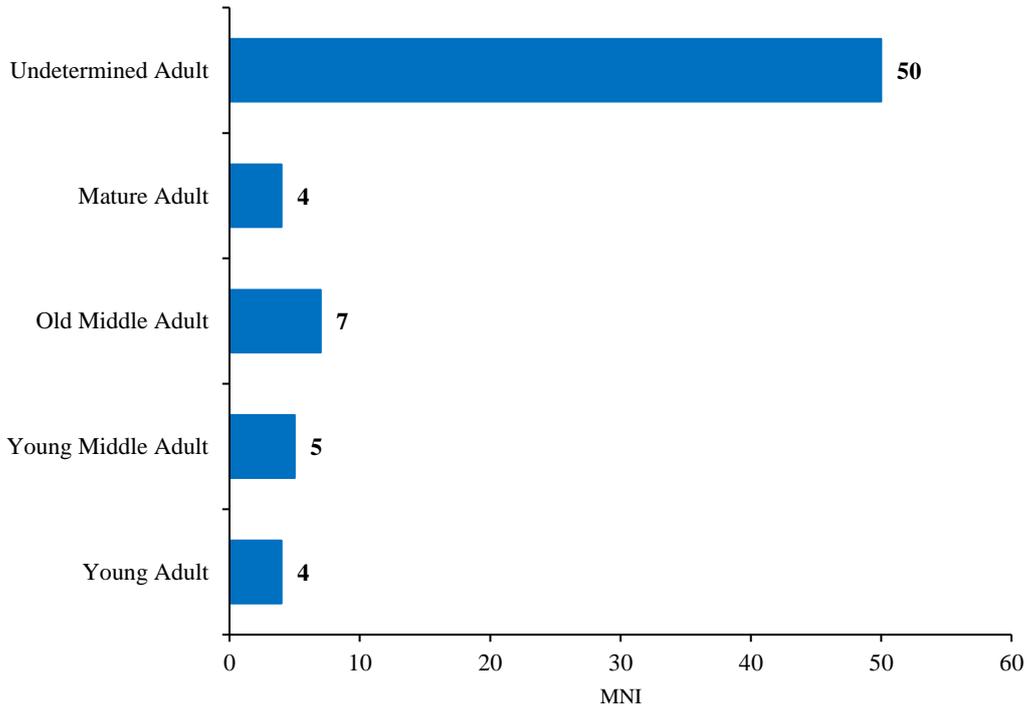

Adult vs Nonadult Representation from the Highlands Region (N=95)

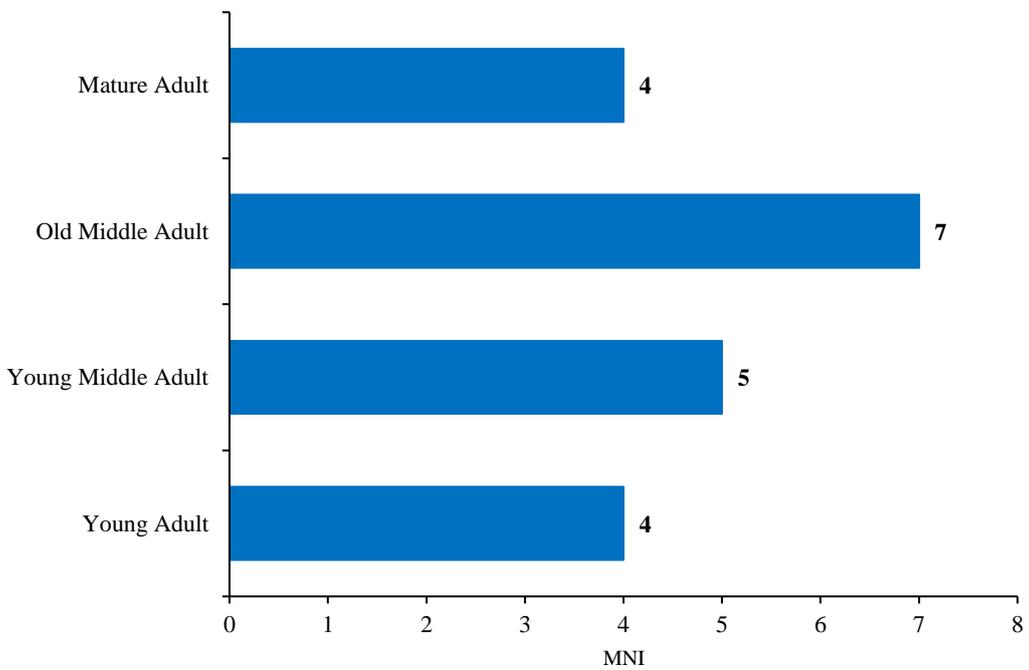

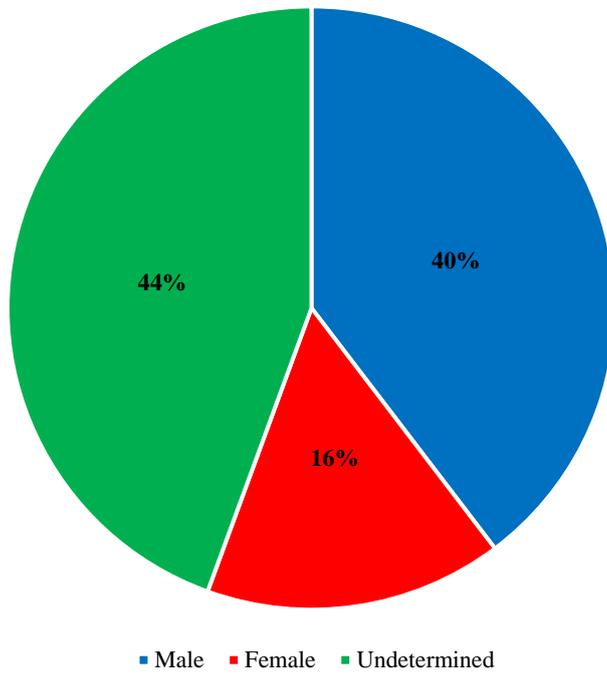

### Adult Age Groups from the Highlands Region

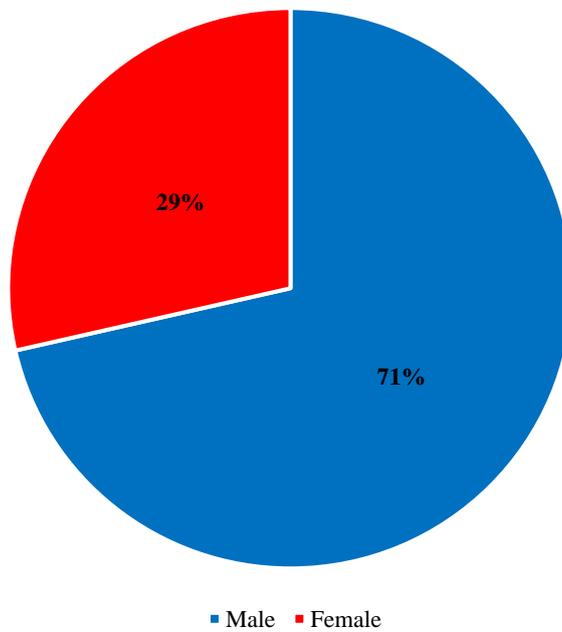

### Adult Age Groups from the Highlands Region (No Undetermined)

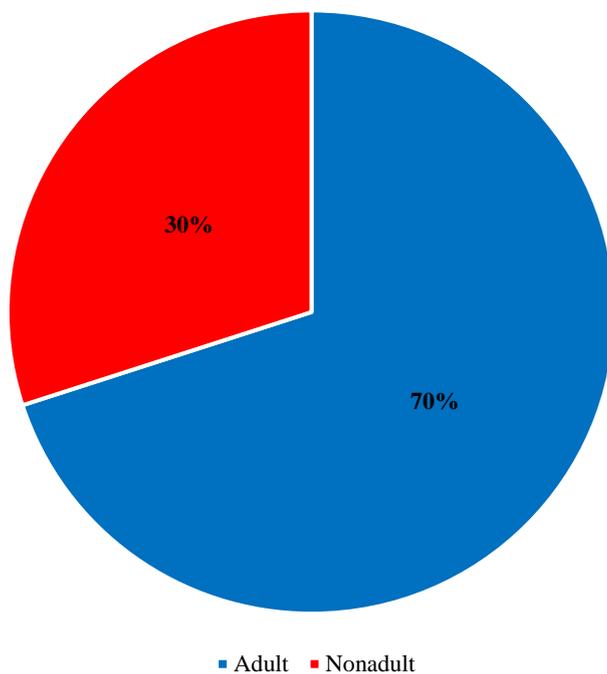

Biological Sex Representation from the Lake District-Yorkshire Dales Region (N=63)

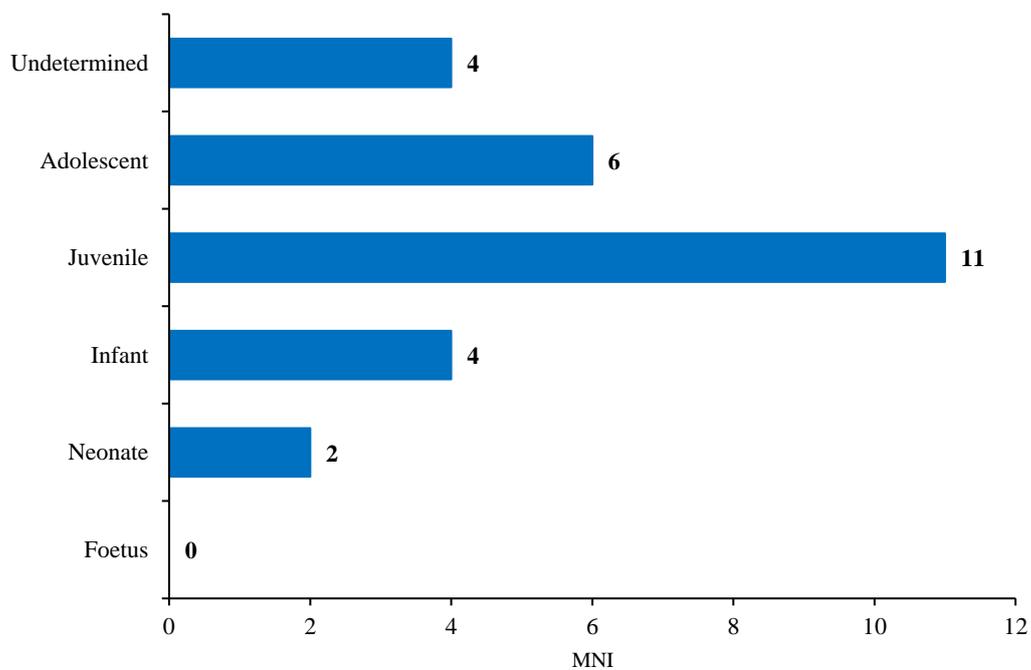

Biological Sex Representation from the Lake District-Yorkshire Dales Region (No Undetermined) (N=35)

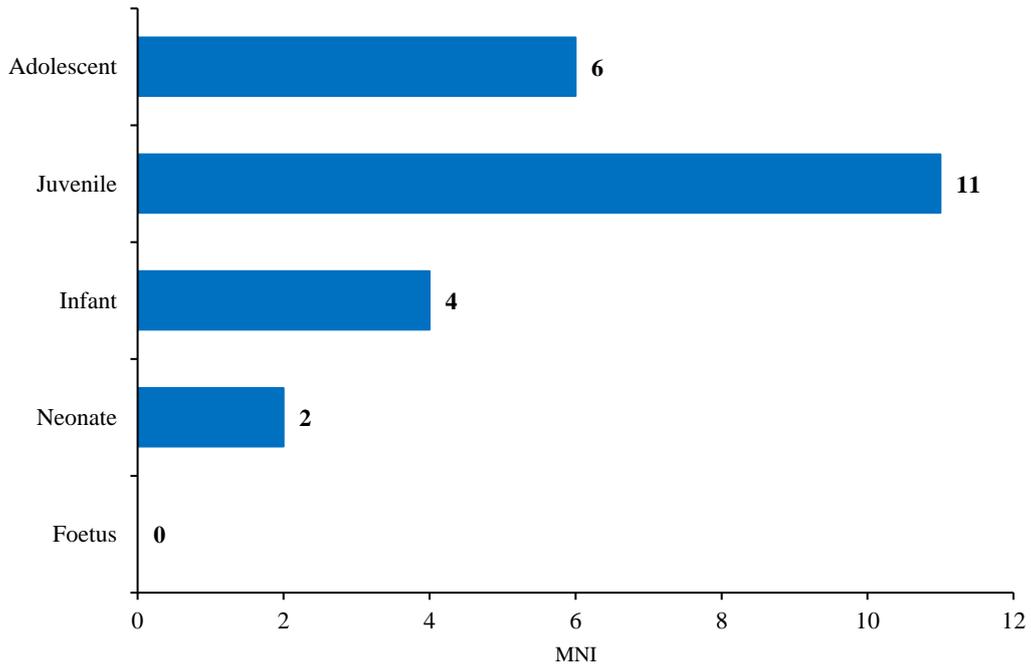

Adult vs Nonadult Representation from the Lake District-Yorkshire Dales Region (N=90)

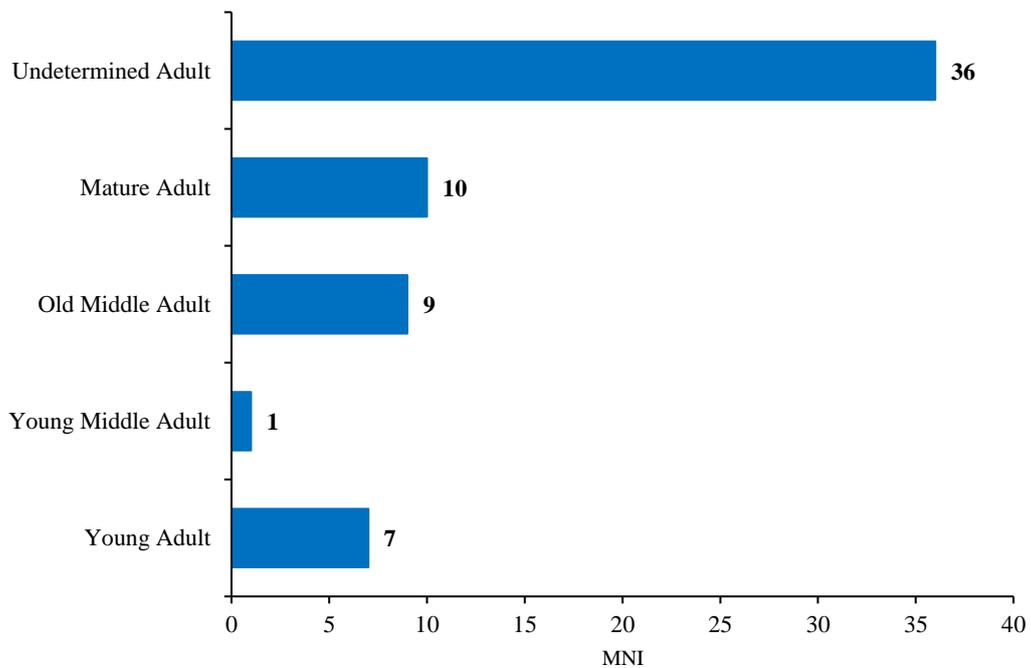

Nonadult Age Groups from the Lake District-Yorkshire Dales Region

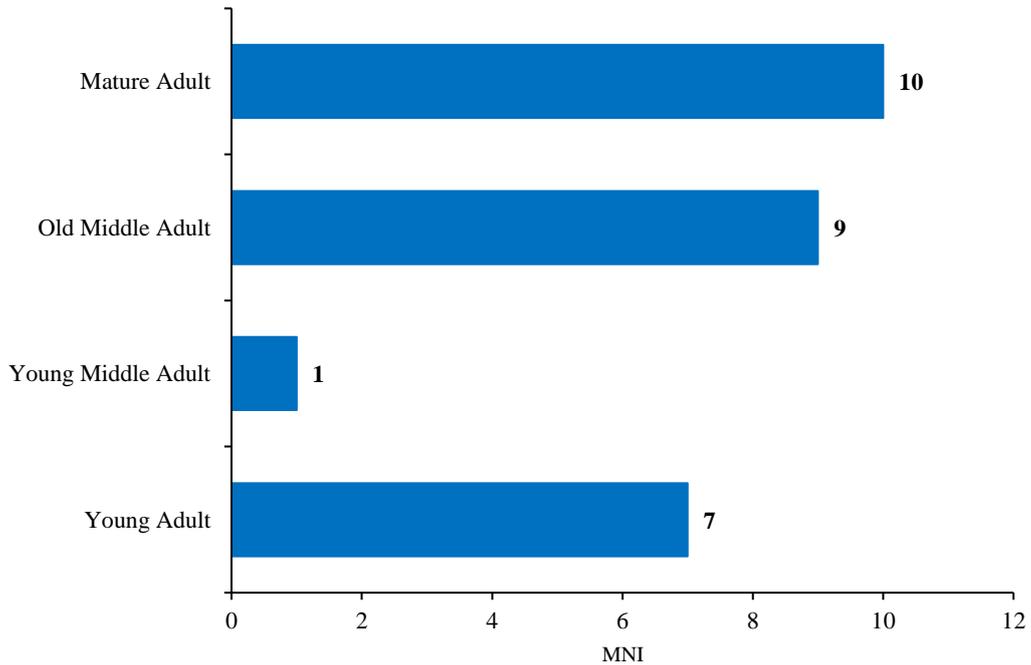

### Nonadult Age Groups from the Lake District-Yorkshire Dales Region (No Undetermined)

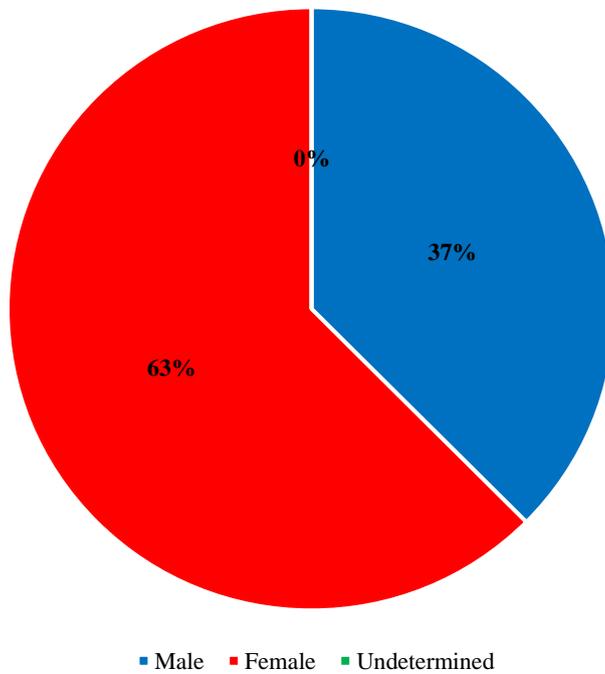

### Adult Age Groups from the Lake District-Yorkshire Dales Region

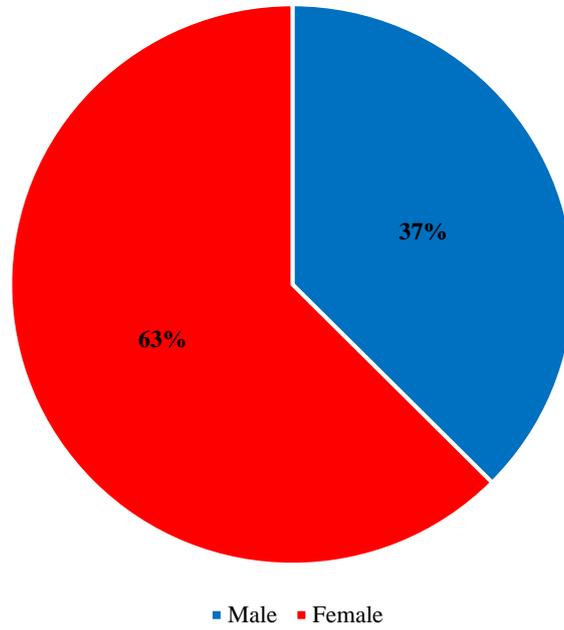

### Adult Age Groups from the Lake District-Yorkshire Dales Region (No Undetermined)

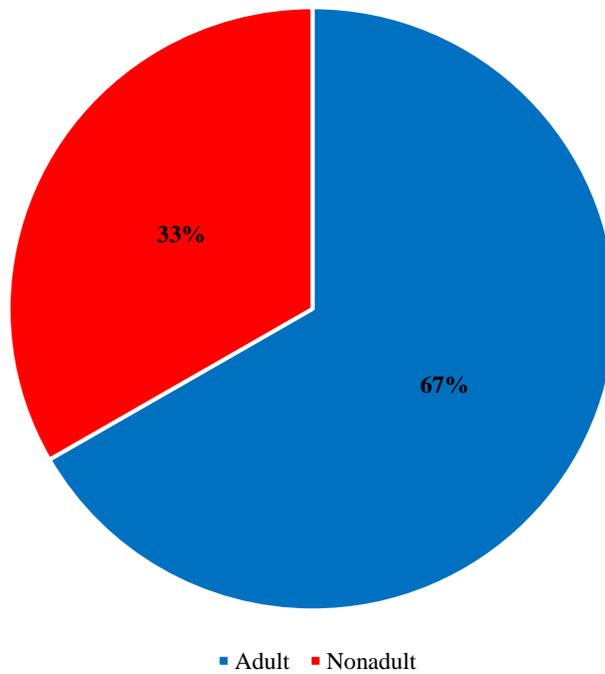

### Biological Sex Representation from the Lincolnshire Wolds Region (N=8)

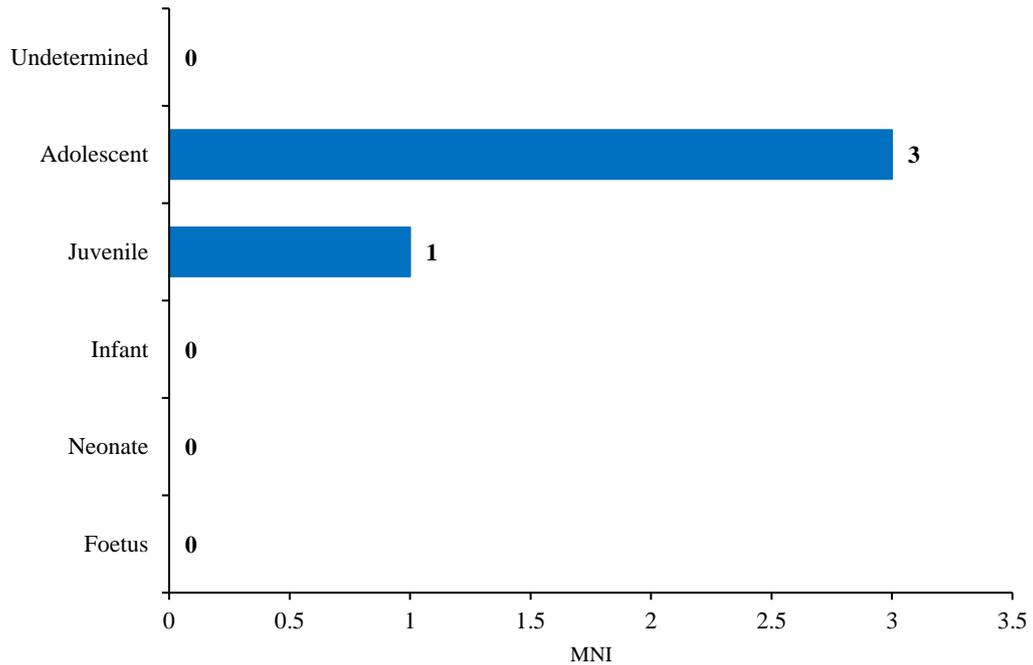

Biological Sex Representation from the Lincolnshire Wolds Region (No Undetermined) (N=8)

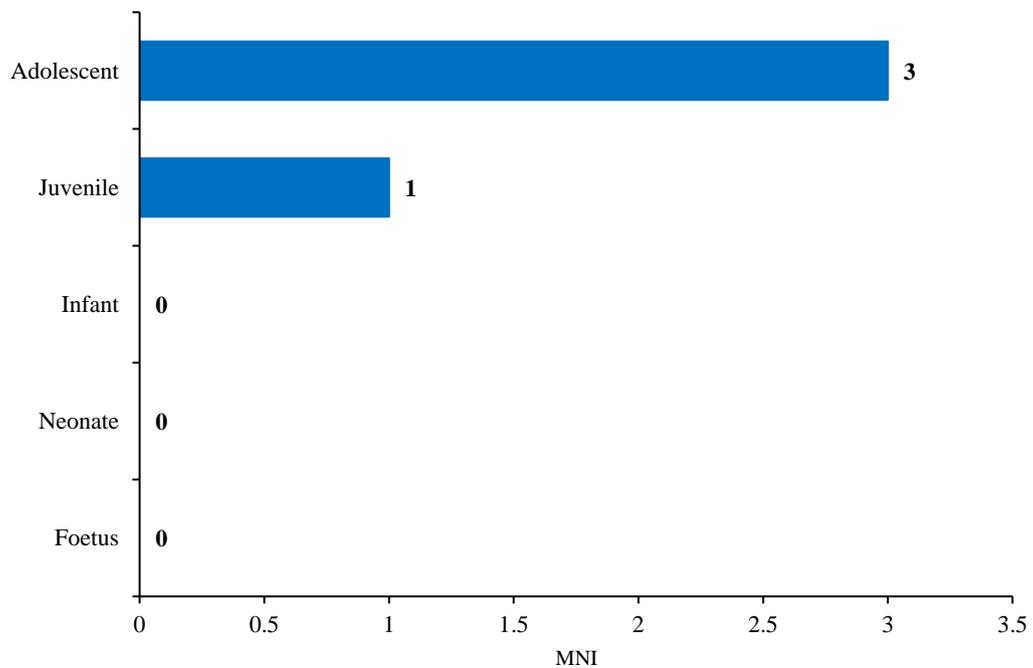

Adult vs Nonadult Representation from the Lincolnshire Wolds Region (N=12)

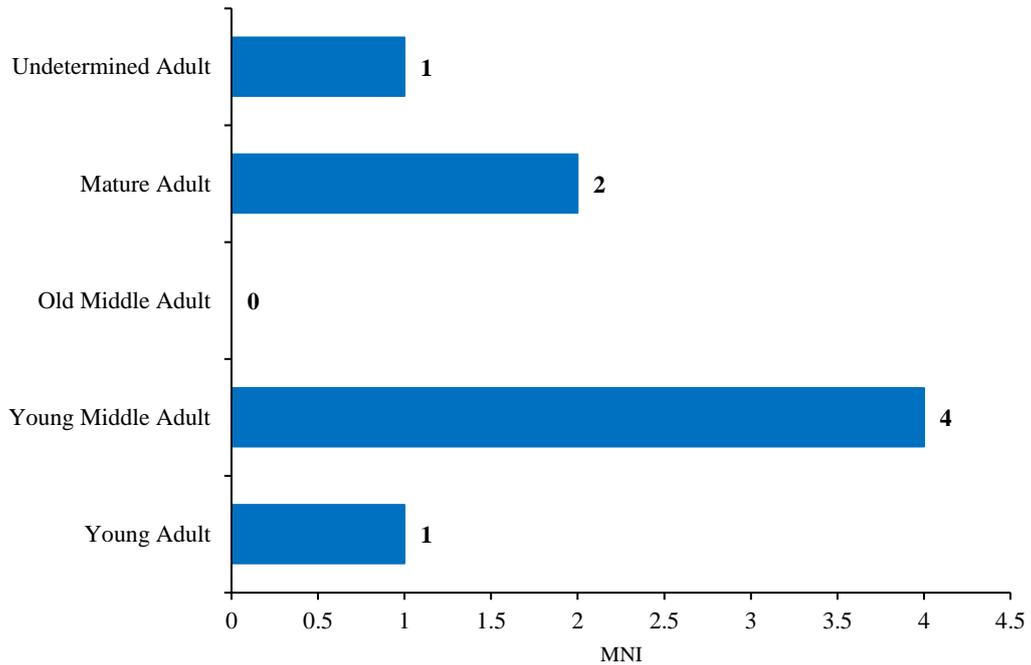

### Nonadult Age Groups from the Lincolnshire Wolds Region

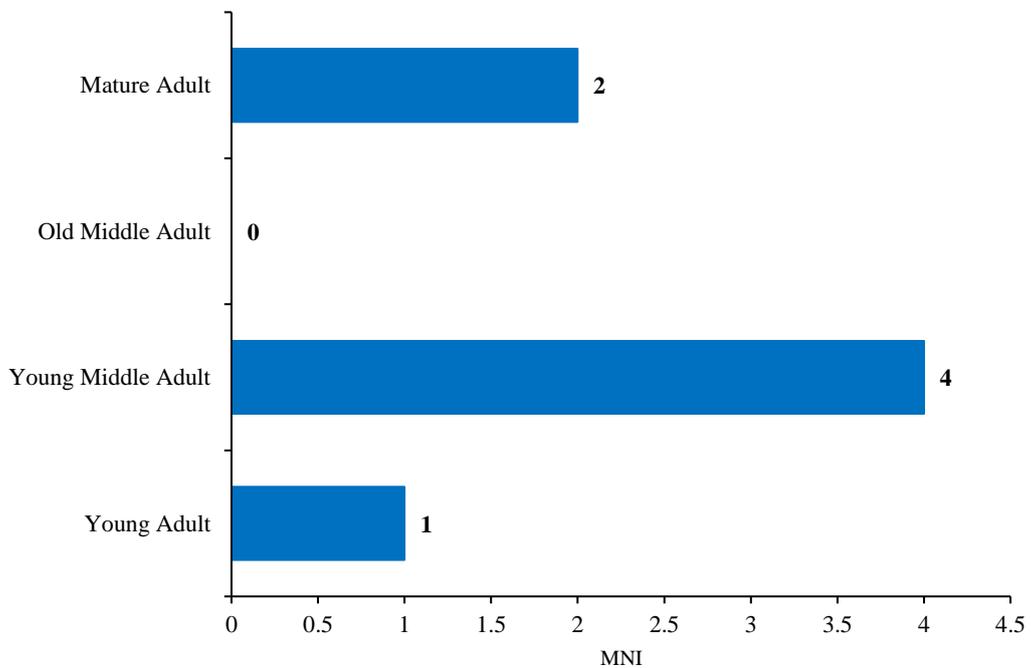

### Nonadult Age Groups from the Lincolnshire Wolds Region (No Undetermined)

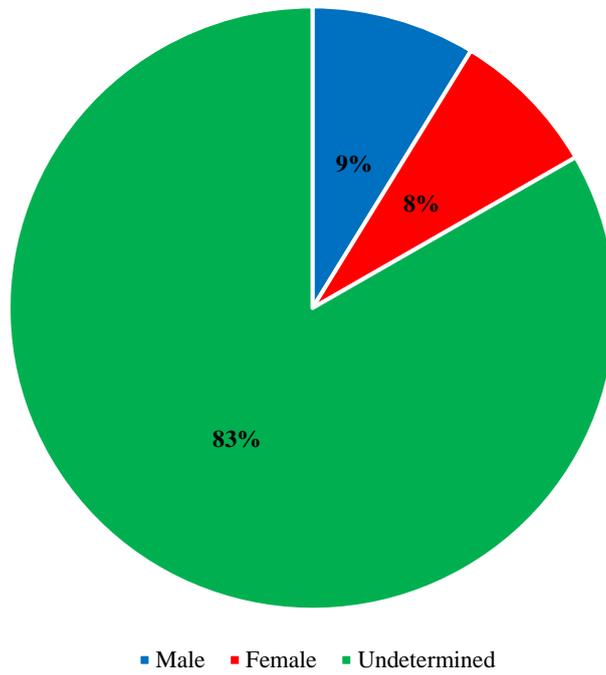

### Adult Age Groups from the Lincolnshire Wolds Region

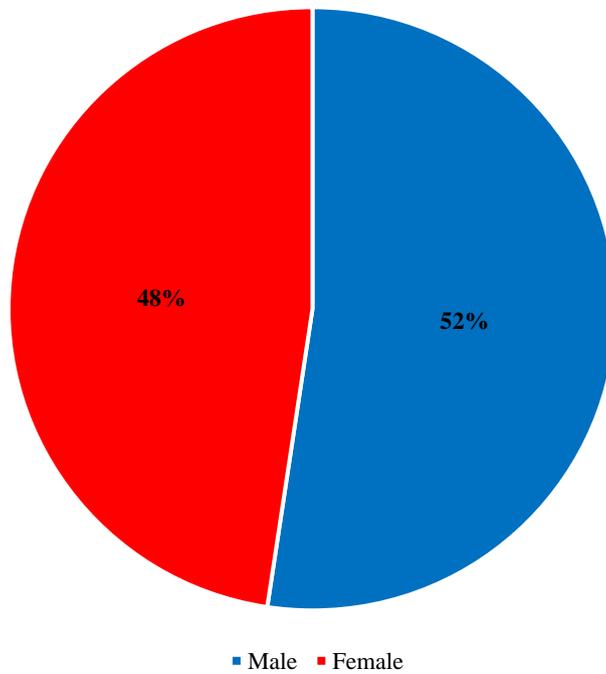

### Adult Age Groups from the Lincolnshire Wolds Region (No Undetermined)

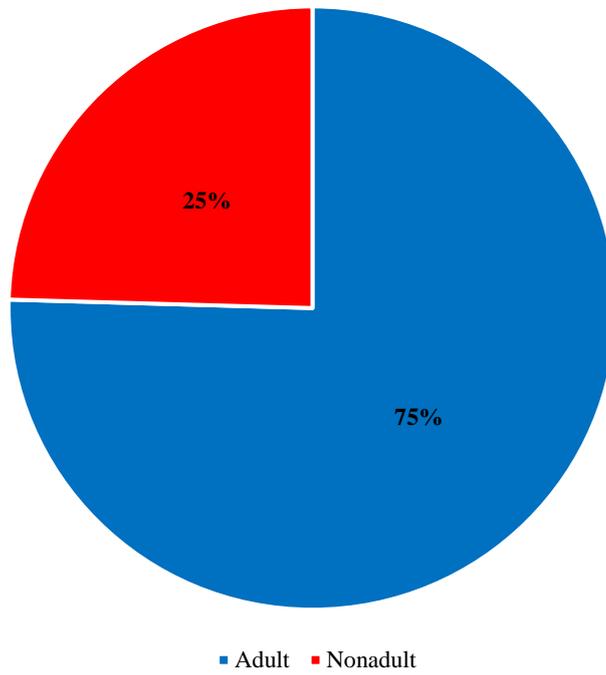

Biological Sex Representation from the North Wales Region (N=126)

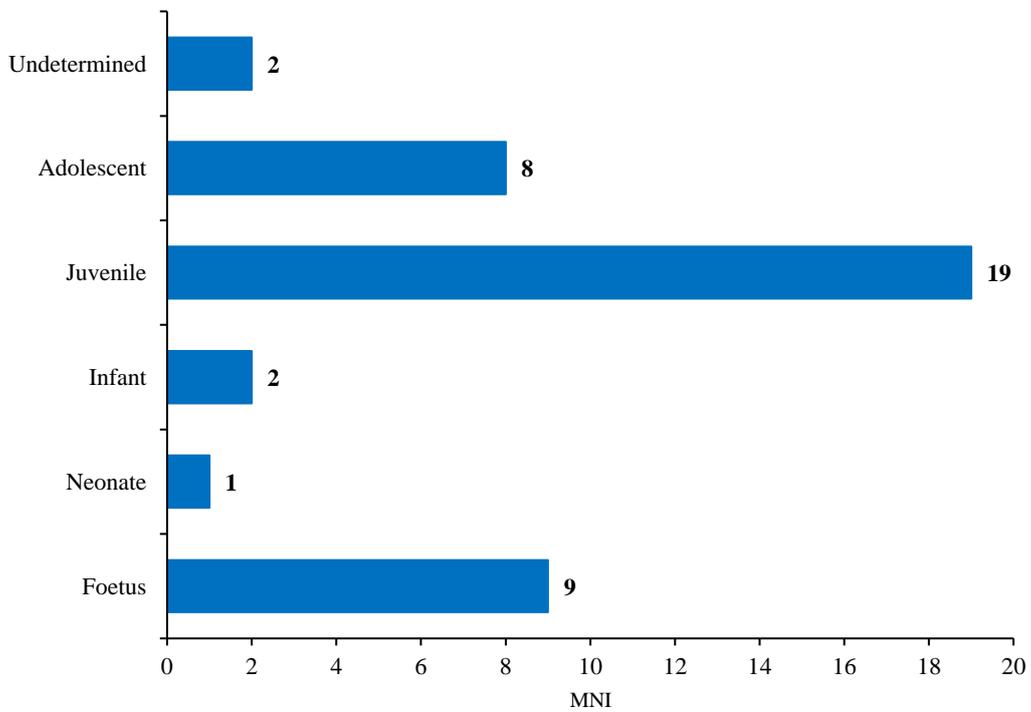

Biological Sex Representation from the North Wales Region (No Undetermined) (N=21)

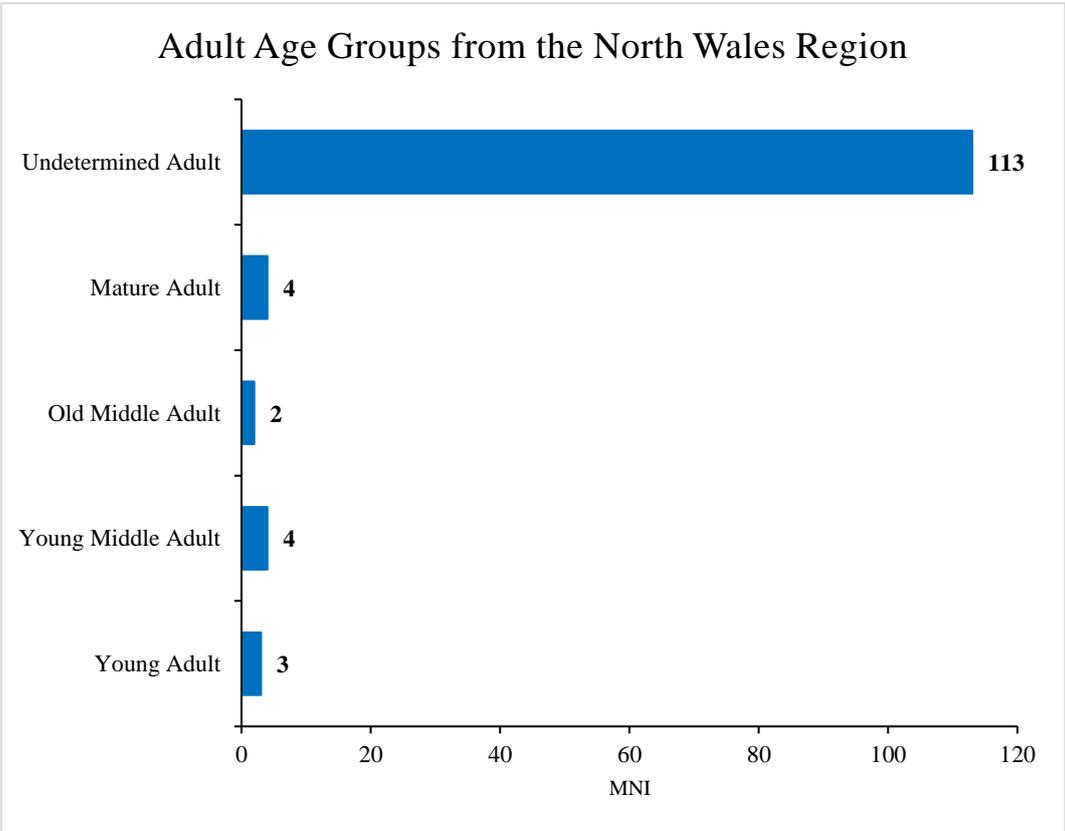

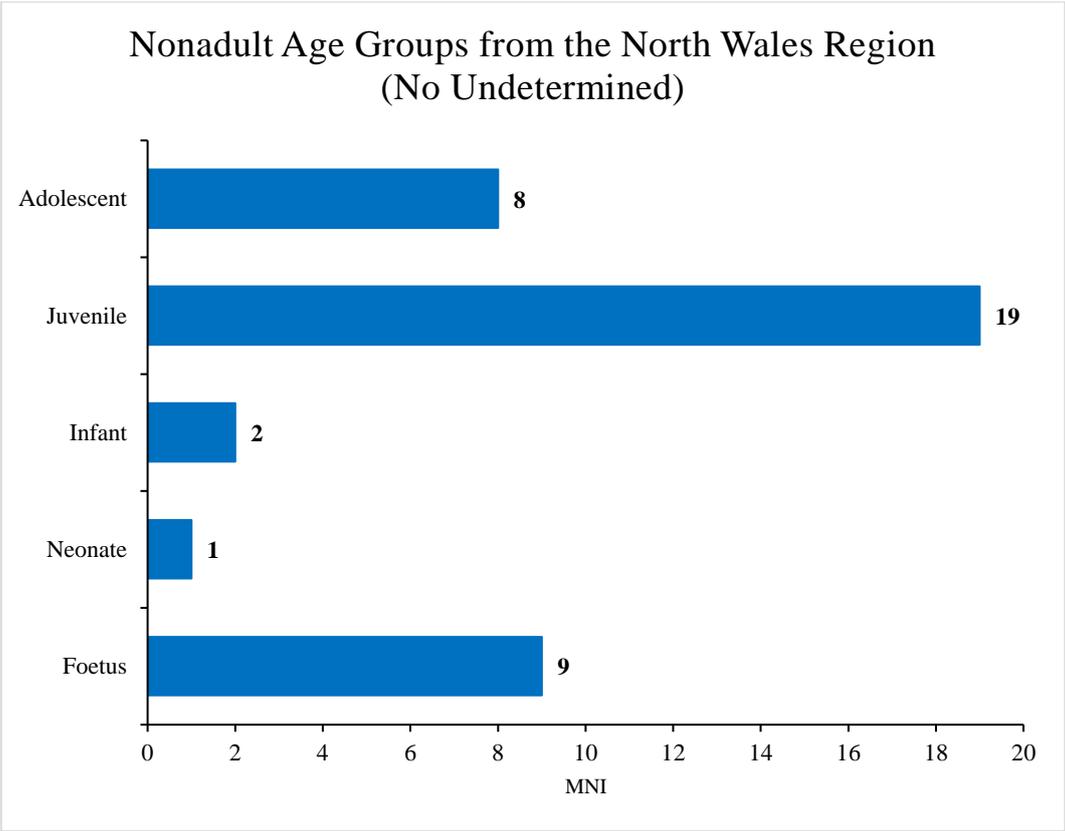

### Adult vs Nonadult Representation from the North Wales Region (N=167)

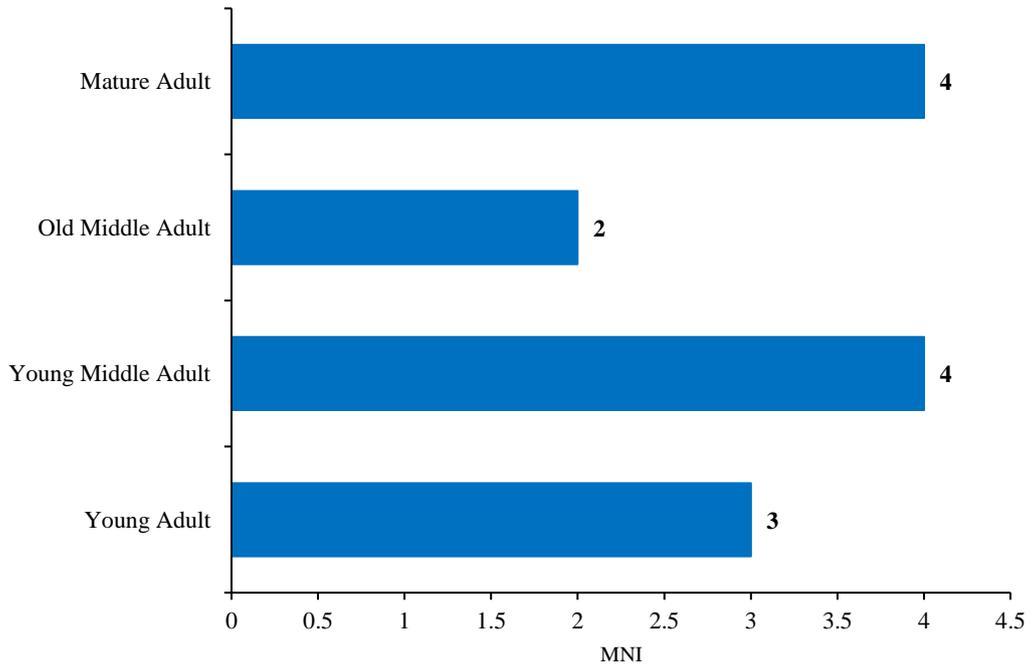

### Nonadult Age Groups from the North Wales Region

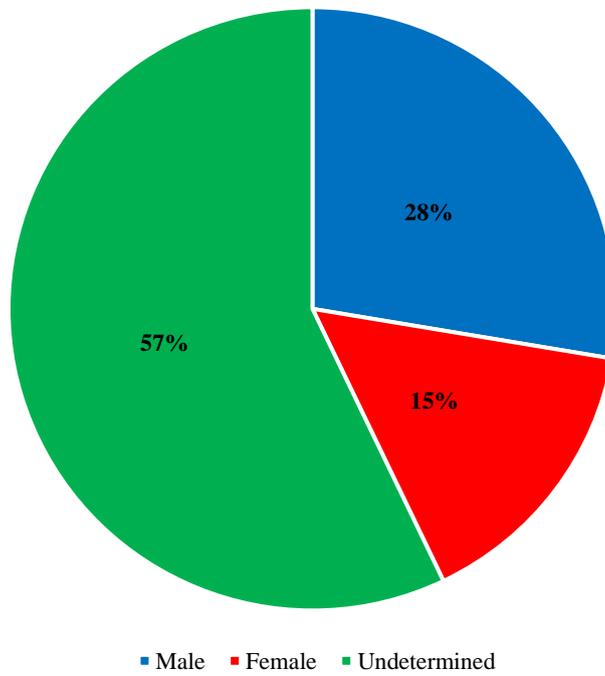

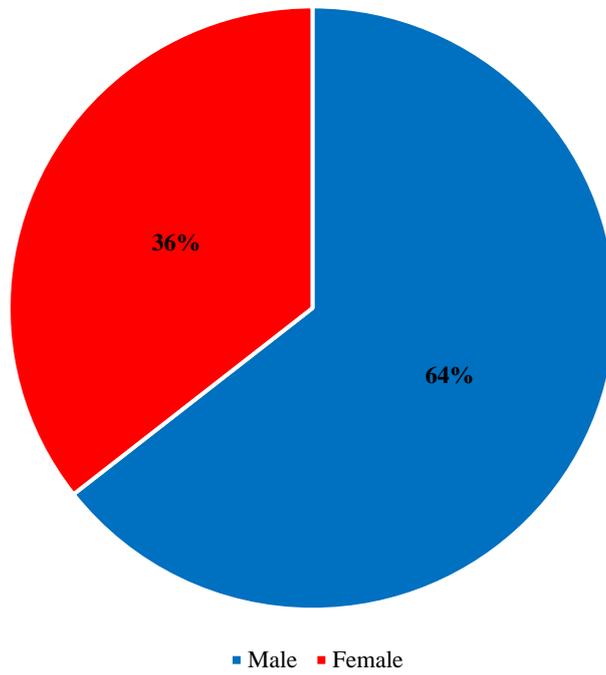

### Adult Age Groups from the North Wales Region (No Undetermined)

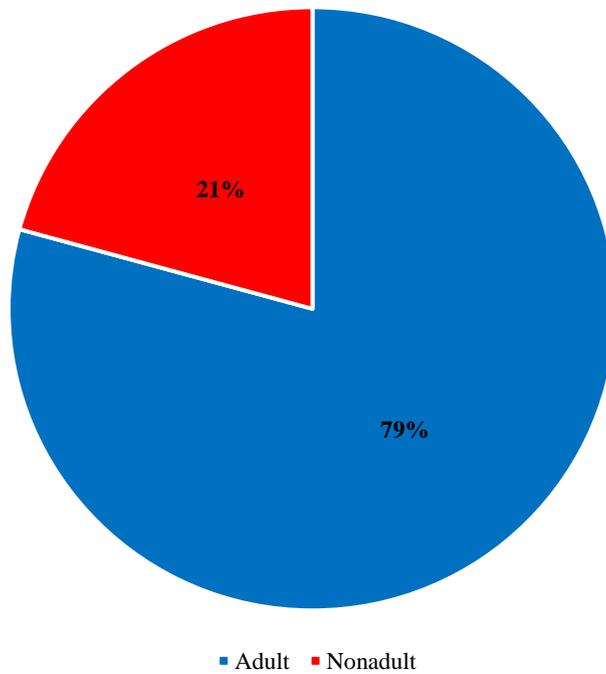

### Biological Sex Representation from the Orkney Region (N=275)

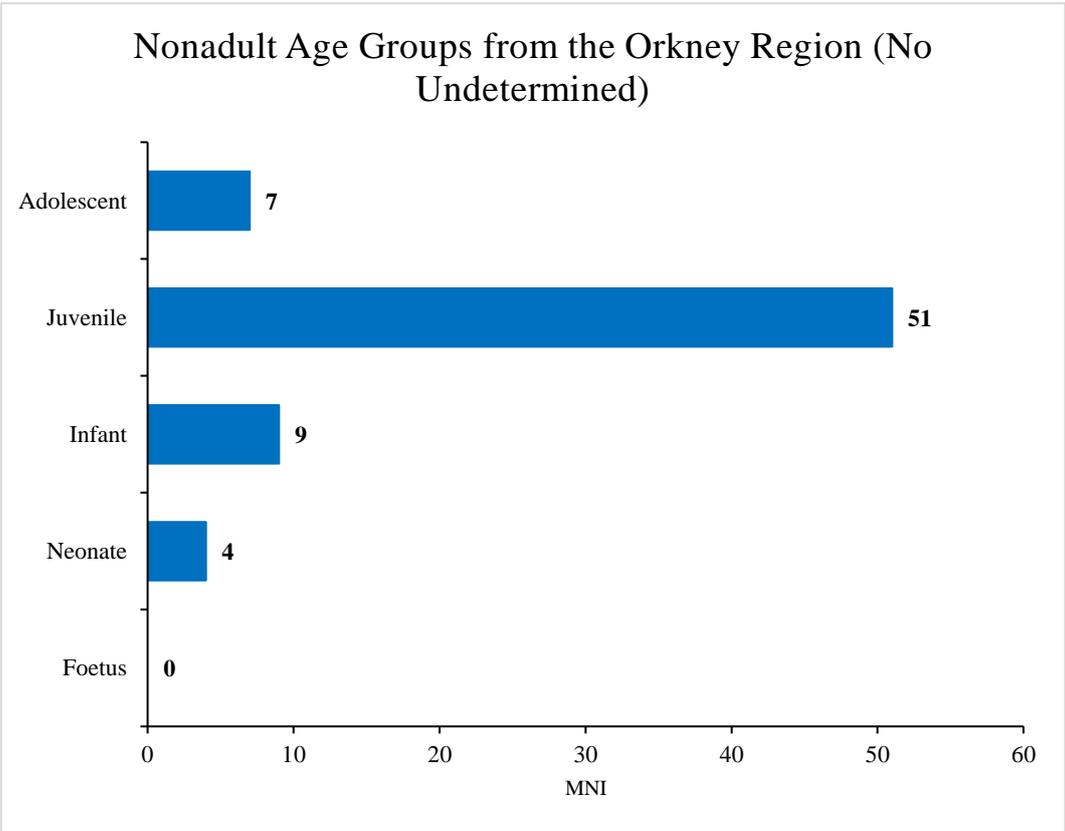

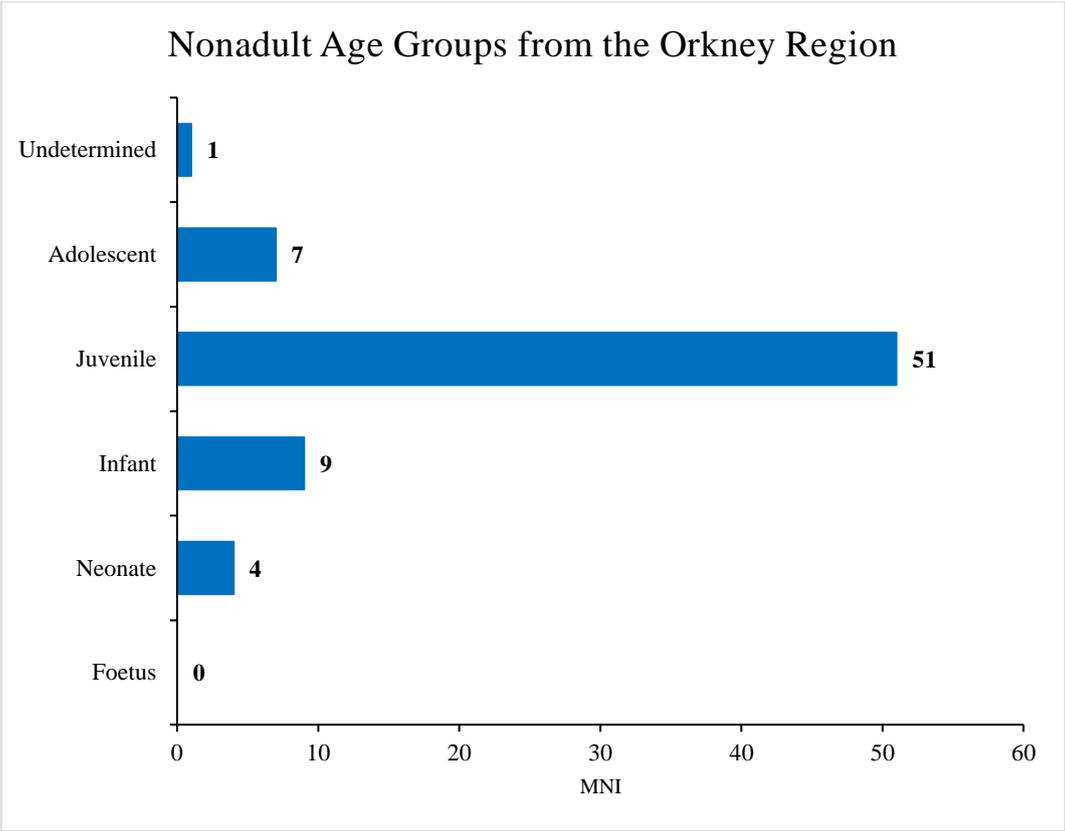

Biological Sex Representation from the Orkney Region (No Undetermined) (N=118)

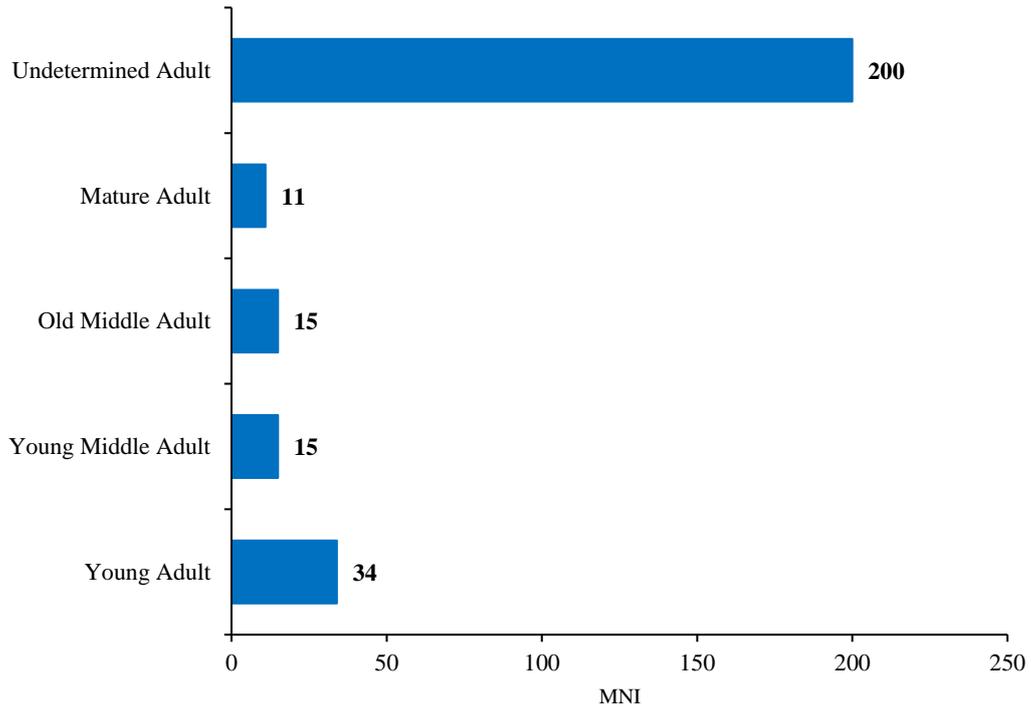

Adult vs Nonadult Representation from the Orkney Region (N=347)

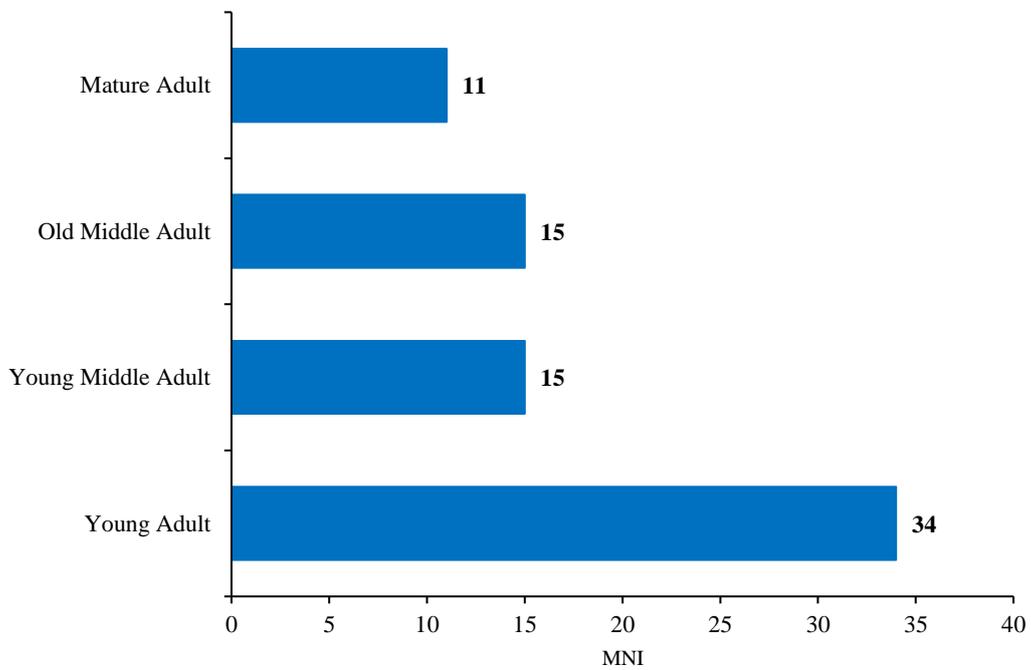

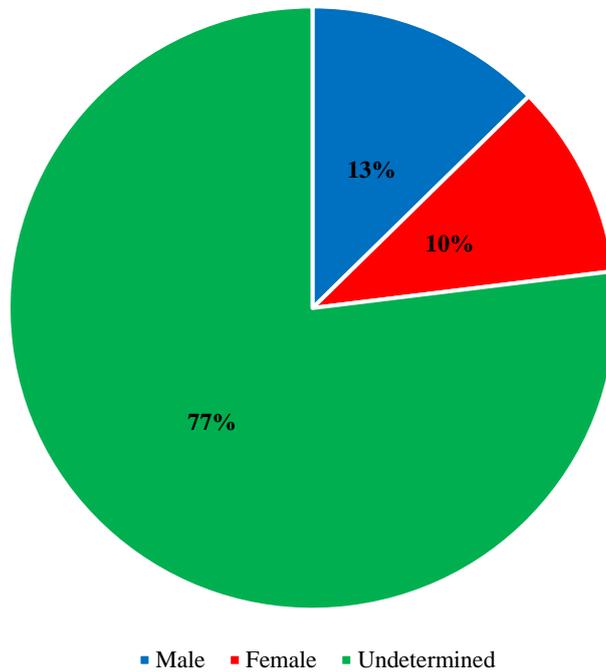

### Adult Age Groups from the Orkney Region

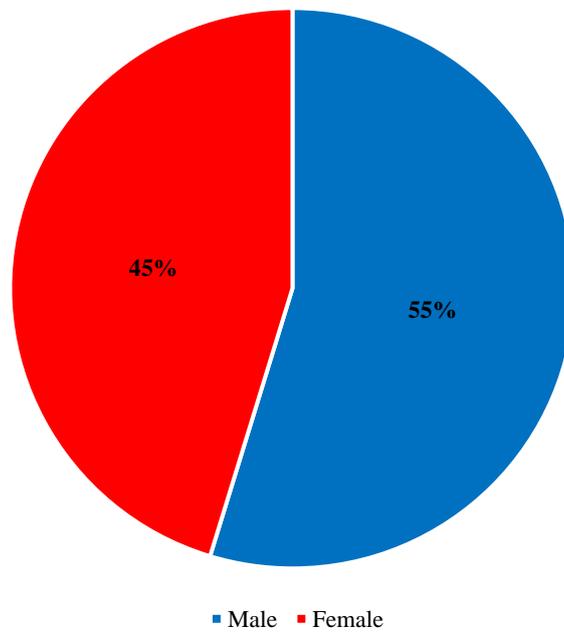

### Adult Age Groups from the Orkney Region (No Undetermined)

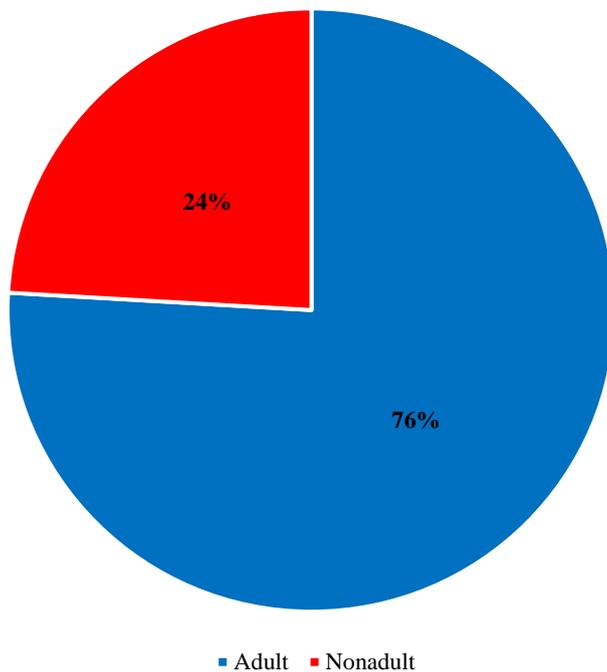

Biological Sex Representation from the Peak District-East Midlands Region (N=230)

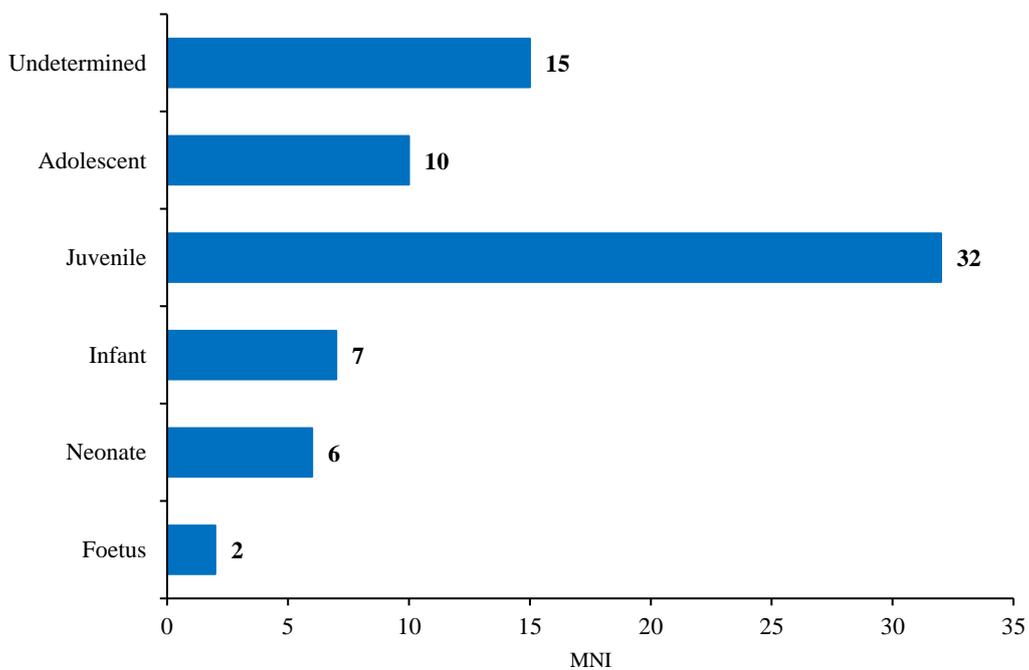

Biological Sex Representation from the Peak District-East Midlands Region (No Undetermined) (N=53)

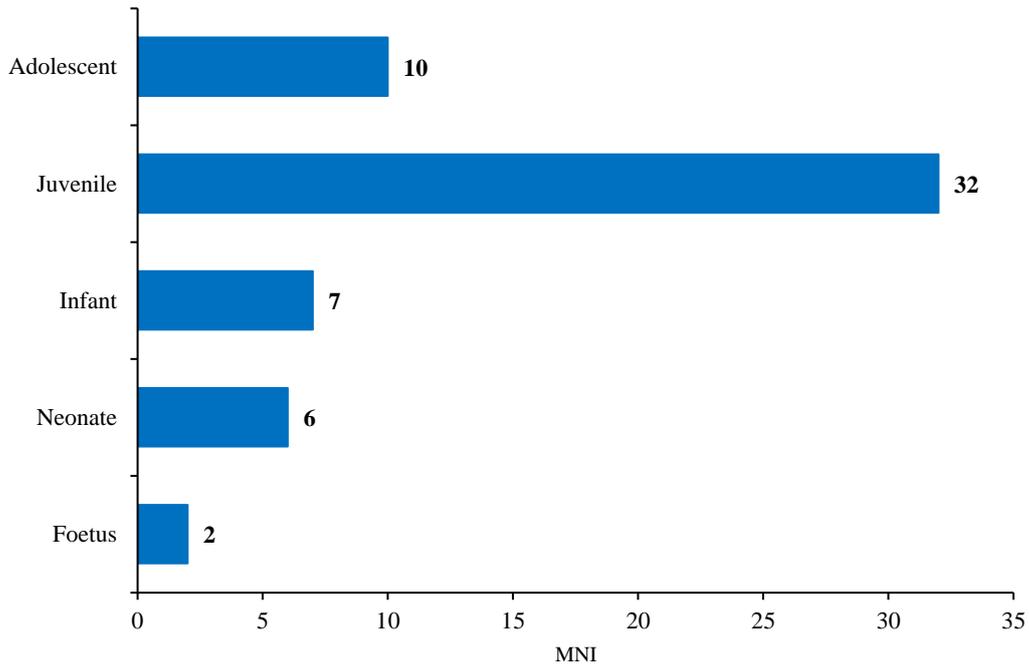

Adult vs Nonadult Representation from the Peak District-East Midlands Region (N=299)

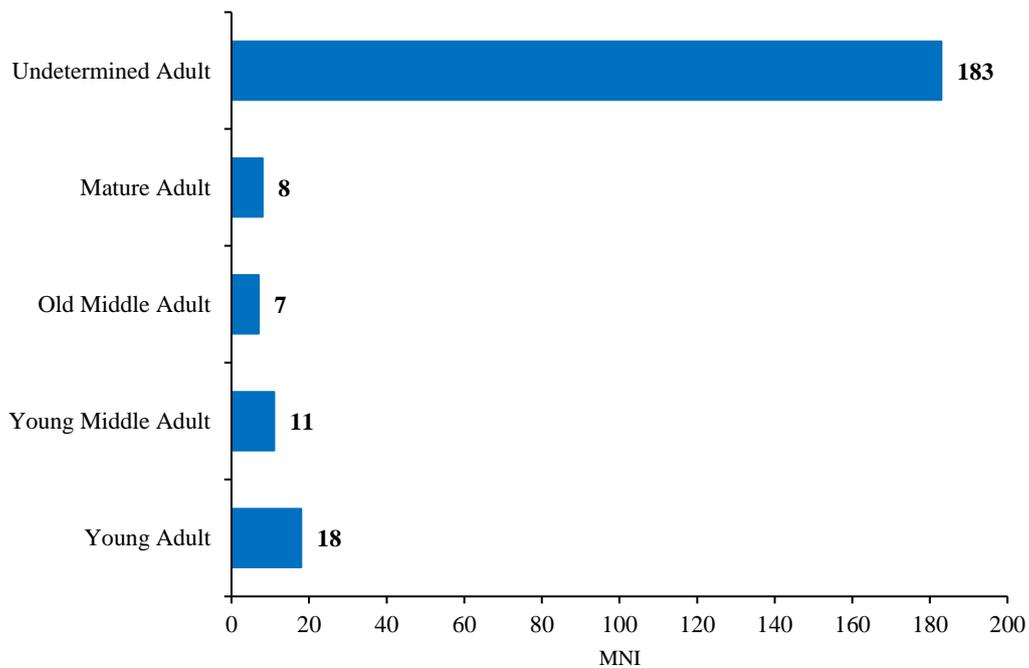

Nonadult Age Groups from the Peak District-East Midlands Region

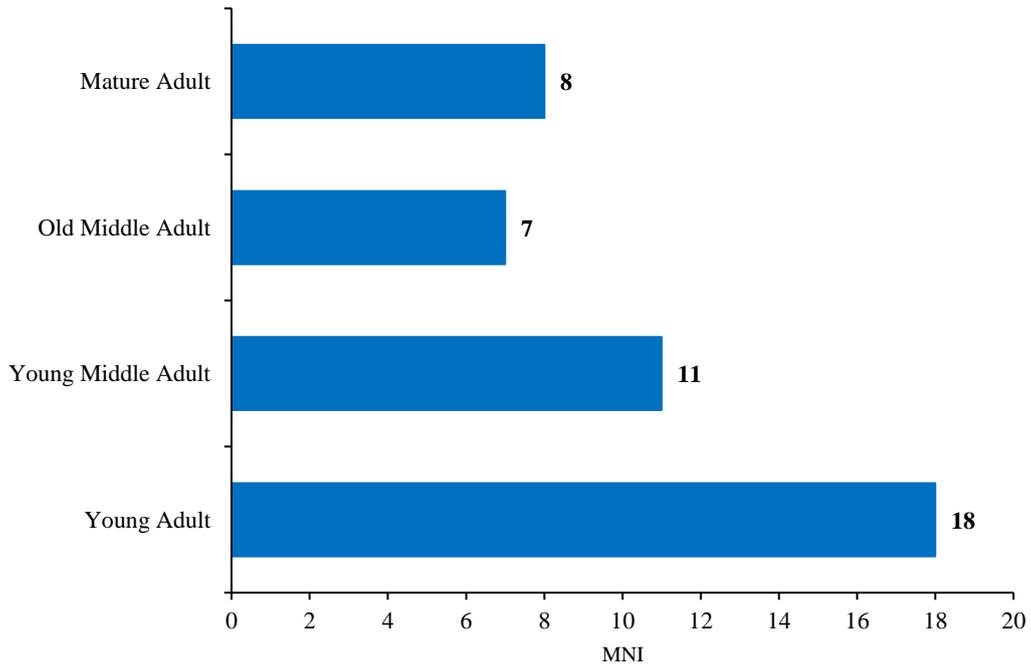

### Nonadult Age Groups from the Peak District-East Midlands Region (No Undetermined)

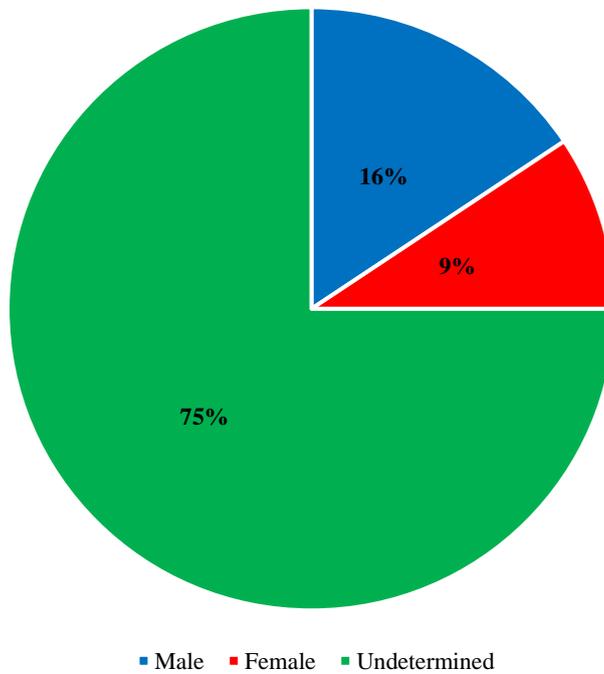

### Adult Age Groups from the Peak District-East Midlands Region

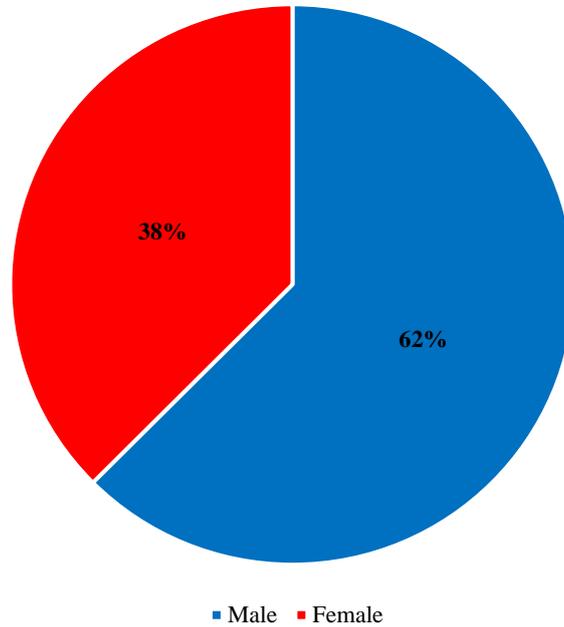

### Adult Age Groups from the Peak District-East Midlands Region (No Undetermined)

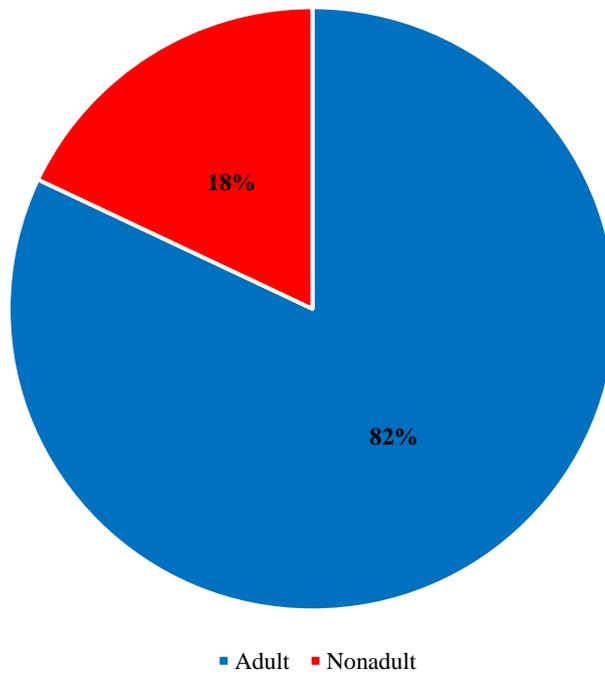

### Biological Sex Representation from the Scilly-South West Peninsula Region (N=32)

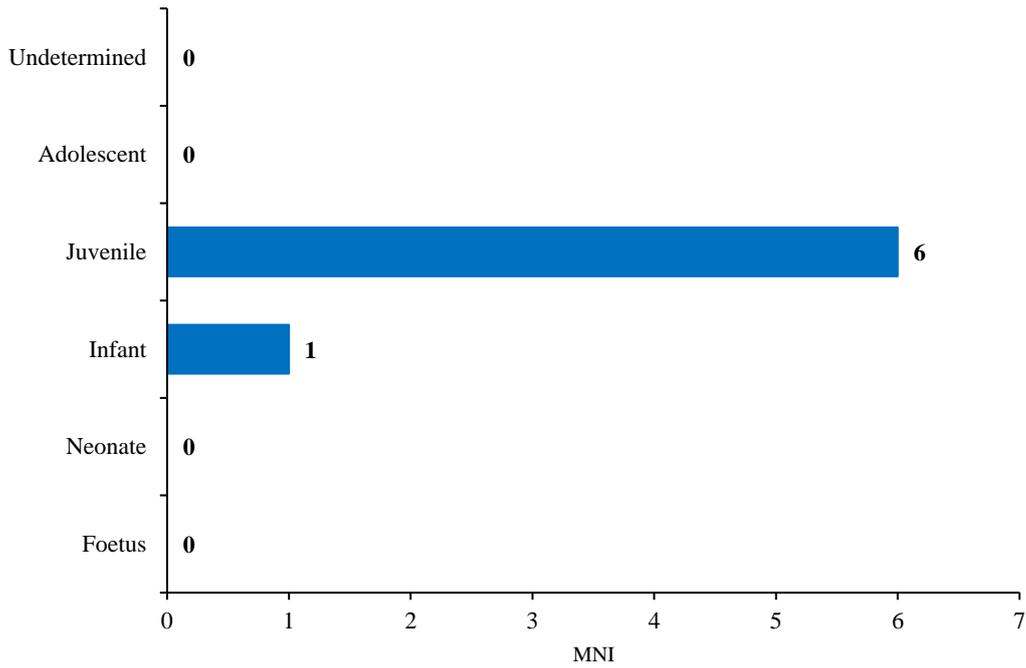

Biological Sex Representation from the Scilly-South West Peninsula Region (No Undetermined) (N=8)

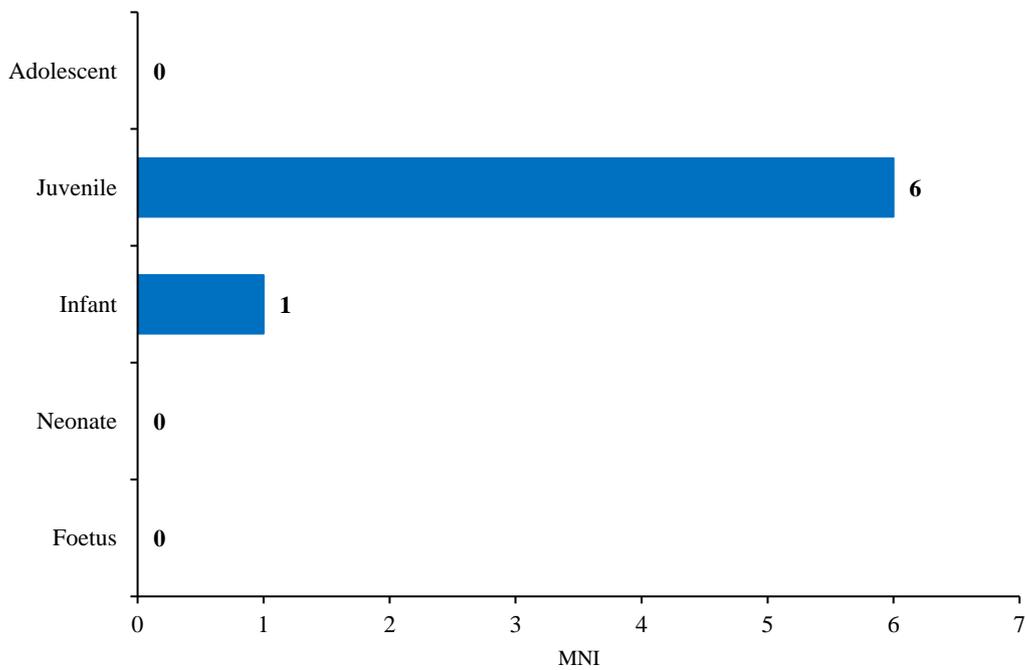

Adult vs Nonadult Representation from the Scilly-South West Peninsula Region (N=39)

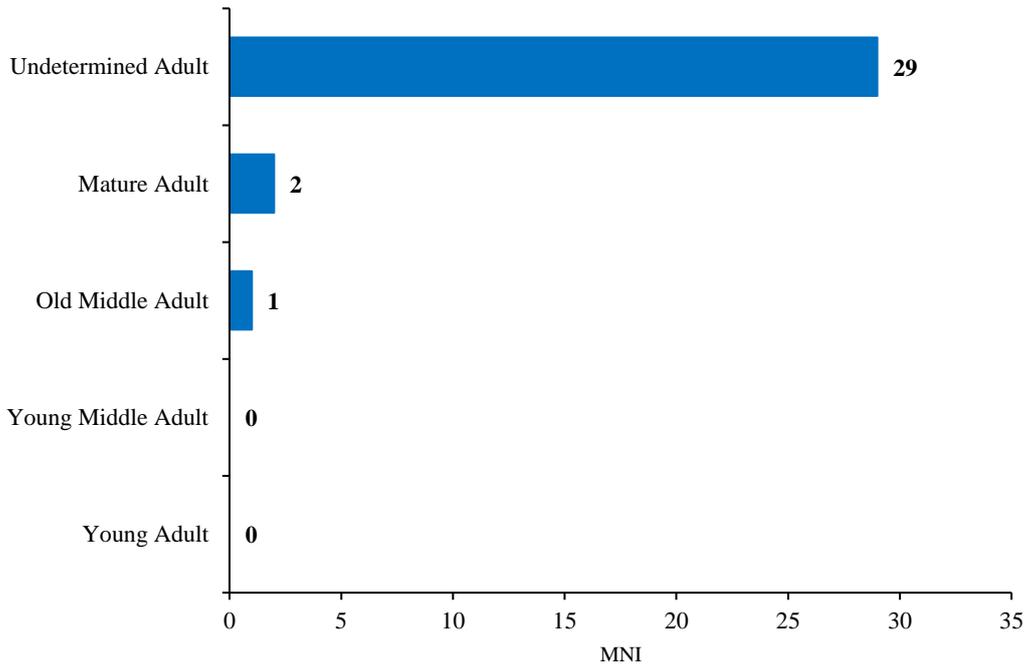

### Nonadult Age Groups from the Scilly-South West Peninsula Region

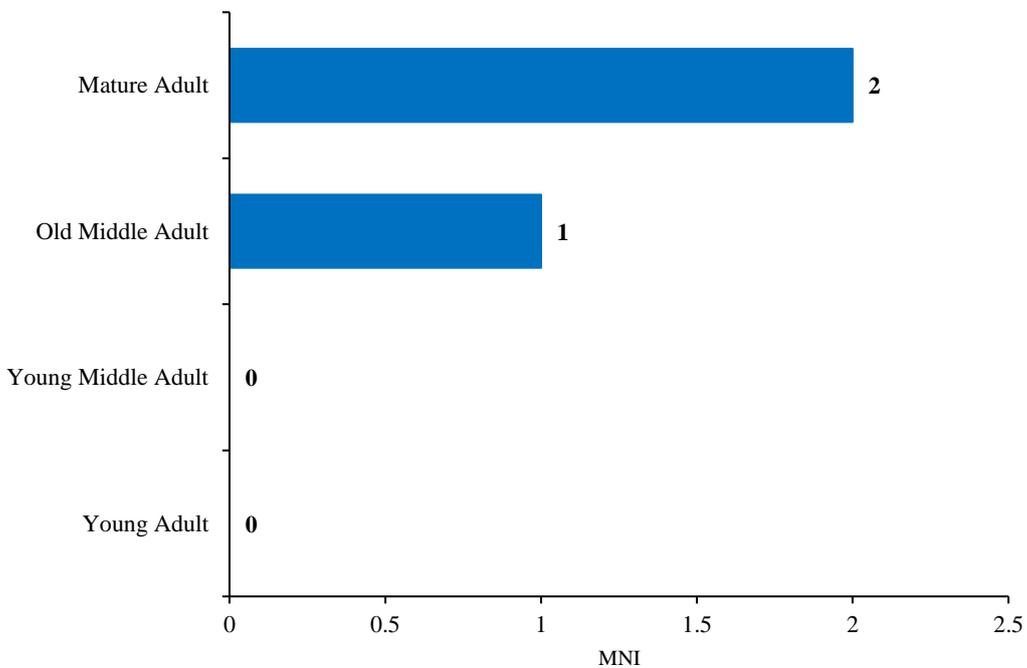

### Nonadult Age Groups from the Scilly-South West Peninsula Region (No Undetermined)

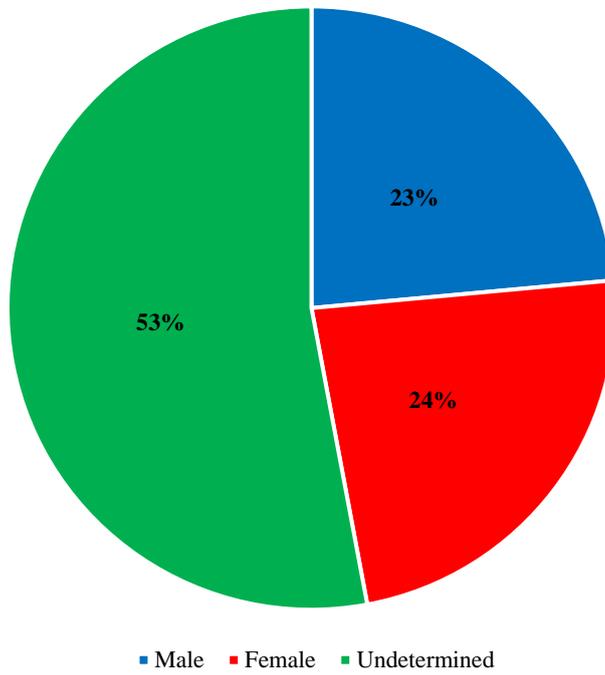

### Adult Age Groups from the Scilly-South West Peninsula Region

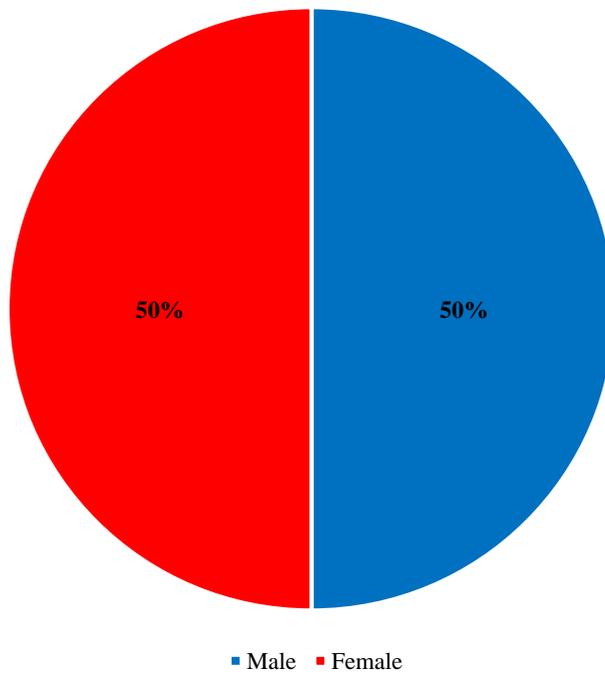

### Adult Age Groups from the Scilly-South West Peninsula Region (No Undetermined)

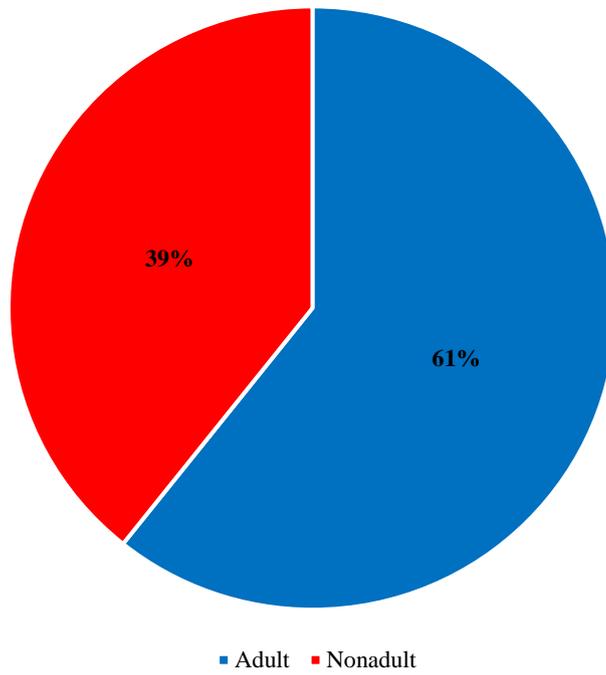

Biological Sex Representation from the Shetland Region (N=17)

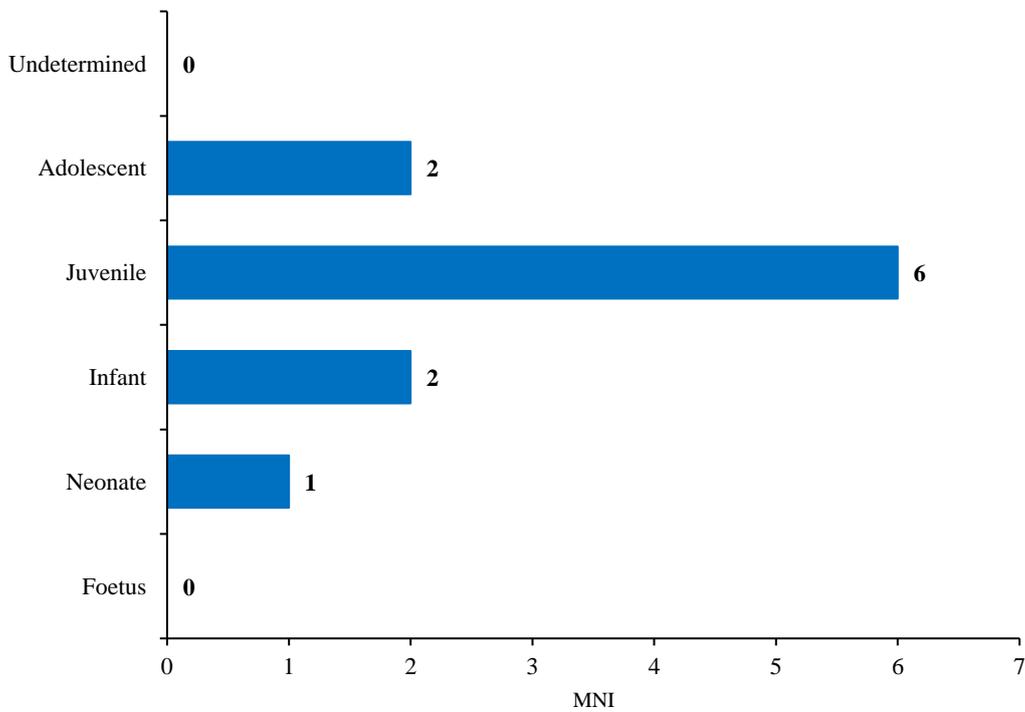

Biological Sex Representation from the Shetland Region (No Undetermined) (N=8)

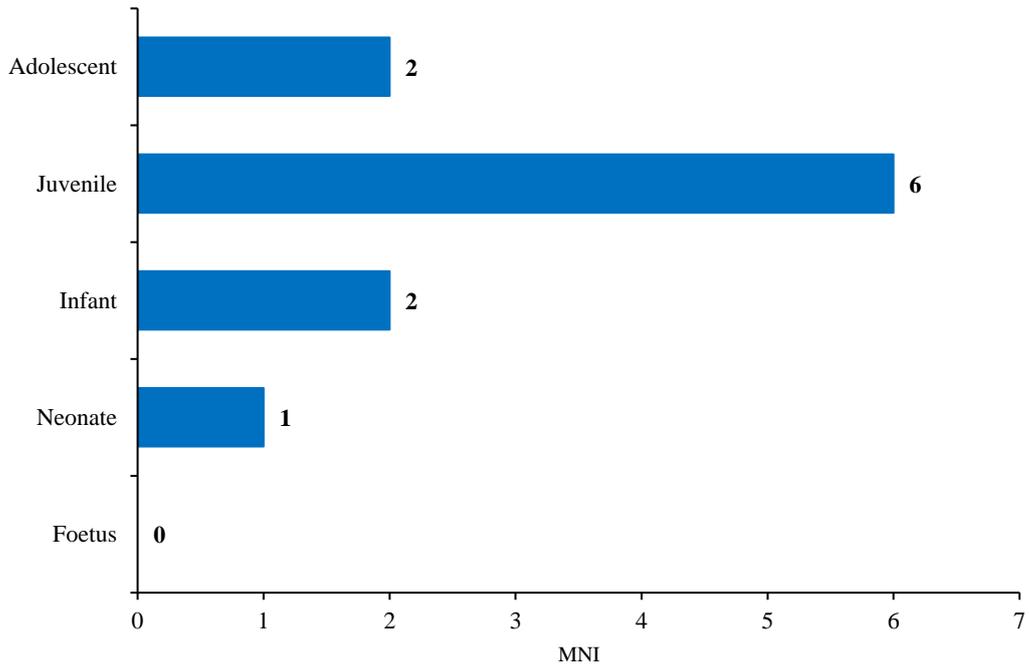

Adult vs Nonadult Representation from the Shetland Region (N=28)

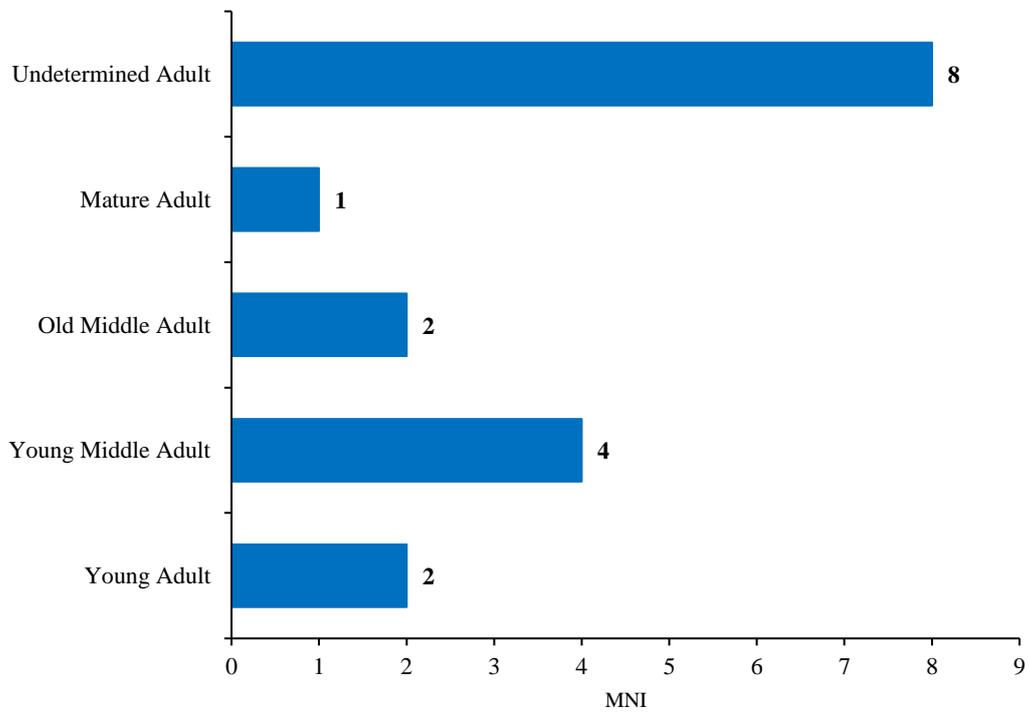

Nonadult Age Groups from the Shetland Region

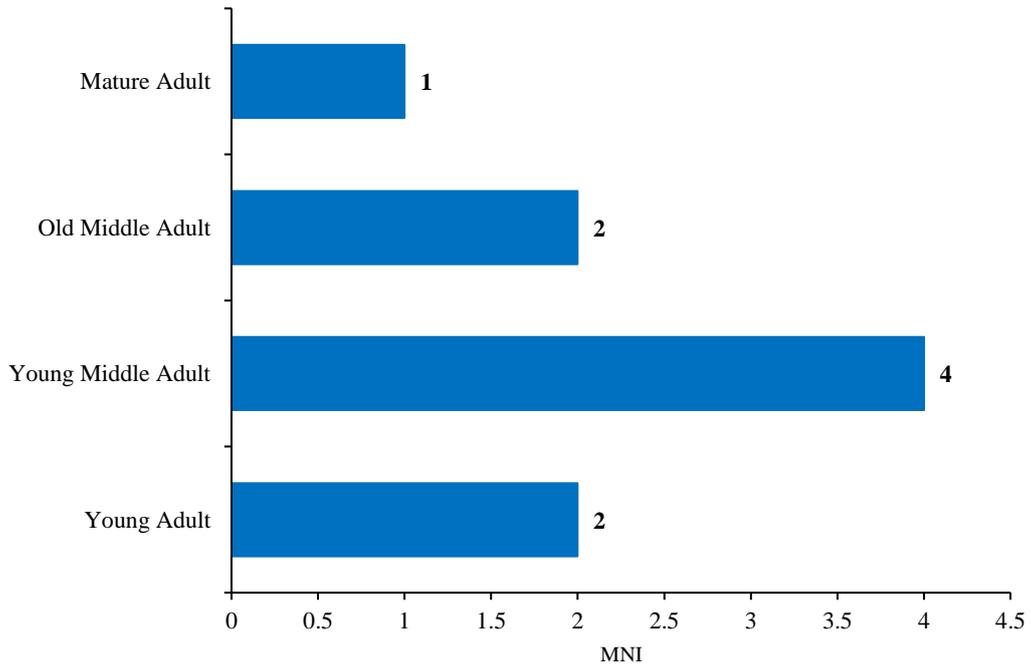

### Nonadult Age Groups from the Shetland Region (No Undetermined)

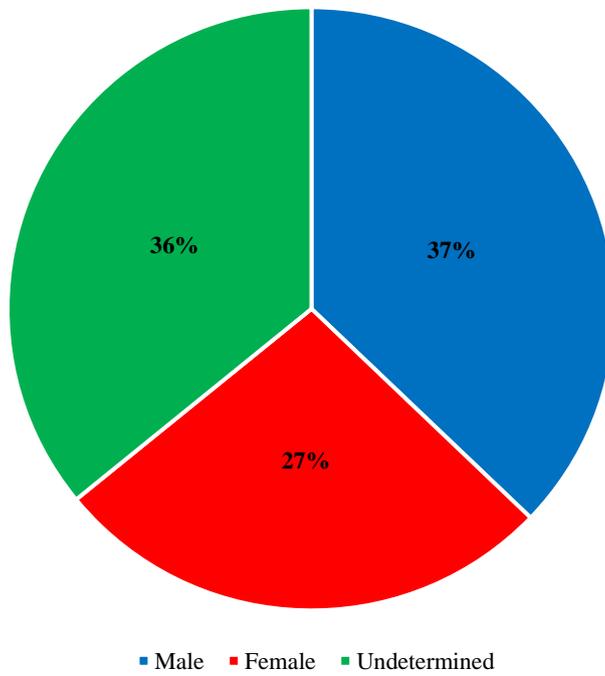

### Adult Age Groups from the Shetland Region

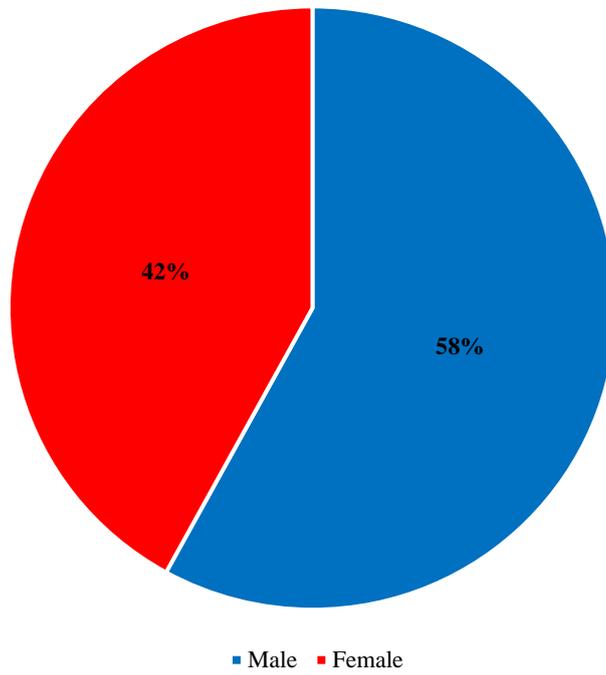

### Adult Age Groups from the Shetland Region (No Undetermined)

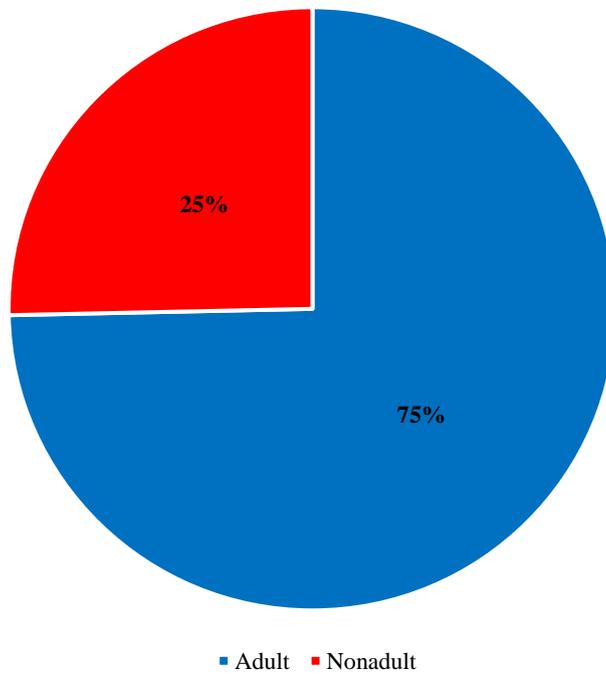

### Biological Sex Representation from the Wessex Region (N=390)

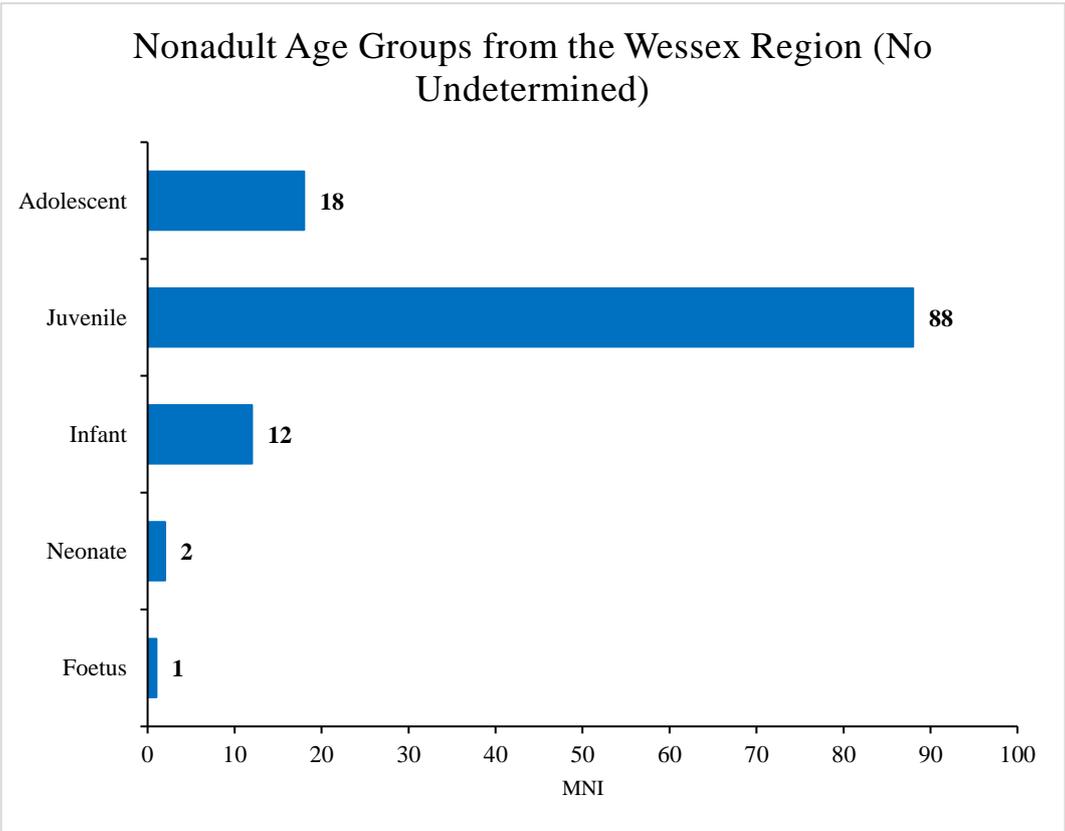

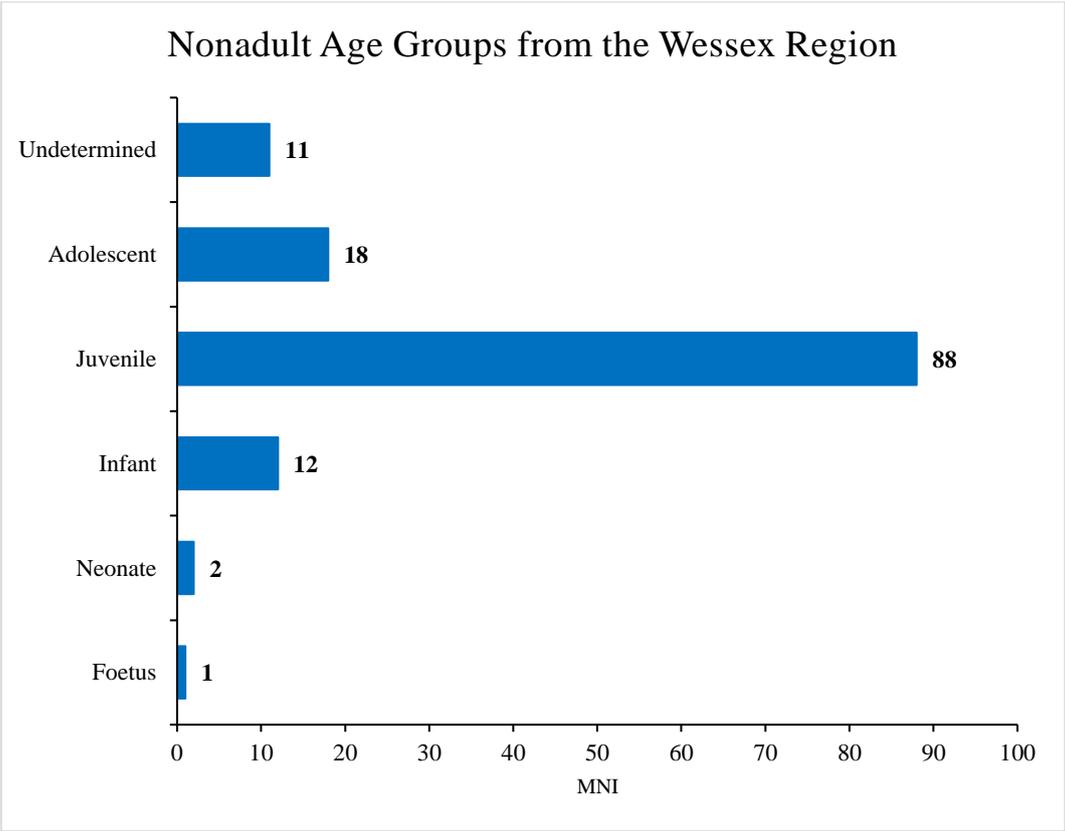

Biological Sex Representation from the Wessex Region (No Undetermined) (N=250)

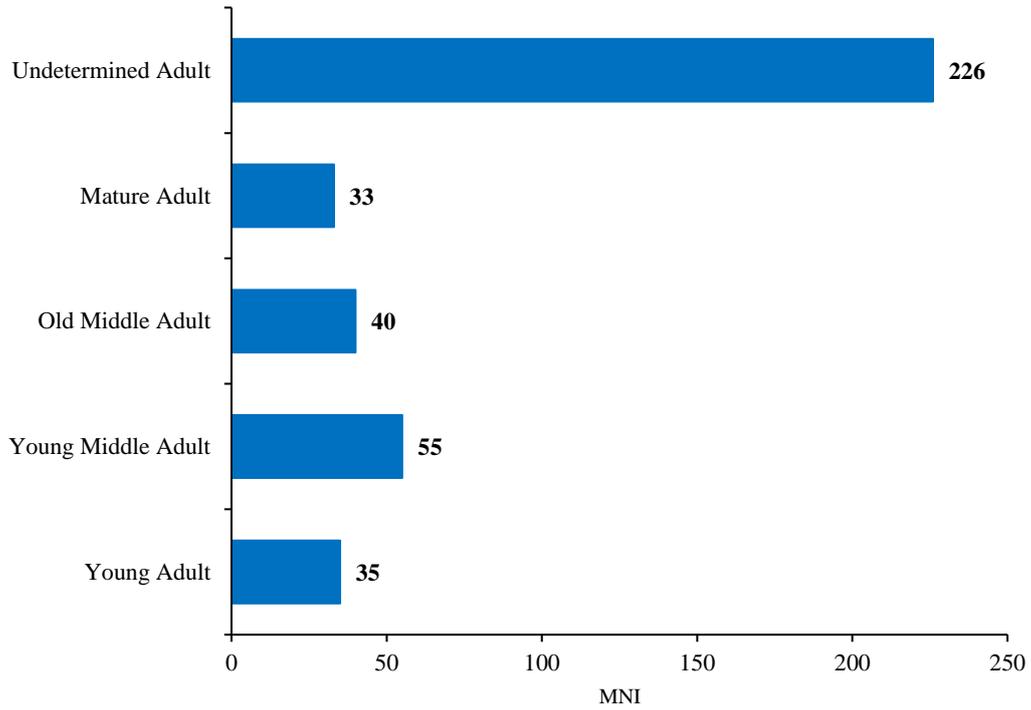

Adult vs Nonadult Representation from the Wessex Region (N=521)

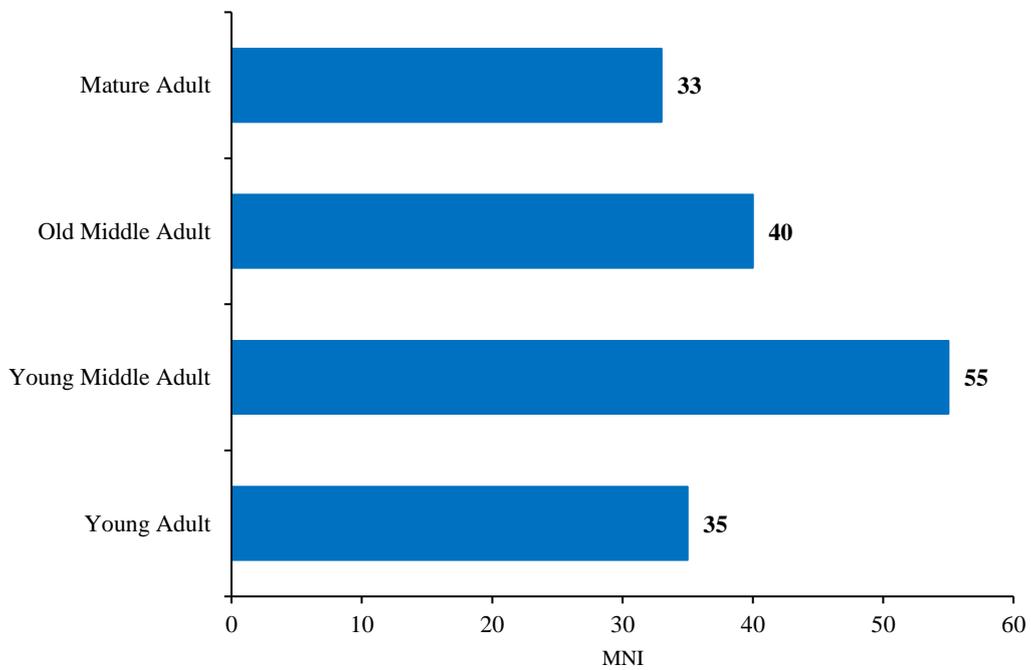

### Adult Age Groups from the Wessex Region

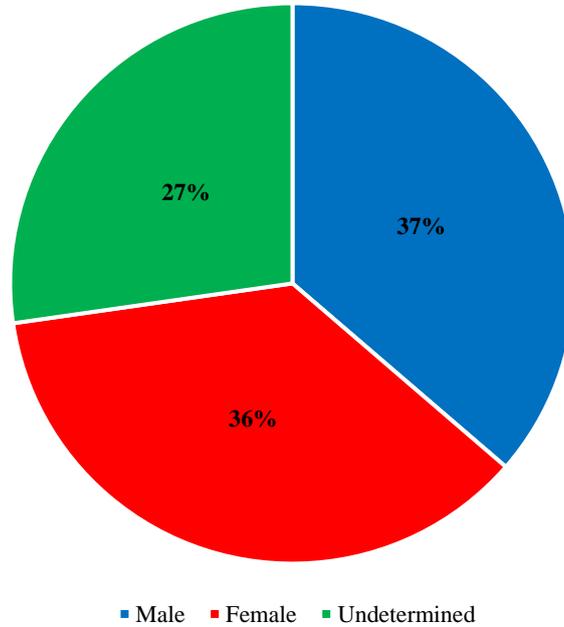

### Adult Age Groups from the Wessex Region (No Undetermined)

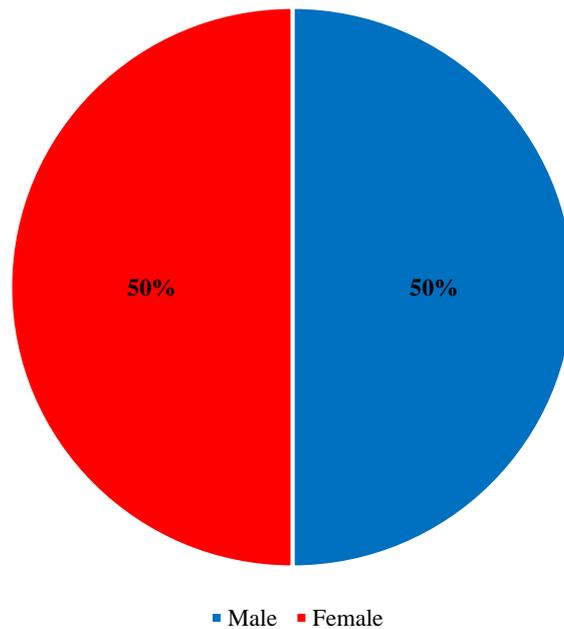

## 6. Neolithic Regions – Inhumation (Modern Dataset)

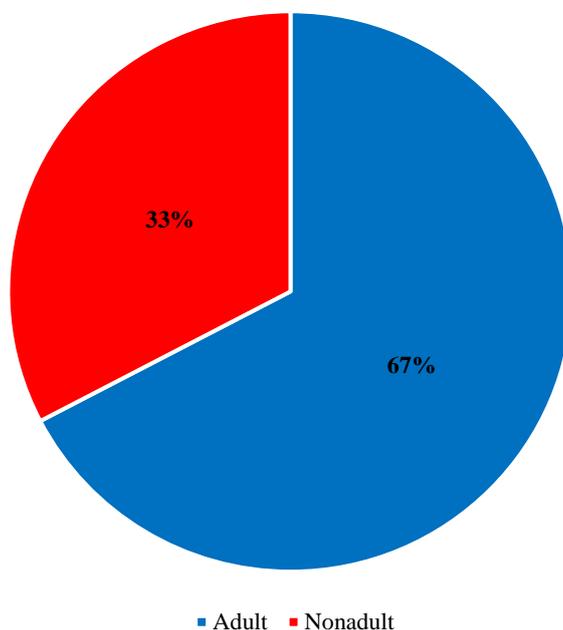

Biological Sex Representation from the Argyll & Bute-Hebrides Region Assessed in the Modern Period (N=33)

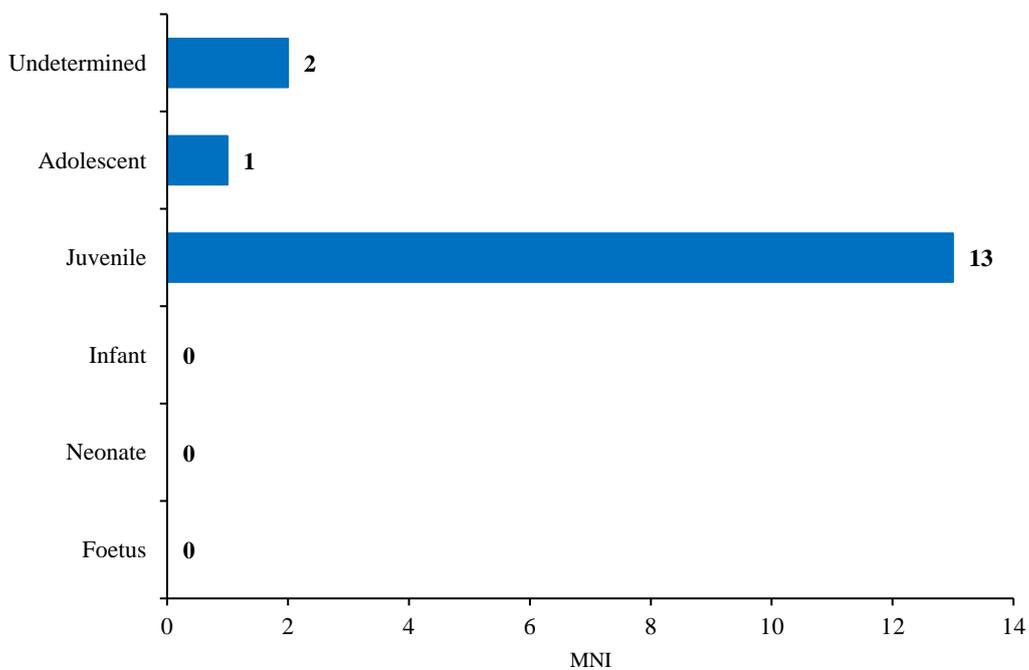

Biological Sex Representation from the Argyll & Bute-Hebrides Region Assessed in the Modern Period (No Undetermined) (N=24)

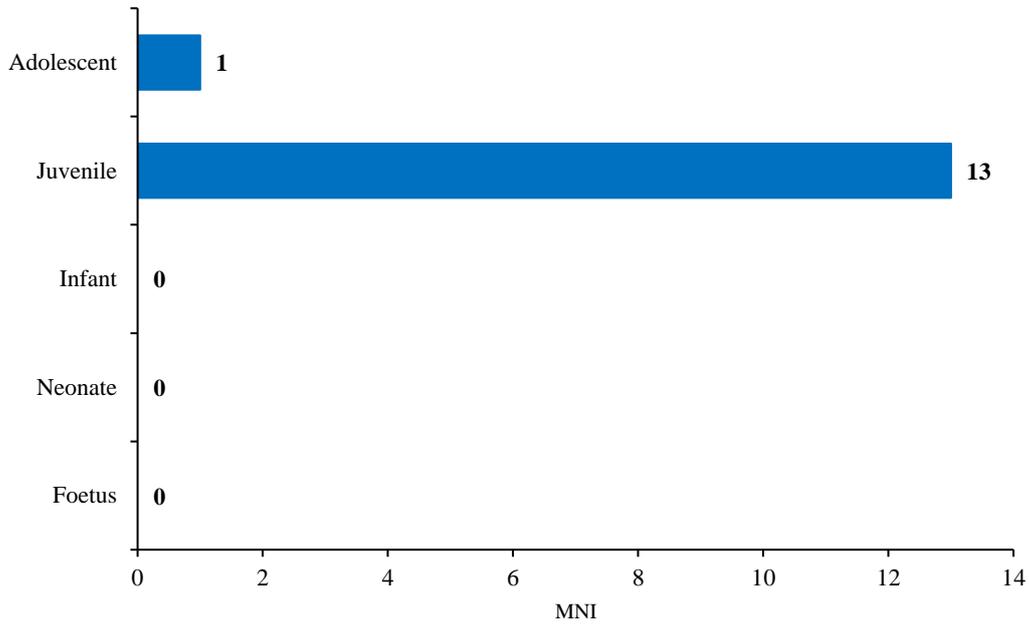

Adult vs Nonadult Representation from the Argyll & Bute-Hebrides Region Assessed in the Modern Period (N=49)

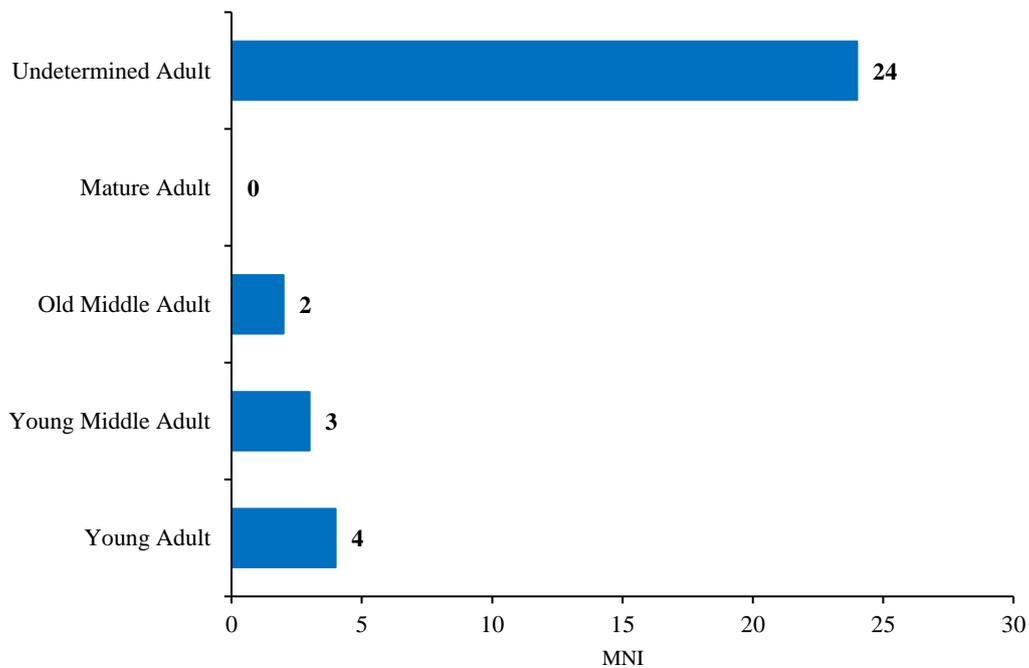

Nonadult Age Groups from the Argyll & Bute-Hebrides Region Assessed in the Modern Period

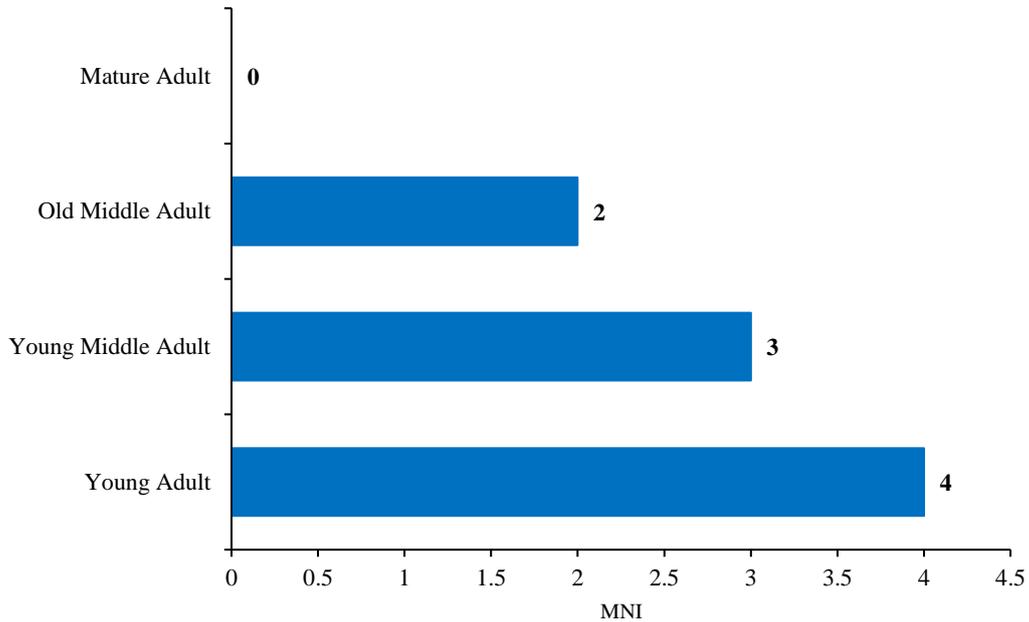

### Nonadult Age Groups from the Argyll & Bute-Hebrides Region Assessed in the Modern Period (No Undetermined)

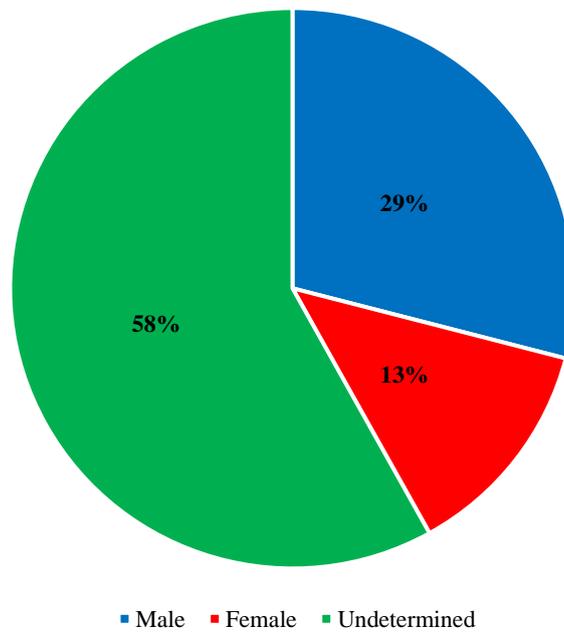

### Adult Age Groups from the Argyll & Bute-Hebrides Region Assessed in the Modern Period

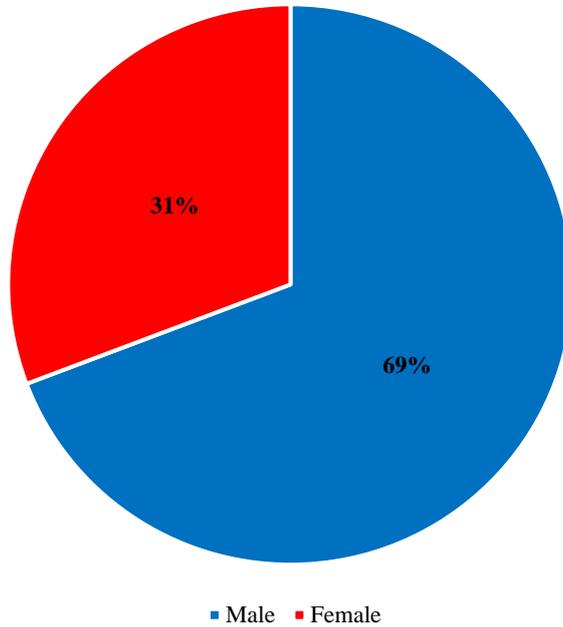

### Adult Age Groups from the Argyll & Bute-Hebrides Region Assessed in the Modern Period (No Undetermined)

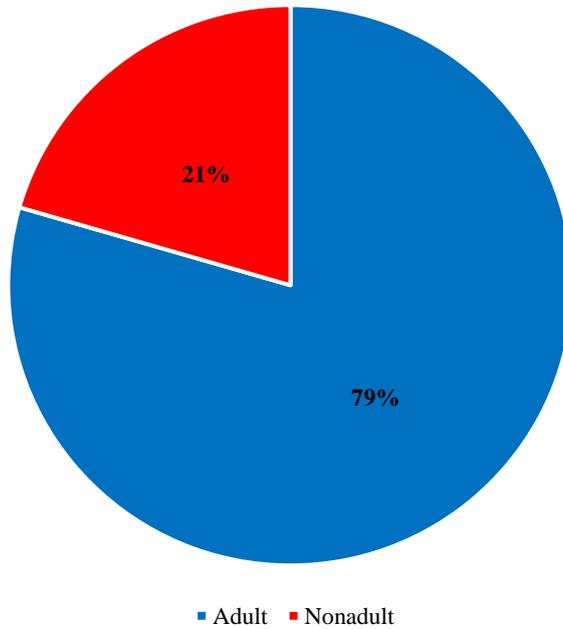

### Biological Sex Representation from the Brecon Beacons-West Mercia Region Assessed in the Modern Period (N=31)

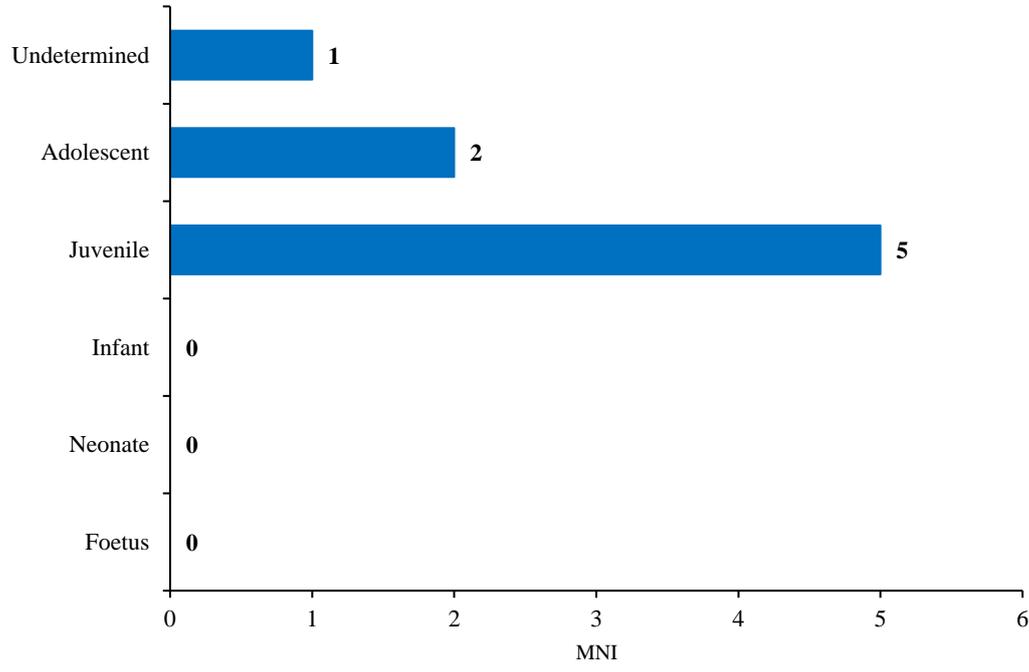

Biological Sex Representation from the Brecon Beacons-West Mercia Region Assessed in the Modern Period (No Undetermined) (N=13)

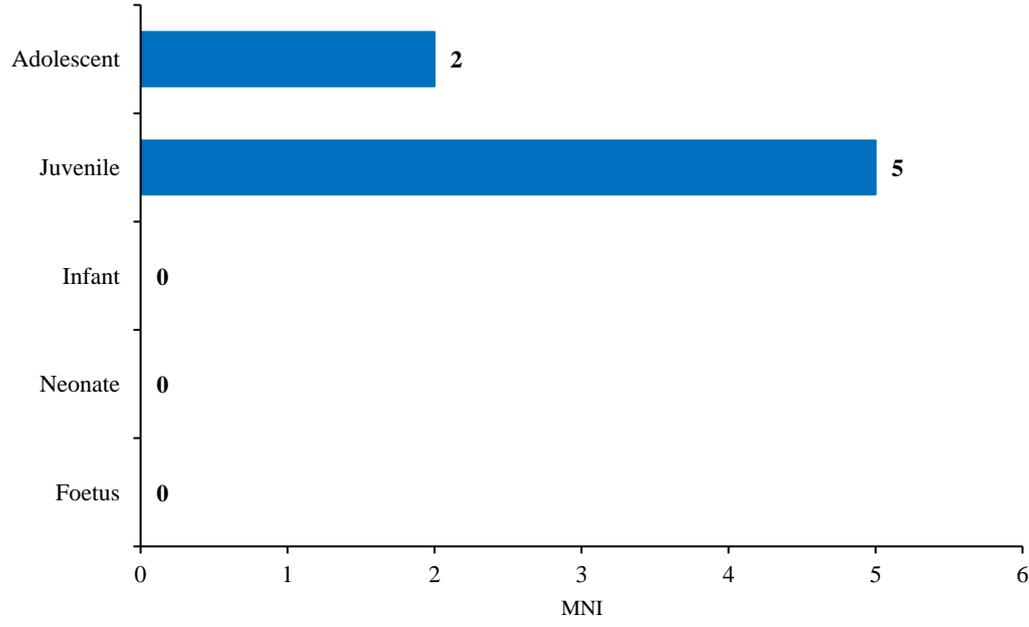

Adult vs Nonadult Representation from the Brecon Beacons-West Mercia Region Assessed in the Modern Period (N=39)

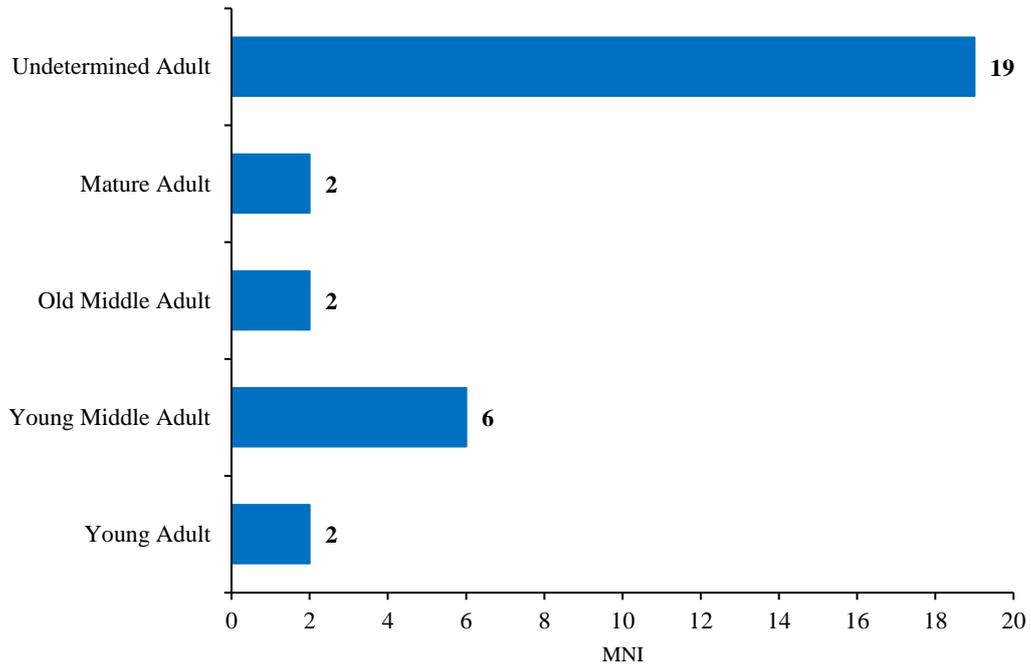

### Nonadult Age Groups from the Brecon Beacons-West Mercia Region Assessed in the Modern Period

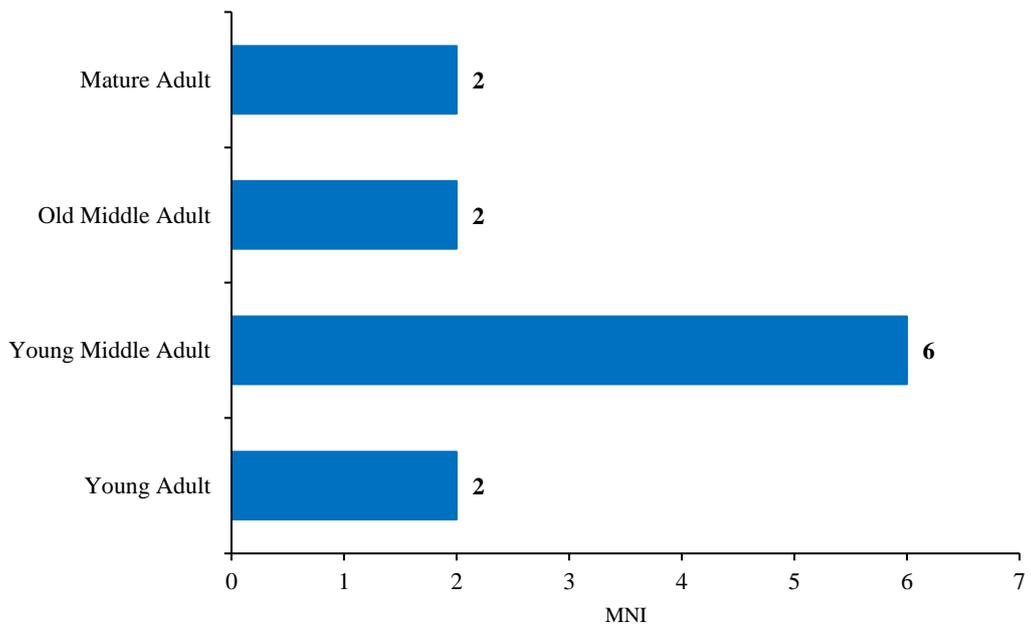

### Nonadult Age Groups from the Brecon Beacons-West Mercia Region Assessed in the Modern Period (No Undetermined)

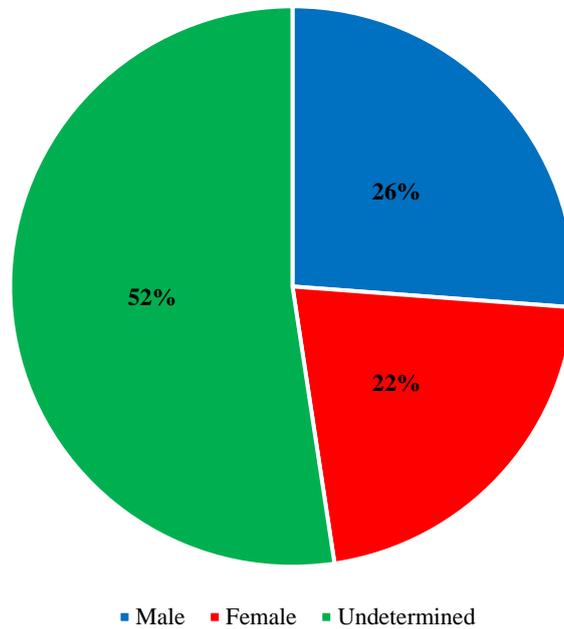

### Adult Age Groups from the Brecon Beacons-West Mercia Region Assessed in the Modern Period

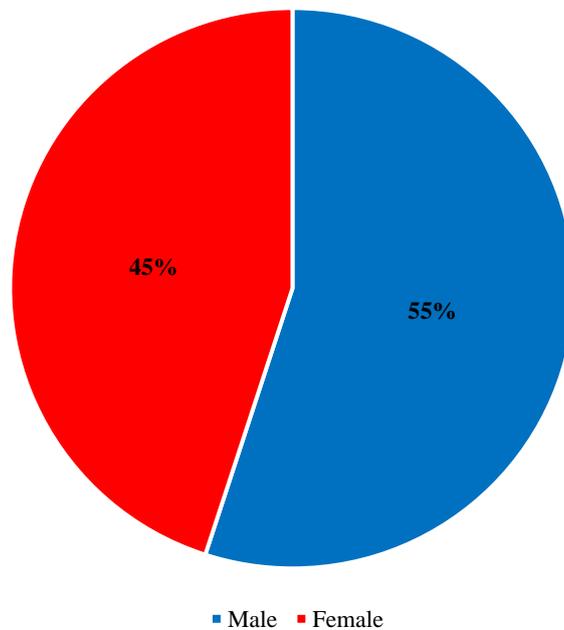

### Adult Age Groups from the Brecon Beacons-West Mercia Region Assessed in the Modern Period (No Undetermined)

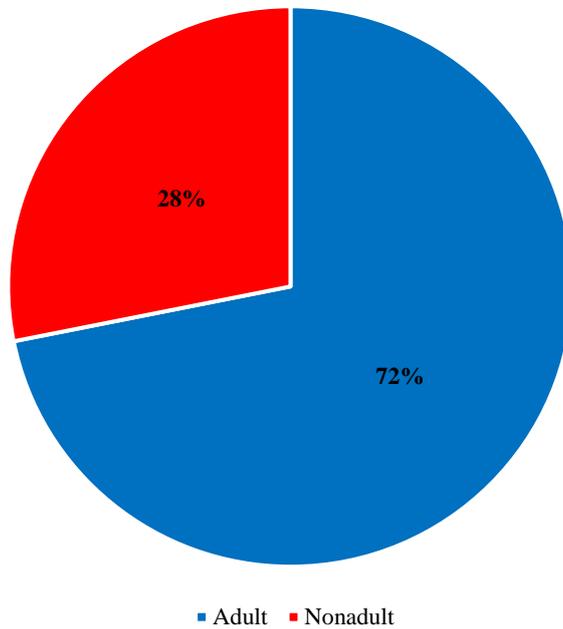

Biological Sex Representation from the Cotswolds-Mendip Region Assessed in the Modern Period (N=210)

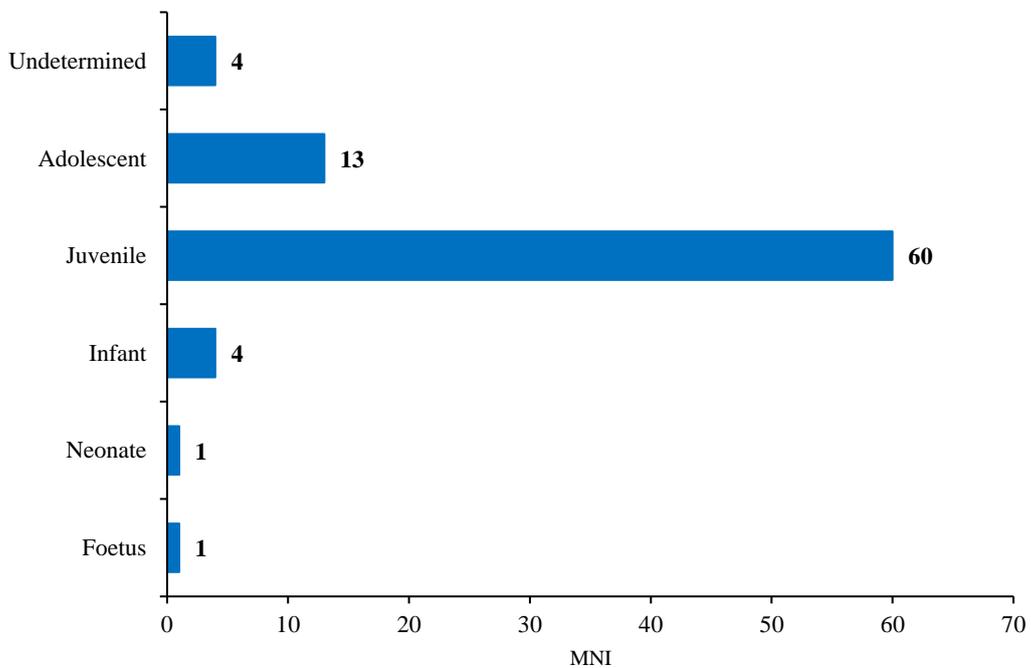

Biological Sex Representation from the Cotswolds-Mendip Region Assessed in the Modern Period (No Undetermined) (N=100)

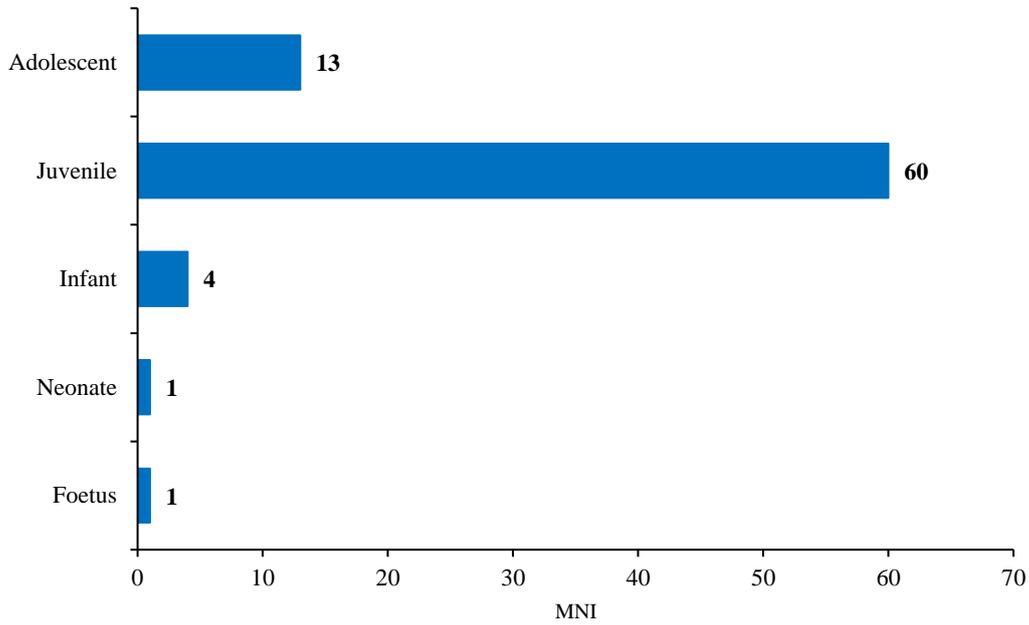

Adult vs Nonadult Representation from the Cotswolds-Mendip Region Assessed in the Modern Period (N=295)

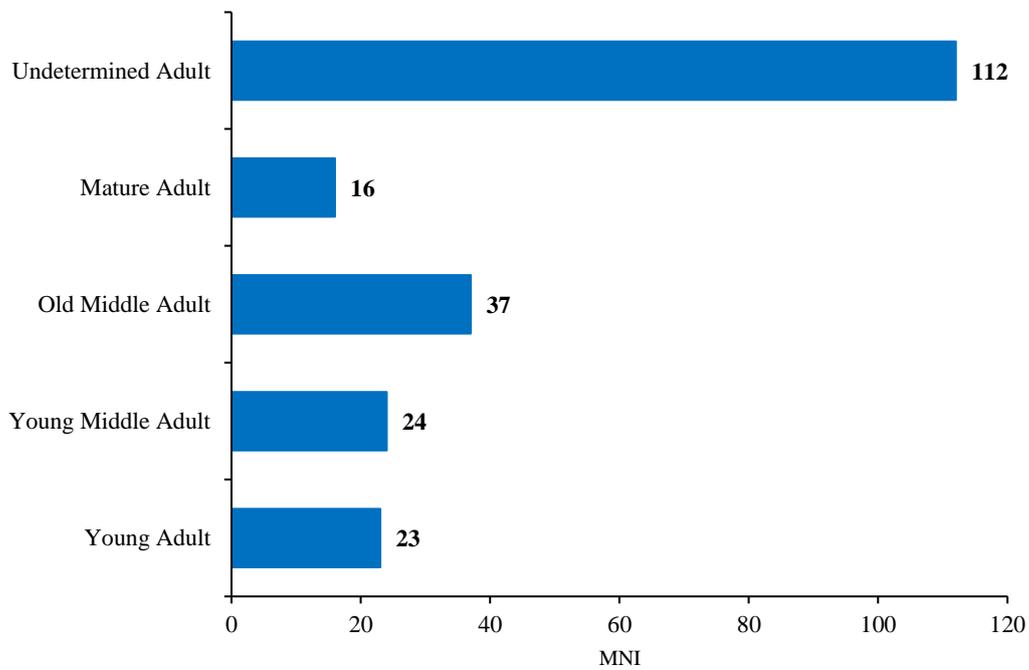

Nonadult Age Groups from the Cotswolds-Mendip Region Assessed in the Modern Period

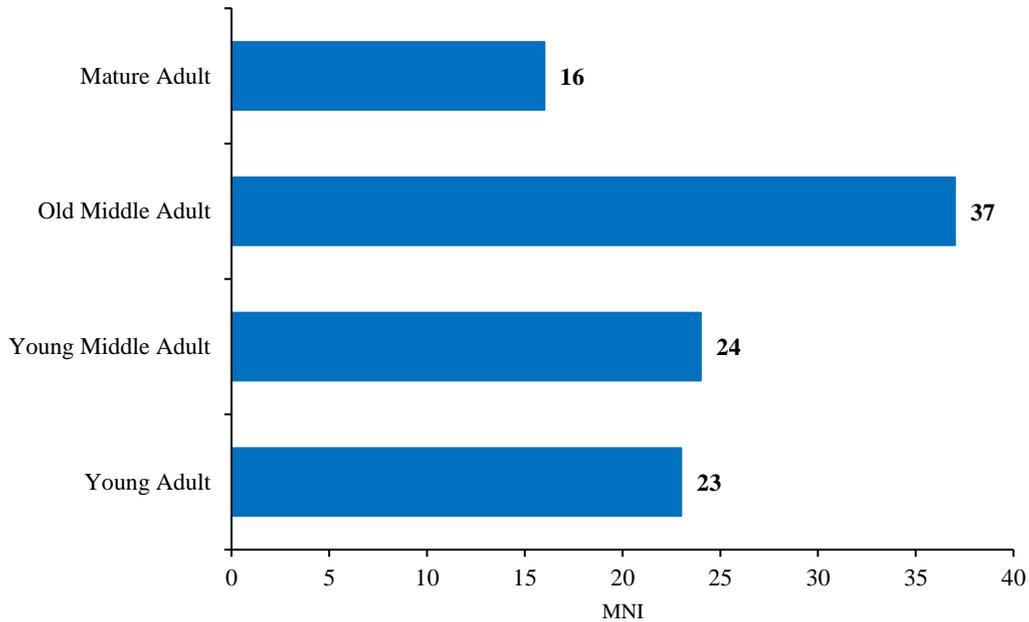

### Nonadult Age Groups from the Cotswolds-Mendip Region Assessed in the Modern Period (No Undetermined)

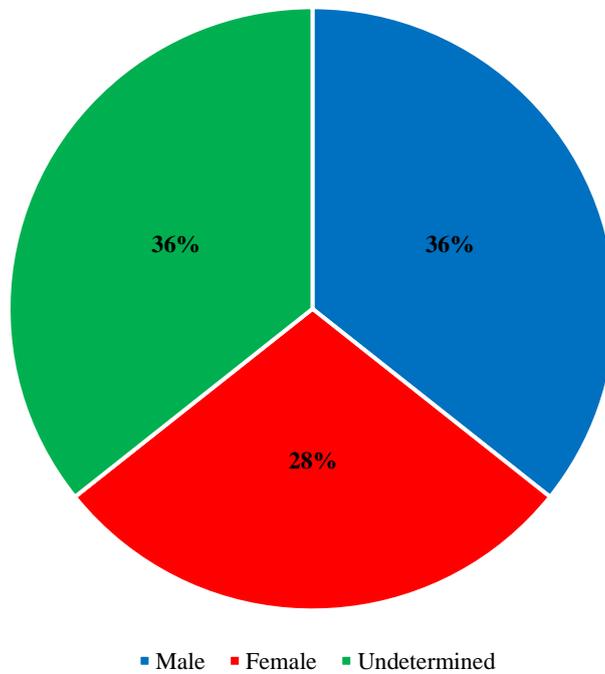

### Adult Age Groups from the Cotswolds-Mendip Region Assessed in the Modern Period

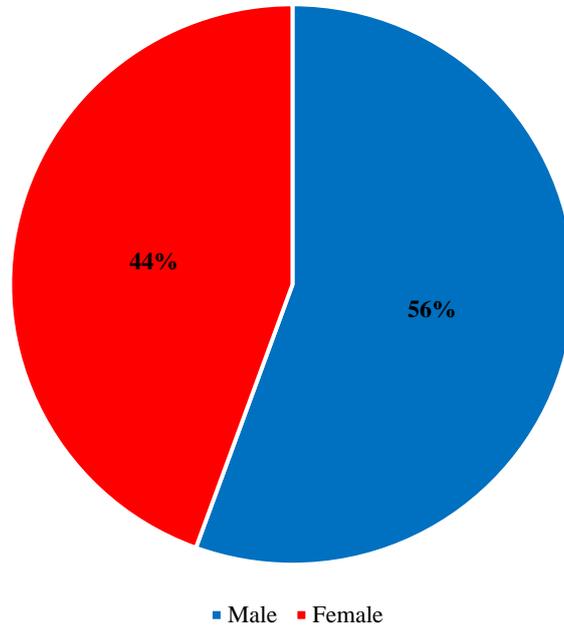

### Adult Age Groups from the Cotswolds-Mendip Region Assessed in the Modern Period (No Undetermined)

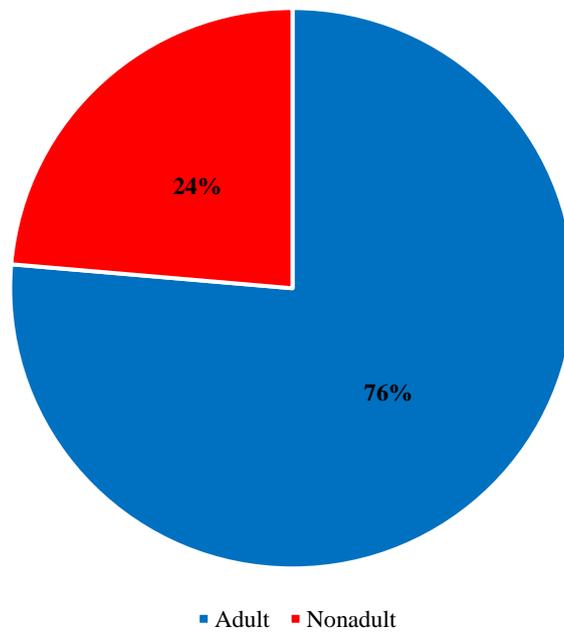

### Biological Sex Representation from the Dyfed Region Assessed in the Modern Period (N=42)

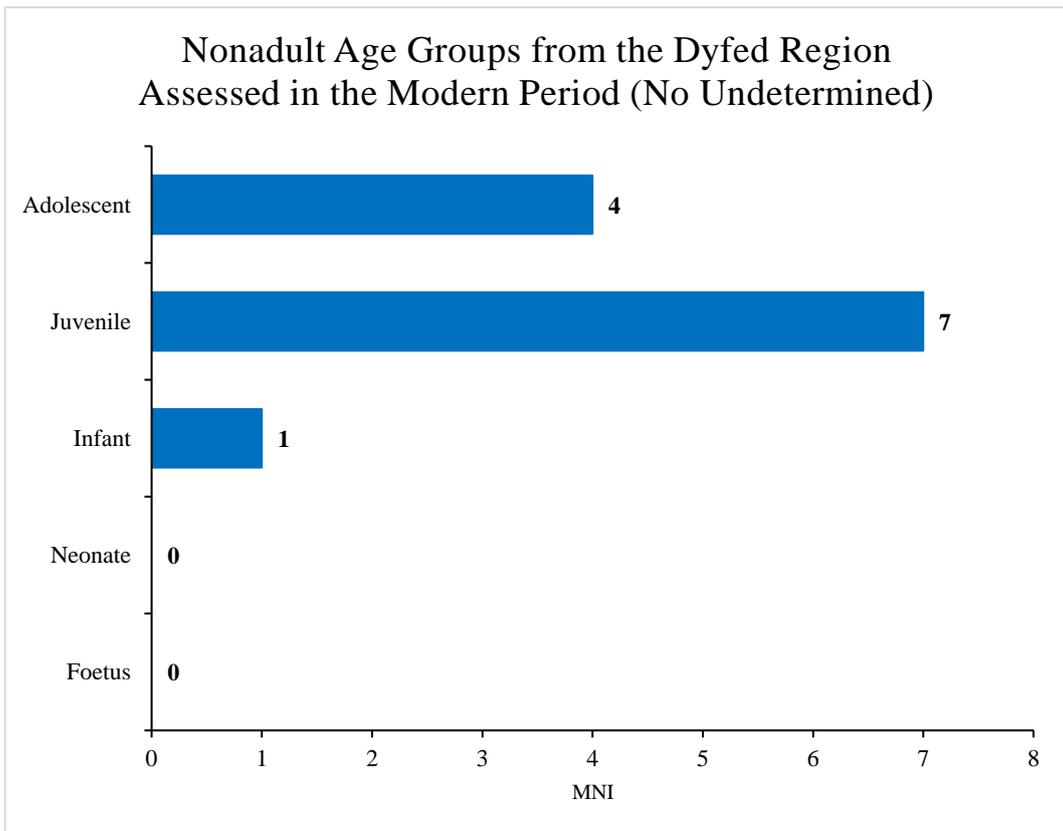

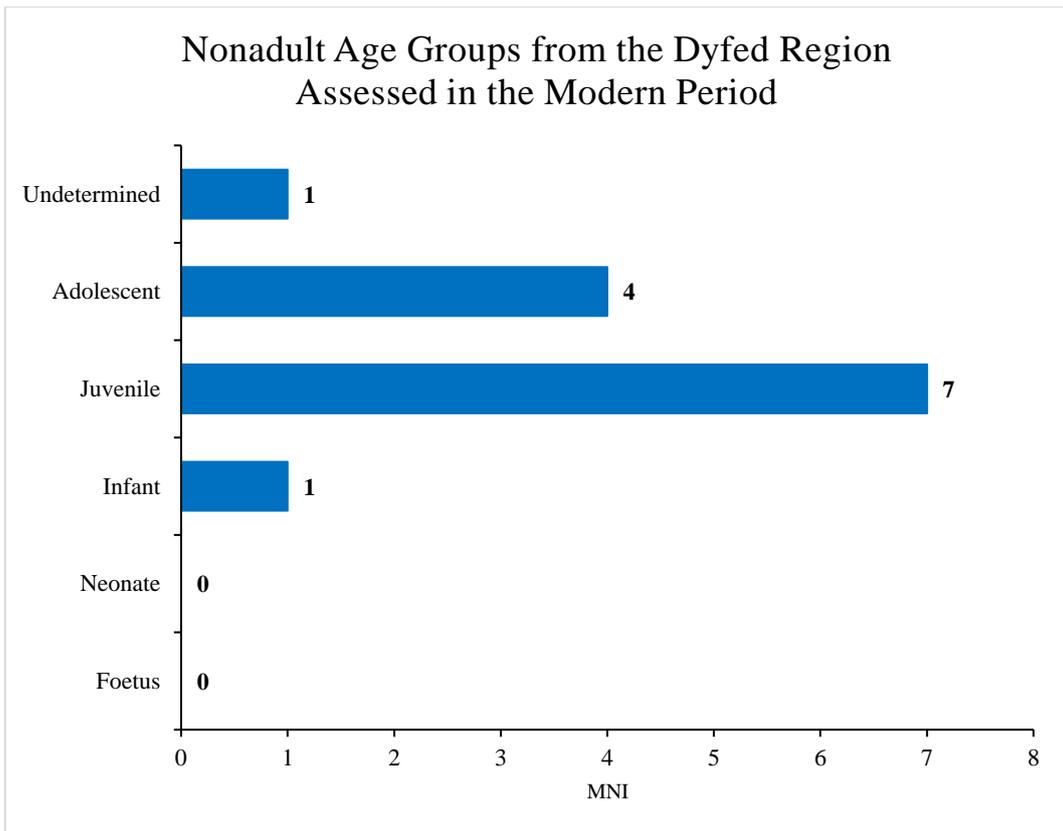

Biological Sex Representation from the Dyfed Region Assessed in the Modern Period (No Undetermined) (N=27)

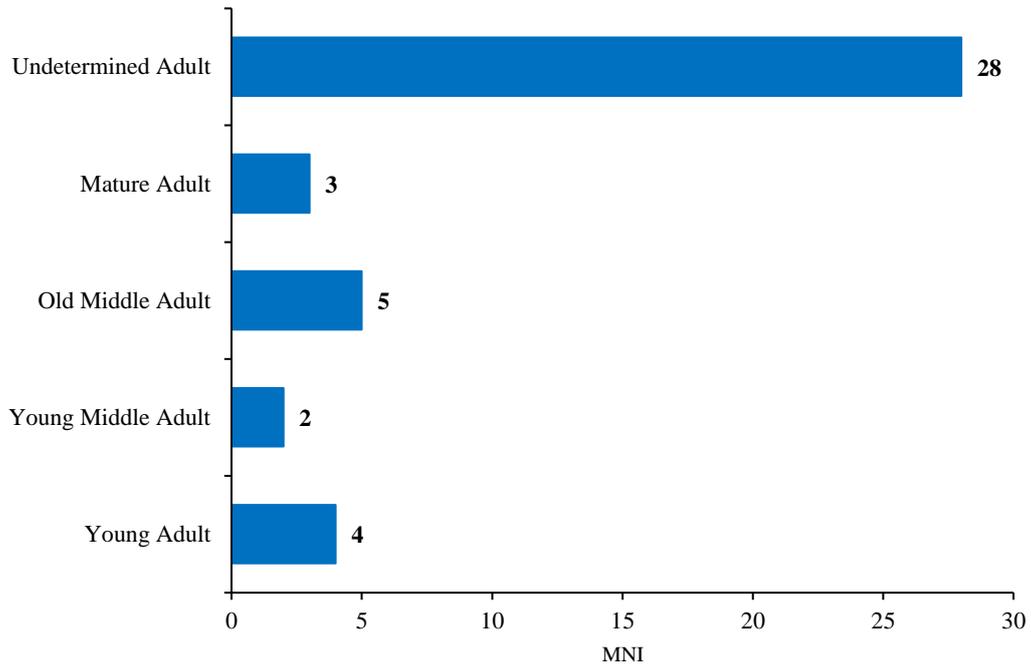

Adult vs Nonadult Representation from the Dyfed Region Assessed in the Modern Period (N=55)

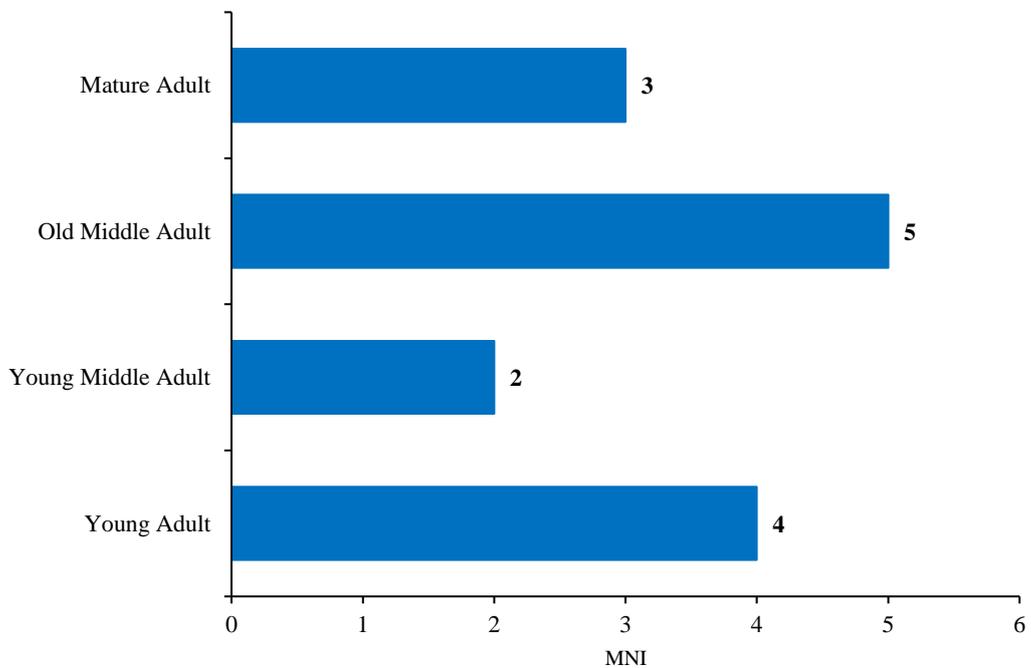

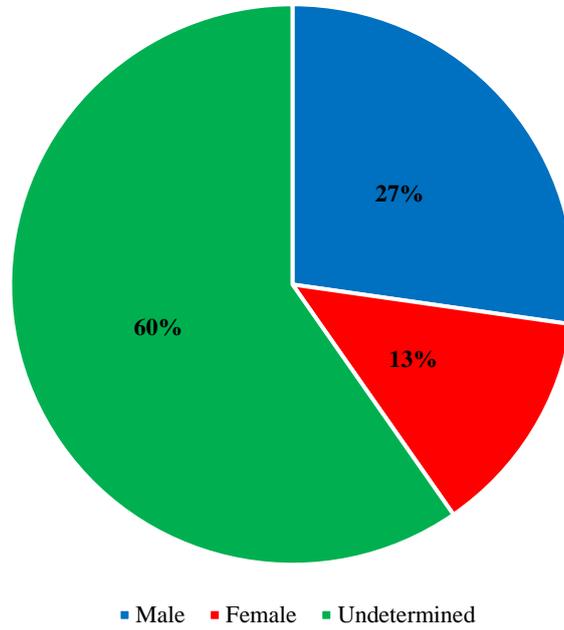

Adult Age Groups from the Dyfed Region Assessed  
in the Modern Period

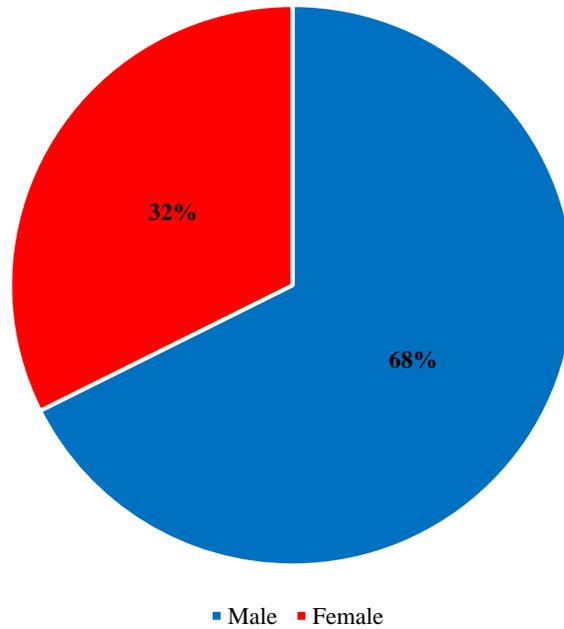

Adult Age Groups from the Dyfed Region Assessed  
in the Modern Period (No Undetermined)

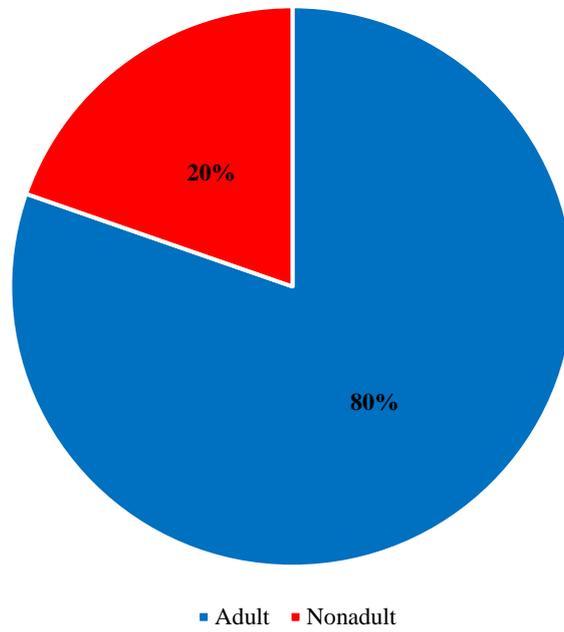

Biological Sex Representation from the East England Region Assessed in the Modern Period (N=176)

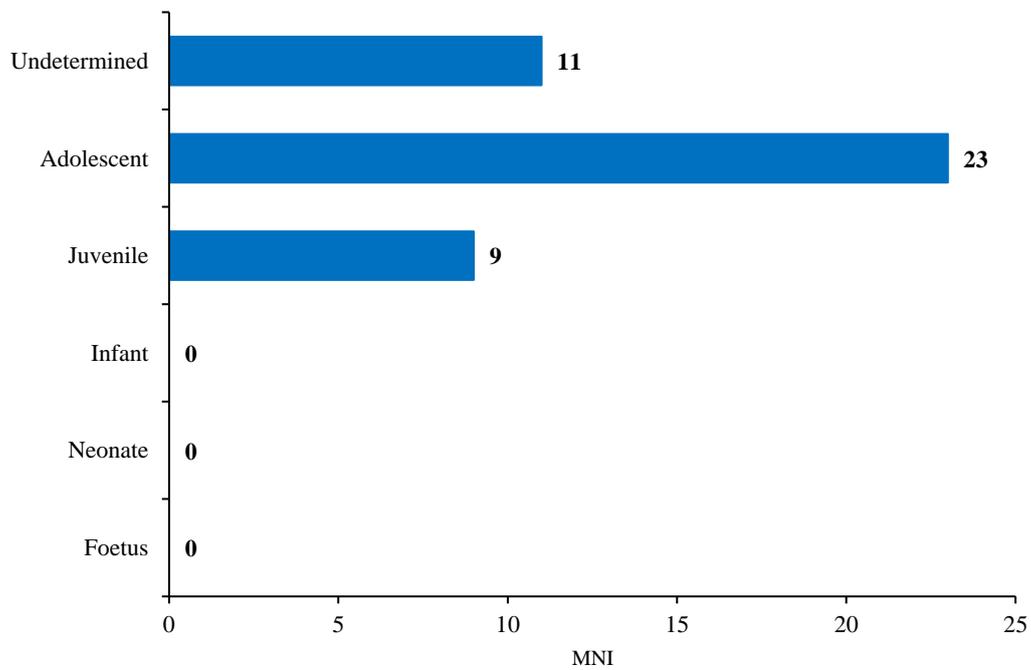

Biological Sex Representation from the East England Region Assessed in the Modern Period (No Undetermined) (N=71)

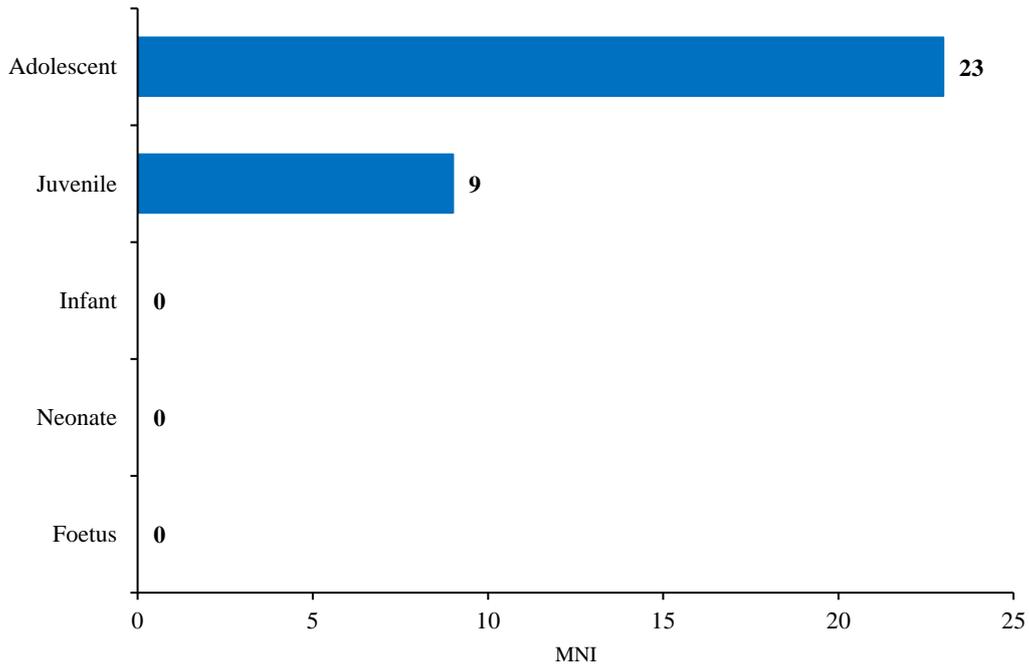

Adult vs Nonadult Representation from the East England Region Assessed in the Modern Period (N=219)

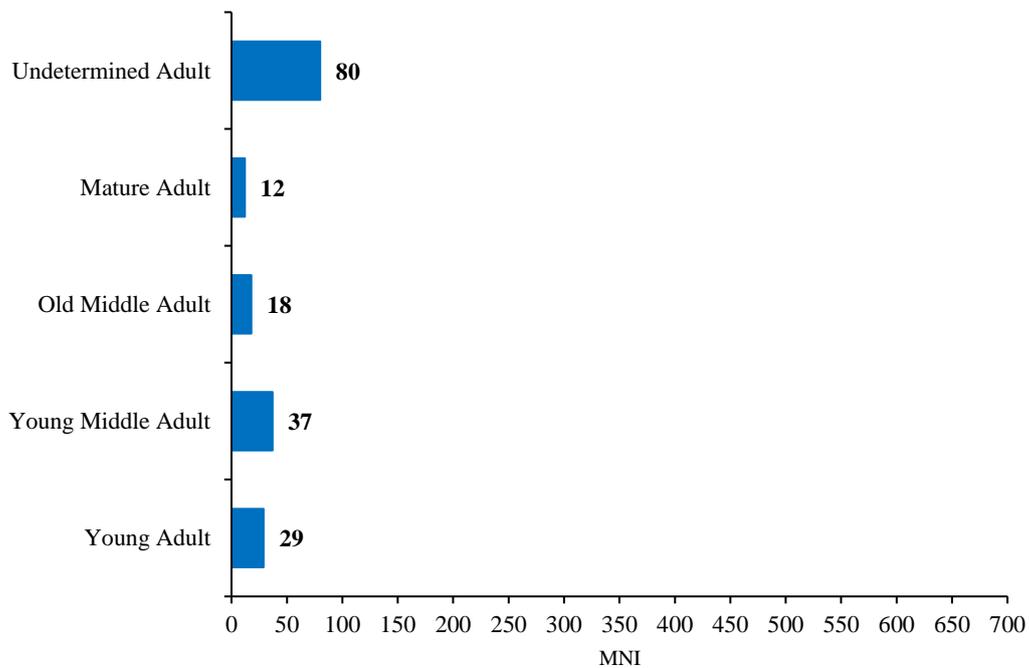

Nonadult Age Groups from the East England Region Assessed in the Modern Period

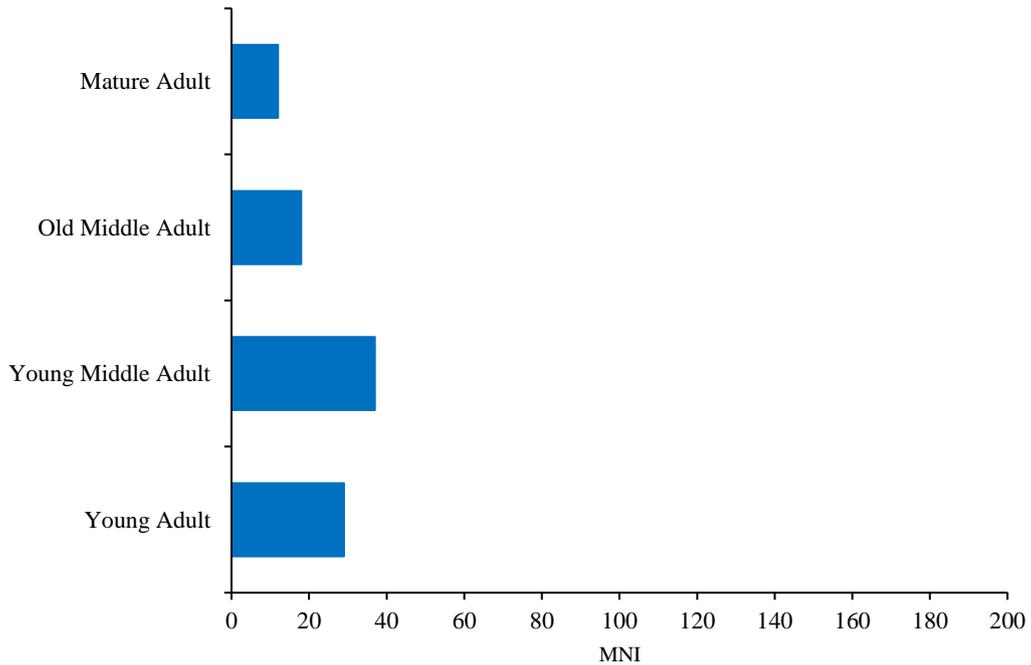

### Nonadult Age Groups from the East England Region Assessed in the Modern Period (No Undetermined)

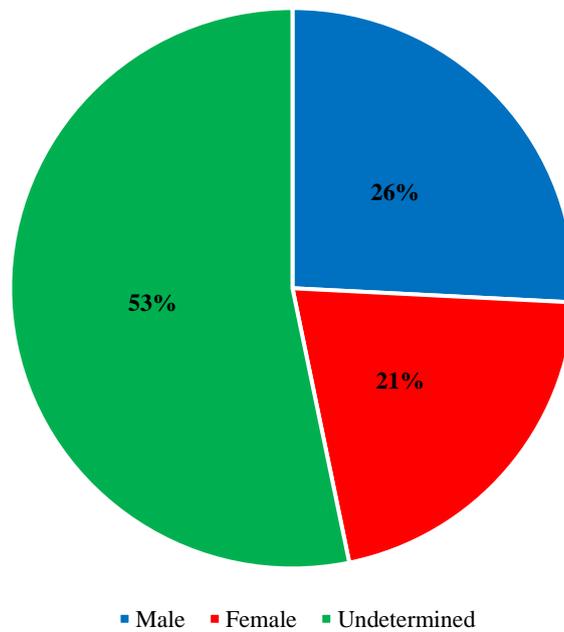

### Adult Age Groups from the East England Region Assessed in the Modern Period

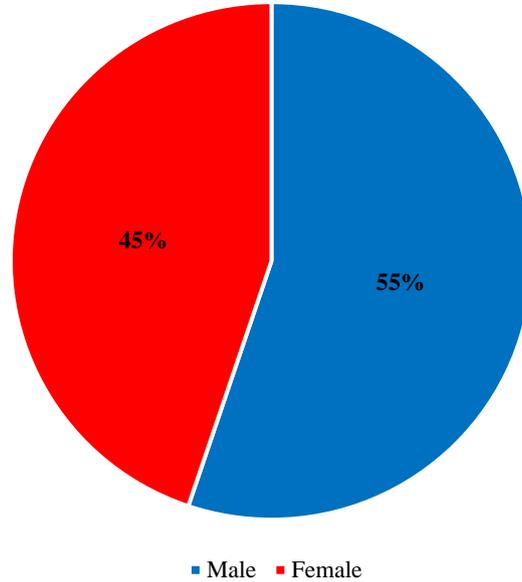

Adult Age Groups from the East England Region  
Assessed in the Modern Period (No Undetermined)

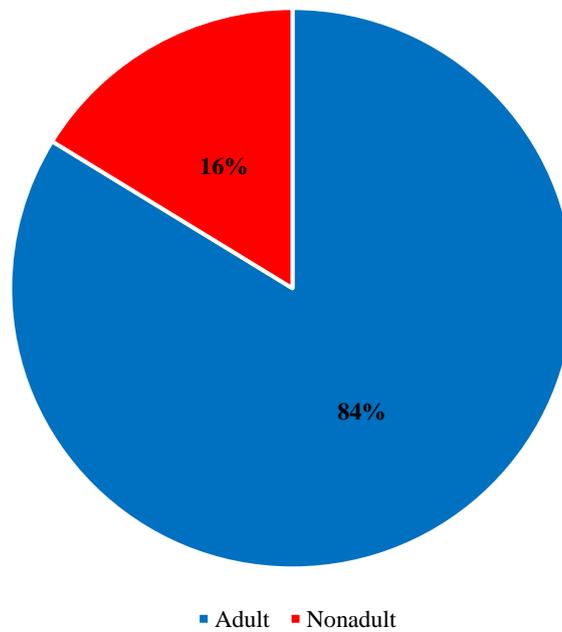

Biological Sex Representation from the East  
England Region Without Banbury Lane 1  
Assessed in the Modern Period (N=62)

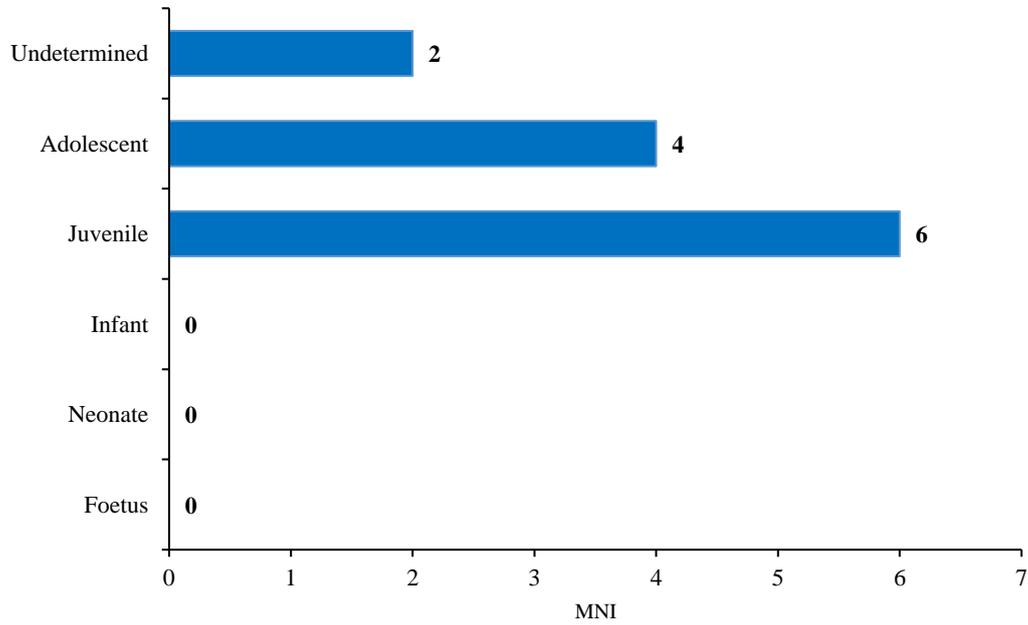

Biological Sex Representation from the East  
England Region Without Banbury Lane 1  
Assessed in the Modern Period (No  
Undetermined) (N=29)

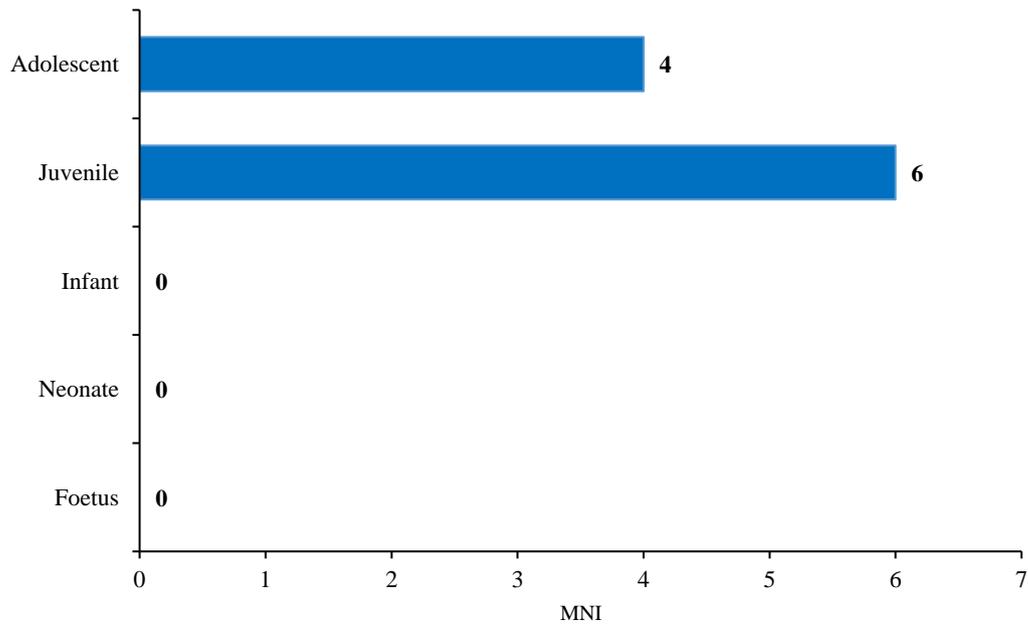

Adult vs Nonadult Representation from the  
East England Region Without Banbury Lane 1  
Assessed in the Modern Period (N=74)

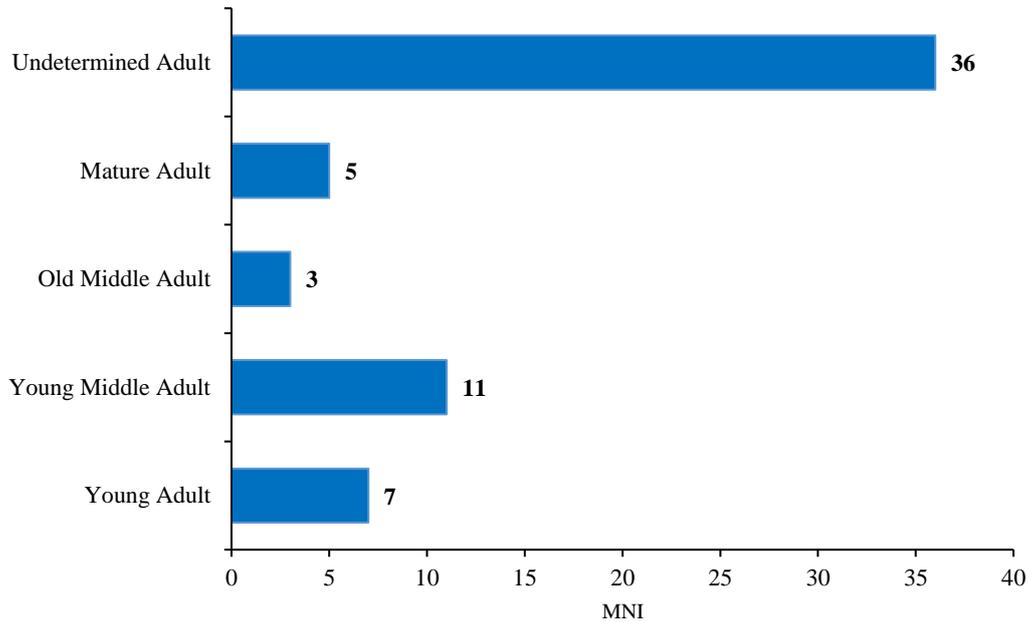

### Nonadult Age Groups from the East England Region Without Banbury Lane 1 Assessed in the Modern Period

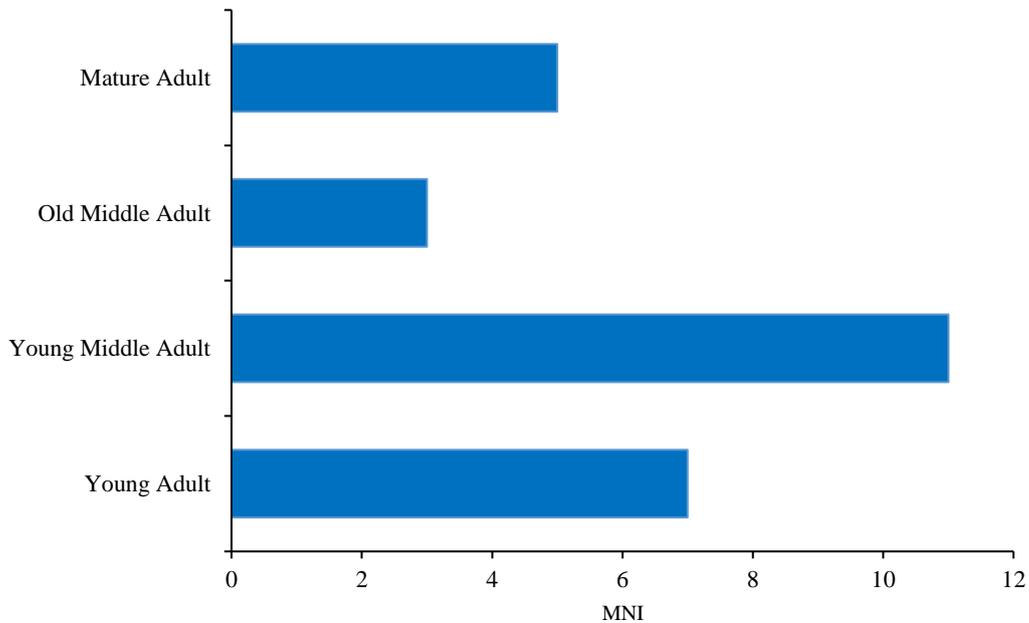

### Nonadult Age Groups from the East England Region Without Banbury Lane 1 Assessed in the Modern Period (No Undetermined)

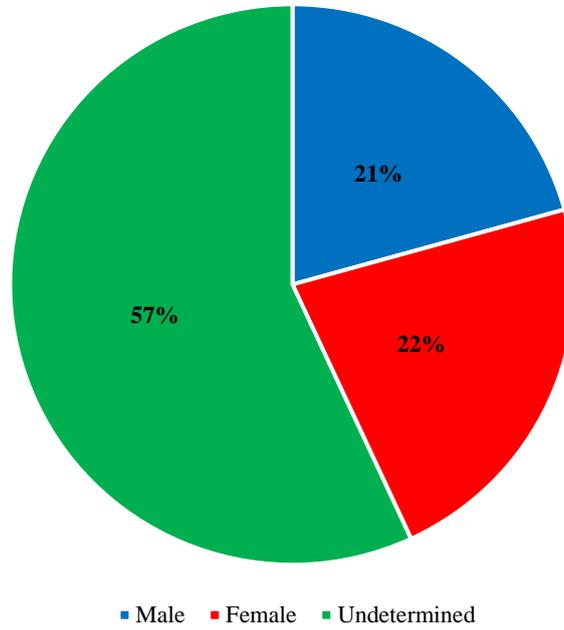

### Adult Age Groups from the East England Region Without Banbury Lane 1 Assessed in the Modern Period

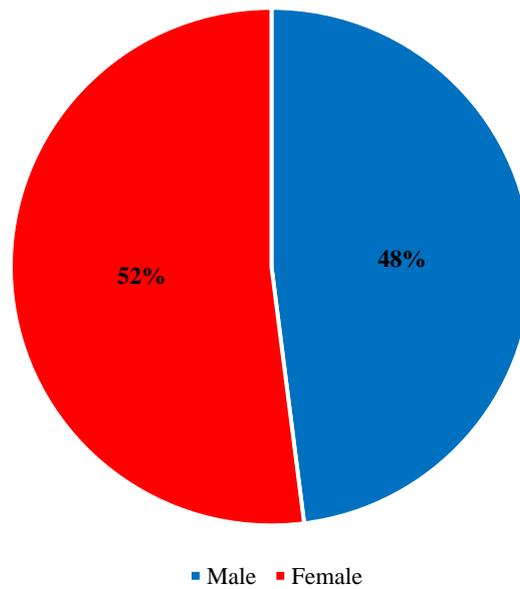

### Adult Age Groups from the East England Region Without Banbury Lane 1 Assessed in the Modern Period (No Undetermined)

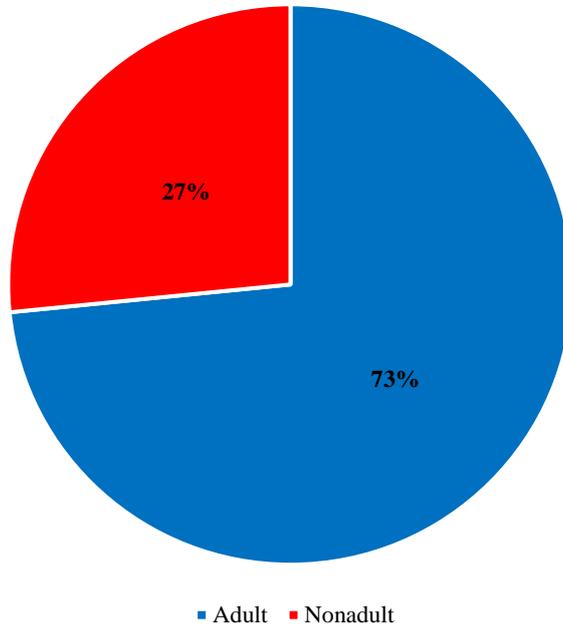

Biological Sex Representation from the East  
Yorkshire-South East Northumbria Region  
Assessed in the Modern Period (N=58)

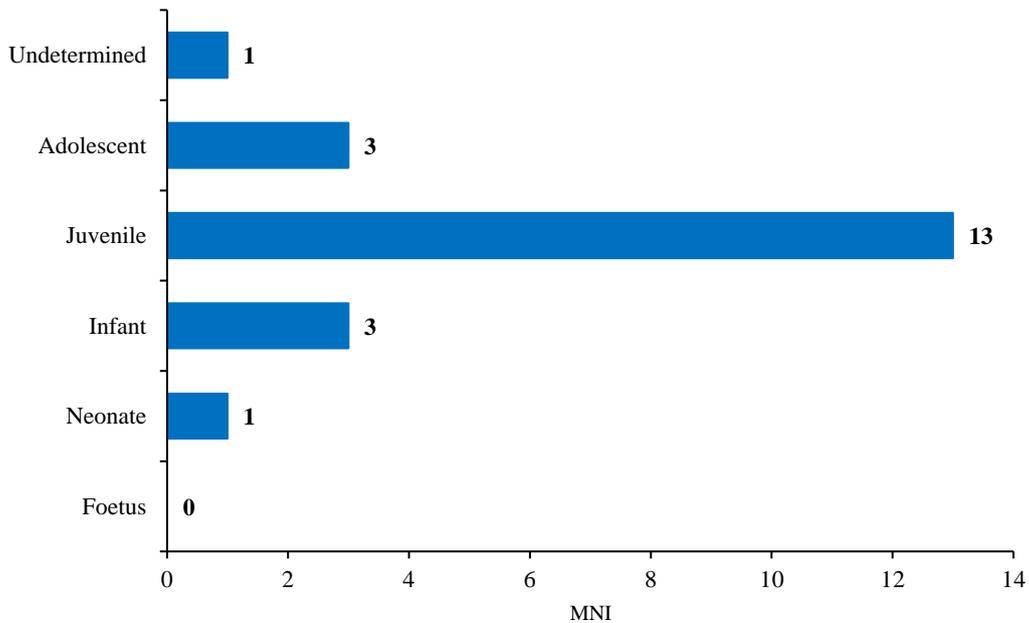

Biological Sex Representation from the East  
Yorkshire-South East Northumbria Region  
Assessed in the Modern Period (No  
Undetermined) (N=25)

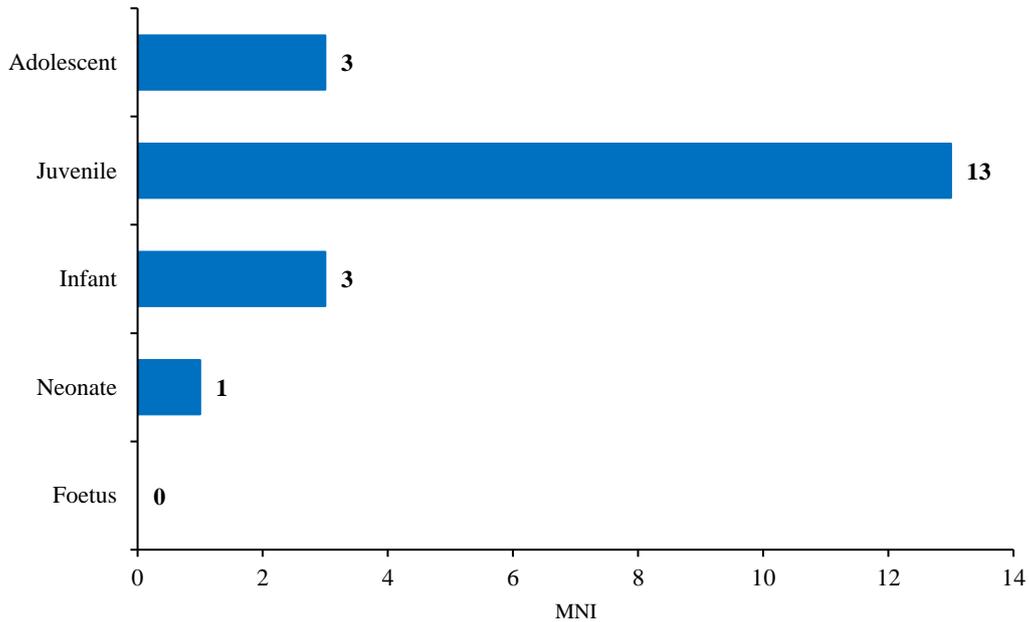

Adult vs Nonadult Representation from the East Yorkshire-South East Northumbria Region Assessed in the Modern Period (N=79)

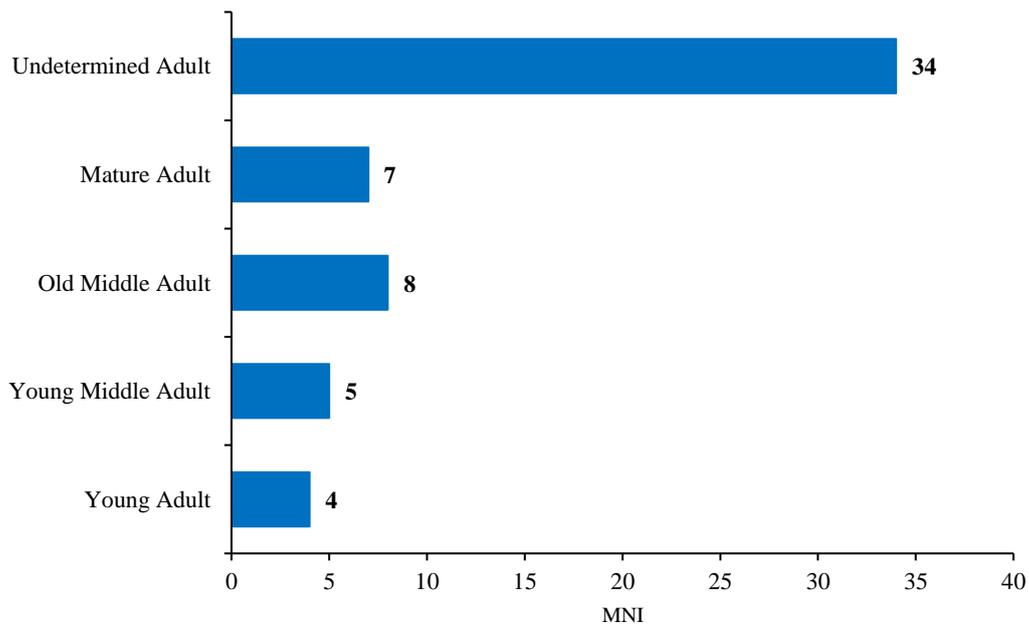

Nonadult Age Groups from the East Yorkshire-South East Northumbria Region Assessed in the Modern Period

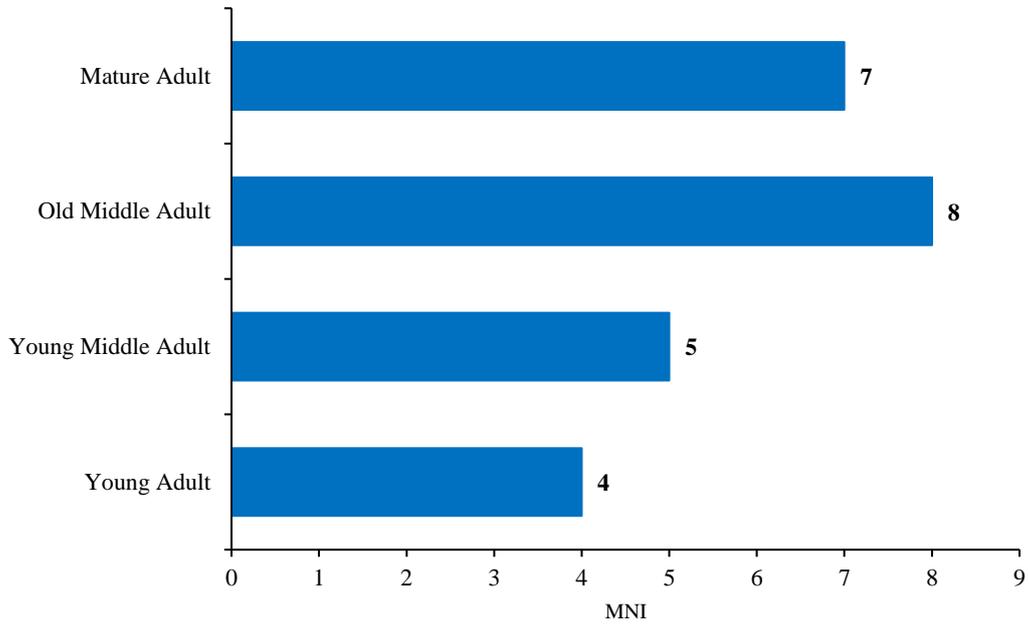

Nonadult Age Groups from the East Yorkshire-South  
East Northumbria Region Assessed in the Modern  
Period (No Undetermined)

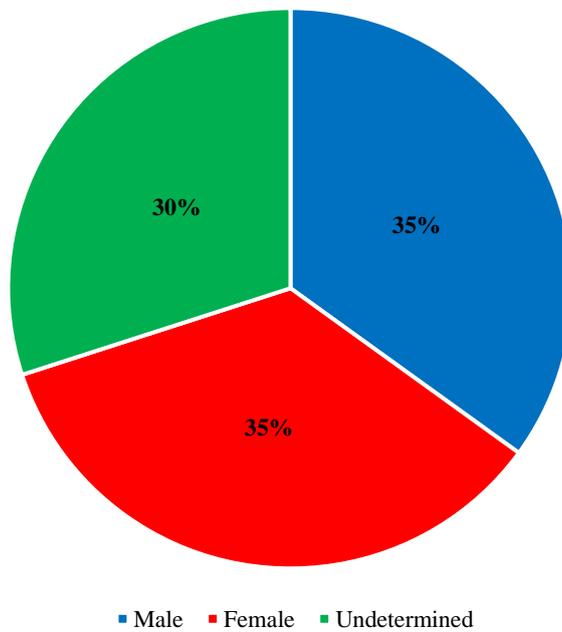

Adult Age Groups from the East Yorkshire-South  
East Northumbria Region Assessed in the Modern  
Period

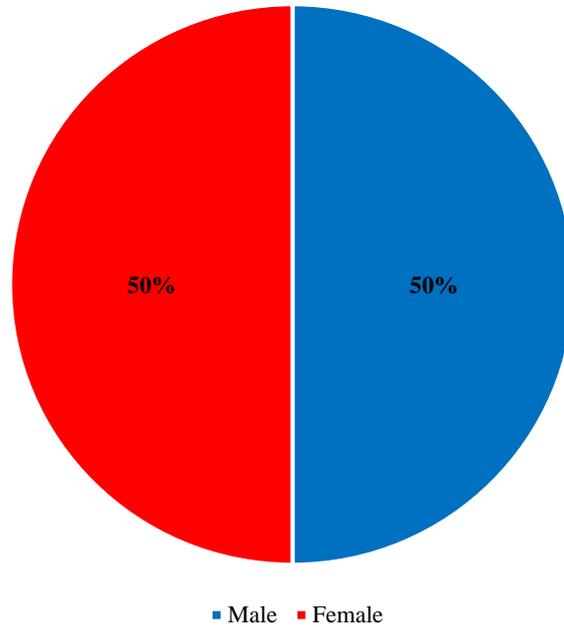

Adult Age Groups from the East Yorkshire-South East Northumbria Region Assessed in the Modern Period (No Undetermined)

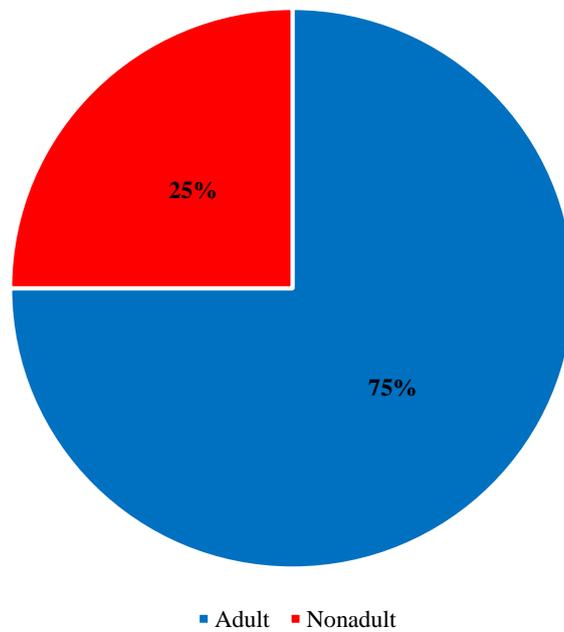

Biological Sex Representation from the Essex-Kent-Sussex Region Assessed in the Modern Period (N=60)

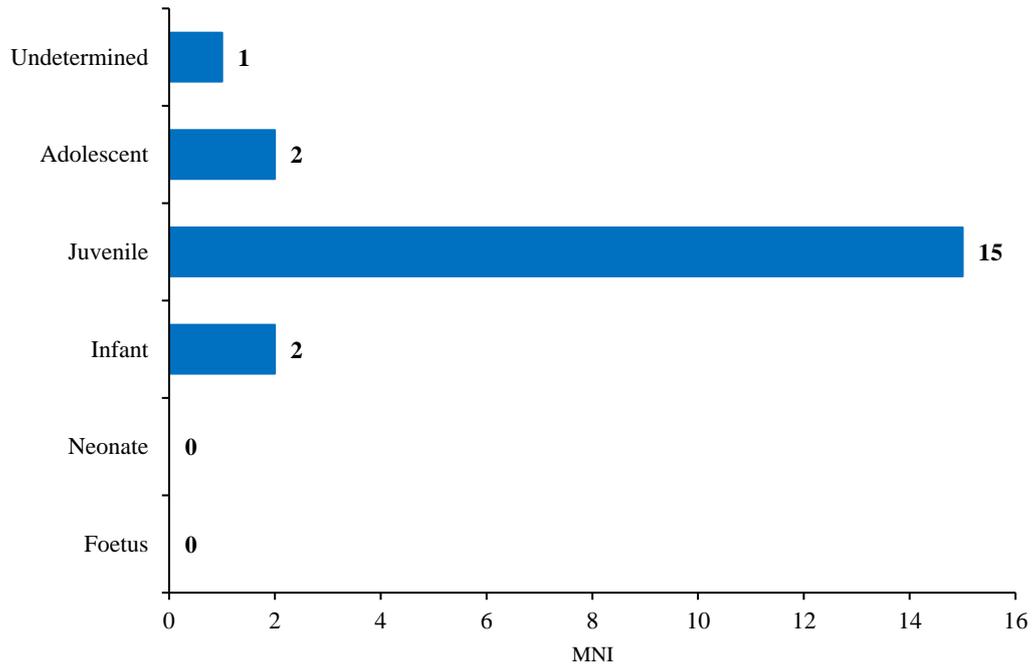

Biological Sex Representation from the Essex-Kent-Sussex Region Assessed in the Modern Period (No Undetermined) (N=42)

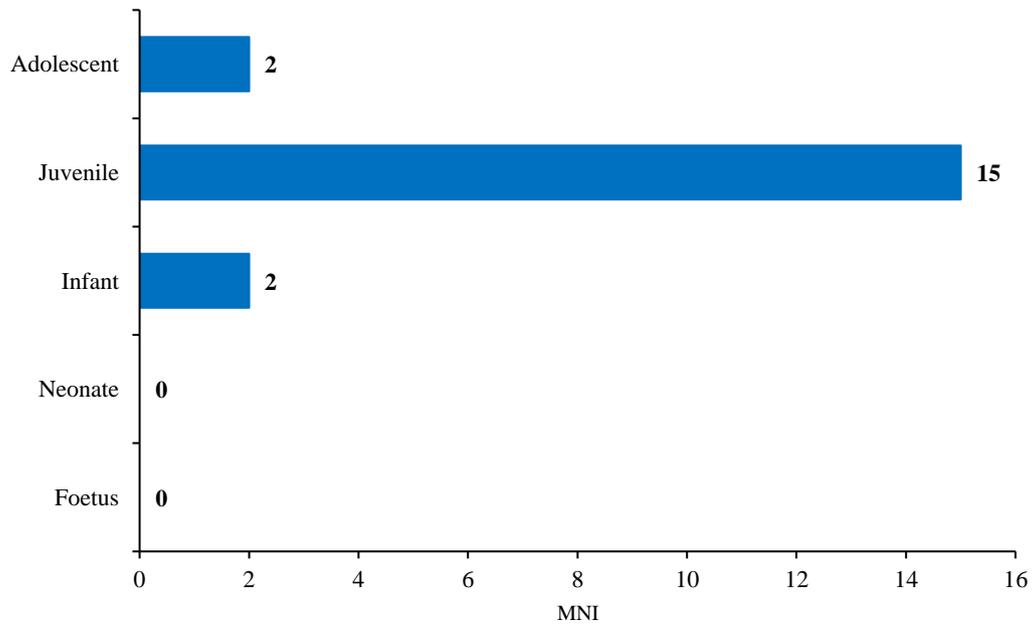

Adult vs Nonadult Representation from the Essex-Kent-Sussex Region Assessed in the Modern Period (N=80)

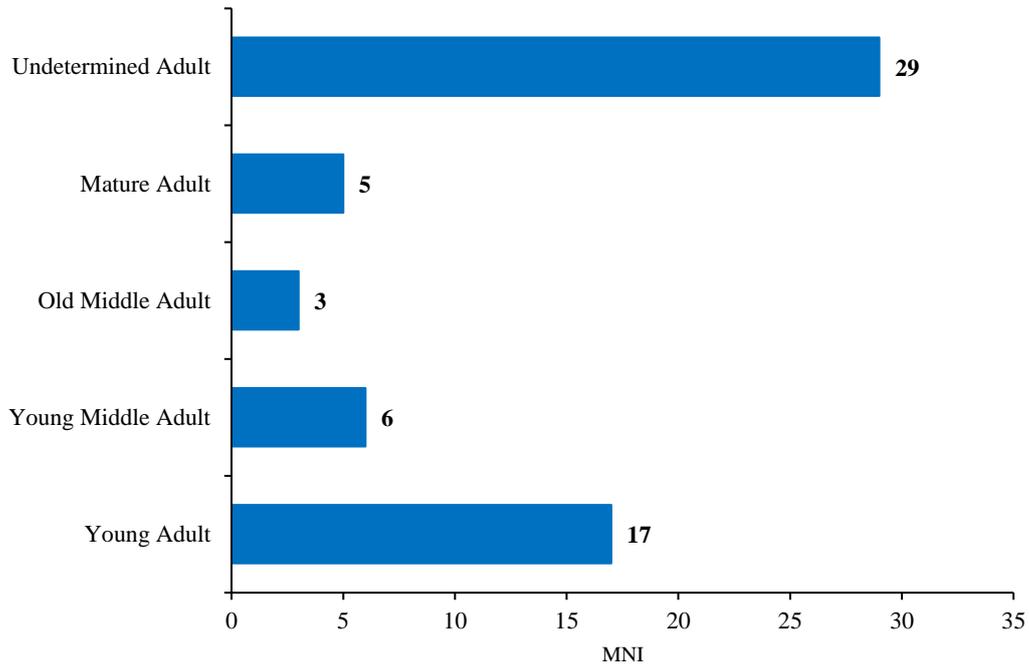

### Nonadult Age Groups from the Essex-Kent-Sussex Region Assessed in the Modern Period

### Adult Age Groups from the Essex-Kent-Sussex Region Assessed in the Modern Period

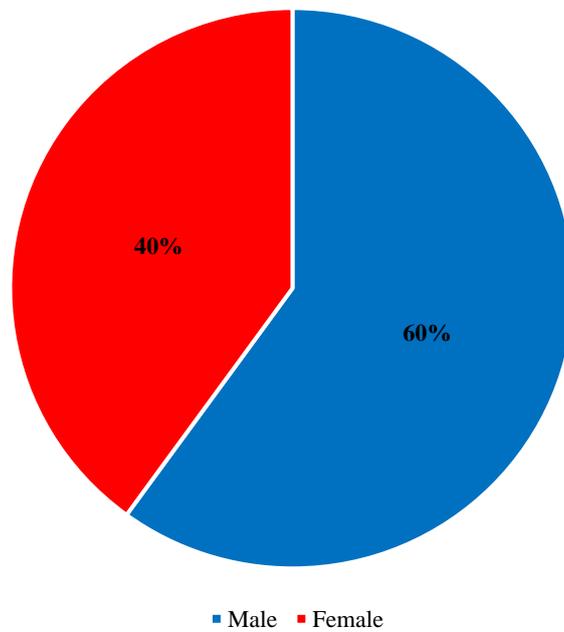

### Adult Age Groups from the Essex-Kent-Sussex Region Assessed in the Modern Period (No Undetermined)

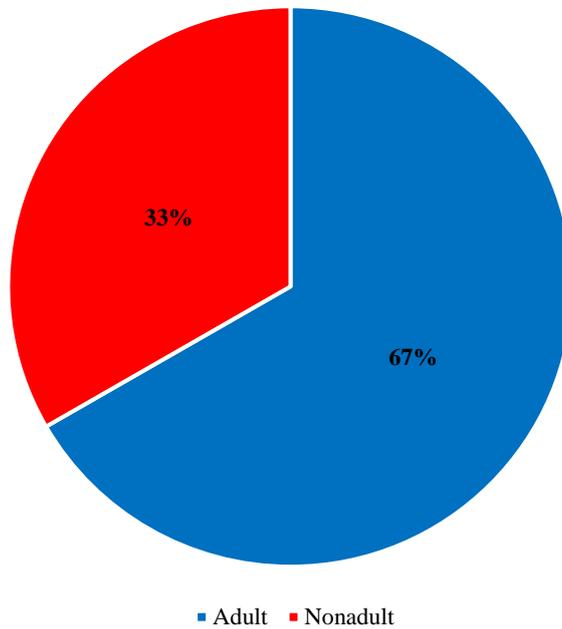

Biological Sex Representation from the Glamorgan-Monmouth Region Assessed in the Modern Period (N=28)

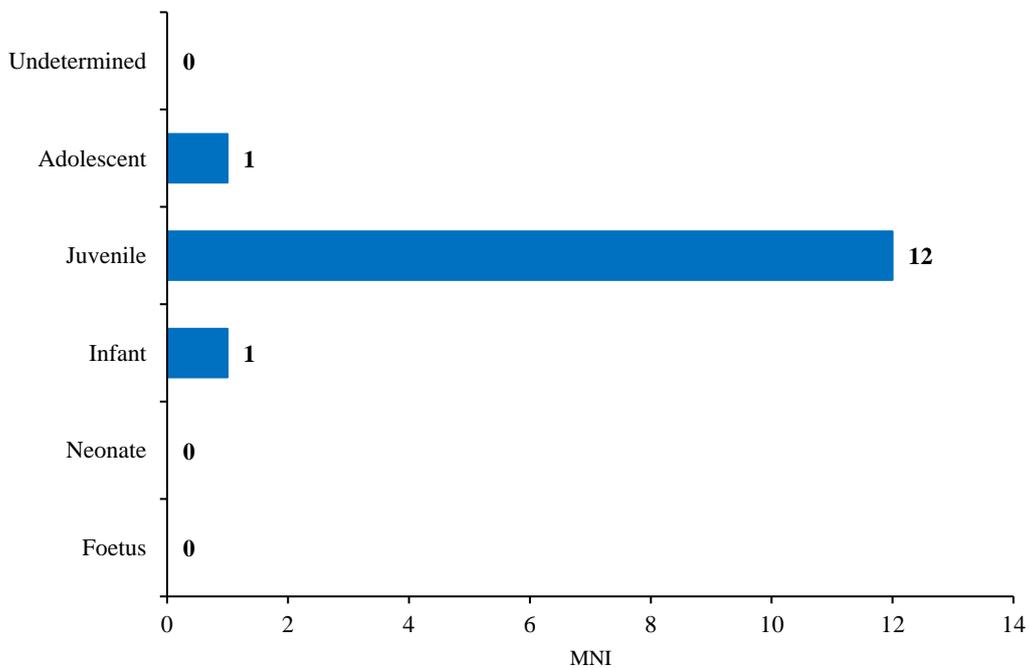

Biological Sex Representation from the Glamorgan-Monmouth Region Assessed in the Modern Period (No Undetermined) (N=5)

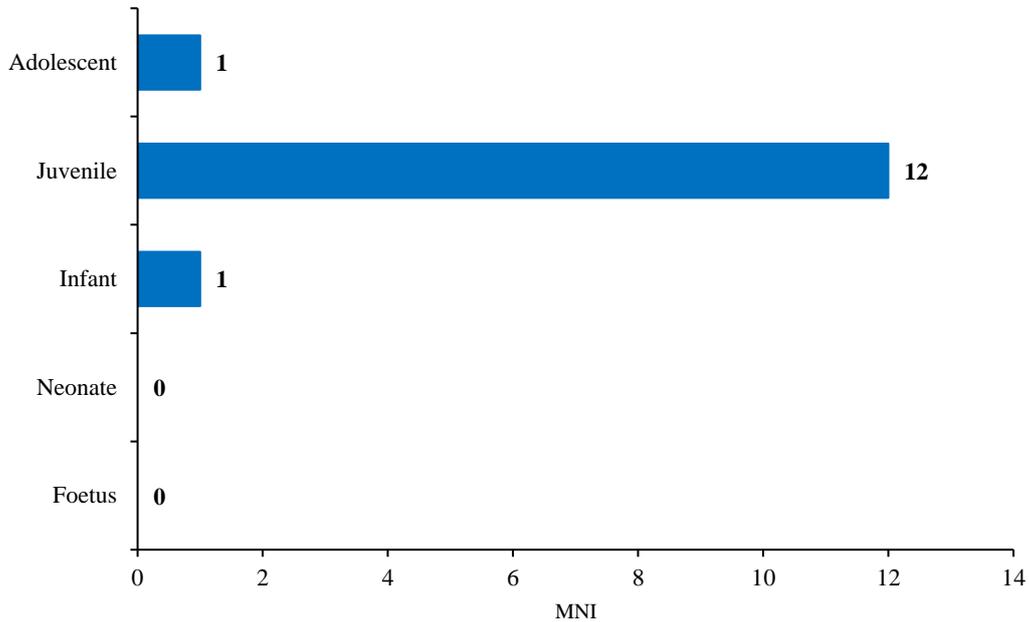

Adult vs Nonadult Representation from the Glamorgan-Monmouth Region Assessed in the Modern Period (N=42)

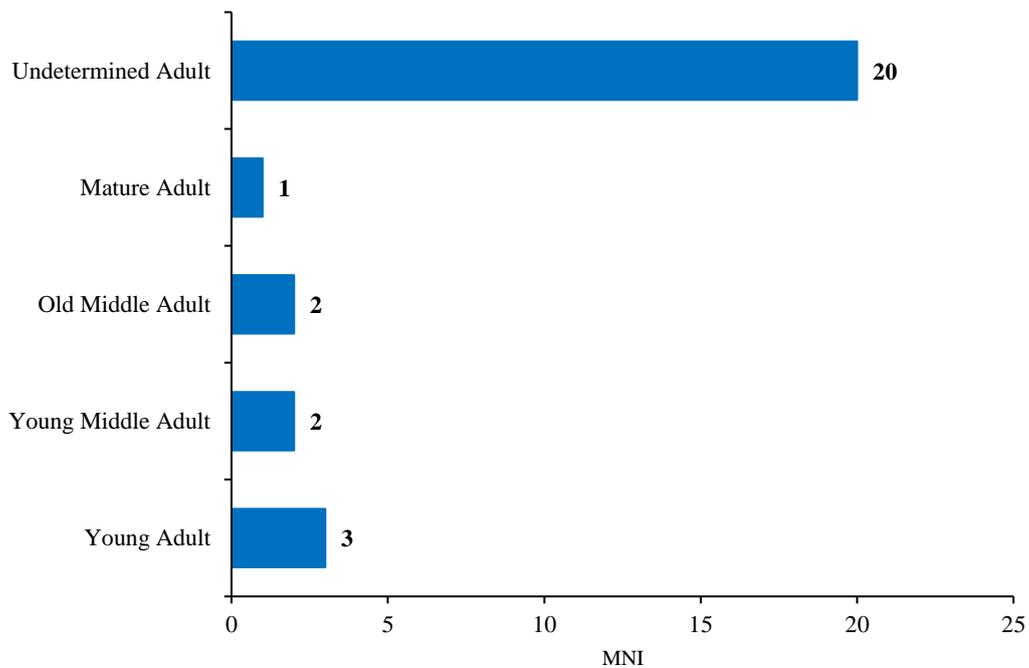

Nonadult Age Groups from the Glamorgan-Monmouth Region Assessed in the Modern Period

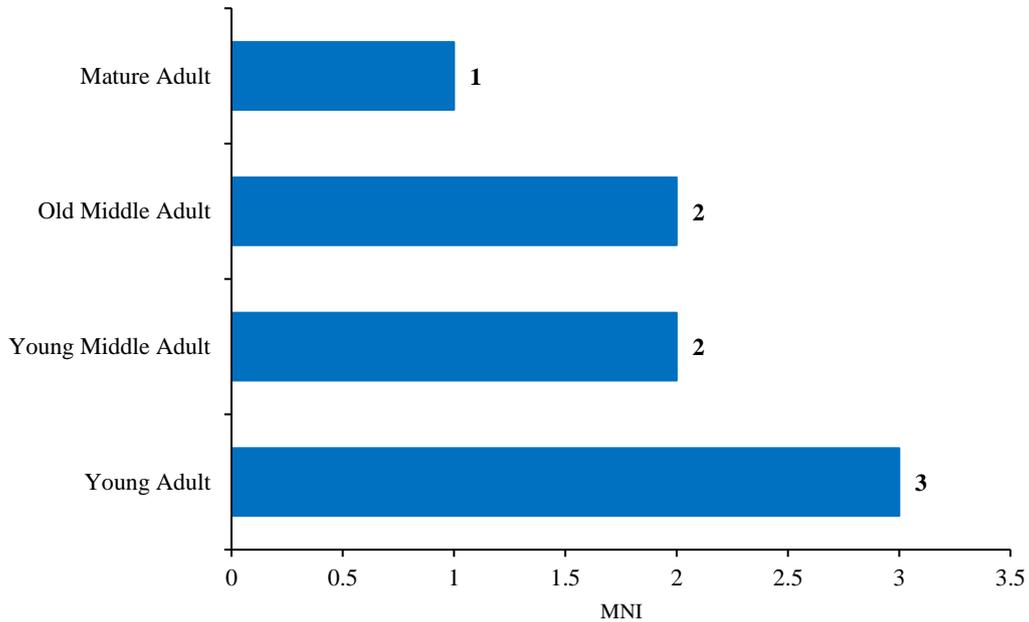

Nonadult Age Groups from the Glamorgan-Monmouth Region Assessed in the Modern Period  
(No Undetermined)

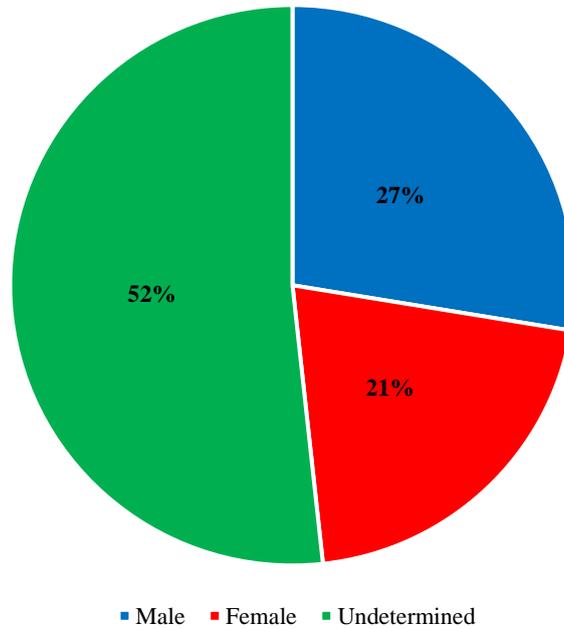

Adult Age Groups from the Glamorgan-Monmouth Region Assessed in the Modern Period

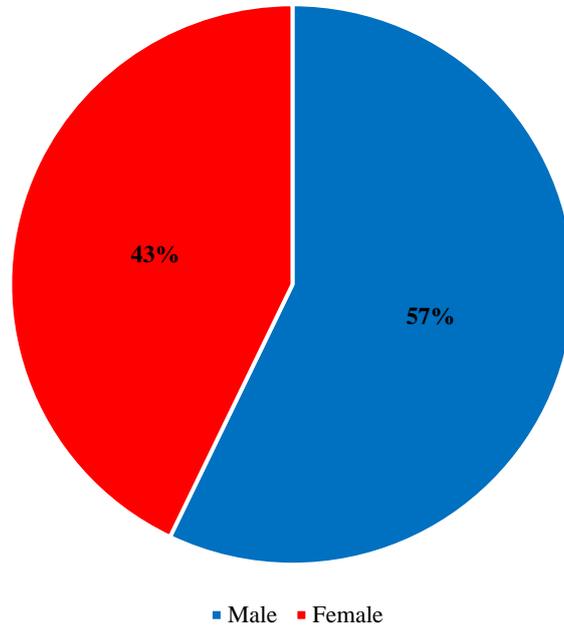

### Adult Age Groups from the Glamorgan-Monmouth Region Assessed in the Modern Period (No Undetermined)

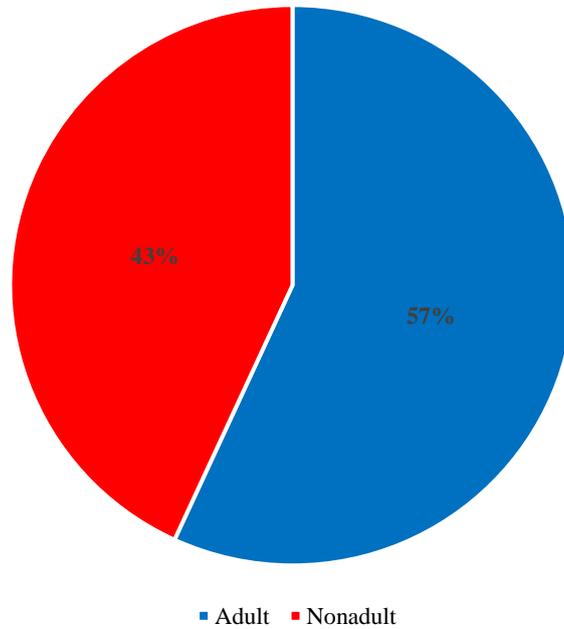

### Biological Sex Representation from the Highlands Region Assessed in the Modern Period (N=29)

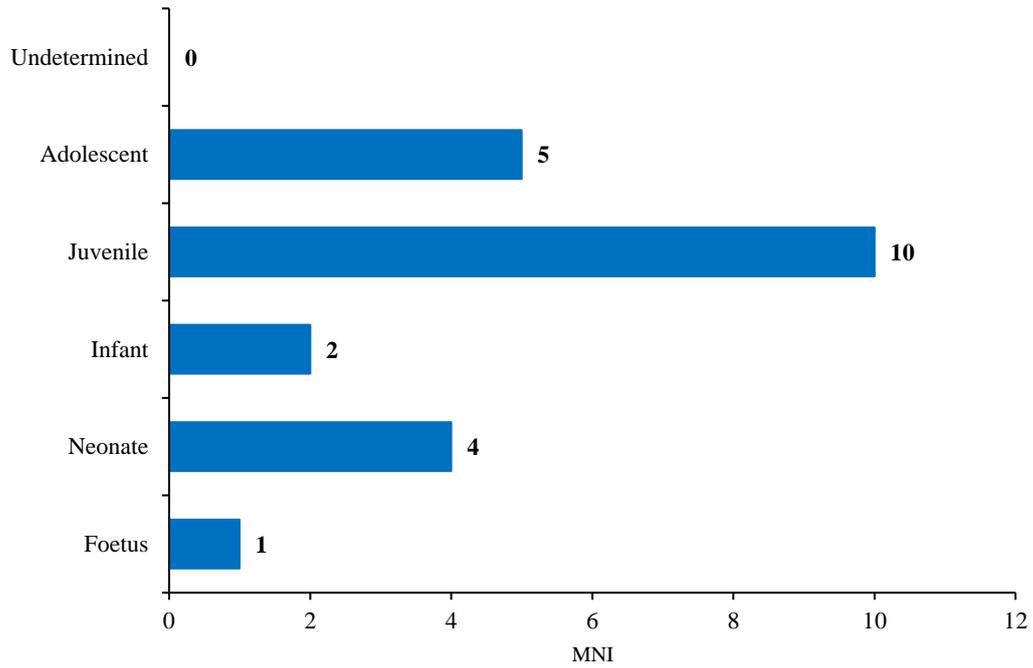

Biological Sex Representation from the Highlands Region Assessed in the Modern Period (No Undetermined) (N=14)

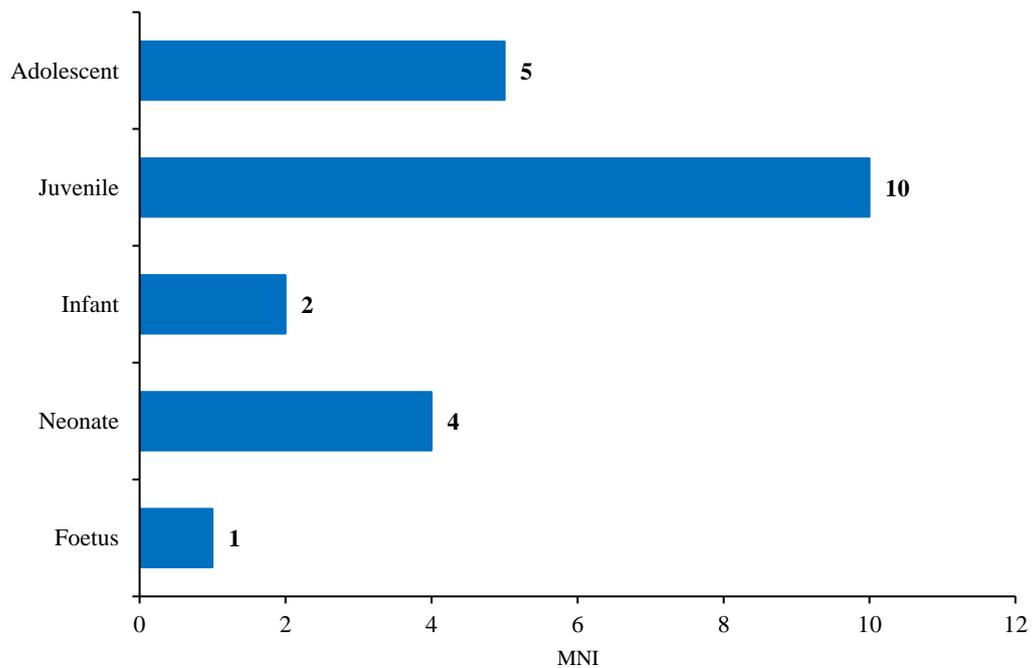

Adult vs Nonadult Representation from the Highlands Region Assessed in the Modern Period (N=51)

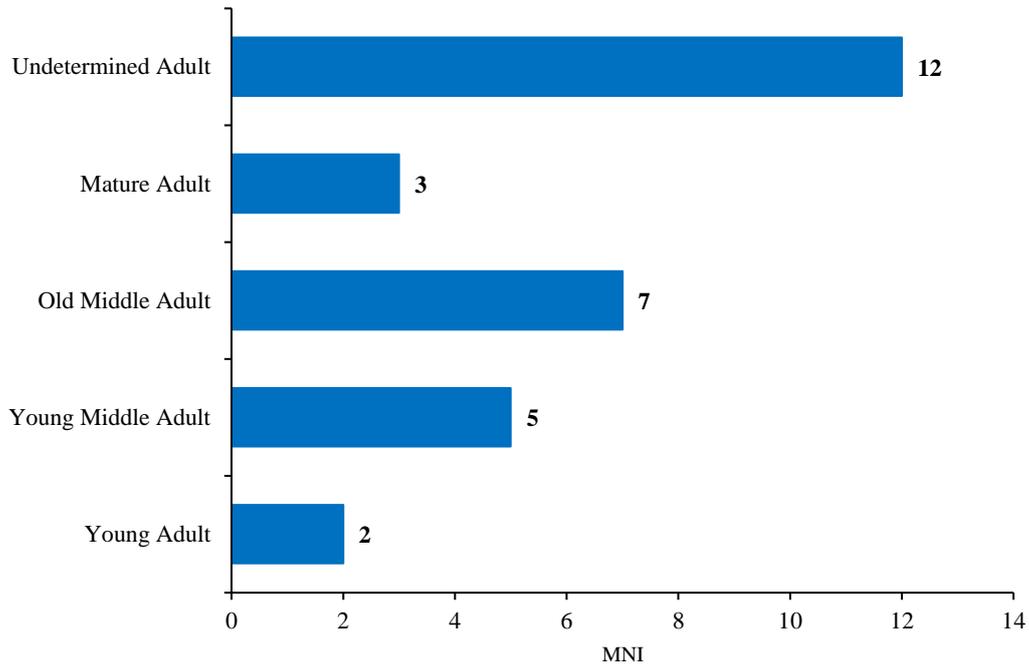

### Nonadult Age Groups from the Highlands Region Assessed in the Modern Period

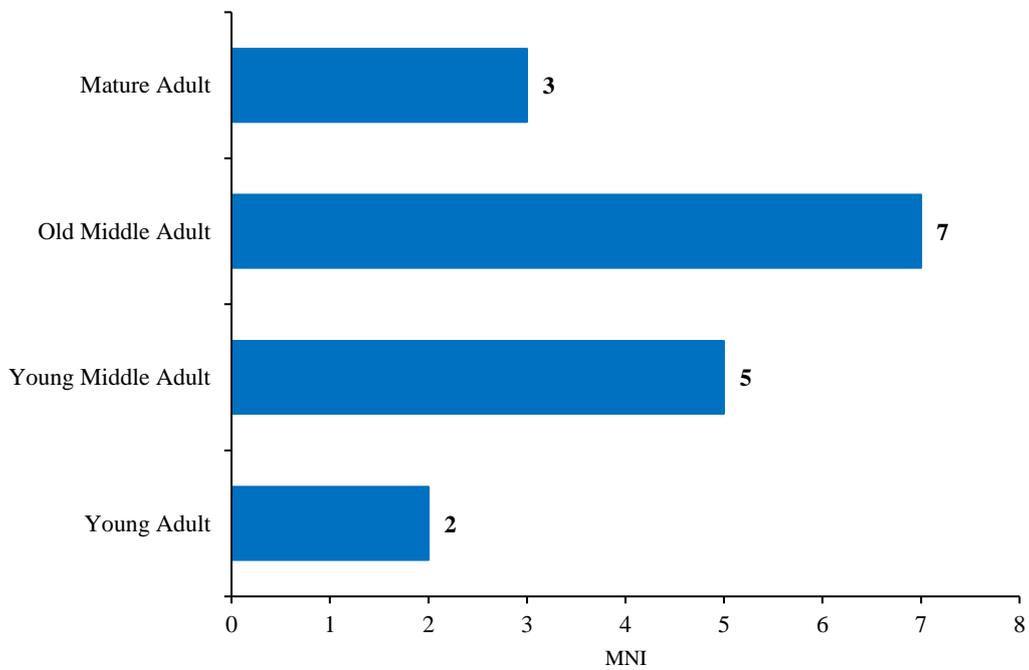

### Nonadult Age Groups from the Highlands Region Assessed in the Modern Period (No Undetermined)

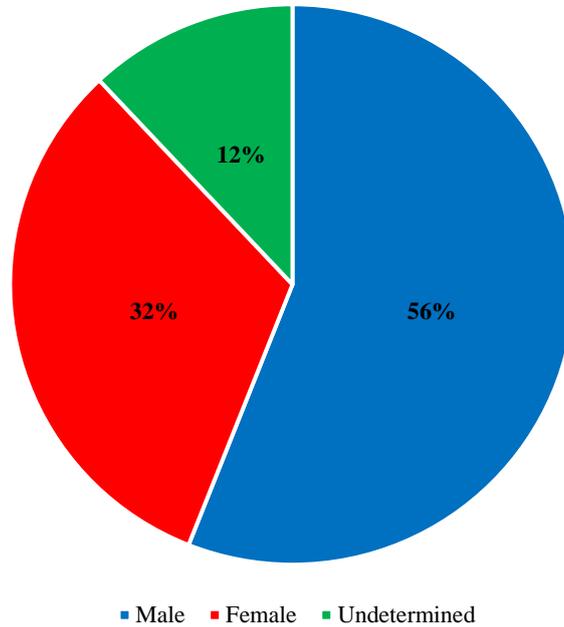

### Adult Age Groups from the Highlands Region Assessed in the Modern Period

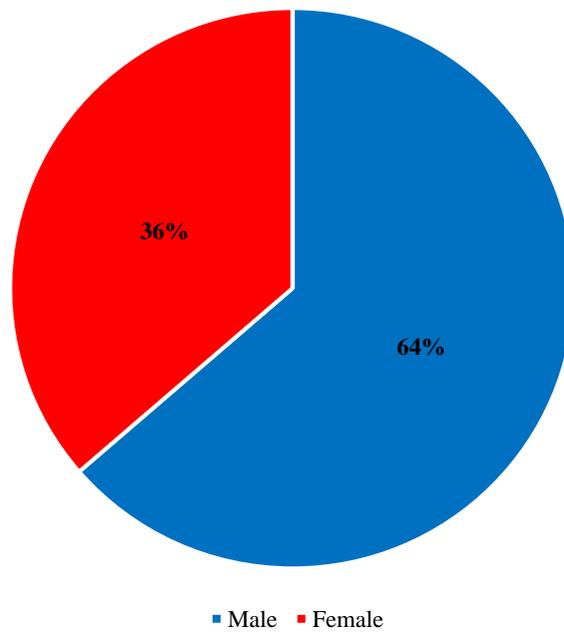

### Adult Age Groups from the Highlands Region Assessed in the Modern Period (No Undetermined)

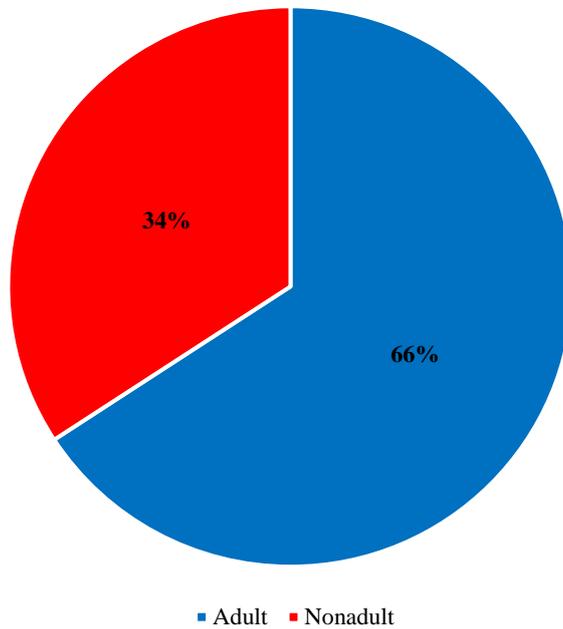

Biological Sex Representation from the Lake District-Yorkshire Dales Region Assessed in the Modern Period (N=25)

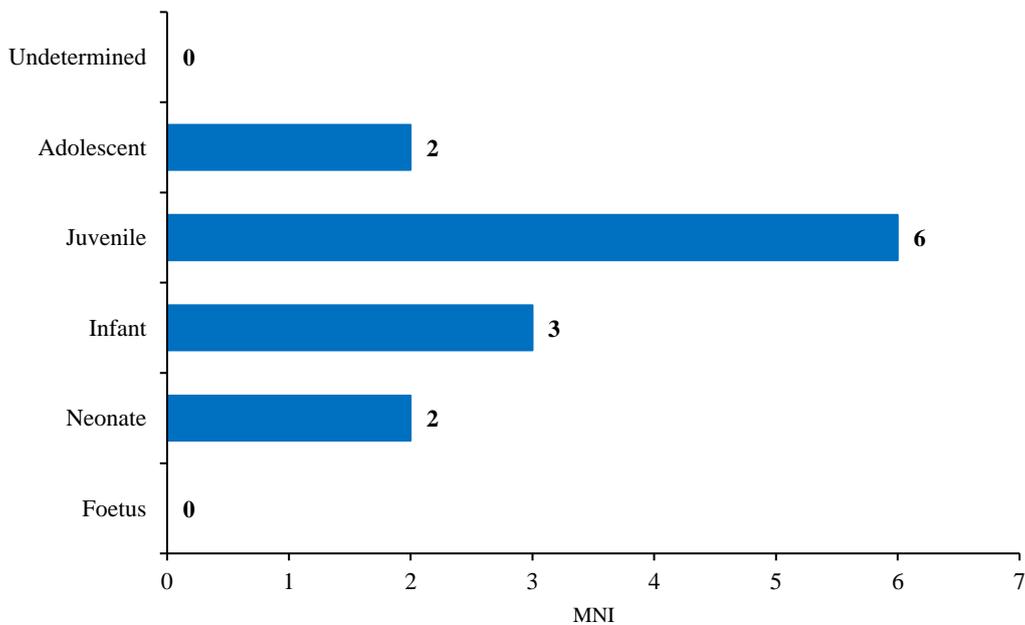

Biological Sex Representation from the Lake District-Yorkshire Dales Region Assessed in the Modern Period (No Undetermined) (N=22)

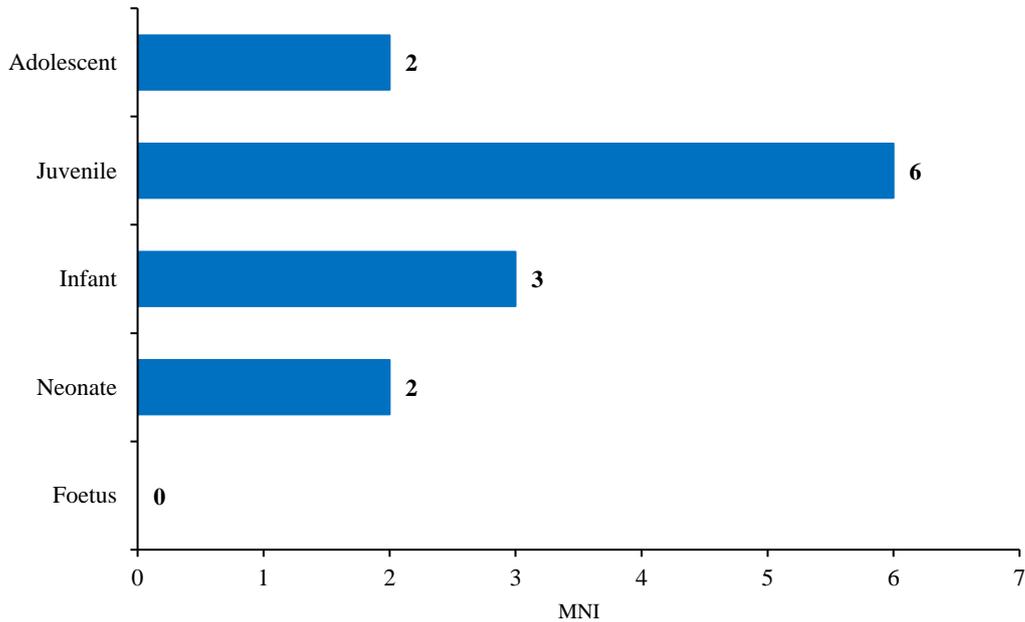

Adult vs Nonadult Representation from the Lake District-Yorkshire Dales Region Assessed in the Modern Period (N=38)

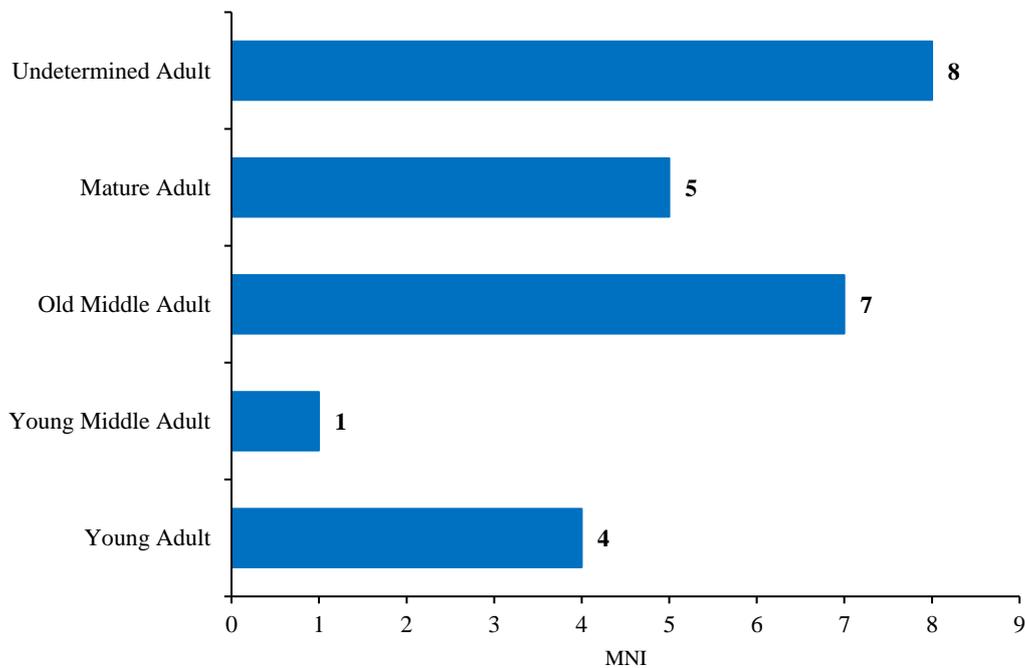

Nonadult Age Groups from the Lake District-Yorkshire Dales Region Assessed in the Modern Period

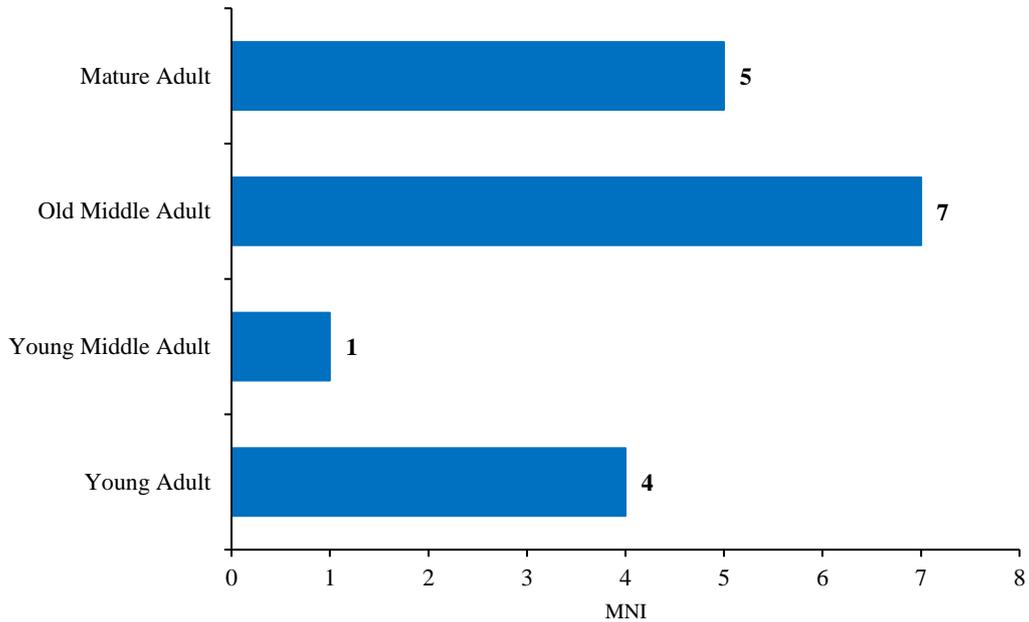

### Nonadult Age Groups from the Lake District-Yorkshire Dales Region Assessed in the Modern Period (No Undetermined)

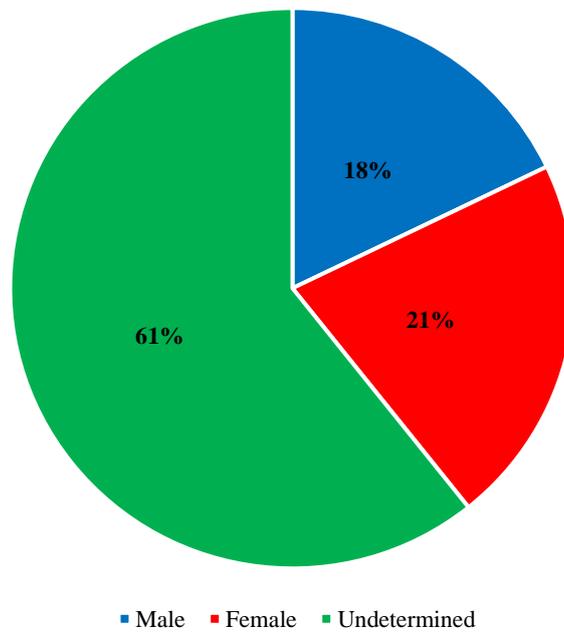

### Adult Age Groups from the Lake District-Yorkshire Dales Region Assessed in the Modern Period

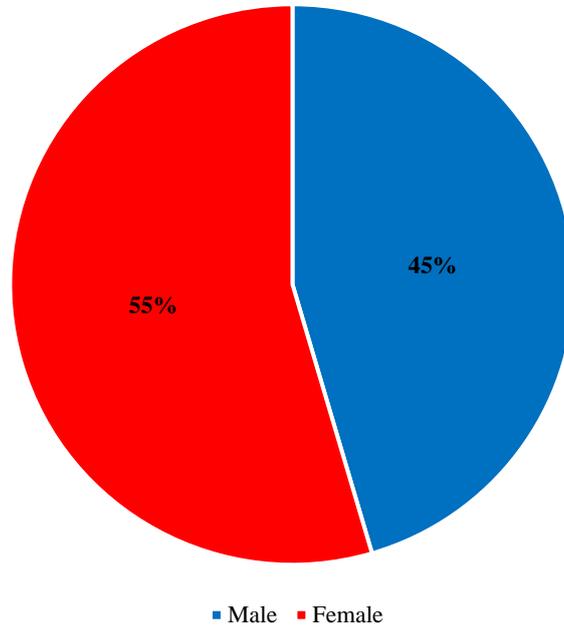

Adult Age Groups from the Lake District-Yorkshire Dales Region Assessed in the Modern Period (No Undetermined)

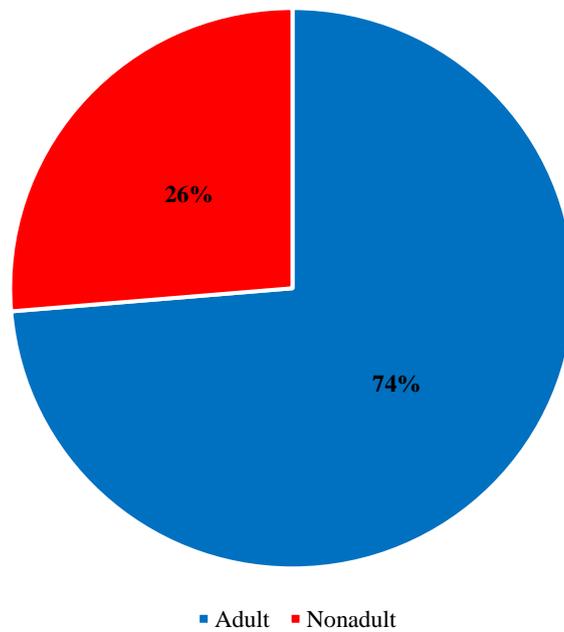

Biological Sex Representation from the North Wales Region Assessed in the Modern Period (N=28)

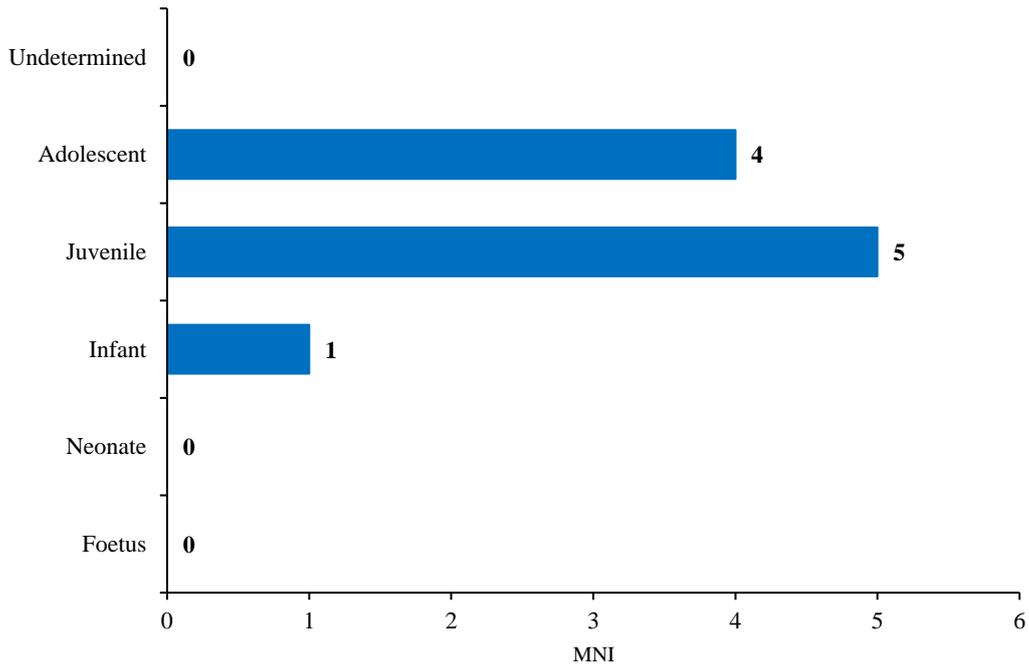

Biological Sex Representation from the North Wales Region Assessed in the Modern Period (No Undetermined) (N=11)

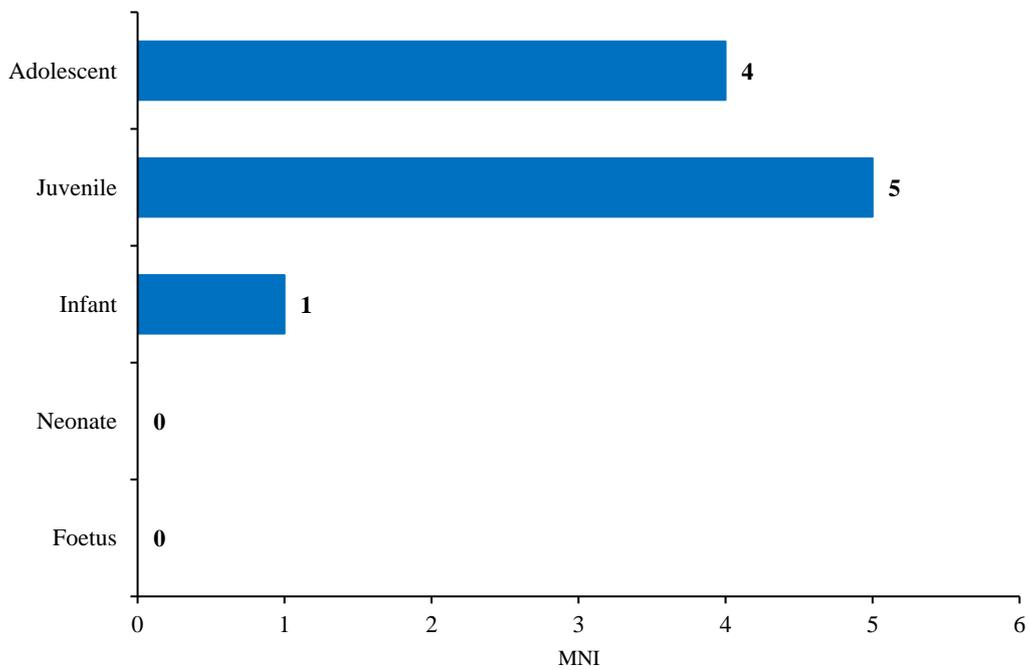

Adult vs Nonadult Representation from the North Wales Region Assessed in the Modern Period (N=38)

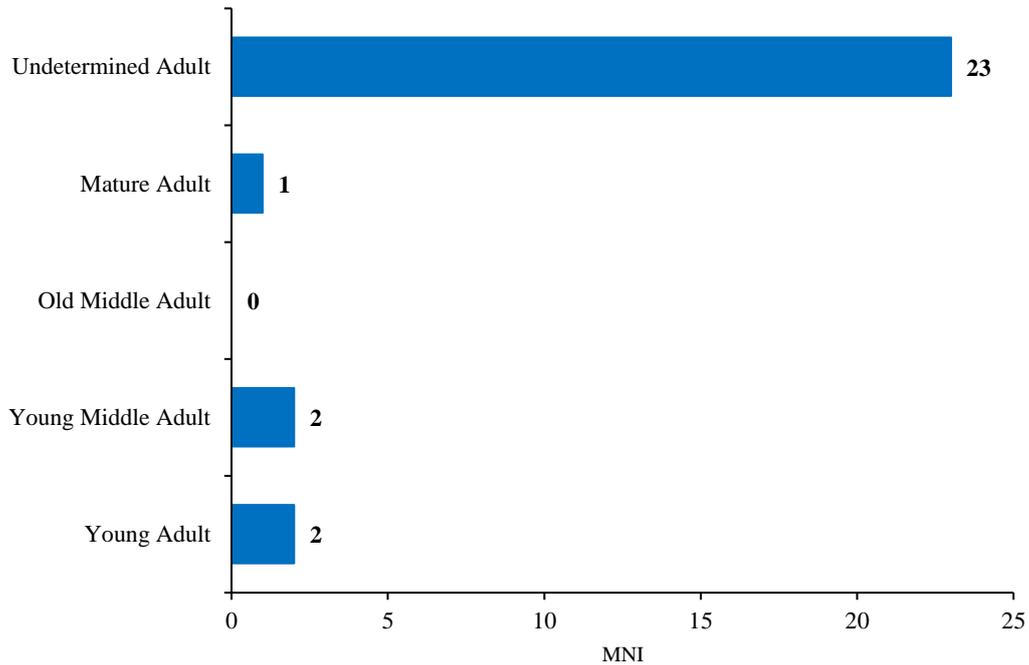

### Nonadult Age Groups from the North Wales Region Assessed in the Modern Period

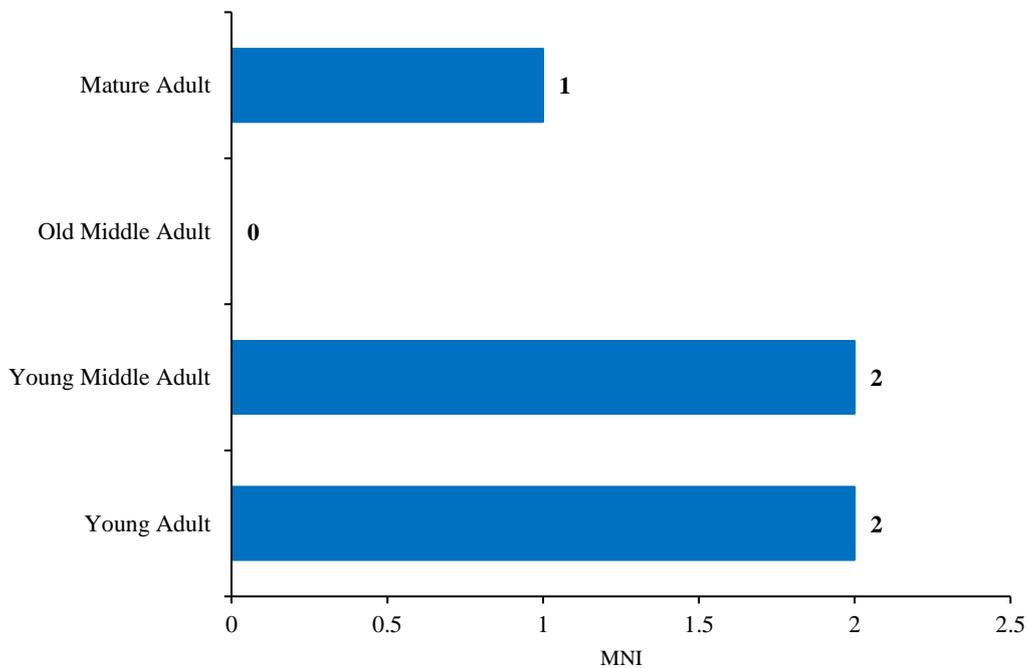

### Nonadult Age Groups from the North Wales Region Assessed in the Modern Period (No Undetermined)

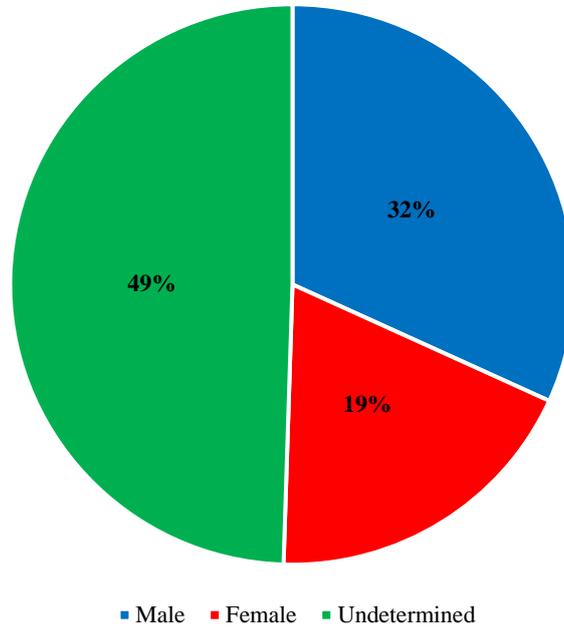

### Adult Age Groups from the North Wales Region Assessed in the Modern Period

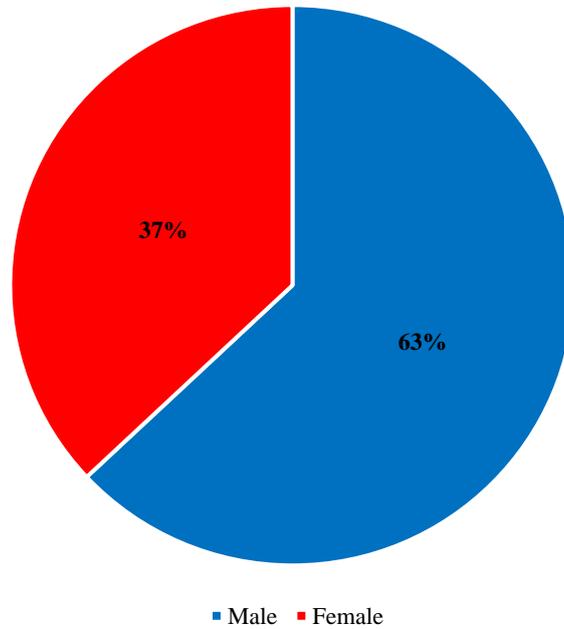

### Adult Age Groups from the North Wales Region Assessed in the Modern Period (No Undetermined)

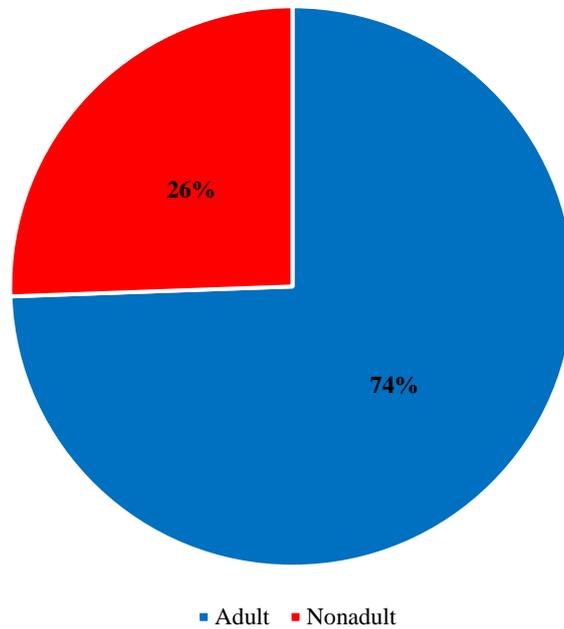

Biological Sex Representation from the Orkney Region Assessed in the Modern Period (N=198)

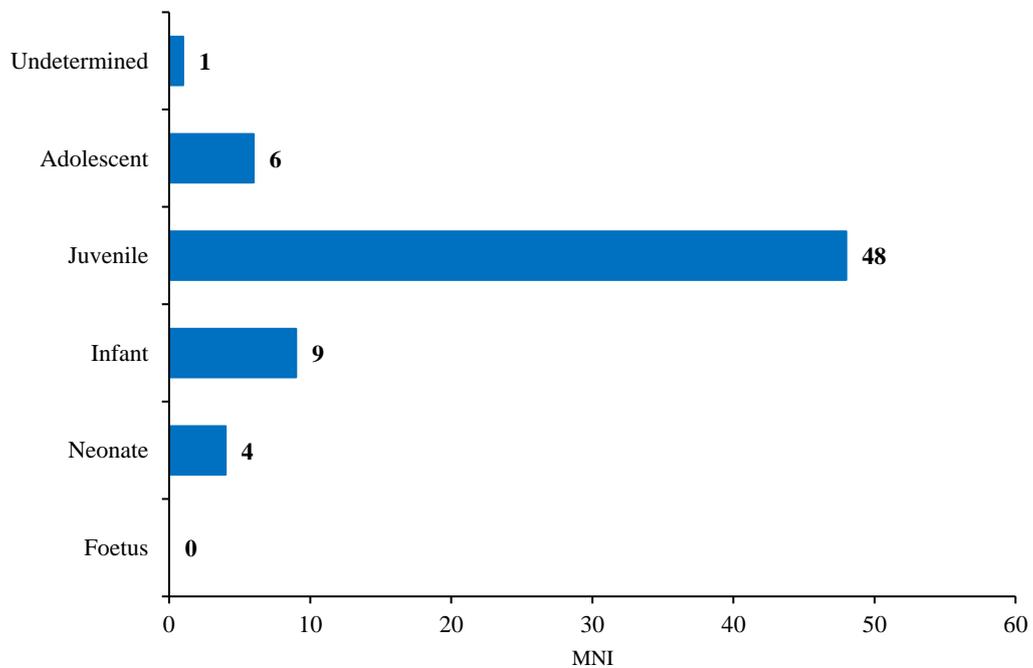

Biological Sex Representation from the Orkney Region Assessed in the Modern Period (No Undetermined) (N=100)

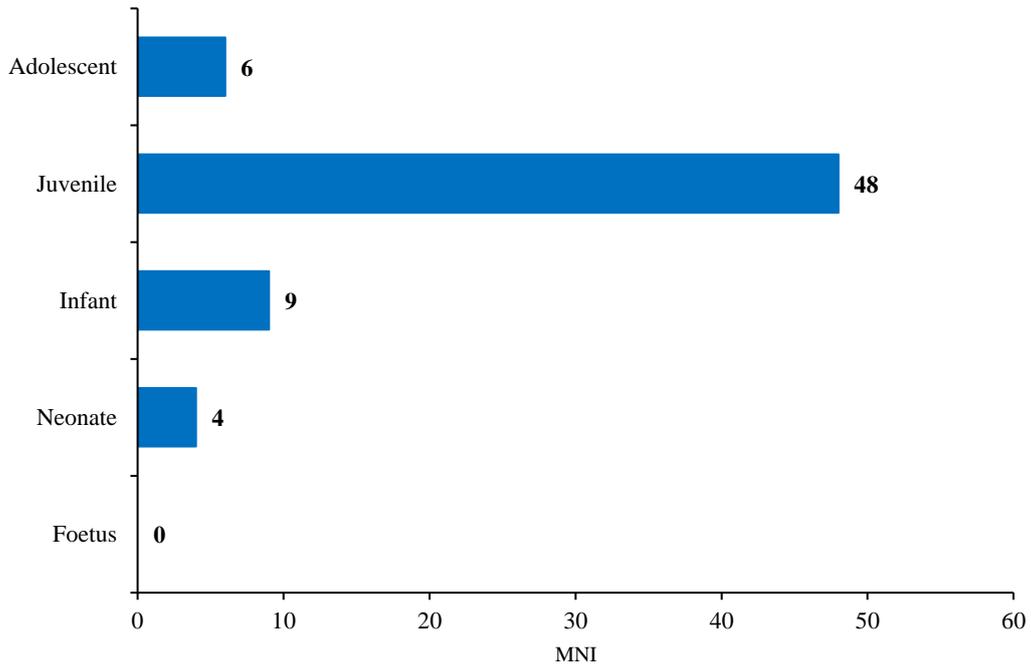

Adult vs Nonadult Representation from the Orkney Region Assessed in the Modern Period (N=266)

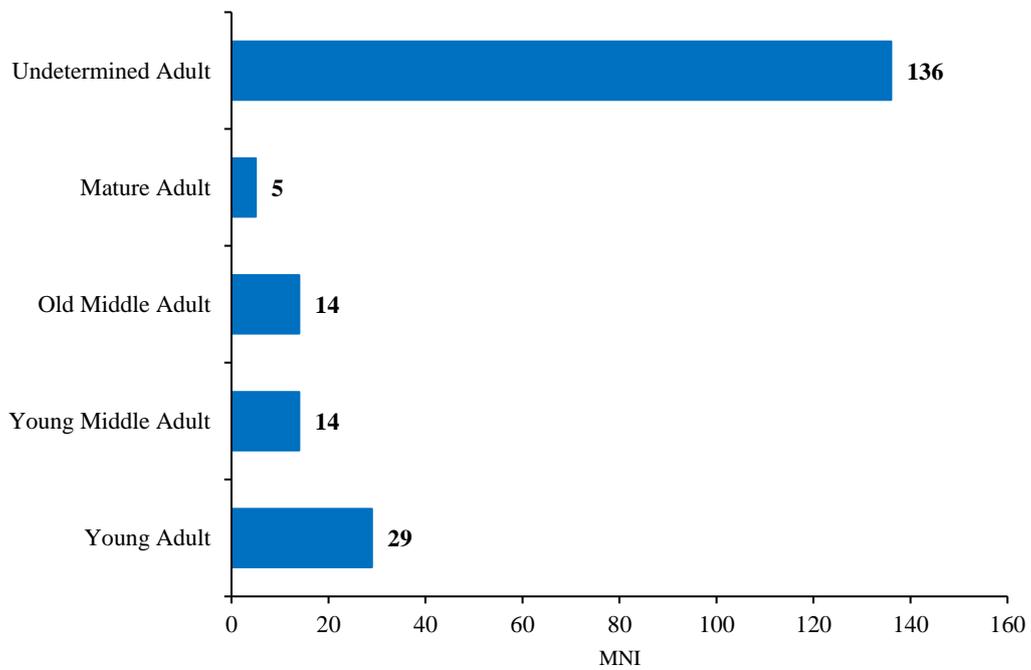

Nonadult Age Groups from the Orkney Region Assessed in the Modern Period

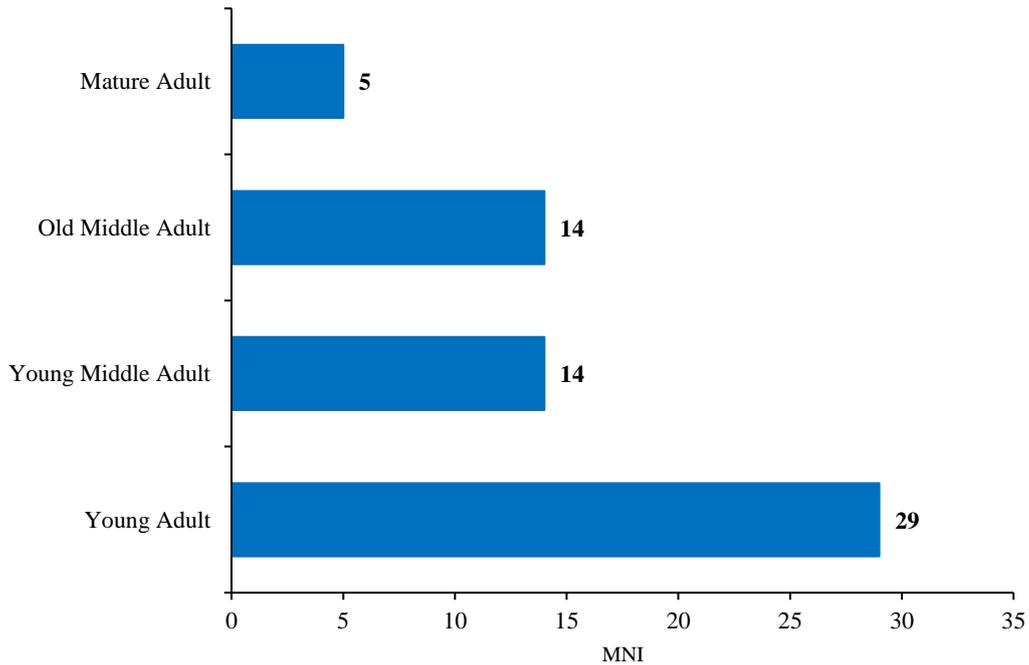

### Nonadult Age Groups from the Orkney Region Assessed in the Modern Period (No Undetermined)

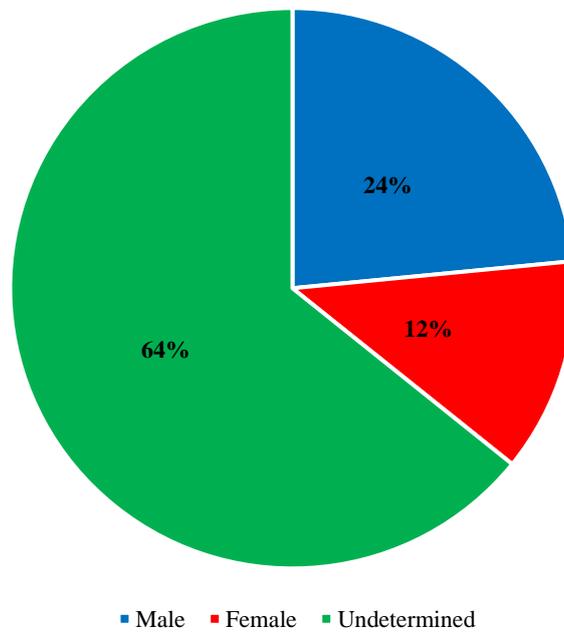

### Adult Age Groups from the Orkney Region Assessed in the Modern Period

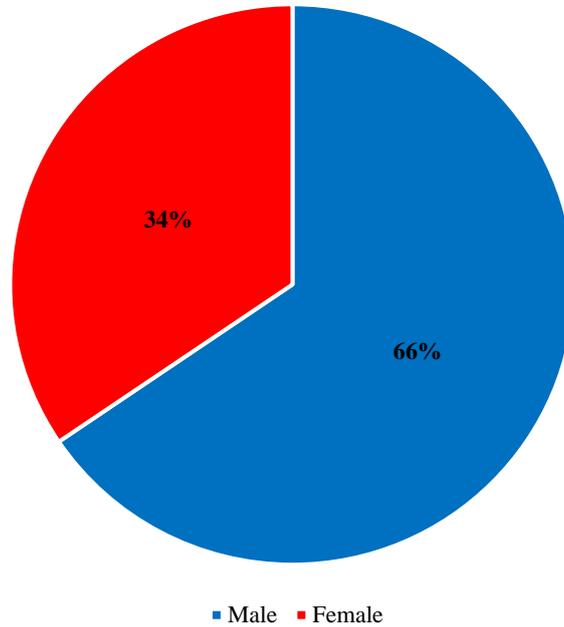

Adult Age Groups from the Orkney Region Assessed  
in the Modern Period (No Undetermined)

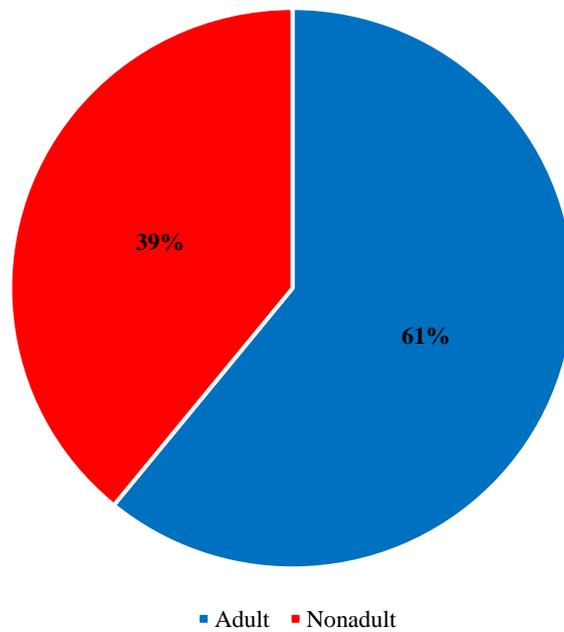

Biological Sex Representation from the Peak  
District-East Midlands Region Assessed in the  
Modern Period (N=81)

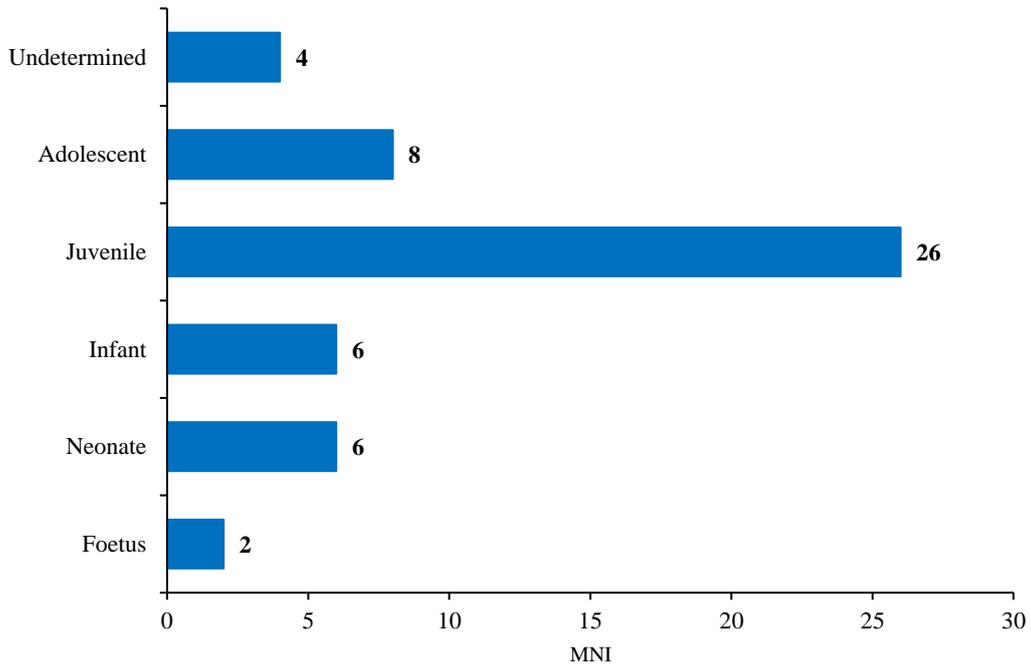

Biological Sex Representation from the Peak District-East Midlands Region Assessed in the Modern Period (No Undetermined) (N=29)

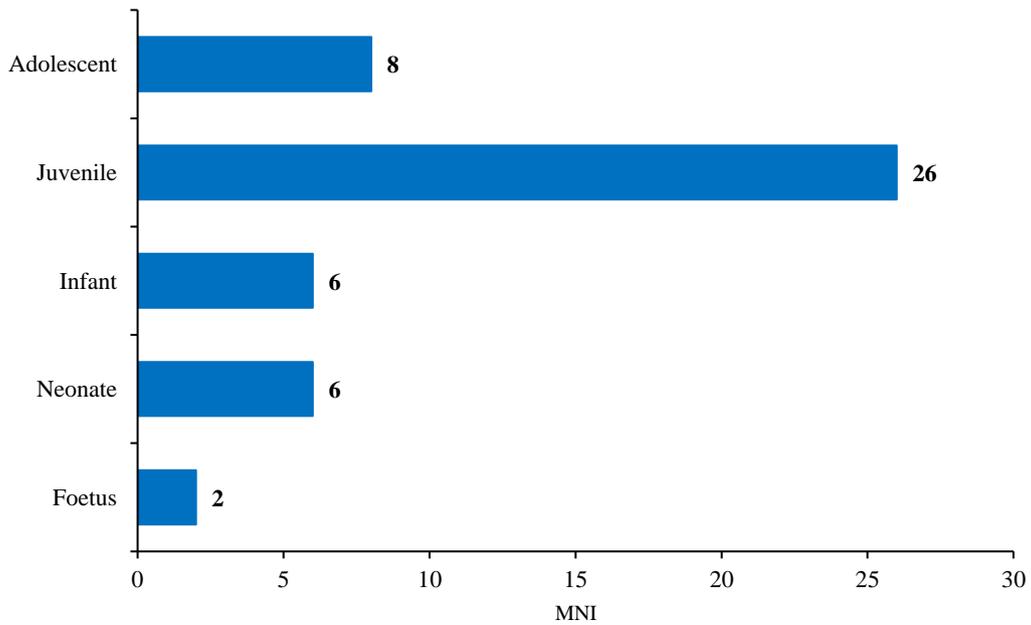

Adult vs Nonadult Representation from the Peak District-East Midlands Region Assessed in the Modern Period (N=133)

### Adult Age Groups from the Peak District-East Midlands Region Assessed in the Modern Period

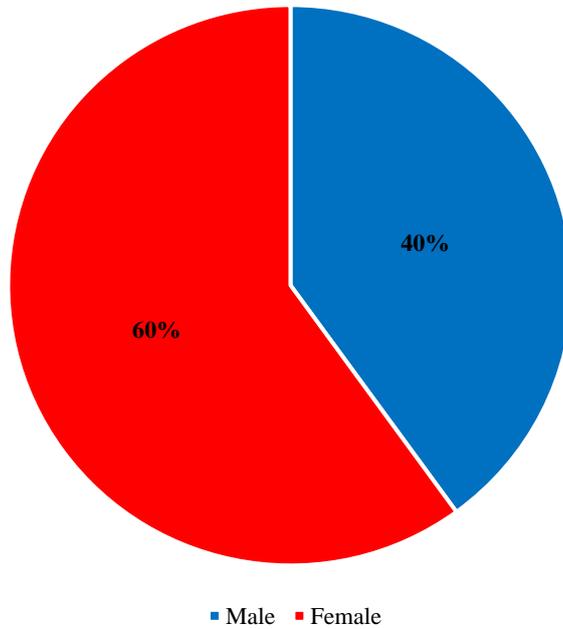

### Adult Age Groups from the Peak District-East Midlands Region Assessed in the Modern Period (No Undetermined)

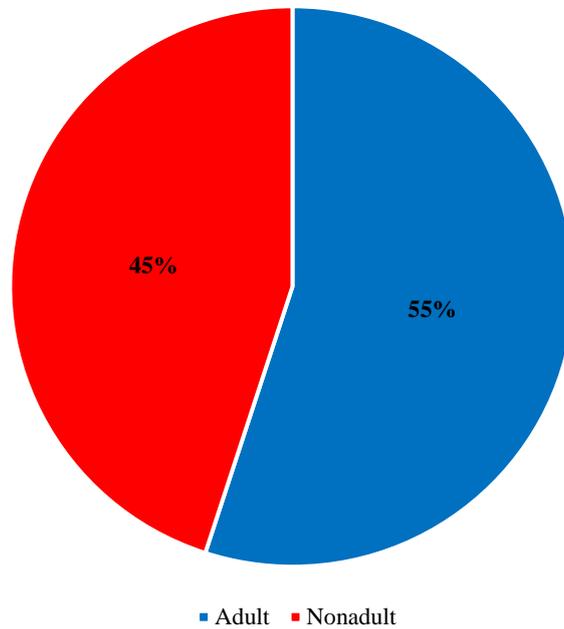

Biological Sex Representation from the Shetland Region Assessed in the Modern Period (N=11)

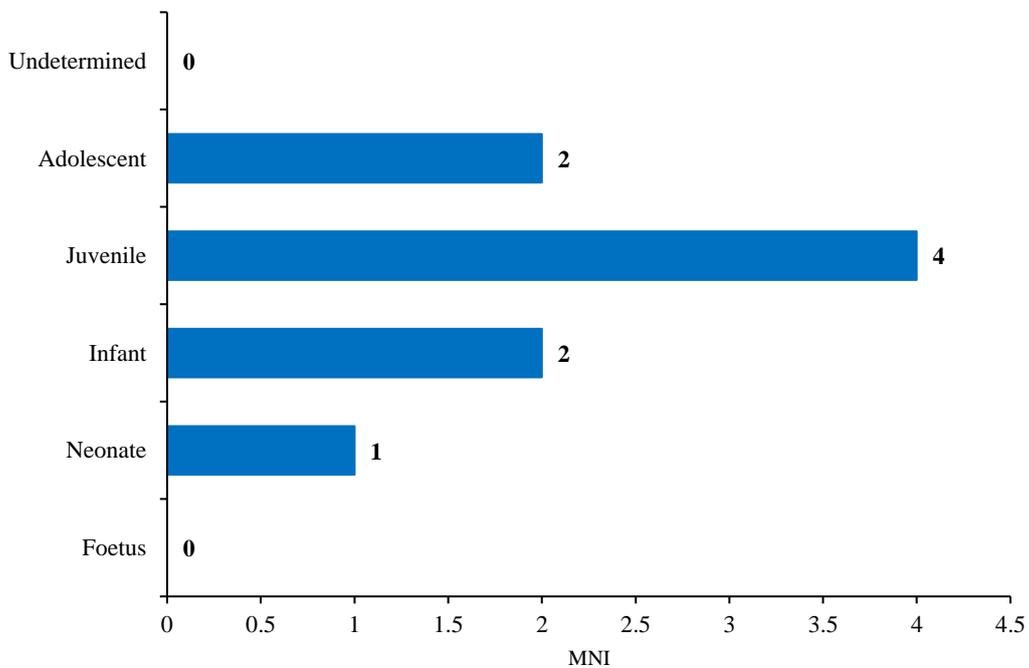

Biological Sex Representation from the Shetland Region Assessed in the Modern Period (No Undetermined) (N=5)

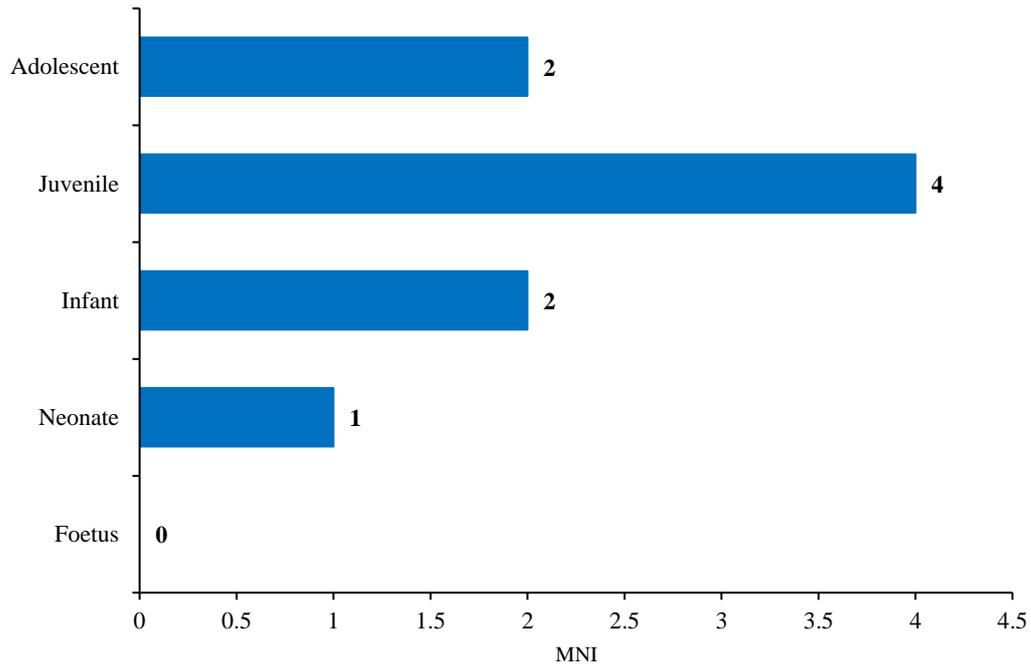

Adult vs Nonadult Representation from the Shetland Region Assessed in the Modern Period (N=20)

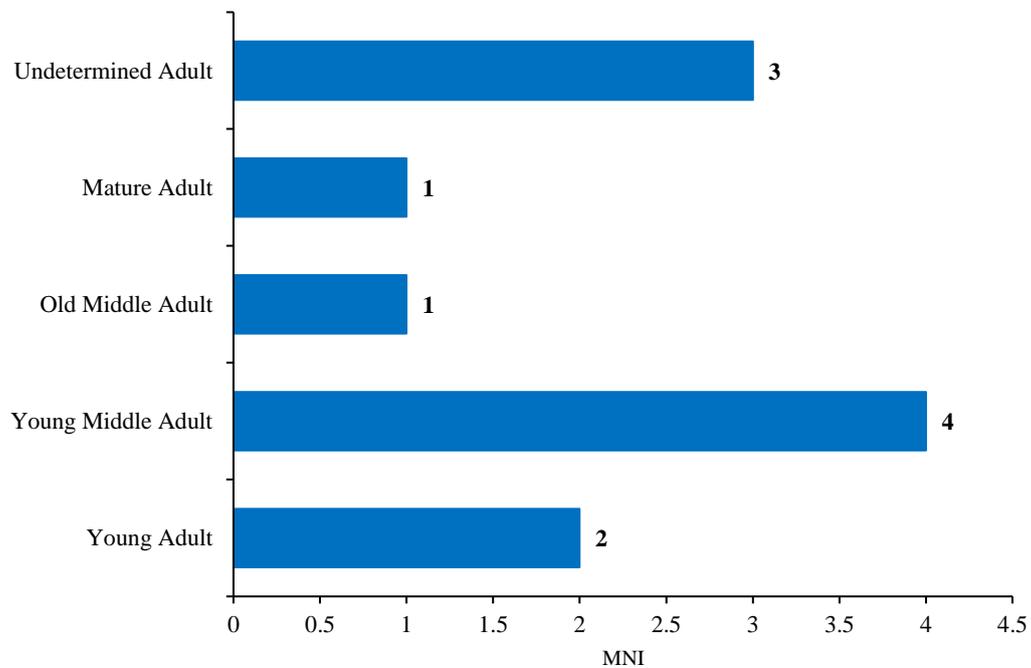

Nonadult Age Groups from the Shetland Region Assessed in the Modern Period

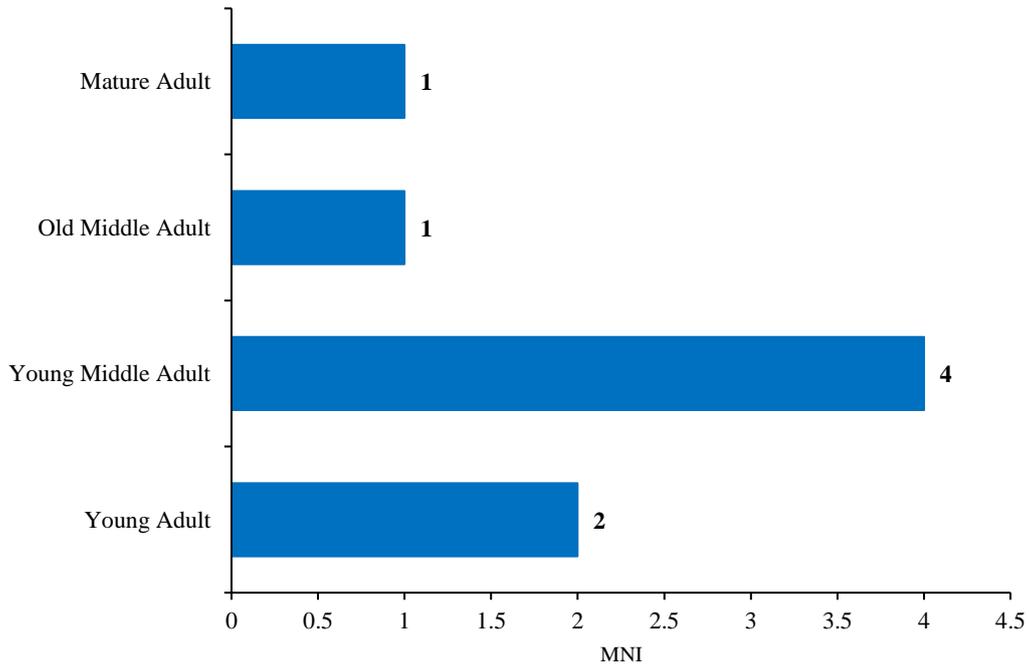

### Nonadult Age Groups from the Shetland Region Assessed in the Modern Period (No Undetermined)

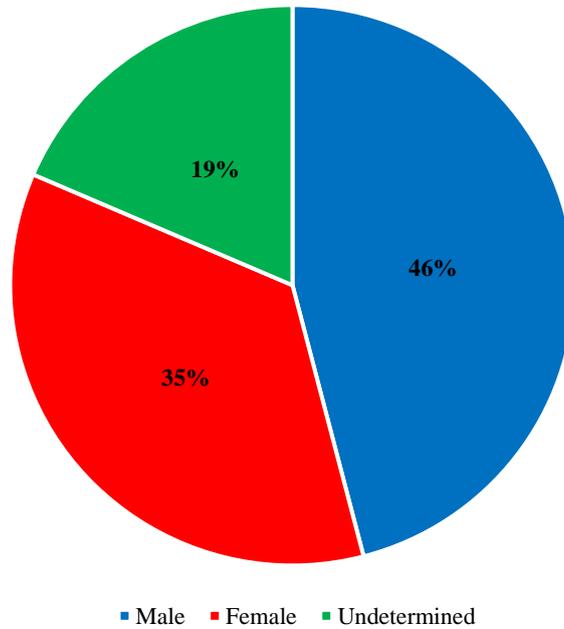

### Adult Age Groups from the Shetland Region Assessed in the Modern Period

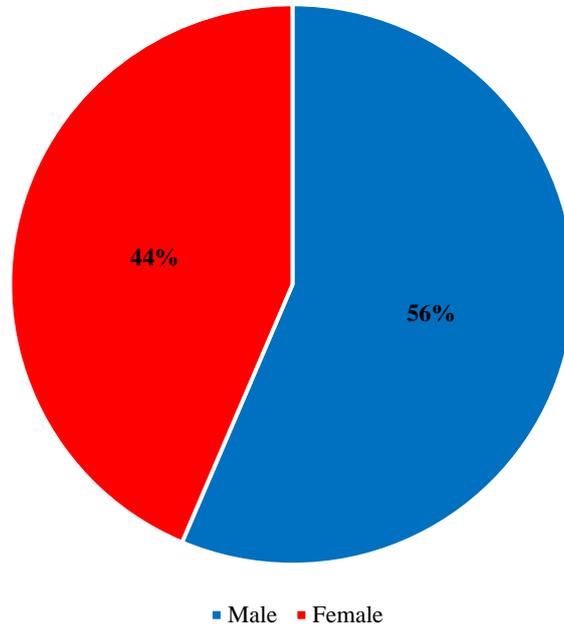

Adult Age Groups from the Shetland Region  
Assessed in the Modern Period (No Undetermined)

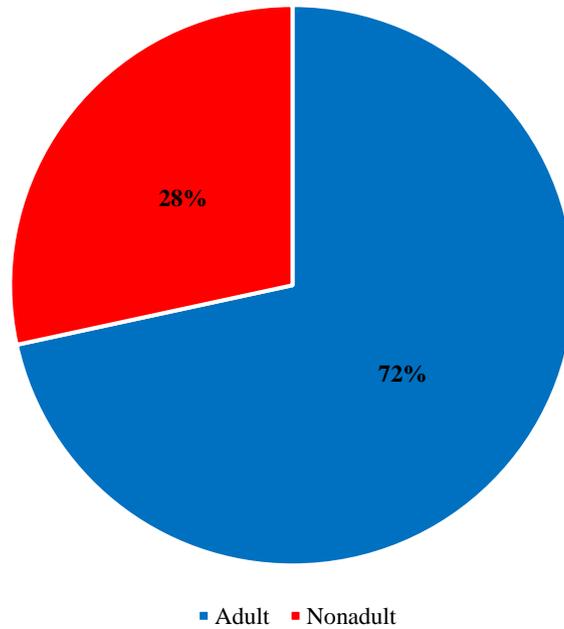

Biological Sex Representation from the  
Wessex Region Assessed in the Modern Period  
(N=259)

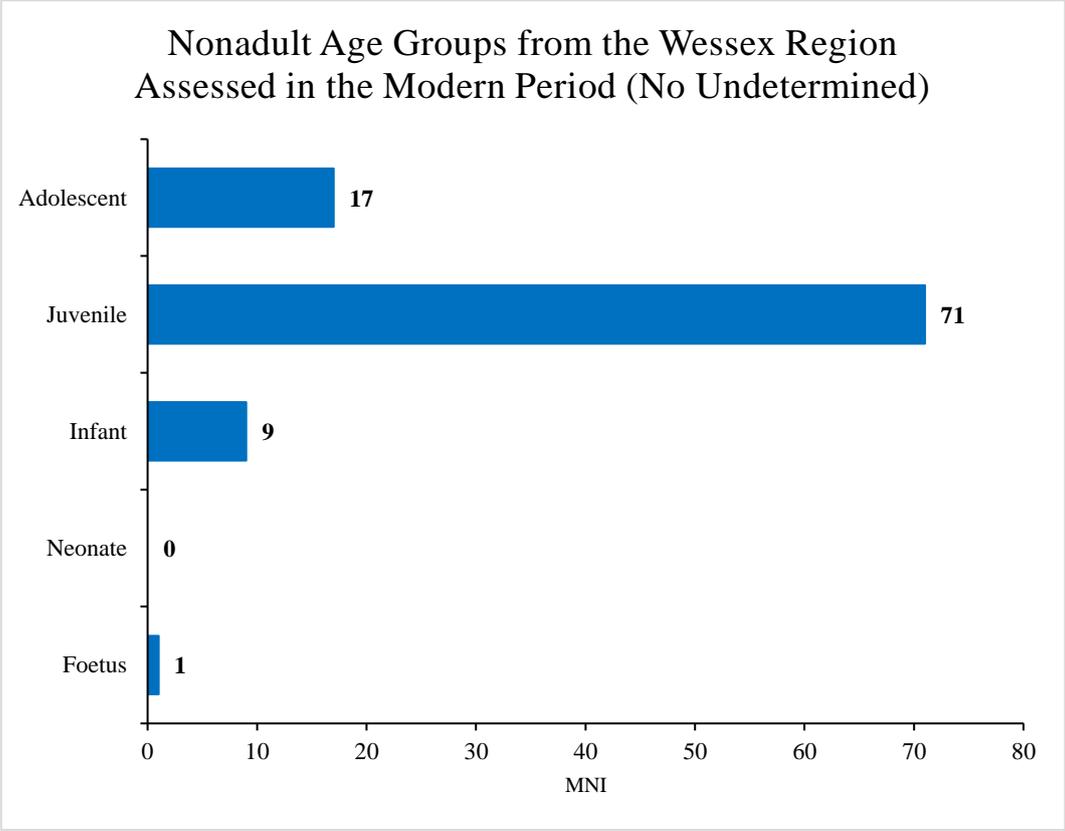

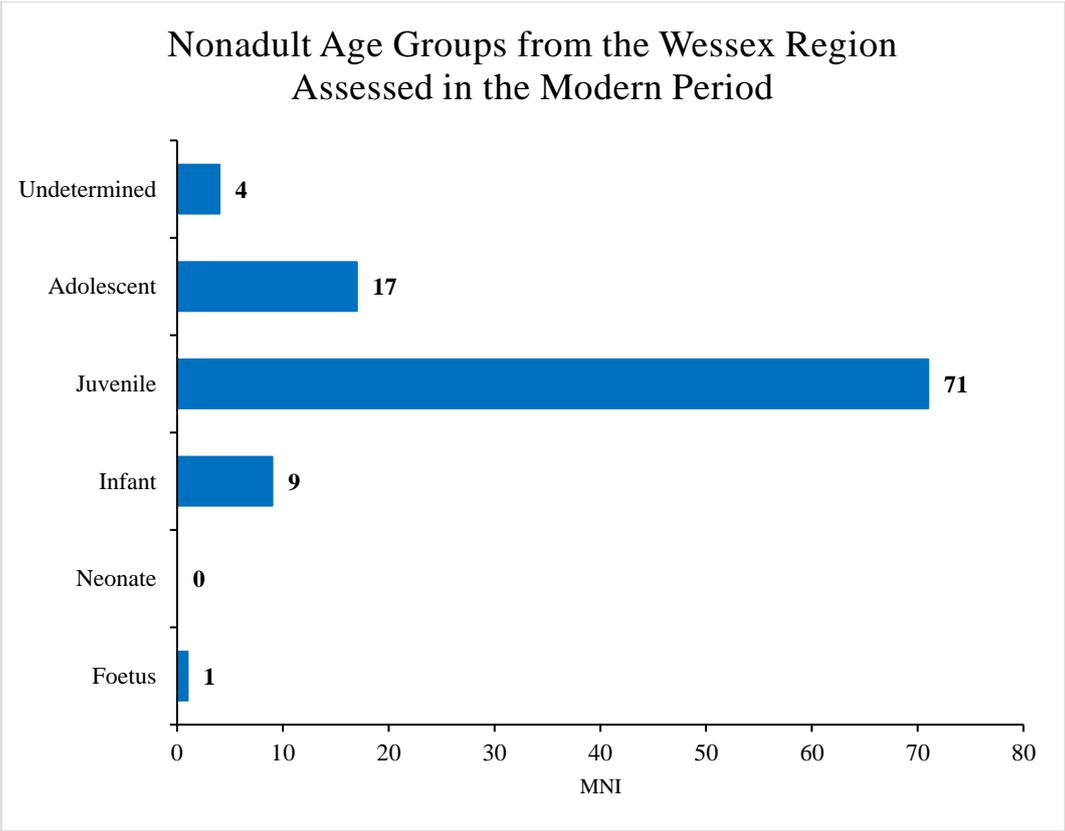

Biological Sex Representation from the  
Wessex Region Assessed in the Modern Period  
(No Undetermined) (N=211)

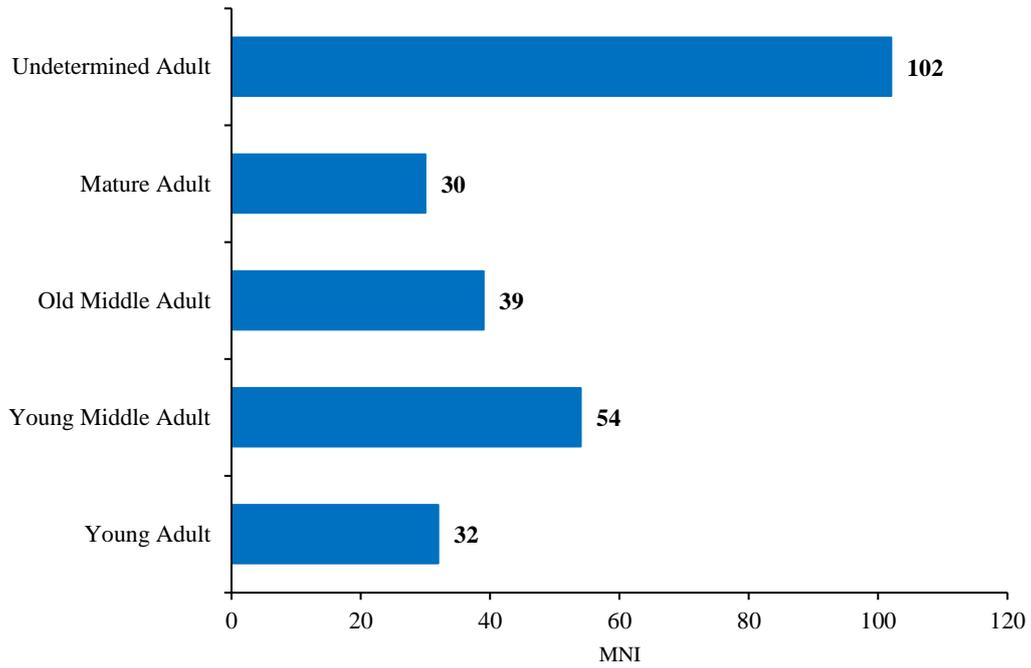

Adult vs Nonadult Representation from the  
Wessex Region Assessed in the Modern Period  
(N=359)

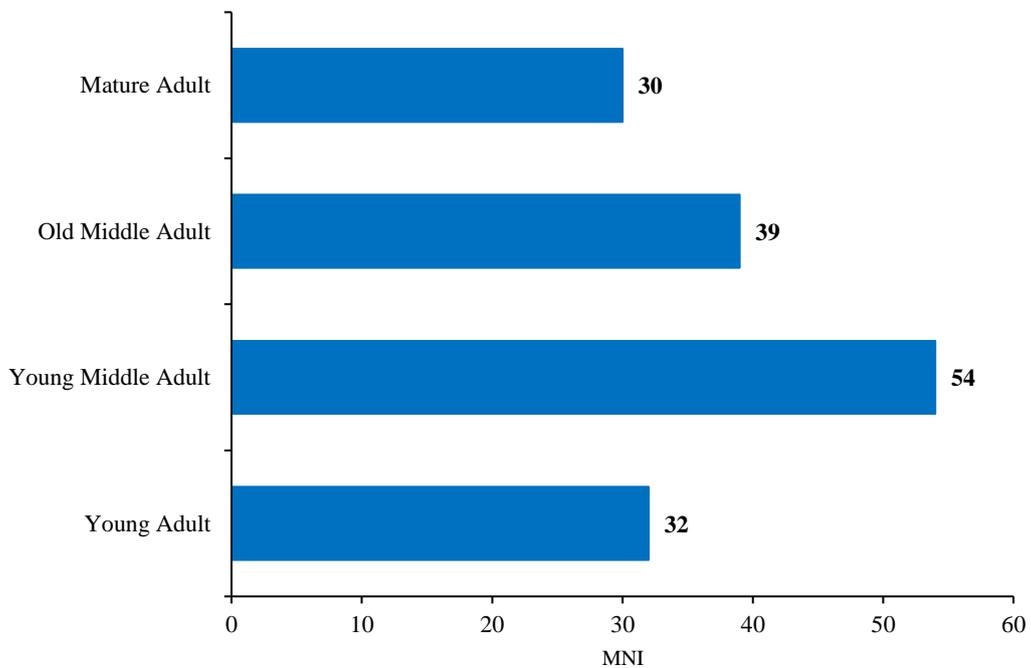

### Adult Age Groups from the Wessex Region Assessed in the Modern Period

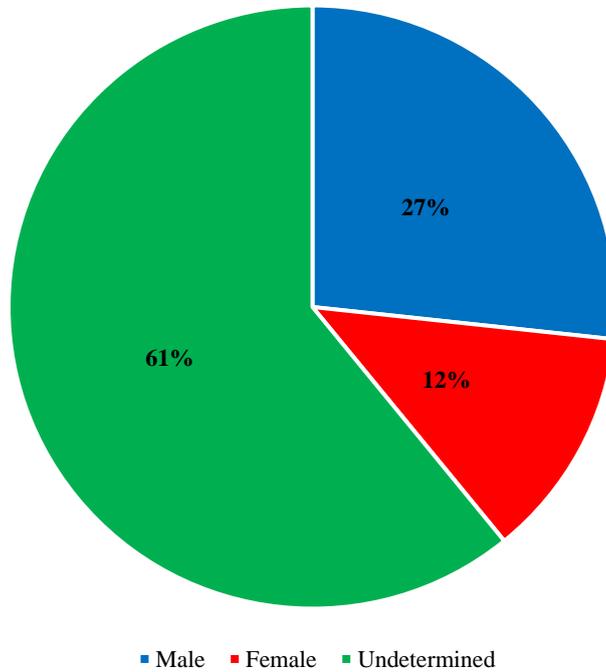

### Adult Age Groups from the Wessex Region Assessed in the Modern Period (No Undetermined)

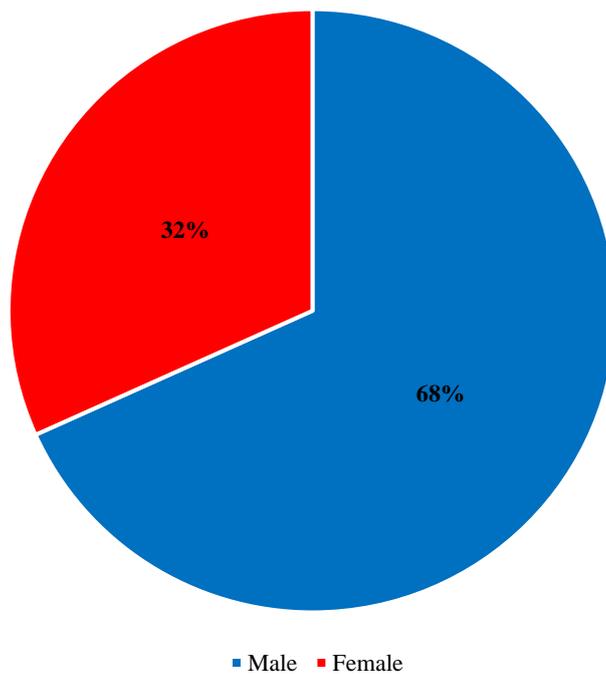

## 7. Site Types – Inhumation (Combined Dataset)

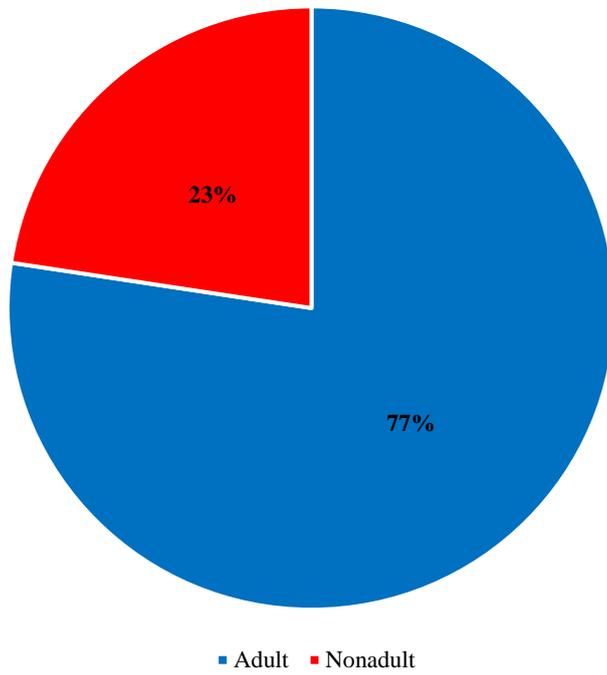

Biological Sex Representation from Annular Monuments (N=161)

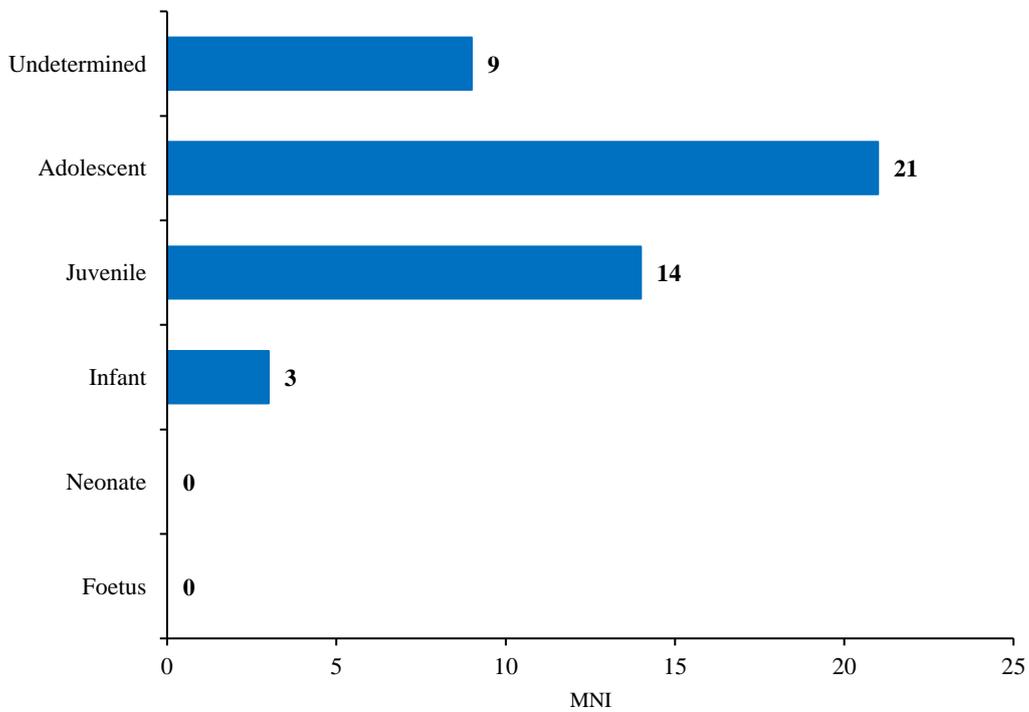

Biological Sex Representation from Annular Monuments (No Undetermined) (N=63)

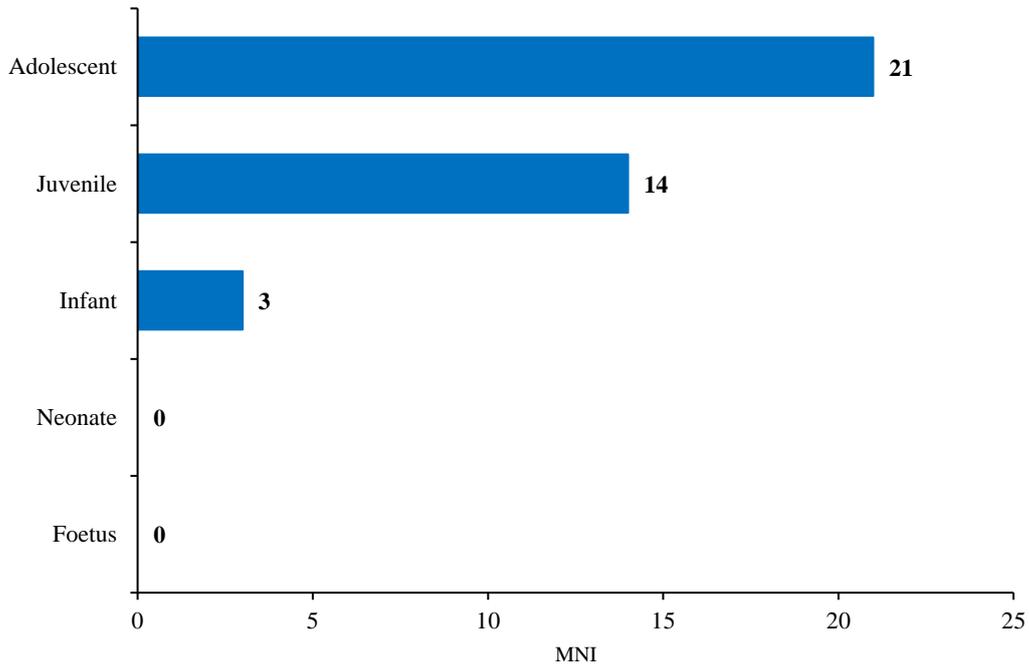

Adult vs Nonadult Representation from Annular Monuments (N=208)

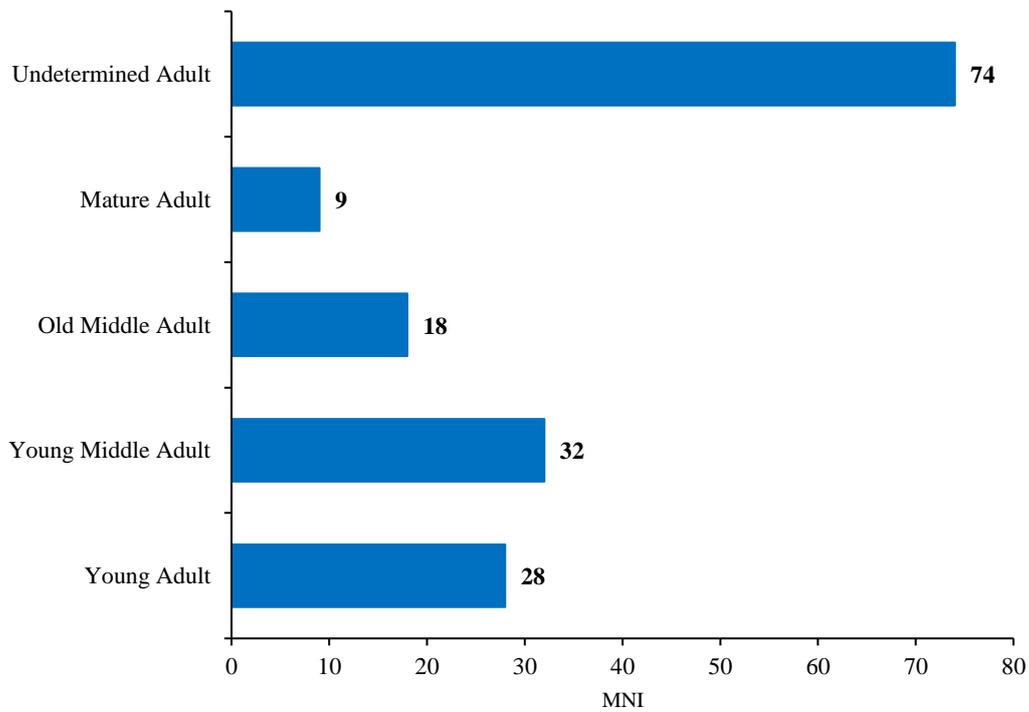

Nonadult Age Groups from Annular Monuments

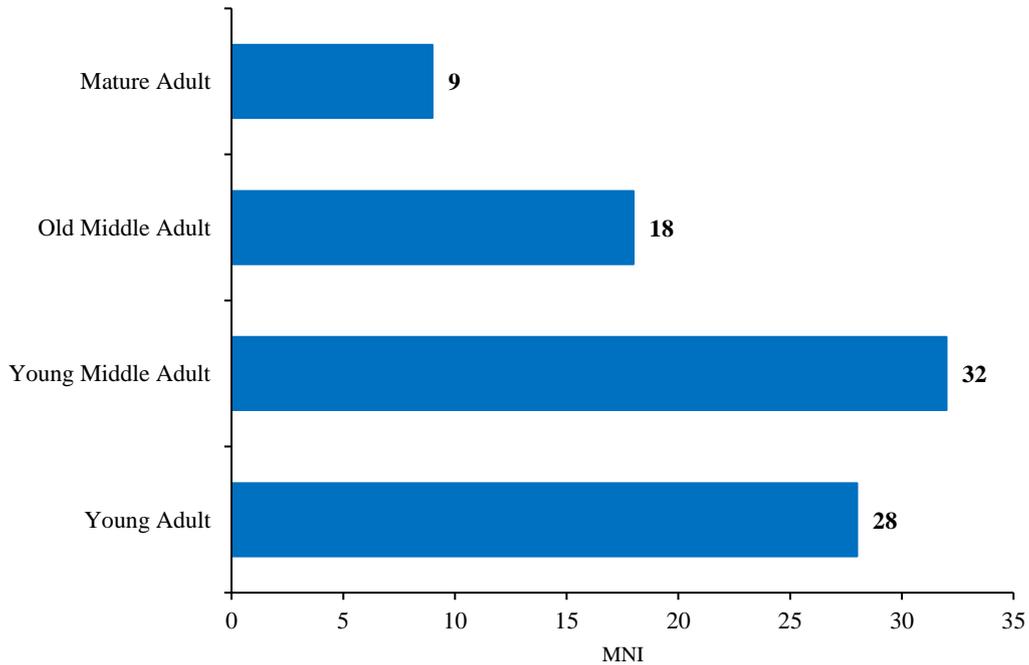

### Nonadult Age Groups from Annular Monuments (No Undetermined)

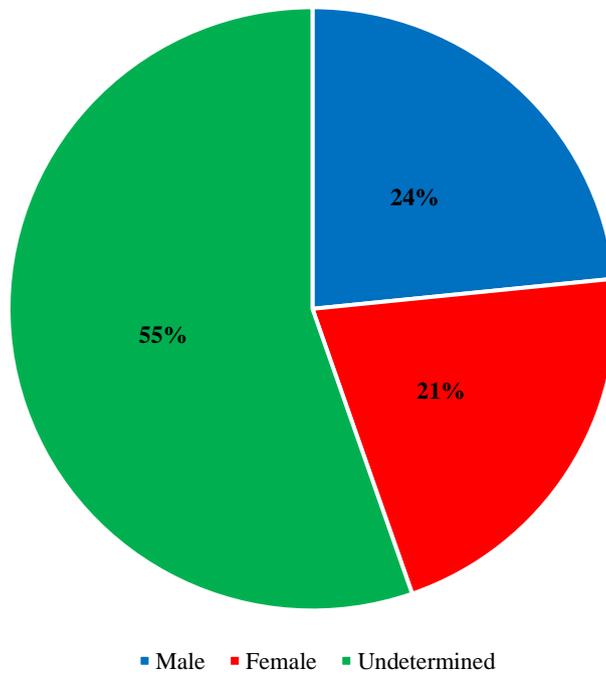

### Adult Age Groups from Annular Monuments
